Sanctioning the supplemental budget estimates of the several municipalities in the Kolar district for 1897-98. 6 to 8

No. 7383-96—L. F. 53-94, dated 13th—
Observing that for reasons stated the contention of the Bangalore City Municipal Board that the license fees derived from foreign liquor shops in the city of Bangalore were transferred to it in 1872 is untenable and cannot be allowed to prevail. 9

REVENUE.

No. 4743-50—R. 1535, dated 1st—
Requesting the Deputy Commissioners of the Hassan and Bangalore districts to report why the days by which the itineration of certain Amildars and Deputy Amildars for the month of September 1897, fell short of the prescribed period should not be deducted from the privilege leave at their credit. 1

No. 4790-98—R. 1546, dated 2nd—
Reviewing, with certain observations, the demand, collection and balance statements under the head "Abkari" for the twelve months ending 30th June 1897. 1 to 3

No. 4852-59—R. 1562, dated 4th—
Reviewing the returns of "Revenue cases" and "Miscellaneous Proceedings" filed, disposed of and pending in the several Revenue Courts of the province for the months of April, May and June 1897. 3 to 12

No. 4860-68—R. 1563, dated 4th— Page.
Reviewing, with certain observations, the demand, collection and balance statements under the several heads of revenue for the twelve months ending 30th June 1897. 13 to 20
No. 4879-86—R. 1571, dated 6th—
Recording, with certain observations, the statements showing the losses of cattle of various kinds in the several districts of the province during the year 1896-97. 21 to 23
No. 4928-35—R. F. 46-97-8, dated 7th—
Requesting the Deputy Commissioners to report whether they would recommend a quinquennial or decennial census in connection with the preparation of the Tables of Agricultural Statistics. 24
No. 4992-9—R. F. 165-96, dated 8th—
Recording, with certain observations, the statements of darkhasts pending disposal in the several districts of the province during the quarter ending 30th June 1897. 25 to 27
No. 5358-66—R. F. 183-92, dated 13th—
Directing the cancellation of Rule XI and of Paras 6 and 7 of Rule XX of the Mysore Land Revenue Rules, and instructing the Deputy Commissioners that they should obtain the orders of Government in all cases in which reservation of land is considered necessary on any ground whatsoever, and requesting them to report if the instructions issued in the Notification of June 1893 for the demarcation, &c., of the reserved lands adjoining the embankments of irrigation works have been fully carried out. 28 & 29
No. 5103-12—R. 1653, dated 13th—
Approving of the Tumkur Deputy Commissioner's suggestion that Rain gauges and Rainfall Registers kept at Taluk Head-quarters should be inspected by Officers of the P. W. D., not below the rank of an Assistant Engineer. 30
No. 5115-22—R. 1656, dated 13th—
Recording, with certain observations, the returns of revenue processes issued in the several Revenue Courts of the province during the quarter ending 30th September 1897. 30 & 31
No. 5220-21—R. 1695, dated 15th—
Viewing with grave displeasure the delay in the disposal of a darkhast in the Belur taluk, Hassan district. 32
No. 5286-8—R. 1717, dated 15th—
Directing the investigation into and the settlement of inams within the Jahgir of Sringeri. 32 & 33
No. 5130-9—R. 1777, dated 20th—
Directing certain additions and alterations being made in paras 26 and 28 of the Rules for the grant of loans under the Land Improvement Loans Regulation, issued under Notification No. D—70 A, dated 4th January 1892, regarding the levy of interest on overdue instalments and the payment of annual instalments on or before the 30th June of each year. 33 to 35
No. 5555-62—R. 1811, dated 21st—
Passing orders on the reviews of the Deputy Commissioners of Districts on the itinerary journals of the Amildars and Deputy Amildars for the month of August 1897. 35
No. 5525-33—R. 1805, dated 21st—
Declining to modify Government Proceedings No. 4805-812—R. 1668, dated 27th November 1896, requiring Amildars and Deputy Amildars to show in their itinerary reports only the number of days on which they actually camp out. 36
No. 5694-702—R. 1857, dated 24th—
Modifying Government Proceedings No. 8582-90—R. F. 12-96, dated 31st March 1897, regarding the disposal of applications for the grant of gomal lands for cardamom cultivation. 36

Page.

No. 6297-9—R. F. 44-92, dated 13th—
Sanctioning the revision of assessment on Supari gardens in the Sorab, Sagar, Nagar and Koppa taluks. 37 to 40

No. 6172-81—R. F. 34-96, dated 14th—
Directing that in lands already occupied a margin of 50 yards on either bank of springs, streams, &c., should be reserved only in those cases where such reservation is absolutely necessary; and that in the case of future grants of lands the rules requiring the reservation should be strictly enforced. 41 to 58

No. 5934-42—R. F. 1-97, dated 13th—
Directing that, in modification of Government Order No. 13450-2—R. F. 261-92, dated 31st January 1893, the minimum area to be granted for coffee cultivation be fixed at 15 acres. 59

No. 5348-9—R. 1757, dated 17th—
Sanctioning, with certain observations, the grant under the Land Improvement Loans Regulation of a loan of Rs. 500 to Venkatnarsappa of Ramasamudra village, Bangalore taluk. 59

No. 5458-65—R. 1792, dated 20th—
Directing that the period during which an Amildar or Deputy Amildar should camp out in a month should not be less than ten days. 60 to 62

No. 5415-23—R. 1773, dated 20th—
Sanctioning the appropriation for cultivation purposes of 2 acres of gomal land out of Survey No. 13 in the Kallukomari village, Nagamangala taluk, with the observation that applications for such small bits of gomal land should not be encouraged. 62

No. 5500-507—R. 1796, dated 21st—
Observing that Executive Revenue Officers might, without inconvenience, extend their touring at the average of not less than ten days in a month, and requesting the Deputy Commissioners of Districts to give their opinion on the subject. 63

No. 5565-6—R. 1814, dated 21st—
Declining to sanction, for reasons stated, the bill submitted by the Deputy Commissioner for Rs. 143-8-8, being the arrears of potigi due to the village officials of the Jakkere village, Chikmagalur taluk, for the years 1888-89 to 1893-94. 64

No. 5664-71—R. 1841, dated 23rd—
Recording, with certain observations, the reviews of the Deputy Commissioners of Districts on the itinerary journals of Amildars and Deputy Amildars for October 1897. 64 to 65

No. 5680—R. 1847, dated 23rd—
Sanctioning the acquisition by V. Krishna Rao, Amildar of the Yedatore taluk, of 18 khandis and $2\frac{1}{16}$ kolagas of wet land in the Kodagahalli village, T. Narsipur taluk, with the observation that Government sanction should not have been anticipated where the price is to be paid, not at once, but in a large number of instalments. 65

No. 5683-91—R. F. 30-97, dated 23rd—
Stating that no minimum need be prescribed regarding the number of plants to be planted on each acre of land granted for garden cultivation under the Sharaya Rules contained in Appendix I to the Land Revenue Rules. 65 & 66

No. 5789-97—R. F. 20-97, dated 29th—
Directing that no fee need be charged for the present for granting extracts from Rozkhirdi (Village Account Form No. 2) to persons interested in an occupancy and paying kandayam on that account on behalf of the registered khatedars. 66

No. 5781-8—R. F. 11-92, dated 29th—
Passing orders regarding the punctual submission of the statements of crop experiments and suggesting the advisability of utilizing the services of an Assistant Commissioner at the head-quarters to superintend the working of the Account and Statistical Departments of the Deputy Commissioners's office. 67

FINANCIAL.

Page.

No. 4802-10—R. F. 213-92, dated 3rd—
Recording, with certain remarks, the statement showing the number of times the Taluk Treasuries in the province were inspected during the year 1896-97. 1 to 4

No. 4711-19—Fl. 473, dated 1st—
Communicating to the Deputy Commissioners of Districts the letter received from the Registrar, Joint Stock Companies in Mysore, stating that incorporation certificate in connection with Agricultural Banks can only be granted after the Memorandum and Articles of Association are duly stamped. 5

No. 4724-7—R. F. 48-97-98, dated 1st—
Sanctioning an advance of Rs. 8,000 for the Agricultural Bank proposed to be established at Haniyur in the Dodballapur taluk. 5

No. 5062-71—Fl. 521, dated 11th—
Recording the Registers of "Judicial Deposits" of the several Courts in the province for the quarter ending 31st March 1897, received from the Comptroller, Mysore Government. 6 & 7

No. 5606-14—Fl. 558, dated 13th—
Remitting the duty chargeable on cheques on Government Treasuries issued by Presidents of District Fund and Municipal Boards in favor of Amildars or others for payment for works sanctioned from Local Funds General, Districts Funds or Municipal Funds. 7

No. 5537-45—Fl. 550, dated 21st—
Reviewing the Registers of Revenue Deposits of the several districts for the quarter ending 31st March 1897. 8

No. 5549-50—Fl. 554, dated 21st—
Sanctioning a permanent advance of Rs. 20, being allowed to every Inspector of a taluk, subject to the usual rules as laid down in Articles 77 and 78 of the Civil Account Code, Vol. I. 9

EXCISE—*Nil.*

FOREST.

No. 5475-83—Ft. F. 98-95, dated 13th—
Approving, with certain modifications, of the draft rules submitted by the Conservator, regarding appeals by Forest subordinates against orders fining, reducing, suspending or dismissing them. 1

No. 5650—Ft. F. 23-96, dated 13th—
Stating that Mr. Lee's offer in regard to the distillation of sandal-wood oil cannot be accepted, and requesting the Conservator of Forests to make widely known the fact that it is the policy and endeavour of Government to attract private enterprise to the industry without any guarantee or monopoly. 2

No. 5204—Ft. F. 39-95, dated 14th—
Directing the publication of a Notification containing the revised boundaries of the Lakkavalli State Forest in the Kadur district. 3

No. 5577-80—Ft. F. 10-96, dated 21st—
Passing orders on the subject of making certain forest roads in the Mysore district. 4 to 6

No. 5749-58—Ft. F. 16-96, dated 28th—
Withdrawing, as a tentative measure, the present practice under which Forest Officers are prohibited from receiving money on account of Forest revenue, and sanctioning the adoption of the Conservator's suggestion, *viz.*, that it may be left to him and the Deputy Commissioners to decide under proper safe-guards what Forest Officers shall receive and remit the revenue to the nearest treasury. 6

PETITION.

Page.

No. 4906-13—P. F. 23-96, dated 6th—
Passing orders on the petitions of appeal presented by Vastara Shama Rao and others in the matter of the fine imposed on them for cutting the sandal trees standing in their coffee estates and on the trace of the new road opened by the said Vastara Shama Rao to his coffee estate at Anur. 1 to 3

PART I

GENERAL.

Proceedings of the Government of Mysore.

READ :—

Letter No. 4820, dated the 12th November 1897, from the First Assistant to the Resident in Mysore, intimating that the Government of India have directed the discontinuance, after 31st October 1897, of statistics as regards movements of food grains between different parts of the country.

No. 6321-30—G. F. 52-96, DATED, BANGALORE, 2ND DECEMBER 1897.

ORDER THEREON.—Deputy Commissioners are informed that the statement relating to the movements of food grains called for in Proceedings No. 62—D., dated the 29th March 1897, may now be discontinued.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Secretary, Public Works Department, Railways, for information.
The Superintendent, Government Press.

READ :—

Letter No. 1849—540, dated 1st December 1897, from the Deputy Commissioner, Kolar district.

"In continuation of this office letter No. 1720—400 of the 18th ultimo regarding the precautionary measures proposed to be adopted in this district for the prevention of the spread of Bubonic plague, I have the honor to state that the sum of Rs. 100 ordered to be advanced in para 6 of the Government Official Memorandum No. 4976-85 M. 962, dated 4th ultimo, is not sufficient. It is proposed to erect corrugated iron sheds at Bowringpet for use as a plague hospital as well as cholera sheds, as it is a very important station near the Gold Fields and the cost is estimated at Rs. 1,500.

"The temporary thatched sheds put up at Goribidnur having been damaged by heavy rains and white ants, an estimate for Rs. 81 for the construction of more durable sheds with mud walls has since been sanctioned. We want funds for medicine and dieting charges when required. I beg, therefore, that a sum of Rs. 2,000 may be placed at my disposal."

No. 6749-50—MIS. F. 21-96, DATED, BANGALORE, 10TH DECEMBER 1897.

ORDER THEREON.—The Comptroller is authorized to place a sum of Rs. 2,000 at the disposal of the Deputy Commissioner, Kolar district, for the purposes indicated in the above, to be adjusted by bills in due course.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kolar District.
The Comptroller to the Government of Mysore.

No. 6862-97—MIS. 1423, DATED, BANGALORE, 13TH DECEMBER 1897.

ORDER.—In modification of the Orders contained in para 1 (3) of Proceedings No. 6801-35—Mis. 1294, dated 12th December 1896, Government are pleased to direct that the Dasara Holidays be observed in future from the fifth to the fifteenth of Asvija Suddha, both days inclusive, in addition to the first day of that festival.

C. SREENIVASIENGAR,
Secy. to Govt. Gen., & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Heads of Departments.

READ :—

Letter No. 5237, dated 6th December 1897, from the First Assistant to the Resident in Mysore

"In continuation of this office letter No. 5093, dated the 26th ultimo, I am directed to forward, for information and for communication to the public, a copy of a letter No. 2549 of the 27th idem, from the Government of India in the Home Department, to the Government of Madras, on the subject of the arrangements for the despatch to the Hedjaz of pilgrims from the Madras Presidency, Mysore and certain other places.

2. The Government of India have decided that pilgrims from the Mysore State should be kept under observation in the Madras observation camp, whence they will be despatched to Bombay and transhipped, without being permitted to land, on to a vessel bound for Karachi, which will be their port of embarkation for the Hedjaz.

3. Arrangements will be made, in communication with the Government of Madras, for the despatch of intending pilgrims from Mysore to the Madras observation camp, and a further communication sent to you on this point."

Letter No. 2549, dated 27th November 1897, from the Secretary to the Government of India, Home Department, to the Secretary to the Government of Madras, Local and Municipal Department.

"I am directed to address you in continuation of my letter No. 2524, dated 21st instant, on the subject of the departure for the Hedjaz of pilgrims for the Madras Presidency, from the Mysore and Hyderabad States, and from the Hyderabad Assigned Districts. The Government of India accept the suggestions contained in your telegram of the 11th and 13th instant, that pilgrims from the Madras Presidency should be despatched by sea to Karachi *via* Bombay, from some port in the Madras Presidency other than the port of Madras, and that they should be transhipped at Bombay without being permitted to land. The Government of Bombay are being requested to make the necessary arrangements for the transhipment of the pilgrims at Bombay and to enter into communication with the Government of Madras on the subject.

2. The intending pilgrims should in the first place be collected in an observation camp and detained for a minimum period of ten days under the careful superintendence of a Commissioned Medical Officer. Intending pilgrims who have completed the ten days observation period and are certified to be free from infection should be sent to a Madras port to be shipped to Bombay *en route* for Karachi. The dates of the despatch of pilgrims from the Madras port should, with the permission of the Governor in Council, be arranged in communication with the Government of Bombay, in order that they may fit in with the transhipment arrangements at Bombay and with the arrangements made at Karachi for despatching pilgrims to the Hedjaz. Pilgrims should be despatched from the provincial camp to the Madras port of departure by special train and under the charge of a responsible officer, who the Government of India consider should accompany the pilgrims as far as Bombay. Passage tickets to the Hedjaz may be sold only at the observation camps, and I am to request that the necessary steps may be taken to enforce this order, and, in communication with the Government of Bombay, to make it known to shipping agents and pilgrim-brokers.

3. The Government of India consider that pilgrims from the Mysore and Hyderabad States and from the Hyderabad Assigned Districts should also be collected for observation in the Madras observation camp, and that they should be shipped to Karachi along with, and under the same arrangements as, the Madras pilgrims. A copy of this letter is being sent to the Resident in Mysore and the Resident at Hyderabad, and I am to request that the Government of Madras will settle, in communication with them, the arrangements for collecting the Mysore and Hyderabad pilgrims in the Madras observation camp.

4. I am to request that, with the permission of the Governor in Council, arrangements may be made as quickly as possible to give effect to the instructions contained in this letter, and that the arrangements may be communicated to the Government of India and the Government of Bombay."

No. 6829-36—MIS. 1418, DATED, BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—Communicated to Deputy Commissioners of districts with reference to para 2 of Government Proceedings No. 6226—Mis. F. 21-96, dated 30th November 1897, with the request that they will give the widest publicity to the instructions of the Government of India regarding the despatch to the Hedjaz of pilgrims from the Mysore State.

Letter No. 70, dated the 13th July 1897, from the Deputy Commissioner, Mysore district, bringing to the notice of Government the growing demand for tiger and cheeta skins, and requesting orders regarding the disposal of the skins by public auction.

READ ALSO :—

Letter No. 278, dated the 27th August 1897, from the same submitting for orders copy of a letter, dated 18th idem, from Mr. Claridge of Kodaikanal offering to purchase such skins for one or more years at certain rates.

No. 7143—MIS. F. 248-92, DATED, BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—As tiger and cheeta skins are very often required for presentation purposes, the sale of the same by public auction, as proposed by the Deputy Commissioner, does not commend itself to Government. The offer for the purchase of skins made by Mr. Claridge may be declined.

No. 138—D, DATED, BANGALORE, 14TH DECEMBER 1897.

ORDER.—The weekly returns of prices current of food grains and immigration into Mysore, ordered in Proceedings No. D—17 and 19 dated 6th December 1896, being no longer required, their submission hereafter may be discontinued.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

The Deputy Commissioners of Districts.

READ:—

Letter No. A., dated 4th December 1897, from the Honorary Secretary, Chamraj Memorial, Mysore.

I have the honour to state that members of the Ursoo community of Mysore, out of gratitude and loyalty, resolved after the lamented death of the late Maharaja and decided to raise a memorial in His Highness's name as has been done by the European community.

The first meeting and the subsequent meetings were held in Mr. Kantharaja Urs' house, and at all the meetings, Bakshi Basappaji Urs presided. It was resolved as stated above, that a memorial should be raised, and for that purpose more than Rs. 25,000 (twenty-five thousand) was subscribed at once. Nearly Rs. 10,000 (ten thousand) has already been collected and the balance has been promised, to be paid soon after the starting of the memorial. At the last meeting, dated 5th October 1897, a majority of the members present decided that the memorial should take the shape of a building, to be constructed in a suitable locality, and to be called "Chamraja Institute" in memory of our late beloved Maharaja.

It was also decided that the building should be presented to the public of Mysore, with proper accommodation for a free library on one side and also for locating the Mysore Cosmopolitan Club on the other side. The latter will be required to pay a monthly rent, which will be utilized for attending to the ordinary yearly repairs of the building and to purchase new books from time to time.

The site marked in red pencil in the accompanying sketch has been selected for the memorial building as no other better site is available on the Chamraja Road for this purpose. I also take the liberty of bringing to your notice that the Dewan was pleased to say that he would be very willing to grant the site for any public building, when he had gone with some of us to select a site for the Cosmopolitan Club. So I beg that you will be good enough to place this letter before the Dewan and obtain his orders, before he goes on leave, as we want to start the work at once. The plan of the building is in preparation and it will be in keeping with the other buildings in the same locality. We will take every care, so that the position of the new building may not obstruct the full view of the Public Office and the Jubilee Institute.

I also request that as the building is intended for the benefit of the public, you will kindly obtain the sanction of the Dewan for the free grant of timber required for the work which will not exceed in any case Rs. 8,000 (eight thousand).

No. 6975-80—MIS. 1440, DATED, BANGALORE, 15TH DECEMBER 1897.

ORDER THEREON.—Government are of opinion that a useful and important an institution as the proposed Chamraja Institute, should be located in the most eligible site available at Mysore City and accordingly approve of the building being erected in a convenient part of the Gordon Park. The Dewan has inspected the site, proposed in the letter read above (which is marked A in the tracing), with Mr. Kantharaj Urs and the Municipal Vice-President, and is of opinion that the site is suitable in every way. Another site which appears even more eligible and convenient is the one which is marked B in the same tracing. Either site may be granted as Colonel Bowen may be able to advise after consultation with Mr. Weir as to the convenience of the College, its play ground, &c.

The Government must stipulate that the plan and elevation of the building proposed, its exact location on either of the sites A or B, the compound (if any separately required) which should be attached to it, the compound wall or wire fencing required to enclose any such compound, should all be approved by Government in the D. P. W.

The building should be used only for the public purposes for which it is intended. If ever it should not be required for those purposes or other public purposes approved by Government, it should be handed over to Government.

Under present rules, no free grant of timber can be given, but Government will consider in due course the question of sanctioning a grant-in-aid for a building which is to be appropriated for a public library and other educational purposes.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Honorary Secretary, Chamraja Memorial, Mysore, with the tracing received with his letter.

The Secretary, D. P. W., with copy of tracing.

No. 7093-99—MIS. 1484, DATED BANGALORE 14TH DECEMBER 1897.

ORDER.—Government are pleased to direct that should cholera or any other epidemic disease appear in the vicinity of the Chamarajendra Reservior at Hessarghatta or of the Vani Vilas Water Works, Mysore, a special report be submitted at once to Government by the Deputy Commissioner concerned and intimation given at the same time to the Presidents of the Municipal Boards of the cities of Bangalore and Mysore, respectively.

2. Considering the great importance to the cities of Bangalore and Mysore of preventing as far as possible the appearance of epidemics at the sources of their water-supply, special measures are necessary for the efficient sanitation of the tracts round about the Chamarajendra Reservoir at Hessarghatta and the Vani Vilas Water Works near Mysore. The localities in question should be clearly defined, and provision made for the diversion or other disposal of their drainage, and arrangements should be prescribed and enforced for the proper disposal of the night soil, rubbish, &c., of the villages comprised therein. A few simple rules may also be framed for the enforcement of the requisite sanitary measures, and such additional establishments entertained as may be necessary for enforcing them. With this object in view, the Chief Engineer will, in consultation with the Senior Surgeon and Sanitary Commissioner, the Sanitary Engineer and the Deputy Commissioners of Bangalore and Mysore, be so good as to submit definite proposals at an early date for the orders of Government.

C. SREENIVASIENGAR,

The President, Bangalore City Municipality, with a copy of No. 11.

READ :-

Letter No. dated 13th October 1896, from the Joint Honorary Secretaries of the Devaraj Bahadur Charity Fund :-

We beg to submit a report of the administration of the Devaraj Bahadur Charity Fund from 1st April 1895 to 30th June 1896, and a statement of accounts.

The balance on hand on 31st March 1895 was Rs. 3,787-12-10, out of which Rs. 1,287-12-10 were set apart with the permission of Government for continuing the scholarships, grants, &c., which were then being given, to the end of December 1895. The amount actually spent under this head was Rs. 1,901-10-0. The balance together with the other savings was utilized as per Government Order C. No. 192 of the 20th April 1895 in the proportion of 3 to 1; for widows' education Rs. 237-0-11 and Rs. 79-0-4 for the encouragement of Kanarese and Sanskrit literature, as shown in Statement No. 1.

Two special classes were opened for widows in the Maharani Girls' School on the 9th May 1895, with seven students in each of them. Besides these fourteen scholars there were four others who were more advanced in their studies and were consequently put in the Lower Secondary class in the school. Of these four, three appeared for the Lower Secondary Examination held in December 1895, and all passed, one of them taking a place in the 1st class. Of these 14 pupils in the two classes, two who were more advanced than the others were promoted to the Lower Secondary class at the beginning of this year, and the remaining 12 have been formed into one class. A full report of the progress made by these pupils in their studies will appear in the Maharani Girls' School Report for 1895-96. Of these 18 scholars, those pupils who had come from out-stations were given a house allowance of Rs. 2 per month, in accordance with Rule 6 of Notification, dated 1st May 1895.

The total amount that was available for widows' education, as shown in Statement No. II, was Rs. 3,987-0-11, out of which the amount actually spent was Rs. 2,155-10-0. Every six months, as soon as the half yearly interest of Rs. 1,250 on the permanent fund was drawn from Government, three fourths of it, *viz.* Rs. 937-8-0, was deposited in the Government Savings Bank in the name of the Honorary Secretary, Maharani Girls' School, as per Rule 10 of Notification, dated 1st May 1895.

During the period under report, authors of 28 original works and translations were encouraged with money grants. The total amount available for this purpose was Rs. 1,329-0-4, out of which Rs. 1,149-13-6 were actually spent.

In conclusion we are happy to note that the two objects of the charity have been successfully carried out during the period under report inasmuch as three of the widow pupils succeeded in passing the Lower Secondary Examination and so many as fifteen authors were encouraged to write original works or bring out translations.

No. 7534-36—Ed. 200, DATED BANGALORE, 23RD DECEMBER 1897.

ORDER THEREON.—In their Proceedings of the 30th March 1896, C. No. 186, the Government were pleased to direct that three-fourths of the income of this fund shall be appropriated for a period of six years, for the opening of special classes for the education of widows in connection with Her Highness the Maharani's Girls' School at Mysore and for suitable scholarships for grown up pupils and the remainder for the improvement of Sanskrit and Vernacular literature.

2. Accordingly, two classes with seven pupils each were opened on the 9th May 1895, besides four pupils of more advanced studies, of whom three appeared for and passed the Lower Secondary Examination, one being in the 1st class. From the sum of Rs. 3,987-0-11 available, scholarships to the extent of Rs. 2,027-10-0 and house-rent at Rs. 2 per mensem to out-station pupils to the extent of Rs. 128 were awarded during the period under review.

3. The amount available for the encouragement of literature was Rs. 1,329-0-4, of which Rs. 1,149-13-6 was expended in money grants to the authors, 15 in number, of 28 original works and translations

4. The balance in hand on the 30th June 1896 amounted to Rs. 2,010-9-9.

5. In recording the report read above, the Government are pleased to express their satisfaction at the manner in which the Trust Fund has been administered and at the results achieved.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

II. Under Section 6 of the aforesaid Regulation, the Government are pleased to prescribe a fee of Rs. 5 per annum for every license issued under Section 5 of the aforesaid Regulation to any person for carrying on the profession of a goldsmith or engaging himself in the melting of gold or in the manufacture of articles of gold.

III. The Government hereby direct that Magistrates granting the licenses referred to in Sections 5 and 6 of the aforesaid Regulation shall grant them, subject to the following conditions, which shall be duly recorded on each license granted :—

(*a*) That the licensee shall carry on business only in a fixed place of business fitted with windows opening into the public streets or lanes, but not communicating with quarters used as residence, and duly registered in the office of the Special Magistrate at the Kolar Gold Fields.

(*b*) That no operation of melting or refining gold or other metal shall be carried on between the hours of sunset and sunrise.

(*c*) That every licensee shall keep a register in the annexed form.

(*d*) That every goldsmith shall report, from time to time for registry, in the office of the Special Magistrate at the Kolar Gold Fields, the name and address of every person employed in his place of business to assist him in his profession as goldsmith and the dismissal and discontinuance of any such person from his service.

(*e*) That this license shall be liable to be cancelled under para 2 of Section 6 of the said Regulation if the abovementioned conditions are not complied with.

Form of the Register which every licensee is required to maintain under clause (*c*) of the conditions of the license.

EDUCATION.

Proceedings of the Government of Mysore.

READ :—

Letter No. 3124—101, dated 19th October 1897, from the Inspector General of Education in Mysore, submitting the budget estimates of the Industrial School, Mysore, for the year 1897-98.

No. 6287-8—Ed. F. 4-96, DATED, BANGALORE, 1ST DECEMBER 1897.

ORDER THEREON.—

RECEIPTS.

Under receipts the heading "VII—Tile Works" and the entry of Rs. 15,600 against it will be struck off for reasons given in para 5 of these Proceedings.

EXPENDITURE.

2. IV. Rent of buildings.

(3). *Construction of Boly Tanks and Oven.*—As the removal of the school to some other suitable building is under the consideration of Government, the construction of a permanent costly kiln need not be taken up, without the special sanction of Government. In the meantime a temporary kiln may be constructed for baking pottery, &c. The provision of Rs. 500 made under this head will however be allowed to stand.

3. *VIII. Weaving Industry.*—Instead of awaiting a supplemental budget for provision under this head, Government are pleased to repeat the usual provision of Rs. 700, which may be utilized, after obtaining sanction therefor, when required.

4. *X. Tile Works.*—With regard to the provision of Rs. 15,802 made under this head, Government will defer considering the proposal to erect tile works on a large scale till the school is removed to another building, and this item is accordingly omitted in the present budget.

5. With the foregoing remarks, the budget estimates of receipts and expenditure of the Mysore Industrial School for 1897-98 are sanctioned as per accompanying appendix of which an abstract is given below :—

Receipts.				Expenditure.

READ :—

Letter No. 4207—132, dated 15th November 1897, from the Inspector General of Education in Mysore.

"With reference to Government Order No. 162-3—Ed. 8, dated the 5th July 1897, sanctioning the opening of a Hobli Girls' School at a monthly cost of Rs. 7 at Bettadapur in the Hunsur taluk, I have the honor to inform you that a Girls' School has, since the date of my recommendation to Government, been opened there, the provision of one of the languishing Hobli Schools in the district having been utilized for the purpose. The Hobli Girls' School at Saligrama in the Yedatore taluk, which is attended by 32 children under one probationary teacher on Rs. 5, is in need of an additional hand. I beg to recommend that Government may be pleased to accord sanction to the utilization of the provision of Rs. 7, sanctioned for Bettadapur for an additional hand, for the Girls' School at Saligrama in the Yedatore taluk."

No. 6380-81—Ed. F. 44-96, DATED, BANGALORE, 3RD DECEMBER 1897.

ORDER THEREON.—Approved.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education in Mysore.
The Comptroller to the Government of Mysore.

READ :—

Letter No. 4347—142, dated 20th November 1897, from the Inspector General of Education.

With reference to para 3 of Government Order No. 1218—Ed. F. 42-96, dated 22nd July 1897, I have the honor to inform you that the principle by which grants to Students' Homes are regulated is that Government pay a grant equal in amount to the monthly charges for house rent, if any, and the necessary number of servants, the expenses of feeding being met wholly from the boarding fees collected. The rules for the management of Students' Homes are usually in substance those which I made for the Students' Homes in Mysore. A copy of these is enclosed herewith.

2. The Kolar Students' Home was opened in July 1895 and not about a year ago as Government suppose. It has now been in existence for about two years and a half. It has been under the management of a Committee of which the Deputy Commissioner is President and the Headmaster of the High School and other principal Officers are members. The receipts and expenditure of boarding submitted with my docket No. 13, dated 5th July 1897, show that the fees for boarding barely meet the cost of feeding. The number of boarders has remained steady from March 1897; being from 30 to 35. This number shows how useful the institution is. The Home serves the students of both the Normal School and the High School. An increase in the number of boarders does not in any way increase the resources of the Home, as they merely pay their feeding expenses. Thirty-five is the maximum number of students that can be accommodated in the Kolar Home, unless additional accommodation is obtained by renting an adjacent building.

3 Rule 17 of the Kolar Students' Home allows guardians, relations or friends to stay in the Home only for a maximum period of ten days at a time if there be accommodation, and they pay at the rate of five annas a day which is 50 per cent more than the boarders' pay. Everywhere, where there are students' boarding establishments, provision is made for the temporary lodging and boarding of thier parents, guardians or friends, who may visit them to help them at times of illness or to see how they are progressing. This rule appears to me not only harmless but necessary and beneficial.

4. An establishment of 35 boarders cannot be expected to be managed gratis for any length of time by people however benevolent they may be. A paid Manager is necessary. Moreover I ascertained at my last inspection of the Home in February 1897 that it is difficult to obtain the services of Brahmin cooks in Kolar at the rates prevailing in Mysore or Bangalore. The difficulty of obtaining water in sufficient quantity is also very great at Kolar. Two watermen and a cart have to be employed for the requirements of 35 boarders. Under all these circumstances I request Government to be so good as to re-consider their Order No. 1218—Ed. F. 42-96 of 22nd July 1897 and sanction the increase of the monthly grant from Rs. 25 to Rs. 55. Unless this increase is granted the Home will have to be closed or the number of boarders restricted to twelve. The present grant of Rs. 25 was based on the supposition that the following establishment would be all that was required—a cook on Rs. 8, a waterman on Rs. 6, a Sudra servant on Rs. 6 and contingencies Rs. 5, total Rs. 25. The establishment of servants rendered necessary by the increased number of boarders is at present as follows : Head cook Rs. 10, assistant cook Rs. 8, two watermen on Rs. 7 and Rs. 6, respectively, a Sudra servant on Rs. 6, a scavenger on Rs. 2, contingencies Re. 1, to which items should be added the pay of a Manager on Rs. 15, total Rs. 55. It is hoped that the above explanation will satisfy Government that the proposed increase is necessary and that no increase is recommended without careful enquiry.

THE NORMAL SCHOOL STUDENTS' HOME, MYSORE.

RULES.

Management.

1. The general management of the Home will be vested in a Committee consisting of seven members, one of whom shall be an Assistant Surgeon. The following gentlemen are appointed as members of the Committee :—

(1) Mr. M. Shama Rao, M. A., Chairman.
(2) Dr. T. V. Armugam Mudaliar, M. B. & C. M.
(3) Mr. M. Venkatakrishnaiya.
(4) Mr. K. Venkatasami Iyer, B. A.
(5) Mr. S. Malhari Rao, B. A.
(6) Mr. D. Venkataramaiya, B. A.
(7) The Headmaster of the Normal School, *ex-officio* Secretary and Treasurer.

Functions of the Committee.

2. The managing committee shall have the power of making bye-laws and of altering such bye-laws from time to time.

3. The managing committee shall examine and pass all accounts once a month after they have been audited.

4. The managing committee shall appoint one or more of its members as auditor or auditors to audit the accounts every month.

5 The managing committee shall submit in the month of July the audited accounts of the preceding year to the Education Secretary with an annual report.

6. The managing committee shall have power on giving one month's notice and with the consent of the Education Secretary to alter any of the rates of charges hereinafter laid down.

7. The rooms shall be allotted to the applicants by the committee or by one of the members of the committee appointed for the purpose.

8. Three members shall form a quorum.

9. The Assistant Surgeon on the committee will kindly supervise the sanitary arrangements and afford medical aid to the students of the Home.

10. The committee shall apppoint for one year five experienced masters as Prefects in the month of February.

11. The committee shall appoint one of the Prefects as the Senior Prefect.

12. The hours of rising from bed, of meals, of study, and of putting out lights shall be fixed by the committee.

The Secretary.

13. The Secretary shall convene a meeting of the managing committee at least once a month or as often as he thinks it necessary.

14. The Secretary shall record all resolutions of the managing committee in a minute book.

15. The Secretary shall now and then inspect the property and stores and supervise the general management of the Home.

The Superintendent.

16. The Superintendent shall be appointed by the Education Secretary.

17. The Superintendent shall be responsible for the strict enforcement of the rules and bye-laws, for the efficient and economical management of the Home and for the good behaviour and discipline of the inmates of the Home.

18. The Superintendent shall collect all fees and fines, and give receipts for them and shall make over the collections to the Treasurer. He shall be responsible for the safety of all property belonging to the Home.

19. The Superintendent shall keep such accounts and in such form as the managing committee may prescribe.

20. The Superintendent shall have power to appoint, fine and dismiss the servants of the Home.

Senior Prefect.

21. The Senior Prefect appointed by the committee shall have charge of the reference library, and of the news-papers and periodicals, if any. He shall see that all furniture is kept in its proper place and that no book belonging to the library is removed from the consulting room.

The Prefects.

22. One of the Prefects will be appointed for a month at a time to call the roll at 9 P. M., and no student will be allowed to leave the Home after the roll-call without previously obtaining the permission of the Superintendent. The names of those who are absent without leave at the roll-call shall be reported the next morning to the Superintendent who will institute such inquiries as he may consider necessary and recommend the defaulters for punishment to the Secretary.

23 The Prefects shall see that the plants in the garden are well watered and that all the rooms, out-offices and grounds are kept clean.

24. All Prefects will be expected to exercise moral influence and control over the students residing in the Home, to check and reprove misbehaviour of all kinds, to prevent all causes of disturbance such as singing, whistling, loud talk, while the students are engaged in study and to report all cases of gross misconduct to the Superintendent.

Students.

25. The number of students permitted to stay in the Home shall not exceed forty.

26. If the whole of the available accommodation is not taken up by the students of the Normal School, what is not so availed of may be utilised for the accommodation of other students whose admission will be subject to the special sanction of the Education Secretary.

27. A register shall be kept of applicants for admission in which particulars of their age, caste, father's name, profession and residence and in the case of school boys the last school attended by them, shall be entered.

28. A registration fee of four annas shall be paid at the time of application by each applicant.

29. A fee of one rupee shall be paid by each student on admission.

30. Students shall have the right of entering suggestions or complaints with their signature, in a book to be kept for the purpose.

31. Students desiring to leave the Home shall give the Superintendent two weeks' notice of their intention.

32. A student who injures any of the property of the Home shall pay such damages as may be determined by the Superintendent or by the managing committee.

33. A student who ceases to belong to the Normal School or any other school shall have no right to continue to stay in the Home.

34. Insubordination, noisy behaviour, immoral conduct, and uncleanly dress and habits are sufficient reasons for expulsion from the Home.

35. Each student shall provide for his own use bedding and a box of clothes. He may also have a table, chair, lamp or other furniture of his own with the consent of the Secretary.

36. The bell shall be rung, until further notice, at 5 or 5½ A. M. according to the season of the year to turn out of bed, at 9.45 A. M. and 7 P. M. for meals, at 6 A. M. and 8½ P. M. for study and 10 P. M. to put out lights.

Charges.

37. The monthly fee for board and lodging shall be rupees six a month.

38. Each student shall pay the monthly fee in advance not later than the 10th of each month, and, if he fail to do so, shall pay a fine of one anna for every day during which he remains in arrears.

39. A member who has not paid up all the charges by the end of the month, shall forfeit his privileges and shall be removed from the Home. His arrears will be recovered from his scholarship or from his parents.

40. A proportionate reduction shall be made in the charge for board of any member who gives notice to the Superintendent of his intention to be absent for seven or more consecutive days.

Friends of Students.

41. With the consent of the Superintendent a student may have not more than one friend to stay with him for a period not exceeding ten days and the charge to be paid for the board and lodging of such friends shall not be less than five annas a day.

Meals and Baths.

42. Two meals will be provided, a break-fast at about 9·45 A. M. and a dinner at about 7 P. M.

43. If a cup of milk or coffee is required in the morning or afternoon, it will have to be paid for extra at the rate of one anna a cup.

44. An oil-bath will be provided once a week, a tepid bath every day between 8 and 9-30 A. M. or a cold bath earlier.

45. On Ekadasi and other special days students who have given sufficient notice to the Superintendent shall be supplied with *Phalaharam*.

General Fund.

46. The admission and registration fees, fines and savings, if any, from the monthly fees shall form a general fund. Expenditure from this fund shall be subject to the approval of the Education Secretary.

No. 6771-72—Edn. F. 42-96, dated Bangalore, 11th December 1897.

Order thereon.—In the foregoing communication the Inspector General of Education urges reasons in support of his recommendation to increase the grant-

in-aid of the Kolar Students' Home from Rs. 25 to Rs. 55 per mensem, and, as requested in Government Proceedings No. 1218—Ed. F. 42-96, dated 22nd July last, submits certain suggestions as to the principles upon which the management of Students' Homes should be regulated.

2. Government approve of the principle described in para 1 of his letter that the Government grant to Student's Homes be equal in amount to the monthly charges for house rent, if any, and on account of the necessary number of servants, the expenses of feeding being wholly met from the boarding fees collected. The rules prescribed for the Normal School Students' Home at Mysore submitted by the Inspector General commend themselves to Government, and they direct that the principles underlying them may be applied as far as possible in framing rules for other Students' Homes in the State the maximum number of students admissible in each Home being fixed with due regard to the extent of accommodation available.

3. Under the circumstances explained in para 3 of the Inspector General's letter, Government approve of the rule which allows the guardians, relations or *friends of students to stay in the Home for a period* not exceeding ten days at a time, paying higher charges than those prescribed for students, and direct that the rule be extended to all Students' Homes.

4. Upon a consideration of the circumstances reported in para 4 of the Inspector General's letter, Government are pleased to sanction the increase of the grant to the Kolar Students' Home from Rs. 25 to Rs. 55 per mensem, so as to provide for the following establishment :—

1 Manager	on Rs.	15	per mensem.
1 Head cook	on Rs.	10	"
1 Assistant cook	on Rs.	8	"
1 Waterman	on Rs.	7	"
1 Do	on Rs.	6	"
1 Sudra servant	on Rs.	6	"
1 Scavenger	on Rs.	2	"
Contingencies	Re.	1	"
Total	Rs.	55	"

5. The charges will be met from the provision of Rs. 6,000, sanctioned in Government Proceedings No. 5266-7—Ed. F. 26-96, dated 10th November 1897, for new grants-in-aid to schools, &c., and the date from which the establishment, as now sanctioned is entertained, will be intimated to the Comptroller by the Inspector General of Education.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education in Mysore.
The Comptroller to the Government of Mysore.

READ:—

Letter No. 3008—89, dated 14th October 1897, from the Inspector General of Education in Mysore.

I have the honor to inform you that the Government Hindustani Girls' School at Bangalore, since it came under the direct control of the department and was placed under the supervision of a Committee, of which Khan Bahadur Mahomed Ali Sahib is the President, has been making satisfactory progress and has become a popular institution with the Muhammadans of the city of Bangalore. There are about 100 girls attending the school, which is of the Upper Primary Standard, a fairly high standard for zenana girls. The monthly charges of the school amount to Rs. 74½ as shown below:—

		Rs.
1	Head Mistress	10
3	Assistant Mistresses on Rs. 5 each	15
1	Needle-work woman	7
3	Servants, one on Rs. 5, two on Rs. 4	13
1	Scavenger	1
	House-rent, cart-hire and contingencies	28½
	Total ...	74½

2. The Committee represent that the existing scale is low and request that the salaries of the mistresses and menial servants may be increased. I agree with the Committee in thinking that the pay of the mistresses and servants may be a little higher than at present. The mistresses have worked satisfactorily. The school is in a large and important centre of Muhammadan population, with a prospect of further improvement both in attendance and efficiency. I may further mention the fact that the school is kept open almost all the hours of the day, since the girls have to be taught as the carts bring them. I beg, therefore, that Government may be pleased to sanction the following scale of pay for the mistresses and servants of the school:—

	Rs.
Head Mistress	15
1st Assistant Mistress	10
2nd do	7
3rd do	7
Needle-work woman	7
Menial servants, one on Rs. 6, and two on Rs. 5	16
Scavenger	1
Total ...	63

which with Rs. 28½ for contingencies, cart-hire and house-rent amounts to Rs. 91½ a month or Rs. 17 more than the existing monthly expenditure.

No. 7126-7—ED. F. 23-96, DATED BANGALORE, 18TH DECEMBER 1897.

ORDER THEREON.—Under the circumstances represented, Government are pleased to raise the cost of the establishment of the Government Hindustani School at Bangalore from Rs. 74½ to 91½ per mensem as particularized below:—

No.	Designation.	From.	To.
		Rs.	Rs.
1	Head Mistress	10	15
2	1st Assistant Mistress	5	10
3	2nd do	5	7
4	3rd do	5	7
5	Needle-work woman	7	7
6	Servant	5	6
7	Do	4	5
8	Do	4	5
9	Scavenger	1	1
10	House-rent, cart-hire and contingencies	28½	28½
	Total ..	74½	91½

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To.—The Inspector General of Education in Mysore
The Comptroller to the Government of Mysore.

READ:—

Letter No 3951—125, dated 12th November 1897, from the Inspector General of Education in Mysore—

I have the honor to submit herewith, for the orders of Government, a Memo, dated 5th November 1897, on the present needs of school accommodation both in the State Funds and the Village Fund Schools of Mysore, and to request that Government may be pleased to give early attention to this important subject.—

MEMORANDUM ON THE PRESENT NEEDS OF SCHOOL ACCOMMODATION, BY THE INSPECTOR GENERAL OF EDUCATION.

Dated 5th November 1897.

I submitted in para 33 of my Report on Public Instruction for 1895-96 my views on the pressing requirements of school accommodation all over the Province. For the six years from 1889-90 to 1895-96 there was on an approximate calculation an increase of 9,476 pupils in the average daily attendance of Government schools, while additional accommodation was provided for 3,190 pupils only during that period. What happened in these years has, I believe, happened for a number of years. The additional accommodation provided has fallen far short of the actual requirements. With a view to ascertain the present requirements in the matter of school accommodation, without reference to all prospective increases in attendance, I sent circular letters to all Deputy Inspectors (A. No. 2070-121 and A. No. 2284-91) on the 5th September 1896, copies of which are appended to this Memo. The Deputy Inspectors were asked to send in statements, in a prescribed form, of all schools which possessed unsuitable or insufficient accommodation and were in absolute need of new buildings, extensions or improvements. Schools already provided with suitable buildings, whether belonging to Government, freely given by the people, or rented, were not included in the Deputy Inspectors' statements. In the case of village school buildings the Deputy Inspectors were asked to form a rough estimate of the contributions the people were likely to make to their cost.

2. From the Deputy Inspectors' lists two statements, with such alterations, additions and omissions as I considered necessary, have been prepared, one of all schools paid for from the State Funds, and the other of schools paid for from the Village School Fund.

3. *State Funds Schools.*—In the case of Bangalore City I have included a building for the long contemplated Municipal High School, and one or two buildings for the two Government Girls' Schools. A new building for the Channapatna High School has been sanctioned. Its estimated cost, irrespective of the cost of site, is Rs. 14,000. The items for these large schools bring up the total cost of new school buildings or improvements in the Bangalore district to be met from State Funds to Rs. 76,900. In the list for the Kolar district I have provided Rs. 14,000 for the new High School building for Chikballapur, sanctioned by Government Order No. 13826-8—Mis. 418 of 28th June 1897. In the list for the Tumkur district I have not mentioned the cost of the new High School building for Tumkur, sanctioned by Government Order No. 485-8—Ed. 18, dated 12th July 1897, as it will be provided for in the Budget of the Public Works Department. In the list for the Mysore North circle, Rs. 2,000 for the improvement of the present Practising School building which is ultimately to be utilised for the Hindustani Practising School, and Rs. 10,000 for a new building for the occupation of the Kannada Practising School, are included. In the list for the Shimoga district is included a new building which is very urgently required for the Anglo-Vernacular School, Shimoga. The plan and estimate for the building are ready and a good site has been purchased at a cost of Rs. 2,500. The building is estimated to cost Rs. 13,446. The school contains 507 pupils, and has been held in one Government and two rented houses at very great inconvenience. A new building has been sanctioned for the Anglo-Vernacular School, Tirthahalli. It is in course of construction, and a sum of Rs. 3,362 is required this year to complete it. This amount however has not been included in the statement of State Funds Schools, as it will be sanctioned from the current year's budget. In the Chitaldrug Town, extensions and improvements for

the Taluk Kannada and Hindustani Schools at a cost of Rs. 2,000, and a new building for an Anglo-Vernacular School estimated to cost Rs. 7,000, are required. The latter building has recently been sanctioned by Government Order No. 3722-4—Ed. F. 19-96, dated 20th September 1897. A large school house for the Davangere Anglo-Vernacular School at a cost of not less than Rs. 12,000 is urgently required. In Hassan a new building is urgently required for the Saklespur Anglo-Vernacular School at a net cost to Government of about Rs. 5,000 after realising the value of the present dilapidated school house. In the list for the Kadur district the cost of extending the Chikmagalur High School is omitted as it will be met from the Budget of the Public Works Department. The buildings which are very urgently required are so marked in red ink in the column of remarks, and are estimated to cost Rs. 99,946. The new buildings, extensions and improvements required in all schools paid for from the State Funds, are estimated to cost Rs. 2,45,024. By districts the cost is distributed as follows :—

	Rs.	
Bangalore	76,900	
Kolar	33,000	
Tumkur	38,579	
Mysore North	23,600	
Mysore South	15,899	
Shimoga	14,016	
Chitaldrug	29,500	
Hassan	8,800	
Kadur	4,700	
		2,45,024

4. The works which are very urgently required are shown in the following statement; their total cost comes to nearly a lakh—

	Estimated cost. Rs.	
Channapatna High School	14,000	
Chikballapur do	14,000	
Kolar Girls' School	3,200	
Extension of old High School, Tumkur	2,000	
Yedatore Anglo-Vernacular School	2,600	
Improvement of Kannada Practising School, Mysore, for the Hindustani classes	2,000	
A new building for the Kannada Practising School, Mysore ...	10,000	
Chamrajnagar Anglo-Vernacular School	5,000	
Shimoga Anglo-Vernacular School	13,446	
Extension of Harihar Anglo-Vernacular School	2,000	
Taluk Kannada School, Hiriyur	4,500	
Anglo-Vernacular School, Chitaldrug	7,000	
Repairs of Chitaldrug Vernacular Schools	2,000	
Davangere Anglo-Vernacular School	12,000	
Saklespur Anglo-Vernacular School	5,000	
Extension of Belur Anglo-Vernacular School	1,200	
		99,946

The other buildings, extensions, and improvements given in the statement, are only less urgently required than those given in the above list. The difference is only one of degree. I submit that the pressing needs of the State Funds Schools can only be met by providing one lakh for buildings in the budgets of three successive years. At the expiration of the three years the Normal provision in the budget for Taluk School buildings which at present is taken to be Rs. 10,000, should be permanently raised to Rs. 30,000 exclusive of special grants when occasion requires.

5. *Village Fund Schools.*—The statement of all Village Fund Schools requiring new buildings, extensions or improvements has been prepared with the same care as the one for the State Fund Schools. Only such schools are mentioned in the statement as are in absolute need of new buildings, extensions or improvements. There are altogether 1,398 Village Fund Schools. Of these only 558 appear in the statement, the rest being either provided with suitable buildings of some kind or being such as are not likely to be permanent institutions. I have grouped villages schools into five classes according to the amount

and nature of the accommodation they require, and have obtained plans and estimates for five types of buildings from the Executive Engineer, Tumkur division. I have tried to make the buildings as neat, substantial and economical as possible. The classification is as follows :—

Design.	Kind of school.	Maximum Number on roll.	Maximum Number in average attendance.	Number and size of rooms.	Estimated cost
					Rs.
I	Hobli ...	40	33	One 16′ × 12′ with verandah 6′ wide.	500
I	Do ...	40	33	One 16′ × 12′ without verandah.	400
II	Do ...	70	57	One room 30′ × 12′ or two rooms 15′ × 12′ with verandah 8′ wide.	800
III	Hobli or Taluk Branch.	125	100	Two rooms 30′ × 15′ and 15′ × 15′ respectively with verandah 8′ wide.	1,300
IV	Do ...	160	130	Two rooms each 30′ × 15′ or one room 30′ × 15′ and 2 rooms 15′ × 15′ each with verandah 8′ wide.	1,600
V	Taluk Branch Middle School.	160	130	One room 20′ × 16′ and four rooms each 20′ × 12′ on the plan of the Amarpur Taluk Branch School.	2,650

6. The plans and estimates of the five kinds of Village School Buildings have been prepared by Mr. C. T. Dalal, Executive Engineer, Tumkur division, in consultation with me. He has made the estimates as moderate as possible for substantially built school houses. He proposes to build the walls of burnt brick in mortar 1½ feet thick and 10 feet high with a gable end of 4 feet, and to leave them unplastered, but coate with two coats of whitewash. All the timber used will be teak. The windows will be 3′ × 5′ and each school will have two round glazed ventilators open and shut by a string in the two gable ends of the outer walls. It is proposed to use Mangalore tiles for the roof. The floor will be made of gravel. The buildings will face south-east and receive the South West, and North East monsoons on the side walls. Much thought and care have been expended on the plans and estimates. Copies of the five designs have been appended to this memo for reference.

7. The statement showing the present needs of accommodation in all village schools gives the number on the roll and highest class, a brief description of the present accommodation and of the improvements, extensions or new constructions required, the amount of contribution that may be expected from the people, and the proposed expenditure.

8. The total estimated cost of new constructions, extensions and improvements of village schools according to the statement forwarded herewith is Rs. 1,70,198. By districts this amount is distributed as follows :—

	Rs.
Bangalore	31,826
Kolar	11,340
Tumkur	41,944
Mysore North	31,341
Mysore South	15,768
Chitaldrug	11,728
Shimoga	16,177
Hassan	6,934
Kadur	3,040
	1,70,198

The above figures are approximate. The actual wants of Kolar, Hassan, Kadur and Mysore South do not appear to have been fully reported by the respective Deputy Inspectors. But for practical purposes the totals may be taken as fairly correct.

9. The balance on the 1st July 1897 to the credit of the Village School Fund, according to the Preliminary Accounts of 1896-97 is given by the Comptroller to be Rs. 3,22,123. This amount includes Government of India Securities of the nominal value of Rs. 2,00,000, which cost for their purchase Rs. 2,14,559. If the latter amount is deducted from the balance on 1st July 1897, there will be a cash balance left of Rs. 1,07,564. From this cash balance, one lakh may be assigned to new constructions, extensions and improvements of village schools. The total estimated cost of the new constructions, extensions and improvements required is roughly Rs. 1,70,198. I recommend that Government may be pleased to make up the deficiency by a special grant from State Funds of Rs. 70,000.

10. In conclusion, I would add that the question of providing increased accommodation is one of great urgency. If the additional accommodation required is not provided within the next two or three years, the difficulty of finding suitable accommodation for the increasing numbers of pupils will be very greatly enhanced, and will check the growth of schools. The problem is one to which I would earnestly invite the early attention of Government.

(ENCLOSURE.)

Circular letter No. A. 2070-121, *dated Mysore, 5th September* 1896, *from the Inspector General of Education in Mysore, to Deputy Inspector of Schools District.*

I have the honor to inform you that it is necessary to form an approximately correct idea of the wants of the Taluk Schools in your district in the matter of extensions or new constructions required for the accommodation of the schools. You are requested to furnish the information required regarding each school in the tabular form given in the margin at your early convenience. The schools may be grouped together under the following heads :—

1. Anglo-Vernacular Schools.
2. Taluk Kannada Schools for Boys.
3. Taluk Hindustani ditto
4. Taluk Kannada Schools for Girls.
5. Taluk Hindustani ditto
6. Any other schools like Tamil, Telugu or other Government Schools.

Care should be taken to form *moderate* estimates of the cost of extensions or new constructions. In making these estimates you will be guided by the actual cost of recent constructions in your district. The present need of accommodation should alone be considered, all prospective increases in attendance being left out of account. The style of building contemplated should be of the usual kind for each class of school and not one extravagently expensive. Schools already provided with suitable buildings, whether belonging to Government or rented, should not be mentioned in the statement.

A tabular statement showing the present needs of accommodation in the Taluk Schools of.....district, 1896-97.

Taluk Station.	Name of school.	Number on the roll, and Number of classes.	A brief description of the present school building.	A brief description of extensions or new constructions required with reasons for the proposals.	Estimated cost of extensions or new constructions.	Remarks.

(ENCLOSURE.)

Circular letter No. A 2284-91, *dated Mysore, 5th September* 1896, *from the Inspector General of Education in Mysore, to Deputy Inspector of Schools District.*

I have the honor to inform you that it is necessary to form an idea of the accommodation provided at present for all schools maintained from the Village School *Local* Funds in your district, and of the cost of extension or new constructions if any are required. You are requested to furnish the information required for each school in the tabular form given in the margin. The schools may be grouped together under the following heads :—

Anglo-Vernacular Schools.

Taluk Branch Kannada Schools.

Taluk Branch Hindustani Schools.

Hobli Kannada Schools.

Hobli Hindustani Schools.

Other Government Schools.

If the present accommodation, whether belonging to Government or not, is suitable, nothing need be mentioned in the column of improvements, extensions or new constructions required. In the description of the present building it should be stated whether it is katcha or pakka. The improvements required are chiefly for light and ventilation. Care should be taken to give moderate estimates of the cost of improvements, extensions or new constructions. It should also be stated how far the people are expected to contribute to the cost.

A tabular statement showing the present needs of accommodation of all schools maintained from the Local Funds in.....district, 1896-97.

Taluk.	Village.	Kind of school.	Number on the roll, and Number of classes.	A brief description of the present accommodation and to whom it belongs.	A brief description of improvements, extensions, or new constructions required, with reasons for the proposals.	Estimated cost and how it is proposed to be met.	Remarks.

Tabular statement showing the present needs of accommodation of all schools maintained from the Village School Fund in the province.

Taluk.	Village.	Kind of school.	Number on the roll and highest class.	Brief description of the present accommodation.	Brief description of improvements, extensions or new constructions required.	Expected contribution by the people.	Proposed expenditure from the Village School Fund.	Remarks.

No. 7129—Ed. 208, dated Bangalore, 18th December 1897.

Order thereon.—The Inspector General of Education is informed that Government are not prepared to at once pass final orders on his exhaustive programme of school buildings to be constructed; that suitable provision for the more urgent buildings chargeable to State Funds may be proposed by him from time to time in his annual budget, which will be duly considered and dealt with by Government along with the requirements of other departments of the State; and that, while expressing their inability to make any Special State Grant for village school buildings, Government will not object to proposals being made in the Village School Fund budgets of the next and succeeding years for the utilization of so much of the cash balance at the credit of the Village School Fund as can be usefully spent upon the construction, extension and improvement of village schools.

C. SREENIVASHENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education in Mysore.

JUDICIAL.

Proceedings of the Government of Mysore.

READ:—

(I) The following letter of the Registrar of the Chief Court, Mysore, No. 2390—61, dated 24th September 1897, submitting proposals for the introduction, throughout the State of the Central Nazarat System introduced into the Nagar Division tentatively for one year, under the orders conveyed in Proceedings No. 4825-6—7546, dated 6th October 1896—

Adverting to the correspondence ending with your letter No. 9630—J. 1113, dated 22nd February 1897, I am directed to submit, for the consideration and orders of Government, proposals for the introduction of the Nazarat System throughout the Mysore Province.

2. The Judges of the Civil Courts, who were consulted on the subject, are unanimously of opinion that the system may, with advantage, be introduced into this province; and the District Judge of Nagar, who has had the opportunity of observing, from November last, the practical working of the system at Shimoga, reports that it has worked well there.

3. It is proposed to have one General Establishment of amins and peons for the execution and service of processes issued by all the Civil Courts at each of the head-quarter stations of the Nundydroog, Ashtagram and Nagar Divisions, viz., Bangalore, Mysore and Shimoga, under the immediate direction of a Central Nazir. The Process Establishments of the outlying Munsiffs' Courts will be under the immediate direction of a Deputy Nazir, both the Central and Deputy Nazirs being placed under the control of the Munsiff for the reason stated in my letter No. 2133—99, dated 5th October 1896, viz., that if attached to a higher Court the processes of the inferior Courts may not receive the prompt attention that is necessary. The Central and Deputy Nazirs will be divided into two classes, with a pay of 50 and 40 rupees for the former, and 25 and 20 rupees for the latter. A Central Nazir of the 1st grade will be allowed to the Ashtagram Division and a 2nd grade Nazir to each of the other two Divisions. Deputy Nazirs of the 1st class will be given for the Munsiffs' Courts graded as 1st class, and 2nd class Nazirs for the Munsiffs' Courts of the 2nd and 3rd classes, except the Courts of the Munsiffs of Kolar and Kolar Gold Fields, for both of which one establishment under a Deputy Nazir of the 2nd class will be provided. The classification of amins and peons and the pay fixed for them will remain as at present.

4. The Madras Rules, which are proposed to be adopted with the above modifications, contain no provision as to the taking of security from amins and peons. Our rules (Chief Commissioner's Notification No. 261, dated 11th January 1880) being an improvement in this respect, are retained. The existing distinction between the process peons of the Munsiffs' Courts and those of the District and Sub-Judges' Courts as regards the number of processes to be served by them is removed, and the rule requiring each amin and peon of the Munsiff's Court to serve not less than 100 and 300 processes respectively, made applicable to the process establishment both under the Central and Deputy Nazirs. The rules contained in the said Chief Commissioner's notification as to the fees chargeable for serving and executing processes issued by the Civil Courts are incorporated with the proposed rules for the serving of processes under the Nazarat System (with the necessary modifications) doing away with the difference which now obtains in the scale of fees leviable in the Munsiffs' Courts and in the superior Courts, and making the scale now in force in Munsiffs' Courts applicable to all the Courts.

5. The cost of the present permanent and temporary process establishments of the District and Sub Judges' and Munsiffs' Courts in the province amounts to Rs. 60,144 per annum. The cost of the proposed establishments to be placed under the Central and Deputy Nazirs including their pay, which is an addition, will be Rs. 60,936 per annum, showing an increase of Rs. 792. Deducting from this amount Rs. 6,276, the cost of the Central Nazarat establishment at Shimoga, already sanctioned by Government Proceedings No. 4825-6—J. 546, dated 21st October 1896, the actual amount involved in the present proposals is Rs. 54,660. The charge will, as at present, be met from the amount of process fees collected, which is always greatly in excess of the expenditure, as will be seen from the figures of 1896 given in the statement enclosed.

6. In providing the proposed establishments of amins and peons, care is taken not only to see that all the hands in the existing permanent staff are provided for in the proposed scale, but also that the number given is not more than what is actually necessary for the efficient working of the system with the minimum cost possible. The number of processes served by 131 amins in all the Courts during the year 1895-96 was 24,258, and by 427 peons in the same year, 177,940, making in all 202,189, giving on an average 185 processes for each amin and 473 for each peon. Calculating at the rate of 100 processes for each amin and 300 for every peon, as required by the rules, 243 amins and 593 peons should properly have been employed to serve the total number of processes issued by all the Courts, but the work, as will be seen from the enclosed statement, was actually done by only 131 amins and 427 peons. Therefore, taking advantage of this result, the establishment as a whole now proposed under the Nazarat System was fixed to comprise 127 amins and 387 peons—thus giving on an average to each amin 191 processes and to each peon 459.

7. The amins and peons of the existing temporary establishment, who have to be thrown out under the present arrangement, will be provided for as vacancies occur, a general register of all these men will be kept at the District Court of each Division and men selected from it will fill up vacancies occurring in any of the establishments under the Central or Deputy Nazirs.

8. Although the proposed establishment involves a slight extra cost of Rs. 66 a month, or Rs. 792 per annum, the Nazarat System commends itself as more advantageous than the existing one in that it will effect economy of labor and avoid the simultaneous working over the same area of process-servers of different Courts and relieve the presiding officers of Civil Courts of the immediate supervision over process-serving establishments now placed under them in addition to their other onerous and responsible duties. It will also tend to put a stop to the complaints generally received from the Judges of the subordinate Courts that for want of a separate hand to do the Nazir's work, which is invariably now done by the Head Munshi or other official of the Court in addition to his legitimate work, great difficulty is felt in getting through the work of the Court without arrears. I am therefore directed to submit the enclosed Draft Rules* and the Proposition Statement* for the approval and sanction of Government.

*Vide Appendices.

(II) Letter No. 2798—74, dated 29th October 1897, from the same Officer forwarding, in continuation of the above, extracts from a report of the District Judge of Nagar on the working of the Central Nazarat System at Shimoga.

No. 6318-9—J. 709, DATED BANGALORE, 2ND DECEMBER 1897.

ORDER THEREON.—Upon a consideration of the circumstances brought to notice in the foregoing letters, Government are pleased to direct that the Central Nazarat System, tentatively introduced into the Nagar Division, be made permanent, and be extended also to the other two Divisions, the total cost per annum being Rs. 60,936, or Rs. 792 more than the cost of the present Process-serving Establishment. The details of the cost are shown in the Proposition statement appended.

2. Government take this opportunity of suggesting, with reference to the concluding portion of para 6 of the Registrar's letter of the 24th September last, that the minimum number of processes to be served be raised from 100 to 150 in the case of each Amin and from 300 to 400 in the case of each Peon. Subject to such modification as may be deemd proper in this respect, the several proposals made in the said letter and the Draft Rules received therewith (*vide* Appendix II) are approved.

C. SREENIVASIENGAR,
Secy. to Govt, Gen. & Rev. Depts.

To—The Registrar of the Chief Court of Mysore.
The Comptroller to the Government of Mysore.

APPENDIX II.

The following Rules for the service and execution of processes issued by the Civil Courts in the Mysore Province, and the fees chargeable therefor, framed by the Chief Court under the provisions of Section 20 of the Court Fees Act, in supersession of those contained in the Chief Commissioner's Notifications Nos. 261 and 262, dated 10th January 1880, and the Chief Court Circular letter No. 549-4, dated 5th July 1882, having received the sanction of Government, are hereby published for general information:—

I. There shall be one General Establishment of Amins and Peons for the execution and service of processes issued by all the Civil Courts at each of the following stations and at such other places as the Chief Court may hereafter direct:—Bangalore, Mysore, Shimoga.

Such establishment shall be under the immediate direction of a Central Nazir and the control of the Principal Munsiff.

II. At all other stations the Process Establishment shall be under the immediate direction of a Deputy Nazir, who shall be under the control of the Munsiff having jurisdiction at such station.

III. (*a*) There shall be two classes of Central Nazirs, and their pay shall be—

	Rs.
1st Class	50 a month
2nd „	40 „

provided that no Central Nazir shall be placed in the 1st class unless the Process Establishment to be supervised by him consists of 70 peons and 20 amins;

(*b*) There shall be two classes of Deputy Nazirs, and their pay shall be—

	Rs.
1st Class	25 a month
2nd „	20 „

Deputy Nazirs of the 1st class shall be provided for the Munsiffs' Courts graded as 1st class, and Deputy Nazirs of the 2nd class for the Munsiffs' Courts graded as 2nd and 3rd classes.

(*c*) There shall be two classes of Amins, and their pay shall be—

	Rs.
1st Class	16 a month
2nd „	14 „

The proportion of Amins in the higher grade shall not exceed , to two in the lower grade.

(*d*) There shall be two classes of Peons, and their pay shall be—

	Rs.
1st Class	8 a month.
2nd „	7 „

The proportion of Peons in the higher grade shall not exceed one to three in the lower grade.

The Central Nazir and his Process Establishment shall be appointed by the District Judge. The appointment of Deputy Nazir and his establishment shall be made by the Munsiff to whose Court they are attached. All appointments shall be subject to the provisions of Section 21 of the Civil Courts Regulaton No. I of 1883.

All the charges of the Nazarat Establishment shall be debited to the Process Service Fund.

IV. Each Central Nazir must furnish security in a sum of Rs. 500, and each Deputy Nazir in a sum of Rs. 250. Each Amin of the 1st class must furnish security in the sum of Rs. 120 and each Amin of the 2nd class in the sum of Rs. 100. The security for Peons of both classes shall be Rs. 50.

V. The security to be furnished by Nazirs and Amins shall either be by bond, or by deposit of title deeds of immovable property, or by deposit of cash or Government Promissory Notes; and the security to be furnished by Peons shall be by bond with two sureties, or by deposit of cash, which should be invested in the District Savings Bank in the name of the depositor.

VI. The "proper officer" to whom processes shall be transmitted for service under Section 72 of the Code of Civil Procedure, 1882, shall be—

(*a*) *The Central Nazir*, in respect of all processes issued by any Court located or having jurisdiction at a station where there is a Central Nazir, for service within the jurisdiction of a Munsiff located at such station;

(*b*) *The Deputy Nazir*, at a station where there is no Central Nazir, and in respect of processes issued by any Court for service within the jurisdiction of an outlying Munsiff.

VII. The processes of each Court shall be numbered consecutively, as soon as all batta charges have been paid, and shall be entered in a register in the Form A or AA, as the case may be, annexed hereto.

VIII. At stations where there is a Central Nazir, at 3 P.M. daily, the chief ministerial officer of each Court shall sign the Register A, and transmit it to the Central Nazir, together with the processes to be served or executed by him, which have been prepared up to that hour, and the witnesses' batta. Such processes prepared after 3 P. M. shall be sent to the Nazir not later than 11-30 the following morning, together with the register signed as above.

After verifying the entries relating to himself, the Central Nazir shall return the register to the Court concerned with his counter-signature.

This rule shall also apply to processes to be served or executed by the Deputy Nazirs.

IX. One hour before the Post time for each outlying Munsiff's station, the chief ministerial officer of each superior Court shall have a list prepared in the Form AA of all processes to be served or executed within the jurisdiction of such outlying Munsiff, and such list shall be forthwith sent by Post on Mysore Government Service to the Deputy Nazir of such Munsiff, together with all such processes.

X. On receiving any batch of processes, the Central or Deputy Nazir, as the case may be, shall give them general numbers and enter them in a register, which shall be kept by himself or under his superintendence in the Form B annexed hereto.

XI. He shall thereupon arrange for the distribution of the processes, and, after the necessary entries have been made in the Roster (Form C hereto annexed), shall deliver them to the several process-servers. As far as possible, all processes other than warrants of arrest, for persons residing in the same neighbourhood shall be served by one process-server and not by several, whether issued by the same or by different Courts.

XII. Every day, at such hours as the Munsiff may fix, having regard (when necessary) to the hours at which the Post closes, the Central Nazir and each Deputy Nazir shall prepare a list for each Court of the processes to be returned to it, giving them their original Court numbers, and shall transmit them with the list to the chief ministerial officer, who shall sign and return the list.

XIII. It shall be the duty of the chief ministerial officer to have the processes returned struck off in his Register A or AA, as the case may be, and to bring to the notice of the presiding Judge any unusual delay. Where such Judge is not the District Judge, he shall report such delay to the District Judge in the absence of satisfactory explanation. The District Judge will report all such cases to the Chief Court.

XIV. At the close of each day, every Central and Deputy Nazir shall enter in the Register B the number of processes distributed during the day and the number of peons remaining unemployed after the distribution.

XV. The return of service shall ordinarily be verified by affidavit, and, under Section 197 (*b*) of the Code of Civil Procedure, all Nazirs and Deputy Nazirs are hereby empowered to administer the oath to any process-server. Such affidavit may be read at the hearing and used as proof of service.

When a process is returned under Section 80, 168 or 343, the Court is required to examine the serving officer on oath; but under Section 386 (*c*), in the case of the

process-servers of an outlying Court, such examination may generally be taken under a Commission. The commission will be in the form of an authority (written or printed at the foot of, or attached to, every process) to the Munsiff to examine the process-server if necessary.

XVI. When any person has been arrested, or moveable property seized, by a process-server of an outlying Court under a Warrant issued by a superior Court, the process-server shall forthwith bring such person or property to the station of such Court and deliver him or it to the Central or Deputy Nazir, as the case may be, provided that this rule shall not apply to property not required to be brought to the Court-house.

Such Central or Deputy Nazir shall immediately give the process-server a receipt and send him back to his own Court, and shall produce such person or property before the Court which issued the process.

When money shall have been paid upon any such process, it shall be received by the outlying Munsiff and duly transmitted, together with the process, to the Court concerned: provided that, where such sum does not exceed the batta due (or likely to become due within three days) by such Court, the Munsiff may order it to be credited to such Court's Batta Account, sending immediate notice of the same that the Court concerned may pay the judgment creditor out of the batta accumulations.

XVII. A permanent advance of Rs. 100 will be made to each Central or Deputy Nazir for the batta of witnesses, &c. The amount of batta to be paid must be notified on each process sent to it for service, but shall be retained in the Court issuing the process until the accumulations reach Rs. 50, or till the end of the month Whenever the sum of Rs. 50 is due by any one Court to another, and at the close of each month in any case, the full amount due must be remitted through the Government Treasury, if there is a Treasury at the outlying station, and if not, by a Postal Money Order, the cost of which may be charged in the Contingent Bill.

The Chief Court may, at its discretion, increase or reduce the permanent advance of any particular Central or Deputy Nazir.

XVIII. On or before the 6th of each month the Central Nazir or the Deputy Nazir (as the case may be) of each Court shall send to each Court concerned a statement shewing the account between them, as it stood at the close of the preceding month, and any subsequent remittance. Such accounts, when furnished to any other Court than the District Court, shall be sent on to the District Judge after verification and with any explanation which may seem necessary. It shall be the duty of the District Judge to see that no excessive su. money is retained in any Court.

XIX. The presiding Judge of any Court may, for any sufficient reason, at any hour of the day, transmit a process for emergent execution within the jurisdiction of the head-quarter Munsiff, and it shall be the duty of the Central or Deputy Nazir (as the case may be), on receiving such process signed by the Judge, to make immediate arrangements accordingly.

In a case of very special urgency, the presiding Judge may deliver any such process to one of the process-servers in attendance on his Court for immediate service or execution.

XX. The Deputy Nazirs of outlying Courts shall on no account delay any process which may be signed by a presiding Judge as emergent. All other processes it shall be lawful for them to keep back for any period, not exceeding three days, which may be necessary to admit of a sufficient number accumulating for a particular neighbourhood.

XXI. The presiding Judge of any superior Court may direct, on the application of the party applying for any particular process which would ordinarily be sent for service to an outlying Court, that it be served or executed by a special process-server from head-quarters: provided that the pay of such process-server at the rate of 4 annas a day for a peon or 8 annas for an amin, for the time he is likely to be employed on such duty, be paid in advance; and the Judge may, for any sufficient reason, direct that such extra charge be costs of the suit or proceeding.

XXII. Except for very special reasons, which must be recorded in writing, no Court shall direct, under Section 349, that a judgment-debtor be left in the custody of a peon, unless a second peon is deputed to assist him and the pay of both, at 4 annas a day for each up to the time fixed for the adjourned hearing, be paid in advance.

Payments under this and the preceding rule shall be made in Process Service stamps.

XXIII. Unless the Chief Court shall otherwise direct, upon due cause being shown, the number of amins and peons to be employed under any Nazir or Deputy Nazir shall be sufficient, and no more than sufficient, for the execution of not less than 100 processes a year by each amin and not less than 500 processes a year by each peon: provided that three peons for each Court shall be told off in rotation for ten days at a time to attend the Court to help to keep order and guard the court-house and to be available for emergent processes under Rule XIX.

In calculating the number of processes, if more than one of the same description have been issued on behalf of the same party at the same time in the same suit or proceeding and executed in the same town or village, the first only shall be reckoned as a full process, and each subsequent set of three or part thereof shall count as but one process, whether executed by one or more peons. Three processes will be counted for each emergent process and one for each day that a peon is in charge of a judgment-debtor or engaged on any special duty.

XXIV. Every Central or Deputy Nazir shall, at the end of each month, report to the District Judge through the Munsiff the number of processes, calculated as above, which may have been executed by their subordinates within the month; and such report shall show the number declared by each Court to be emergent. The District Judge shall forward the Report to the Chief Court with his remarks thereon.

The Chief Court may reduce the number of peons in the Central Nazarat, or any outlying Court, whenever the average number of processes for each man (exclusive of those allowed under Rule XXIII to be in attendance in the Courts) falls short of the prescribed minimum by more than ten per centum.

The periodical returns of receipts and disbursements on account of Process-service Fees, furnished to the Chief Court, shall show the average number of processes actually executed by each peon or amin.

XXV. The fees chargeable for serving and executing process issued by the Civil Court shall be:—

		Rs.	a.	p.
1.	Summons to Defendant	0	8	0
	And for every additional Defendant if applied for at the same time, and if Defendant resides in the same neighbourhood ...	0	4	0
2.	Summons to a Witness	0	8	0
	And for every additional Witness, if applied for at the same time, and if the Witness resides in the same neighbourhood	0	4	0
3.	Warrant of Arrest	1	0	0
4.	Proclamation of Attachment or Sale ...	0	8	0
5.	Warrant of Attachment of movable or immovable property	1	0	0
6.	Warrant of delivery of possession of property, movable or immovable, if no attachment has taken place	The fee for attachment of said property.		
	If the attachment has taken place—			
	For movable property	0	8	0
	For immovable property	1	0	0
7.	Injunction, Order or Notice not otherwise provided for	0	8	0

N. B.—(1) When it is found necessary to employ more than one amin or peon (as for instance where property is situated in different places) double fees are to be charged.

(2) When it is necessary to appoint a custodian of the property attached under Section 269 of the Civil Procedure Code, an additional fee at the same rate shall be levied, from the party on whose application the warrant was issued, at the end of five days and for every additional period of five days or less during which the property is kept under attachment.

To

The Registrar of the Chief Court of Mysore, Bangalore.

District Judge.

No. 6350-57—J. 712.

OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 3rd December 1897.

OFFICIAL MEMORANDUM.

In forwarding for information twenty copies of the Rules under the Mysore Arms Regulation, 1890, embodying all the modifications made therein up to date and revised forms of licenses thereunder, the attention of District Magistrates is drawn to the instructions conveyed in this office No. 2531—J. 288, dated 19th August 1897, *viz.*, that licenses to manufacture, convert, keep and sell arms or ammunition, issued under Rule 7 of the said Rules, should exclude, by specific and express condition, (1) the manufacture and conversion of breech-loaders and (2) the use of parts of British military weapons whether condemned or not) in any process of manufacture and conversion.

By Order,
C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To— All District Magistrates.

Rules under the Mysore Arms Regulation.

(*Sanctioned in Notification No.* 1, *dated* 1*st May* 1895, *and modified by Notifications No.* 12079—*Mis.* 1730, *dated* 27*th April* 1896, *No* 227—*Mis.* 51, *dated* 6*th July* 1896, *and No.* 3594—*Mis.* 764, *dated* 15*th September* 1896).

The Government of Mysore is pleased, under Section 22 of the Mysore Arms Regulation, 1890, to exempt in the Territories of Mysore from the operation of all prohibitions and directions contained in Sections 8, 9, 10 and 11 of the said Regulation, other than those referring to cannon, articles designed for torpedo service, war rockets, and machinery for the manufacture of arms and ammunition, the undermentioned persons, namely :—

(1) All Maharajas, Rajas, Nawabs, Members of any Order of Knighthood ; all persons bearing a title conferred by the Government of India or by or in the name of His Highness the Maharaja of Mysore ; all persons who have been granted a sword in public Durbar ; all persons who received certificates on the 1st January 1877 ; all persons who are exempted from personal attendance at the Civil Courts.

(2) All Members or ex-Members of the Council of the Governor-General or of the Governor of Madras or Bombay, or of the Council of the Lieutenant-Governor of Bengal, or of the Council of the Government of Mysore.

(3) All Military and Naval Officers, all Soldiers, Sailors, Volunteers, Police Officers, Forest Officers, Jail Officers, serving the Government of India or the Government of Mysore.

(4) All Magistrates, Justices of the Peace, Honorary Magistrates, and Judicial Officers of or above the rank of Munsiff.

(5) All European and East Indian Subjects of Her Majesty the Queen Empress, all Armenians, and all Americans and Europeans not British-born subjects of Her Majesty who are temporarily residing or travelling in Mysore.

(6) All pensioned Officers of the Military and Civil Departments, who would be exempt, if in service.

(7) The following personages and their retainers:—
Arsus and relatives of His Highness the Maharaja, subject to such orders as the Government of Mysore may issue regarding the number of such personages and retainers to be included under this head.

(8) Land-holders and members of Municipal Committees, of Local Fund Boards and of the Representative Assembly, of approved loyalty and of good position, according to lists that may from time to time be issued by the Government of Mysore.

(9) All Village Patels, including Mande Patels, Nad Patels, Mokhtesar Patels and Bagetana Patels, Talavars and other Rural Police.

(10) All persons of Coorg race residing or travelling in Mysore.

(11) All Postal runners and village postmen in frontier or wild Districts where the superior Departmental Officers direct them to carry arms on duty, and Superintendents and Inspectors of Post offices and Mail Overseers and such other officers of the Postal Department as the Government of Mysore may, by general or special order, from time to time, direct.

(12) All Officers of the Mysore Public Works Department of and above the grade of Overseers.

(13) All Revenue Officers of and above the grade of Taluk Sheristadars.

(14) All Medical Officers of and above the rank of Sub-Assistant Surgeons.

(15) All Heads and Secretaries of Government Departments.

(16) All Excise Officers as defined in Section 24 of the Excise Act as introduced into Mysore by Regulation III of 1885.

(17) All subordinates of the Mysore Forest Department including watchers.

(18) The Superintendent, Amrut Mahal Department, all Amrut Mahal Darogas, Servegars and Mundals, and the Head Clerk of the Amrut Mahal Department.

(19) The Deputy and Assistant Deputy Inspectors of the Education Department.

II. The Government of Mysore is pleased, under Section 22 of the said Regulation, to exclude from the operation of any prohibition and direction contained in the Regulation—

Spears of all kinds.

III. The Government of Mysore is pleased, under Sections 6 and 12 of the said Regulation, to make the following Rules regulating the transport of Arms, Ammunition or Military Stores, and determining the officers by whom, the form in which, and the terms and conditions on and subject to which, licenses shall be granted:—

RULES.

Transport.

1. No arms, or ammunition, or military stores shall be transported in any part of the Territories of Mysore without a license in Form 1 appended to these Rules. The license will be granted by the Magistrate of the District. If the articles are to be consigned to a place beyond the jurisdiction of the officer granting the license, the consent of the Magistrate of the District to which the consignment is made must be obtained before the license is issued. Such consent may be obtained by the person applying for the license, or the District Magistrate to whom application for the license is made may forward the proposed license to the officer whose consent is required, and on receiving a reply should either issue the license to the applicant, or inform him that his application for a license to transport arms, &c., has been refused. The fee payable in respect of every such license shall be ten rupees.

2. Persons lawfully entitled to possess arms, or to go armed, are permitted to transport, in any part of the Territories of Mysore, arms or ammunition in reasonable quantities for their own use. Any person abusing this exemption and transporting such articles otherwise than in reasonable quantities for his own use, will be held to have contravened this rule, and will, on conviction, become liable to the penalties under Sections 13 and 14.

3. A license to transport arms or ammunition or military stores is void, if the consignment breaks bulk at any place short of the district for which it may be granted. A license to transport shall ordinarily not be made valid for more than twice the period actually required for the conveyance of the articles to their destination by the intended route.

4. Persons desirous of transporting arms, ammunition, or military stores must apply in writing to the officer authorized to grant transport licenses from the place of despatch. The application must specify—

(*a*) the place to which the articles are to be transported, the route of transport, and the probable time that will be occupied in the journey;

(*b*) the quantity, description, average price, and the purpose of each kind of arms or ammunition; or

(*c*) whether the applicant desires that the officer to whom he applies should obtain the consent of the Magistrate of the place of consignment. (If the applicant has obtained such consent, the evidence of such consent must be produced).

5. Persons transporting arms, ammunition, or military stores under a license must write legibly on the cases or packages containing such articles an account of their contents.

6. Within six days of the articles reaching their destination, the consignee must deliver the transport license to the Magistrate of the District, who must satisfy himself that the articles transported to his district correspond with the entries in the license, and that any deficiency is properly accounted for.

Manufacture and Sale.

7. Licenses to manufacture, convert, keep and sell arms or ammunition or military stores may be granted by the Magistrate of the District or by the Magistrate of the Sub-Division of a District. They shall be in Forms II and III appended to these Rules. The fee payable, in stamps, shall be twenty rupees in respect of licenses to manufacture, convert and sell, and ten rupees in respect of licenses to keep and sell. Every license-holder under this rule shall keep, in such form as the Government of Mysore may from time to time direct, a record and account of all stock, and of all sales of arms and ammunition or sulphur, which he may manufacture, convert, keep or sell. He shall exhibit his stock and his record, or accounts of stock and sales on demand by any Magistrate, or by any Police officer not below the rank of Inspector. Magistrates and all Police officers not below the rank of Inspector are hereby empowered to enter and inspect any premises within their several jurisdictions in which arms or ammunition or sulphur are manufactured, converted, kept or sold, and to examine the stock and accounts of receipts and sales of arms, ammunition and military stores. Any person licensed to sell arms and ammunition shall affix a signboard on a conspicuous part of his shop, or usual place of business, and shall cause to be painted thereon in large letters in English, or in Kanarese, his name and the words "licensed to manufacture," or "licensed to deal in arms, ammunition, and military stores," as the case may be. He shall also have a copy of Section 23 of the Mysore Arms Regulation posted up, in Kanarese or in English, on some conspicuous part of his usual place of business.

Possession of Arms and going armed.

8. Licenses to possess arms and ammunition in reasonable quantities and to go armed for purposes of sport, of protection, or of display, may be granted by the Magistrate of the District or by the Magistrate of the Sub-Division of a District in Form IV. Such licenses shall be liable to a fee of eight annas for each weapon in disarmed districts, and to a fee of four annas for each weapon in districts which

have not been disarmed. Such a license will authorize the holder to carry the arms described in it on occasions when they may be reasonably required for the purposes named in the license, and shall become void after the date named therein, except when the holder is an inhabitant of the Maluad tracts, in which case it shall hold good till it is cancelled or withdrawn, subject to the payment by him of the prescribed annual fee. But the holder, unless specially authorized by the Magistrate, must not go armed in railway carriages, to fairs, religious processions, or other public assemblages. Licenses granted under this rule shall, on countersignature by the Secretary to the Government of Mysore in the General Department, or other officer authorized in this regard by the Government of Mysore, be valid for all the Districts of the Territories of Mysore.

9. The Magistrate of the District or the Magistrate of the Sub-Division of a District may grant a license in Form V for a journey, specifying the direction of the journey and the period it will occupy. Such license will be valid in other jurisdictions only for such journey and for such period, and will be liable to a fee of four annas for each weapon. Holders of licenses under this rule, unless specially authorized by the officer granting the licenses, must not go armed in railway carriages, to fairs, religious processions, or other public assemblages.

10. Licenses to possess fire-arms or ammunition or military stores in districts which have not been disarmed may be granted by the Magistrate of the District or the Magistrate of the Sub-Division of a District in Form VI without fee. Such licenses will not authorize the holders to go armed or to carry arms.

11. Licenses to possess and carry arms and ammunition may be granted by the Magistrate of the District or the Magistrate of the Sub-Division of a District in Form VII without fee, and for a term of five years, to persons who require arms for the destruction of wild animals which do injury to human beings, cattle, or crops. Such license will be valid only in or on the immediate confines of the district for which it is granted. It will be subject to the conditions that the license and the weapon it covers are shown once a year between the 15th May and the 30th June, to the nearest Magistrate; that the weapon becomes confiscated to the Government of Mysore directly it is sold or seized in execution of any debt; and that such weapon is carried only on occasions when it is to be used *bonâ fide* for the destruction of wild animals. Holders of licenses under this rule must not go armed in railway carriages, to fairs, religious processions, or other public assemblages.

General.

12. The fees leviable under these rules shall be taken in the shape of "impressed stamps." Ordinarily the applications for licenses or renewals of licenses shall be written on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals; and the licenses will be issued on plain paper. But when the licenses themselves are printed on "impressed stamps," the applications may be on paper of the value hereinafter mentioned. When an application for a license is written on an "impressed stamp," and the license is refused, the value of the stamp will be refunded to the applicant.

13. Applications for licenses in respect of which no fee is leviable, or regarding licenses printed on impressed stamps on which the full fee has been paid, shall be considered to be applications within the meaning of Schedule II, Article I, Clause (*a*) of "The Court Fees Act, 1870," and shall bear a Court fee stamp of one anna.

14. All licenses under Rules 7 and 8 shall expire on the 30th June of the Revenue year for which they may be issued; licenses under Rule 11 shall expire on the 30th June of the 5th Revenue year of their currency. But the currency of a license may be renewed—previous to its expiration, and on payment of a second fee—by the same authority that granted it.

15. All licenses shall be given and held subject to the conditions endorsed on the reverse, and subject to these rules, and subject to the provisions of the Regulation. Licenses under Rules 8 and 11 may be granted, subject to the observance of a close season in the pursuit of game-birds or animals that do not injure either men, or cattle, or crops. The limits of the close season will be decided by the Government of Mysore, and the condition regarding such close season, if imposed, shall be endorsed on the reverse of the license.

16. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same, when called upon to do so by any Magistrate or by any Police Officer in charge of a Police Station, or by any Police Officer of higher rank.

17. Licenses granted for use within a district shall be written or printed in Kanarese. Licenses for use beyond the district where they may be granted shall be in English and may be in Kanarese as well.

18. A license granted under these rules will cover only the weapons or other articles and the persons named therein, unless the officer granting a license under Rule 8 or 9 deems it expedient to include the retainers of any person named in the license; in such case the entry on the face of the license shall declare how many and whose retainers are covered by the license.

19. Any officer empowered to grant a license under these rules may, at his discretion, refuse to grant, to renew, or to consent to the issue of, a license, or may refer any application for the orders of the Government of Mysore.

20. All persons exempted under Section 22 of the Regulation are entitled on application to the District Magistrate to be furnished with certificates of such exemption.

21. All Magistrates or other authorities acting under these rules will perform their duties, subject to the control of their executive superiors and of the Government of Mysore.

This license is subject to all the provisions of the "Mysore Arms Regulation, 1890," and of the Rules framed thereunder.

This license is void after the expiration of the period named, or if bulk is broken before reaching the place of destination, or if the articles are taken by any route other than is specified on the license.

The contents of each package covered by this license must be described in legible letters on the outside of such package.

The articles covered by this license will be delivered only to persons lawfully entitled to possess the same.

This license must be delivered to the Magistrate of the District to which the articles are consigned, and the articles must be available for exhibition to such Magistrate, within six days of the consignment reaching his district.

The officer granting this license must send a copy thereof on the day of issue to the Magistrate of the District as above described.

FORM I.

Fee—Ten Rupees in Stamps.

License to transport Arms, Ammunition or Military Stores in the Territories of Mysore.

Name, &c., of license holder and agent, if any, authorized for the purpose of this consignment.	Place of license-holder's business.	Number of packages.	Arms.		Ammunition.		Place of despatch, route and mode of transit.	Time for which license is valid.	Destination.	Name and residence of consignee.

_____of_____ _____

This license is granted subject to the provisions of the "Mysore Arms Regulation, 1890," and the Rules framed thereunder.

It covers only the persons and the arms named therein, unless it is certified to cover retainers of the holder.

Ordinarily it is void after the date named therein; but when it is granted to an inhabitant of a Malnad tract, it holds good till it is cancelled or withdrawn.

It extends only to the place or district named therein, unless countersigned for the whole province by the Secretary to the Government of Mysore in the General Department or other Officer.

It authorizes the holder or persons acting under it to go armed within the place or district named, for *bona fide* prosecution of the purpose named on the license; but it does not permit the holder or persons aforesaid to go armed in railway carriages, to fairs, religious processions, or other public assemblages.

The holder is bound to observe a close season as prescribed by the Government of Mysore in respect to the undermentioned game birds and animals which do no injury to men, cattle, or crops.

Specification of animals or birds.	*Close season.*

FORM IV.

Fee—Eight Annas for each weapon in disarmed districts, Four Annas for each weapon in other districts—payable in stamps.

License to possess Arms or Ammunition and to go armed for purposes of sport, protection, or display.

Name, &c., of license-holder, with particulars of residence.	No. and names of retainers, if any, who may be covered by the license (Rule 18).	Description and number of weapons covered by license.	Purpose for which granted.	District or place within which license is valid.	Date on which license expires.

The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

READ:—

Letter No. 3463—95, dated the 4th December 1897, from the Registrar of the Chief Court of Mysore.

On the application of the District Magistrate of Bangalore, I am directed to recommend that the Government may be pleased to invest Mr. B. Cuppusamy Naidu, 2nd Assistant Commissioner and 1st Class Magistrate, with the powers specified in clauses 2 and 12 of Schedule IV of the Code of Criminal Procedure.

He has also been recommended to be invested with the powers specified in clauses 1 and 11 of the IVth Schedule of the Code, but the Judges are of opinion that the power to require security under Section 110 should be sparingly conferred and as regards appellate powers it is considered that, as there are two other Magistrates in the district who exercise these powers, and as it is very desirable that appellate work should also be done by the District Magistrate himself so that he may have a fair idea of how the criminal work of the district is performed, there is no necessity for investing Mr. Cuppusamy Naidu.

* * * *

No. 7015-23—J. 782, DATED, BANGALORE, 16TH DECEMBER 1897.

ORDER THEREON.—The Government approve of the recommendation made in para 1 of the foregoing letter and also concur in the views expressed by the Judges in para 2, a copy of which will be communicated to the District Magistrate of Bangalore and other District Magistrates for information.

2. The following Notification will be issued.

"NOTIFICATION."

"Under Section 37 of the Code of Criminal Procedure, Mr. B. Cuppusamy Naidu, 2nd Assistant Commissioner and a Magistrate of the 1st Class, Bangalore district, is invested with the following powers specified in clauses 2 and 12 of the IVth Schedule as additional powers which Government may confer on a Magistrate of the said class:—

(1) Power to make orders as to local nuisances, Section 133.
(2) Power to sell property alleged or suspected to have been stolen, &c., Section 524."

READ:—

Letter No. 410—J., dated 9th December 1897, from the Inspector General of Prisons in Mysore, recommending that life convict Rama, No. 6757, of the Central Jail, Bangalore, who has been suffering from unsoundness of mind since the 12th November 1897, may be transferred to the Lunatic Asylum at Bangalore.

No. 7130-31—J. 795, DATED BANGALORE, 18TH DECEMBER 1897.

ORDER THEREON.—The orders of Government appear to have been sought in this case under Section 239 of the Jail Manual, but under Section 12 of the Rules for the reception and detention of lunatics in asylums published under Notification No. 141, dated the 31st July 1874, which have the force of law, the authority that can direct the removal of a convict to the Lunatic Asylum is the Chief Judge of Mysore, who under Notification No. 24, dated 28th April 1881, stands in the position of the Judicial Commissioner to whom reference is made in the said section of the Rules for the reception and detention of lunatics in asylums. The

tter of the Inspector General of Prisons with its enclosures will therefore be ferred to the Chief Judge of Mysore for favor of disposal.

READ:—

Letter No. Camp 3, (printed below) dated 24th November 1897, from the 1st Assistant to the Resident in Mysore, with enclosures.

I am directed to acknowledge receipt of your letter No. 5785—J. 651, dated the 19th instant, forwarding on behalf of the Mysore Government an application under Section 14 of the Foreign Jurisdiction and Extradition Act addressed to the Government of Bombay for the surrender of one Wyche *alias* Davis who is accused of having committed, within Mysore Territory, and on the 11th September last, an offence punishable under Section 304 A of the Indian Penal Code.

2. In reply I am directed to state that, as the accused is a European British subject, it seems to the Resident that the Durbar cannot ask for his surrender under Section 14 of the Act. This section, though general in its terms, *i.e.*, applying to "any person," must be read subject to the provisions of any law or treaty in force (Section 1). Under the instrument of transfer the Maharaja has renounced all plenary jurisdiction over European British subjects and consequently the Durbar Courts cannot try the accused in this case.

3. The law relating to offences and to criminal procedure for the time being in force in British India applies to all European British subjects in Mysore (Section 8) and they are to be tried for offences committed by them in Mysore by Justices of the Peace appointed by the Governor-General in Council under Section 6. The European Officers of the Mysore Government who have been so appointed are, as such, in no way subject to the control of any of the Durbar's Courts, and the Durbar cannot, in the Resident's opinion, ask for the extradition of an accused person for the purpose of making him over to a Justice of the Peace for trial.

4. A Justice of the Peace for Mysore can no doubt try a European British subject so long as the latter is within the limits of the Mysore State, but should the accused (as in the present case) happen to be in British India, the Justice of the Peace cannot by means of a warrant procure

his arrest and presence, for the warrant cannot be executed in British India under Section 82 of the Code of Criminal Procedure, because it is not a warrant issued by a Court under that Code (*vide* Section 75 thereof).

5. For the above reasons, the Resident has considered the only course left to him to be under Section 188 of the Code. And he has issued the certificate of which I enclose a copy. He has also sent a telegram (copy attached) to the District Magistrate of Poona and has enquired on what date and before what Magistrate the Durbar should produce their evidence against the accused person. The reply of the District Magistrate will be communicated to you without delay. In the meantime, I am to suggest that complete evidence might be collected and witnesses warned that they may be required to give evidence at Poona.

Telegram No. 1, Camp Mysore, dated 24th November 1897, from the Resident in Mysore, to the District Magistrate of Poona.

A charge under either Section 304 or 304 A, Indian Penal Code, has been preferred by Mysore Durbar against Wyche *alias* Davis in connection with occurrence at Kolar Gold Fields when over 60 coolies lost their lives owing, it is asserted, to action of Wyche. He is now believed to be under sentence, simple imprisonment, in Yerrowda Jail. Mysore Durbar cannot, as Wyche is European British subject, claim his extradition, so, case must presumably be tried in your district. I will send certificate under Section 188, Criminal Procedure Code, and arrange for some one to appear before you or Magistrate trying case to produce evidence. Meanwhile, please do not allow Wyche to abscond.

Certificate under Section 188, Criminal Procedure Code.

The Mysore Durbar have reported that one Wyche *alias* Davis, a European British subject, has committed, within Mysore Territory, an offence falling under either Section 304 or 304 A of the Indian Penal Code, and that the said Wyche is now in the Yerrowda Jail undergoing three weeks' simple imprisonment.

I certify that the charge against Wyche is one which ought, in my opinion, to be enquired into in British India.

(Signed) DONALD ROBERTSON,
Resident,
Political Agent for the Mysore State.

No. 6208—J. 696, DATED BANGALORE, 29TH NOVEMBER 1897.

ORDER THEREON.—Copy of the 1st Assistant Resident's letter read above and of its enclosures, will be forwarded to the District Magistrate of the Kolar district with a request that he will be good enough to have complete evidence collected with the least practicable delay and also warn all the witnesses concerned to be in readiness to proceed to Poona to give evidence whenever required to do so.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The District Magistrate of Kolar.

Proceedings of the Government of Mysore,

READ :—

The following letters from the Deputy Commissioners of Districts, submitting, with reference to this office docket No. 1311-8—L. F. 3-97, dated 23rd July 1897, proposals for increased Local Fund and Municipal establishments.

1.	Letter No.	251, dated 20th August 1897, from the Deputy Commissioner,	Bangalore.	
2.	Do	86, dated 24th July 1897,	Do	Tumkur.
3.	Do	957—268, dated 10th September 1897,	Do	Kolar.
4.	Do	264, dated 22nd August 1897,	Do	Mysore.
5.	Do	174, dated 11th August 1897,	Do	Hassan.
6.	Do	368—286, dated 17th September 1897,	Do	Shimoga.
7.	Do	148, dated 14th August 1897,	Do	Kadur.
8.	Do	125—121, dated 4th August 1897.	Do	Chitaldrug.

No. 6310-17—L. F. 3-97, DATED, BANGALORE, 2ND DECEMBER 1897.

ORDER THEREON.—The proposals submitted in the letters read above exhibit considerable diversity and Government are unable to sanction them in their entirety.

2. The amalgamation of the District Fund and Municipal branches of the district offices, as recommended by the Deputy Commissioners of Mysore, Kolar, Hassan and Kadur, seems, however, a desirable measure.

3. For the purpose of determining the strength of the establishments required for each district, it seems to Government expedient to divide the districts according to their relative importance into four classes as indicated below, each class being allowed the establishment shown against it:—

Establishments.				Average receipts per year.			Average expenditure per year.			Percentage of annual cost of establishment to total expenditure.
Class.	Scale.		District or districts falling under each class.	Municipal.	District Fund.	Total.	Municipal.	District Fund.	Total.

4. The Deputy Commissioners are requested to furnish Government with their views, if any, on the proposals made in paras 2 and 3.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissionesr of Districts

READ :—

Petition No. 726, dated 15th February 1897, received through the Resident in Mysore, from certain Christian inhabitants of Shettiballi and adjoining villages, praying that the ferry at Shettiballi may be granted to them free of rent.

ALSO :—

Letter No. 955, dated 21st April 1897, from the Deputy Commissioner, Hassan district, recommending the grant of the concession prayed for.

No. 7350-57—L. F. 272-93, DATED BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—The Government are not disposed to make this ferry an exception to the rules laid down in the Proceedings of the Chief Commissioner noted in the margin.

No. 1851—R. 4, dated 3rd June 1875.
No. 911-19—Pn. 89, dated 19th May 1880.

2. The ferry may for the present continue to be worked as heretofore under the Roman Catholic Missionary subject to the payment of a nominal rent to the Government, but its working should be subject to the control and supervision of the Government.

The Deputy Commissioners of other Districts

L. B. B.—MUNICIPAL.

Proceedings of the Government of Mysore,

READ:—

Letter No. 580, dated 6th November 1897, from the President of the Minor Municipalities in the Bangalore district, submitting the explanation called for in Government Proceedings No. 336-41—L. F. 278-96, dated 9th July 1897, with regard to the budget estimates of those municipalities for the year 1897-98.

No. 6409-12—L. F. 278-96, DATED, BANGALORE, 4TH DECEMBER 1897.

ORDER THEREON.—

Receipts.

II. Tax on houses, and VII. Mohatarfa.—Under the circumstances now stated the increased estimates under these heads, which were provisionally retained in the original budgets of certain municipalities, will be passed. But in the case of "Loom tax," which has been recently abolished, the President is requested to state whether the provisions in the several budgets amounting to Rs. 4,372 may be omitted.

2. *VIII. Rents.*—Adverting to the explanation now furnished by the President for the omission of an estimate under "Market rent" in the budget of Dodballapur Municipality, he is requested to submit a copy of the Board's resolution on the subject and to report whether the introduction of market fees was not previously sanctioned by Government.

3. *X. Miscellaneous.*—With regard to the decrease under "(m) Contributions" in the budget of Nelamangala, the attention of the Chief Engineer will be invited to Government Proceedings No. 6634-7—L. F. 128-95, dated 9th December 1896, and he will be requested to furnish the information called for therein.

Expenditure.

4. *III. Collection (b) House and Mohatarfa taxes.*—Before the provisions entered in the budgets of Yelahanka, Kankanhalli and Kengeri can be accepted, the President is requested to state whether the town mohatarfa was not taken into account in fixing the potigi of the Bangalore and Kankanhalli taluks, and, if so, why separate remuneration should be paid to village servants for collecting mohatarfa taxes. Pending explanation the provisions will stand.

5. The provision made for the pay of existing mutsaddies will be retained and the question of their abolition will be reserved for separate consideration.

6. *IV. Conservancy (b) Other charges.*—The lump sum provision of Rs. 336, entered in the budget of Channapatna, is stated to be on account of the hire of two carts at Rs. 14 per month, and is passed.

7. *VII. Lighting.*—The cost of lighting lamps by "Amani" has alone been furnished by the President, who is unable to state the number and cost of lamps whether existing or proposed to be purchased. What is wanted is a forecast of probable requirements, which should be submitted as early as possible to admit of the provisions in question being passed.

8. *IX. Charitable grants (a) Dispensaries.*—The details now furnished by the President for the sum of Rs. 200, provided in the budget of Yelahanka, will be entered in that budget.

	Rs.
Charge allowance to Hospital Assistant ...	40
Compounder ...	32
Toti ..	20
Waterman ...	12
Contingencies ...	40
Furniture ...	55
Total...	200

9. *IX. Charitable grants* (*b*) *Maternity, Midwives.*—Pending the issue of final orders on the Senior Surgeon's reply to Government Proceedings No. 5162—L. F. 116-96, dated 8th November 1897, in regard to the salary of the Anekal midwife, the provision under this head will be retained.

10. The other paras call for no remarks and are passed.

C. SRENIVASIENGAR,

The Chief Engineer of Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

READ :—

Letter No. 47, dated 31st October 1897, from the President, Municipal Boards, Kadur district, submitting the explanations called for in Government Proceedings No. 1375-80—L. F. 285-96, dated 24th July 1897, in regard to the budget estimates of the several municipalities in the district for 1897-98.

No. 6413-16—L. F. 285-96, DATED, BANGALORE, 4TH DECEMBER 1897.

ORDER THEREON.—The Government having taken into consideration the explanations submitted with the above are pleased to pass the following orders :—

Paras of Government Proceedings.	Paras of President's letter.	
2 & 5	2 & 3	
		RECEIPTS.
		The decreased estimates under "Octroi" and "Sale of sites" in the budgets of Tarikere and Birur, respectively, are accepted.
		EXPENDITURE.
(2) 8		*I. Head Office. Item 1.*—The amount of contribution towards the cost of establishments maintained in the Dewan's and Comptroller's offices is reduced from Rs. 700 to Rs. 575.
(3) 9	5	*Items 2 and 4.*—It is not clear whether the Accountant and the peon of the Chikmagalur Municipality are employed exclusively in the District office or are doing the work of the head-quarter municipality also.
(4) 12 & 13	6 & 7	*III. Collection* (*b*) *House and Mohatarfa Taxes.*—The sum of Rs. 200 provided in the budget of Chikmagalur on account of allowance to shanbhog and patel and of Rs. 84 for a process peon are passed.
(5) 15	8	*VII. Lighting.*—The details now furnished regarding the number of lamps and the cost of lighting them will be embodied in the several budgets.
(6) 16	9	*VIII. Public Works* (*a*) *Supervision.*—The provision of Rs. 420, made for an additional water-supply establishment consisting of three hands will be retained, but should not be utilized without separate sanction of Government.
(7) 20	10	*IX. Charitable Grants.*—The proposed employment of a Vaccinator on Rs. 12 per mensem for the Chikmagalur Municipality is sanctioned and the provision of Rs. 150 made for his salary and contingencies approved.

Such proposals should in future be made through the Senior Surgeon as directed in Proceedings No. 5624-34—L. F. 146-92, dated 22nd October 1892, and no provision for an appointment which has not been previously sanctioned should be entered in any budget.

(8) The contribution payable by the Chikmagalur Municipality towards the cost of construction of the female dispensary in the town is Rs. 4,333, of which only Rs. 2,000 has been already provided in the budget for 1896-97. A further provision of Rs. 2,000 will be made in the current year's budget, and the balance of Rs. 333 in the budget for the ensuing year.

21 11

(9) The provision of Rs. 1,000 and Rs. 300 made in the budget of Tarikere towards the construction of a Local Fund dispensary and of rooms for the accommodation of in-patients are also sanctioned, subject to the submission of information in regard to the estimated cost of the latter work.

22 12

(10) Whenever a charge has to be provided for partly in one year and partly in another an explanatory note should invariably be made in the remarks column of the budget statement.

The Comptroller is authorized to adjust the amounts by a debit to the Municipal and District Fund Boards concerned and credit to the Stationery Depôt, the source in the current year's budgets being pointed out, by the Presidents concerned, to the Comptroller direct.

List No. 2 for Rs. 289-8-5.

2. Of the total cost of forms supplied to the President of the Bangalore City Municipality, Rs. 209-13-10 and Rs. 79-10-7 are reported to be the cost of forms respectively prescribed by the Municipality and by Government. These sums are accordingly debitable to Municipal and Provincial Funds. The Comptroller will make the necessary adjustments in communication with the President.

List No. 3.

3. There remains, lastly, the cost of forms supplied to the other Municipalities in the State, namely Rs. 1,898-10-9. As it appears that these forms were either prescribed by Government or the Comptroller or were adopted by the Municipal Boards from the forms in use in other Departments under Government, the entire cost will be debited to Provincial Funds.

Secy. to Govt., Gen. & Rev. Depts.

To—The Presidents of Municipal and District Fund Boards.
The Comptroller to the Government of Mysore.
The Superintendent, Stationery Depôt.

E AD :—

Correspondence ending with letter No. 901, dated 17th November 1897, from the Comptroller, and docket No. 480—451, dated 26th November 1897, from the President of the Municipalities in the Chitaldrug district, with regard to the adjustment of the expenditure incurred on the well sunk in the bed of the Hosdurga taluk, under the sanction given in Government Proceedings No. 12924-25—L. F. 1-96, dated 4th June 1897, and No. 4144-45—L. F. 1-96, dated 7th October 1897.

No. 6709-10—L. F. 1-96, DATED, BANGALORE, 10TH DECEMBER 1897.

ORDER THEREON.—Of the amount of the provisional estimate (Rs. 1,014) sanctioned in the Order of 4th June 1897, the President reports that Rs. 500 were paid from Local Funds General and charged in the accounts for 1896-97, and that a further sum of Rs. 507 was charged in the accounts of the Hosdurga Municipality for July 1897. Owing to the insufficiency of the Municipal Funds for the execution of ordinary public works during the current year, the President requests that the aforesaid sum of Rs. 507, as well as the further sum of Rs. 138 debitable to Municipal Funds under the Order of 7th October 1897, may be directed to be paid from the grant sanctioned from the Local Funds General in Proceedings No. 125 D, dated 22nd September 1897. Under the circumstances represented this proposal which relieves the Municipality of the entire cost of the well is sanctioned as a special case.

To—The President of the Municipalities, Chitaldrug District,
The Comptroller to the Government of Mysore.

No. 7283-93—L. F. 105-95. OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 13th December 1897.

OFFICIAL MEMORANDUM.

The following Draft Rules regarding the payment of pensions and gratuities to Municipal servants are forwarded to Presidents of Municipalities for early expression of opinion.

Draft Rules.

The Government of Mysore are pleased to prescribe the following rules regarding pensions and gratuities to Municipal servants.

I. All employés on the permanent establishment of the Municipalities of the Bangalore and Mysore cities shall be eligible for pensions and gratuities, except the following, namely :—

Shanbhogs with hereditary *he* , totis, sweepers, watchmen, coolies khalihats, cooks, watermen, dhobis, gardeners, pound-keepers, medical pupils and pupil teachers.

Such pensions and gratuities shall be paid by the respective municipalities and charged to their funds.

II. Servants belonging to any department under Government but transferred to the service of any of the municipalities in the State, or *vice versa*, shall be eligible for pensions and gratuities, payable from General Revenues, to which shall be credited a proportionate share of such amount from the funds of the municipality concerned, corresponding to the length of pensionable service rendered thereunder.

III. Employés whose pay is borne by more than one municipality in shares, shall be eligible for pensions and gratuities, payable from General Revenues, to which shall be credited a contribution equal to $\frac{1}{8}$th of their pay levied from the funds of the municipalities according to their shares.

IV. No deduction shall be made from the pay of any employé on account of pension or gratuity.

V. All claims to pensions and gratuities and all other matters connected therewith shall be determined according to the provisions contained in the Mysore Service Regulations.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Dpets.*

READ :—

Government Proceedings No. 6576-7—L. F. 139-92, dated 8th December 1896, directing the issue of a Notification under Section 12 of the Cattle Trespass Act, authorizing the levy of double rates of fines on cattle seized during nights in the Bangalore City Municipality, and calling for the Government Advocate's opinion as to whether the payment of a portion of the proceeds as a reward to informers and seizers of cattle can be sanctioned under the Act.

Correspondence ending with letter No. 28, dated 4th August 1897, from the President of the Bangalore City Municipality.

No. 7870—L. F. 139-92, DATED BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—Government are of opinion that there is no reason to apprehend the commission of nuisances to any considerable extent by cattle straying in public places in a dense town like Bangalore where they are not generally allowed to graze without care being taken of them and where they are mostly secured within sheds at nights, and that, therefore, there is nothing to justify the levy of a double rate of fine on cattle impounded during nights and the payment of a moiety thereof to impounders. The Notification of the 8th December 1896, No. 6578—L. F. 139-92, dated 8th December 1896, will accordingly be withdrawn.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The President of the Bangalore City Municipality.

READ :—

Docket Nos. 1678—483 and 1834—536, dated 15th and 30th November 1897, respectively, from the President of the Municipal Boards, Kolar district, submitting a statement of incomplete works requiring appropriations together with supplemental budgets of the several municipalities in the district for 1897-98.

No. 7371-5—L. F. 279-96, DATED BANGALORE, 27TH DECEMBER 1897.

ORDER THEREON.—The supplemental estimates for 1897-98 received with the above provide for the following items :—

Municipalities.	Expenditure.				
	IV. Conservancy.	VII. Lighting.	VIII. Public Works.	IX. Charitable Grants	Total.
Kolar	...	..	764	1,000	1,764
Bowringpet	...	...	...	220	220
Chintamani	..	...	134	200	334
Srinivaspur	...	...	...	200	200
Mulbagal	...	100	500	200	800
Sidlaghatta	...	...	1,236	2,000	3,236
Chikballapur	...	...	175	2,000	2,175
Bagepalli	48	...	...	100	148
Gudibanda	...	...	165	100	265
Goribidnur	...	...	315	200	515
Malur	...	80	231	100	411
Total ...	48	180	3,520	6,320	10,068

EXPENDITURE.

IV. Conservancy.—The sum of Rs. 48 provided under this head in the Bagepalli Municipality is required to meet the increase of pay of four sweepers from Rs. 4 to Rs. 5 per mensem, sanctioned in Government Proceedings No. 4234-5—L. F. 279-96, dated 9th October 1897. This is approved.

VII. Lighting.—The increased provision under this head in the municipalities of Mulbagal and Malur, amounting to Rs. 100 and Rs. 80, respectively, are passed.

VIII. Public Works.—Provision has been made under this head on account of certain incomplete works of 1896-97 to be executed during the current year (*vide* Statement appended). This involves an increase under cost of supervising establishment at 10 per cent on the cost of works. The total amount to be entered under this head will accordingly be as shown in the margin.

Municipalities.	Provision under Public Works.	Establishment charges at 10 per cent.	Total.
	Rs.	Rs.	Rs.
Kolar ...	764	76	840
Chintamani ...	134	13	147
Mulbagal ...	500	50	550
Sidlaghatta ...	1,236	123	1,359
Chikballapur ...	175	18	193
Gudibanda ...	165	17	182
Goribidnur ..	315	32	347
Malur ...	231	23	254
Total ...	3,520	352	3,872

IX. Charitable Grants.—The provisions under this head are stated to be necessary to meet the cost of estimates which are being received from the Executive Engineer for the construction and repairs of Local Fund dispensaries. The same will be retained subject to the submission of separate references as each application is received from the Executive Engineer.

The estimated receipts and expenditure of the several municipalities of the Kolar district as now sanctioned will stand as shown below :—

Municipalities.	Actual opening balance.	Estimated receipts.	Total including balance.	Expenditure.			Estimated closing balance.
				Already sanctioned.	Now sanctioned.	Total.	
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Kolar ...	6,775	8,736	15,511	9,014	1,840	10,854	4,657
Bowringpet	3,676	3,323	6,999	4,978	220	5,198	1,801
Chintamani	5,294	4,302	9,596	5,972	347	6,319	3,277
Srinivaspur	1,840	1,687	3,527	1,969	200	2,169	1,358

READ AGAIN THE FOLLOWING PAPERS :—

1. Letters from the Secretary to the Chief Commissioner of Mysore, No. 5910—R. 236, dated the 9th March 1872 and No. 788—R. 32, dated the 20th May 1872, recommending the transfer to the Municipal Boards of the cantonment and city of Bangalore of the license fees on the retail sale of spirits and intoxicating liquors till then levied as part of the public revenue; and letter from the Secretary to the Government of India in the Foreign Department No. 195 R., dated the 12th August 1872, conveying sanction to the proposed transfer.

2. Notification of the Government of Mysore No. 31, dated the 9th May 1889, prescribing Rules relating to the grant of licenses for the vend of foreign liquor.

READ ALSO :—

3. Correspondence ending with letters No. 181, dated the 6th February 1897, from the President of the Bangalore City Municipality and No. 5260—380, dated the 20th April 1897, from the Excise Commissioner in Mysore, regarding the claim set up by the Municipality of Bangalore to the license fees on foreign liquor shops.

No. 7383-86—R. F. 53-94, DATED BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—The Board contends that the license fees derived from foreign liquor shops in the city of Bangalore were transferred to it in 1872 under orders of the Government of India on *the recommendation of the Chief* Commissioner.

2. The nature of the recommendation made and the circumstance that led thereto may be seen from the extracts quoted in the margin.

"The Municipal Boards of the cantonment and petta of Bangalore having applied for authority, under Section 34 of the Municipal Regulations, to impose a tax on the sale of spirituous and intoxicating liquors within municipal limits, as defined in Section 58 and Schedule C II of the Appendix of the Regulations, I am directed to solicit the sanction of His Excellency the Viceroy and Governor-General in Council, to the Chief Commissioner's complying with this request, by the transfer to the Municipal Boards, with effect from the 1st proximo, of the license fees on the retail sale of spirits and intoxicating liquors within municipal limits, heretofore and at present levied as part of the public revenue."

"There was no intention of proposing a *separate* tax on the sale of spirituous liquors in addition to the system of licenses, and the object of the application was merely to obtain sanction to the transfer to the municipalities of the license fees *now levied by Government as part of the public* revenue."

3. There is reason to doubt whether the expression "spirituous and intoxicating liquors" referred to in the correspondence with the Government of India was intended to signify any other liquor than that then supplied to shops from the Government Sudder Distillery, that is, arrack, though it appears that, for a number of years prior to 1889, the City Municipality was in point of fact in the receipt of some form of revenue from foreign liquors also.

4. But it is impossible to hold that the revenue transferred to the municipality in 1872 was anything else than the fees for the certificate of registration which are alone contemplated in the Municipal Regulations as a source of municipal revenue. The application of the Board and the recommendation of the Chief Commissioner were alike expressly based upon this provision in the Regulations.

5. Nevertheless, the later references to this question have been greatly obscured by the indiscriminate use of the term "License Fees"—a term rightly applied in the case of an item of general revenue imposed for the benefit of the State under the Excise Law, but inappropriate in the case of an item of municipal revenue under the Municipal Regulations, whether newly imposed with the sanction of Government or merely transferred with like sanction from a source hitherto enjoyed by the State.

6. Two distinct levies were imposed on foreign liquor for the first time in 1889 when, under Rule V of Notification No. 31 of the 9th May, a new scale of license fees was prescribed for the benefit of the general revenues, in addition to the registration fees which were in the continued enjoyment of the municipality.

7. The contention of the Board that these license fees were transferred to it in 1872 is, therefore, plainly untenable, and cannot be allowed to prevail.

The Excise Commissioner in Mysore.
The Comptroller to the Government of Mysore.
The President, Mysore City Municipality.

REVENUE.

Proceedings of the Government of Mysore.

READ:—

Docket No. 145, dated 28th October 1897, from the Deputy Commissioner, Hassan district, submitting his review on the journals of itineration of the Amildars and Deputy Amildars in the district during the month of September 1897.

ALSO—Letter No. 555, dated the 3rd November 1897, from the Deputy Commissioner, Bangalore district, submitting his review on the same subject.

No. 4743-50—R. 1535, DATED, BANGALORE, 1st DECEMBER 1897.

ORDER THEREON.—It is observed from the statements received with the above that most of the Amildars have not itinerated to the full extent prescribed in Government Proceedings No. 2288-95—R. 729, dated 27th August 1897. The Deputy Commissioners are, therefore, requested to report why the days by which the itineration fell short of the prescribed period should not be deducted from the privilege leave at the credit of the Amildars concerned.

C. SREENIVASHENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of the Hassan and Bangalore Districts.
The Deputy Commissioners of other Districts.

READ:—

Statements of demand, collection and balance under the head "Abkari" for the twelve months ending 30th June 1897, received from the Excise Commissioner.

No. 4790-98—R. 1546, DATED, BANGALORE, 2ND DECEMBER 1897.

ORDER THEREON.—The subjoined table exhibits the demand, collection and balance under the head "Abkari" for the twelve months ending 30th June 1897 as compared with the figures for the corresponding twelve months of the previous year (1895-96).

Statement showing the Demand, Collection and Balance under the head "Abkari" in the Mysore province for the twelve months ending 30th June 1897.

Demand, collection and balance.	Year.	Bangalore.	Kolar.	Tumkur.	Mysore.	Hassan.
Demand including arrears.	1895-96 ...	8,37,859	6,08,688	2,99,612	6,67,085	2,53,207
	1896-97 ...	8,07,106	6,48,089	3,08,115	6,30,174	2,45,980
Collections including remissions.	1895-96 ...	8,22,019	6,00,355	2,99,612	6,32,671	2,46,770
	1896-97 ...	7,81,707	6,39,754	3,07,240	5,79,590	2,41,941
Balance ...	1895-96 ...	15,840	8,333	...	34,414	6,437
	1896-97 ...	25,399	8,335	875	50,584	4,039

Demand, collection and balance.	Year.	Shimoga.	Kadur.	Chitaldrug	Huzur Treasury.	Total.
Demand including arrears.	1895-96 ...	2,31,421	3,17,757	2,44,225	6,861	34,66,715
	1896-97 ..	2,24,800	3,04,437	2,31,671	6,907	34,07,279
Collections including remissions.	1895-96 ...	2,31,346	3,17,752	2,42,196	6,861	33,99,582
	1896-97 ...	2,24,568	2,98,803	2,28,567	6,907	33,00,074
Balance ...	1895-96 ...	75	5	2,029	...	67,133
	1896-97 ...	232	5,634	3,104	...	1,07,205

2. Excluding arrears at the beginning of the year, the net demand for 1896-97 was Rs. 33,40,146 against Rs. 33,45,379 for the corresponding period of last year as noted below :—

Districts.	1895-96.	1896-97.	Difference.
Bangalore	8,20,759	7,91,267	— 29,492
Kolar	6,00,809	6,39,756	+ 38,947
Tumkur	2,99,531	3,08,115	+ 8,581
Mysore	6,04,311	5,95,759	— 8,552
Hassan	2,43,043	2,39,544	— 3,499
Shimoga	2,30,336	2,24,725	— 5,611
Kadur	3,16,571	3,04,432	— 12,139
Chitaldrug	2,23,156	2,29,641	+ 6,485
Huzur Treasury	6,860	6,907	+ 47
Total ...	33,45,379	33,40,146	— 5,233

There was decrease in all the districts except Kolar, Tumkur and Chitaldrug, and the net falling off amounted to Rs. 5,233. In the Kadur and Bangalore districts the decrease is reported to be due to heavy fall in the consumption of "Toddy" and "Arrack" on account of dearness of provisions. The reports from the other districts, already called for, have not been received up to date, and the Deputy Commissioners concerned are therefore requested to submit them without further delay.

3. The proportion which the outstanding balance bears to the entire demand is as shown below :—

Districts.	1895-96.	1896-97.
Mysore	5·2	9·5
Bangalore	1·9	3·2
Kadur	Nil	1·9
Hassan	2·5	1·6
Kolar	1·4	1·3
Chitaldrug	·8	1·3
Tumkur	Nil	·3
Shimoga	·03	·1

4. Of the total balance of Rs. 1,07,205 outstanding at the end of June 1897, Rs. 44,063 relate to the years previous to 1895-96 as per particulars given below. Early steps should be taken for the adjustment of all old arrears :—

Districts.	1892-93.	1893-94.	1894-95.	1895-96.	Total.	1896-97.	Total
Bangalore	4 292	2.554	20	...	6,866	18,533	25 399
Kolar	5,302	300	2	...	5,604	2.734	8,338
Tumkur	...	...	...	...	...	875	875
Mysore	12.996	6 220	8 551	118	27.915	31.669	59.584
Hassan	1,975	1.308	..	...	3,283	756	4.039
Shimoga	...	..	..	...	...	232	232
Kadur	...	..	...	...	...	5.634	5 634
Chitaldrug	...	...	395	.	395	2 709	3,104
Total .	24,565	10.382	8,968	118	44,063	63.112	1.07.205

5. The explanatory memo showing the details of the balance, &c., called for in this office No. 9815—Ex. 346, dated 5th May 1897, has not been received with the demand, collection and balance statement for June 1897. The Excise Commissioner is requested to submit the same as early as possible.

C. SREENIVASIENGAR,
Secy. to Govt. Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts through the Excise Commissioner.
The Excise Commissioner in Mysore.

READ :—

Return of "Revenue cases" and "Miscellaneous proceedings" filed, disposed of and pending in the several Revenue Courts of the province for the months of April, May and June 1897.

No. 4852-59—R. 1562, DATED, BANGALORE, 4TH DECEMBER 1897.

ORDER THEREON.—The appended statement marked A prepared in this office shows the number of "Regular," "Original," "Appeal" and "Referred" cases filed and disposed of during the three months under review as compared with the number disposed of during the corresponding period of 1896.

2. The dates of the oldest cases pending in all the districts except Kadur (where there are no old cases pending) are given below :—

Bangalore	...	... 15th January 1895.
Kolar	...	... 12th October 1895
Tumkur	...	... 20th February 1897.
Mysore	...	... 29th September 1897.
Hassan	...	... [illegible] February 1897.
Shimoga	...	.. [illegible] January 1897.
Chitaldrug	...	12th March 1897.

Every endeavour should be made by the Deputy Commissioners of Bangalore and Kolar to dispose of early all old cases.

3. The disposal of "Petitions" and "Miscellaneous Revenue Proceedings" is exhibited in the statement marked B. The number shown as pending under "Orders, Reports, &c." in Mysore district is very large and calls for early attention.

READ :—

The following demand, collection and balance statements of the several districts of the province for the twelve months ending 30th June 1897 :—

Statement Serial No. 2. Sayer collections.
Ditto 4. Land Revenue.
Ditto 5. Casual Land Revenue.
Ditto 8. Assessed taxes, &c.
Ditto 9. Miscellaneous collections.

No. 4860-68—R. 1563, DATED, BANGALORE, 4TH DECEMBER 1897.

ORDER THEREON.—The subjoined Statement A exhibits the demand, collection and balance under the heads, "Land Revenue," "Sayer," "Salt," "Mohatarfa" and "Miscellaneous," in the several districts of the province for the twelve months of the year 1896-97 as compared with the figures for the corresponding period of the previous year.

2. The net Land Revenue demand exclusive of arrears at the beginning of the year was as follows :—

Districts.	1895-96.	1896-97.	Difference.
Bangalore	11,98,294	11,93,874	—4,420
Kolar	13,08,719	12,87,568	—21,151
Tumkur	12,91,157	12,71,235	—19,922
Mysore	17,55,604	17,90,518	+34,914
Hassan	12,28,504	12,15,575	—12,928
Shimoga	13,46,180	13,36,316	—9,864
Kadur	9,23,750	8,77,923	—45,827
Chitaldrug	6,91,052	6,94,207	+3,155
Total ...	97,83,260	96,67,217	—76,043

3. There was a large decrease under "Current demand" in all the districts except Mysore and Chitaldrug. In the Hassan and Kadur districts, the decrease was chiefly under the head "Sale proceeds of coffee jungles and other lands." The falling off in the Shimoga district was mainly due to the reduction effected during the year 1896-97 in the assessment on supari gardens in the Sorab and Nagar taluks, in pursuance of Government Proceedings No. 1888-90—R. F. 44-92, dated 19th August 1896. The Deputy Commissioners of Bangalore, Kolar and Tumkur, who have not as yet reported the cause of the decrease noticed in the previous reviews of the year 1896-97, are again requested to furnish the information without further loss of time.

4. The proportion of balance to the entire demand was as noted below:—

Districts.	1895-96.	1896-97.
Kolar	2·9	12·9
Kadur	4·7	9·4
Shimoga	10·2	8·5
Tumkur	·8	7·4
Mysore	8·5	7·1
Hassan	3·9	6·7
Bangalore	2·09	3·8
Chitaldrug	·4	1·3

The balance has increased in all the districts except Mysore and Shimoga, and in the Kolar district it rose nearly 10 per cent. The Deputy Commissioner's attention is drawn to the necessity of prompt measures being adopted for reducing this large balance.

5. The collections as shown by the Deputy Commissioners differ from those exhibited by the Comptroller in the statement of ten-days Land Revenue collections to the extent noted below:—

Districts.	As per Deputy Commissioner's return.	As per Comptroller's return.	Difference.
Bangalore	11,71,631	11,71,655	– 24
Kolar	11,54,907	11,67,898	– 12,991
Tumkur	11,86,079	11,86,079	Nil
Mysore	18,18,444	18,17,483	+961
Hassan	11,81,801	11,83,310	—1,509
Shimoga	13,25,107	13,25,168	—61
Kadur	8,05,119	8,06,226	—1,107
Chitaldrug	6,81,206	6,81,357	—151
Total ...	93,24,294	93,39,176	—14,882

It is not satisfactory that such differences should exist between the monthly demand, collection and balance returns and the Comptroller's returns, notwithstanding the instructions conveyed in Government Proceedings No. 8263-71—R. 1210, dated 21st November 1894, directing that the collection shown under each head in the monthly demand, collection and balance returns should agree with those shown in the Treasury Accounts. The attention of the Deputy Commissioners of Kolar, Mysore, Shimoga, Kadur and Chitaldrug is drawn to para 4 of this office No. 1590-98—R. 516, dated 7th August 1897, and they, as well as the Deputy Commissioners of Hassan and Bangalore, are now requested to report in communication with the Comptroller, if necessary, which of the figures are correct.

6. The total demand and collections under "Land Revenue" in the Hassan and Chitaldrug districts as per monthly returns for 1896-97 do not tally with the figures given in the annual returns as shown below, there being no difference in the balance at the close of the year :—

	Hassan.			Chitaldrug.		
	Demand.	Collection.	Balance.	Demand.	Collection.	Balance.
As per monthly accounts.	12,67,472	11,82,610	84,862	6,96,950	6,87,985	8,965
As per annual accounts...	12,67,577	11,82,715	84,862	6,96,939	6,87,974	8,965
Difference	—105	—105	Nil	+11	+11	Nil

The cause of this difference should be reported.

7. The yearly details of the balance at the end of June 1897 in the several districts are as shown in the subjoined Statement B, and relate to a period of more than twenty years from 1875-76 to 1896-97. The districts of Hassan and Kolar exhibit the oldest balances. It is a matter for regret that no steps seem to have been taken to adjust these long standing balances, in spite of the instructions given in para 4 of Government Proceedings No. 4755-61—R. 1651, dated 26th November 1896. The Deputy Commissioners concerned are now requested to take prompt measures for their early collection or other adjustment by remission, if they are irrecoverable. Amildars who allow such old arrears to remain should be specially reported. It is believed that the balances shown in these returns correspond with the actual arrears outstanding against each raiyat as per village accounts. The Deputy Commissioners are requested to satisfy themselves on the point and add a note in the future returns that the balances have been thus properly verified. If there are differences and discrepancies they must be noted and fully explained.

8. *Salt.*—This item calls for no special remark except that the balances of Rs. 682 and Rs. 555 left uncollected in the Kolar and Mysore districts, respectively, require prompt attention.

9. *Mohatarfa.*—The balances outstanding in the Mysore, Kolar, Bangalore, Shimoga and Kadu. districts are heavy and steps should be taken to reduce them.

10. *Miscellaneous.*—In the Mysore and Shimoga districts the balances left uncollected are heavy, being Rs. 18,676 and Rs. 17,053, respectively. The Deputy Commissioners concerned are requested to report why such heavy amounts remain yet unrealized. Steps should be taken to collect them early.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Comptroller to the Government of Mysore.

A—Statement showing the Demand, Collection and Balance under the several heads of Revenue of the Province up to and inclusive of 30th June 1897.

READ :—

Statement showing the losses of cattle of various kinds, received from the several district of the province during the year 1896-97.

No. 4879-86—R. 1571, DATED, BANGALORE, 6TH DECEMBER 1897.

ORDER THEREON.—The following statement shows the losses in cattle of various kinds in the several districts during the year as compared with those for the previous year (1895-96).

2. The total loss in the province during the year under review amounted to 146,092 head of cattle against 140,436 in the previous year, thus showing an increase of 5,656. The increase occurred in all the districts but Bangalore and Mysore. Of this increase 3,427 were due to deaths by sickness, 1,567 to destruction by wild beasts, and the rest, *viz.* 662, to accidents and other causes as shown below:—

By sickness.	Increase.	Decrease.
Cow	376	Nil
Bulls and bullocks	Nil	44
He-buffaloes...	Nil	720
She-buffaloes...	Nil	840
Sheep and goats	4,118	Nil
Horses	314	Nil
Asses	223	Nil
Total ...	5,031	1,604
Net ...	3,427	

By wild beasts.	Increase.	Decrease.
Cows	177	Nil
Bulls and bullocks	457	Nil
He-buffaloes	193	Nil
She-buffaloes	154	Nil
Sheep and goats	663	Nil
Horses	37	Nil
Asses	86	Nil
Total ...	1,567	Nil

By accident, &.	Increase.	Decrease.
Cows	1,530	Nil
Bulls and bullocks	1,280	Nil
He-buffaloes	532	Nil
She-buffaloes	563	Nil
Sheep and goats	Nil	3,314
Horses	Nil	46
Asses	137	Nil
Total ..	4,022	3,360
Net increase .	662	

In the Mysore and Kadur districts there has been no increase owing to accidents and other causes.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

Statement showing the losses in cattle of various kinds in the several districts of the Mysore province for the year 1896-97 as compared with the figures for the corresponding period of previous year (1895-96).

OFFICIAL MEMORANDUM.

No. 4928-35—R. F. 46-97-8, DATED, BANGALORE, 7TH DECEMBER 1897.

In forwarding herewith an extract from para 4 of this office letter No. 4651—R. 1487, dated 29th ultimo, to the address of the First Assistant to the Resident in Mysore, as also an extract from para 7 of the Government of India letter No. 1825—1-2, dated 13th July 1897, to the address of the Government of Madras, in regard to certain alterations in Table A IV of Agricultural Statistics the Deputy Commissioners of districts are requested to report at an early date whether they would recommend a quinquennial or decennial census; and if so, when they would undertake it, and what procedure and agency they would employ. They are further requested to furnish all other details which may be necessary to carry out their suggestion and to state the probable cost of the operation, if any.

By Order,

C. SREENIVASIENGAR,

Secy. to Govt., Gen. & Rev. Depts.

Extract of para 4 of letter No. 4651—R. 1487, dated 29th November 1897.
As regards Table A 4.

This comprises live stock and some items of dead stock also, such as carts and ploughs.

The return for the province is based upon districtwar and talukwar compilations of the statistics prepared by shanbhogs for each village every year and occasionally tested by the officers settling the year's jamabandi. Prepared as they are with the help of leading raiyats by village shanbhogs and patels so intimately acquainted with the local communities and often times after a house to house visitation, they may be regarded as sufficient for most practical purposes. But the Durbar do not overlook the importance of a periodical testing of these figure by an actual census, and on this subject another communication will be addressed after some preliminary informations are obtained from the District Officers.

Extract from para 7 of the Government of India letter No. 1825—1-2, dated 13th July 1897.

7. Table A. 4. —Live stock.

The Government of India agree with much that is said about this Table in the joint note. They are inclined to make it quinquennial. It is true that it is of advantage to know the effect of a year of drought or famine upon the live stock. But they doubt whether the figures have at present much claim to accuracy; and they believe that a quinquennial census would be more likely to be accurate than an annual one, as it would become a special operation instead of a part of the yearly routine. In some provinces the live stock are counted. for the purposes of the present return, in one-fourth of the villages only each year, so that each return includes partial statistics for four separate years, of which two may precede and the other two follow a year of drought. This must destroy in great part the usefulness of the figures, and a general quinquennial census would clearly be preferable.

To—The Deputy Commissioners of Districts.

3. The return of the Mysore district, which was submitted after a delay of nearly two months, did not give the particulars required for the marginally noted four taluks and the omission has only been very recently supplied in the Deputy Commissioner's communication of the 20th November 1897. It is hoped that such omissions and delays will not recur.

4. The Hassan district has got the largest number of pending darkhasts and as many as 154 are of two and three years' standing. This matter requires the early and personal attention of the Deputy Commissioner. The returns also were received from this district long after they were due, the latest reference being dated 13th November 1897. This delay is unsatisfactory and it is hoped that the Deputy Commissioner will endeavour to prevent such delays in future.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

READ THE FOLLOWING :—

Letter No. 554, dated 9th February 1894, from the Deputy Commissioner, Hassan district.

Adverting to Government Notification No. 21429—R. F. 183-92, dated 18th June 1893, laying down rules for the delimitation of the margin of lands to be kept uncultivated below the bunds of tanks, I beg to invite attention to clause 6 of Rule XX of the Land Revenue Rules prescribing that if the land applied for is within 25 yards of the embankment of an irrigation work, the Amildar should refer the matter to the Deputy Commissioner, who will, after consulting the Officers concerned, pass such orders as he may consider proper, and solicit orders in a case now before me, in which wet land measuring 8 guntas bearing an assessment of Rs. 0-12-0 is applied for cultivation, as in this case the land is situate within 25 yards of the embankment. The rules empower me to pass such orders as I may consider proper, but my object in bringing this case to the notice of Government is to represent that this is one of numerous cases which every day arise and that disposal of such darkhasts will be unnecessarily delayed if in each case there is necessity of consulting the Officer concerned, who, I understand, to be the Department of Public Works Officer in charge of the irrigation work which generally is a tank. All minor tanks are in my own charge and in these cases I have to be guided, I suppose, by Notification above quoted. According to this Notification the margin to be reserved is in no case broader than 10 feet. The necessity therefore of preserving such a wide strip as of 25 yards is not plain. Further where small tanks are concerned, it would involve a serious loss of revenue to withhold from cultivation such a large strip parallel to the bund. Under these circumstances, I beg to urge that the clause 6 of Rule XX may be re-considered. In the case in question I beg to report that I have issued orders sanctioning the giving out of land for cultivation.

READ AGAIN :—

Proceedings of Government No. 2417—R.F. 183-92, dated 1st September 1897.

Ordered that a copy of the foregoing letter be forwarded to the Superintendent of Revenue Survey with a request that he will favor Government with his opinion, having regard to the following observations as to whether the retention of para 6 of Rule XX of the Revenue Rules is necessary after the publication of the Rules of 1893.

(i) Para 6 of Rule XX of the Revenue Rules directs that if the land applied for is within 25 yards of the embankment of an irrigation work, or adjoins a reserved tract, the Amildar should refer the matter to the Deputy Commissioner, who will, after consulting the officers concerned, pass such orders as he may consider proper.

(ii) The Rules issued in Notification No. 21429—R. F. 183-92, dated 18th June 1893, limit the margin to be left uncultivated below the bunds of tanks to 10 feet.

(iii) Section 39 of the Land Revenue Regulation enables the Government and under its orders, Survey Officers, while survey operations are proceeding, to set apart lands and assign them for special purposes. This power cannot under this section be exercised by any other officer. But Rule XI of the Revenue Rules, which is framed under Section 39, authorizes the Deputy Commissioner to reserve lands which contain shendi or other valuable trees without further reference to Government. Even after this reservation, para 6 Rule XX requires another reference being made to the Deputy Commissioner when applications are received for the cultivation of lands adjoining such reserved tracts. It is now represented that such a reference in each and every case will cause much delay and useless correspondence. The limit of 25 yards laid down in para 6 of Rule XX is not in conformity with the limit prescribed by the Rules of June 1893. A reference to the Deputy Commissioner does not seem to be imperatively called for, when under Section 39, reservation of such lands as are required for the use of the public or for the purposes of any Department of State, has already been made.

2. Section 233 of the Land Revenue Code under which Rule XI has been issued does not make any reference to Section 39, apparently because the power conferred by the latter section was intended to be exercised by Government alone. It is doubtful whether under the authority of Section 233, Government can delegate its power under Section 39 to a Deputy Commissioner by framing Rule XI. The proper course for the Deputy Commissioner would appear to be to make a list such as is ordered by Rule XI and obtain the orders of Government to reserve all the lands included in the statement. The Superintendent of Revenue Survey is requested to favor his opinion on this question also.

3. The Superintendent of Revenue Survey is further requested to report for the information of Government whether the Rules of 1893, have been fully carried out by properly demarcating the limits of the reserved lands adjoining the embankments of irrigation works and by erecting boundary marks thereon.

ALSO :—Letter No. 185, dated 4th September 1897, from the Superintendent of Revenue Survey in Mysore.

I have the honor to acknowledge receipt of Government Proceedings Order No. 2417—R. F. 183-92, dated 31st August 1897, dealing chiefly with the question of whether the retention of para 6 of Rule XX of the Land Revenue Rules is necessary.

2. In my opinion para 6 of Land Revenue Rule XX is not only unnecessary but its retention is calculated to cause uncalled for delay in the disposal of applications for the cultivation of unoccupied lands. The reservation of such a wide strip of land as 25 yards from the embankment of an irrigation work is not based upon any necessity with which I am acquainted and I am equally unaware of any professional opinion upon which such an unnecessary margin was laid down: indeed the extraordinary difference in the margin proposed to be reserved under Land Revenue Rule XX (6), as compared with that laid down in Notification No. 21429—R. F. 183-92, dated 15th June 1893, which latter was undoubtedly based on professional opinion, points to the unsuitability of the former. The portion of para 6 of Land Revenue Rule XX which, presumably, prescribes the reservation of a margin of 25 yards adjoining a reserved tract is not clear to me but I think no such reservation necessary.

3. Whatever the margin to be reserved, whether 25 yards or 10 feet, such provision should not, in my opinion, be made in the form of a Rule such as that under discussion: it should be arranged for by survey as directed under Government Proceedings of 1893 above quoted. The refusal to grant land applied for, for cultivation, on the authority of para 6 of Rule XX might result, and for all I know has resulted in needless sacrifice of Government revenue. The Deputy Commissioner cites a case in which wet land duly measured 8 guntas assessed at Rs. 0-12-0 and, I presume, duly made into a separate survey number of its own, was applied for. The Deputy Commissioner, I judge from his letter, had the good sense to grant the land but he points out the delay which the reference of the case to him caused.

4. It will be observed that para 6 of Land Revenue Rule XX lays down no particular procedure; it simply seeks to ensure the submission of the cases which come under it; to the Deputy Commissioner for orders. This appears to me quite unnecessary. The Rule under discussion does not lay down that a margin of 25 yards must necessarily be marked off: it merely lays down that the orders of the Deputy Commissioner are necessary. I am entirely in favor of para 6 of Rule XX being cancelled.

5. Similarly para 7 of the same Rule should be cancelled as its provisions are entirely at variance with the Rules on the same subject followed in the Survey Department on the requisition of the Department, Public Works Officers.

6. Section 39 of the Land Revenue Code refers to lands set apart by the Survey Officers, *i. e.*, to survey numbers and Land Revenue Rule XI applies, or should apply, to survey numbers also. Paras 6 and 7 of Land Revenue Rule XX are distinctly opposed to Section 39 and imply that lands have not been properly measured up by survey.

7. As regards the enquiry at para 3 of the Government Proceedings now under reply the order of June 1893 have been carried out by the survey in full in all measurements made since the issue of that order. I cannot report that these orders have been given effect to retrospectively in all taluks measured previous to their issue, but a great deal has been done in that direction and all cases reported by the Deputy Commissioners have been attended to.

No. 5358-66—R. F. 183-92, DATED, BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—Government agree with the Superintendent of Revenue Survey in his views and direct the cancelment of Rule XI and of paras 6 and 7 of Rule XX of the Mysore Land Revenue Rules issued under Notification No. 150, dated 22nd July 1890. The Deputy Commissioners will see that in all cases where they think it necessary to reserve any land on any ground whatsoever, they will not hesitate to bring the matter to the notice of Government and obtain the necessary orders.

2. The attention of the Deputy Commissioners is also invited to the concluding para of the Survey Superintendent's letter read above regarding the demarcation, under the Rules of June 1893, of the reserved lands adjoining the embankments of irrigation works and the erection of boundary marks thereon. If there are any more tracts still requiring action under the Rules, the Deputy Commissioners will be requested to expedite such action and report the complete execution of the rules referred to for the information of Government.

READ:—

Correspondence ending with letter No. 42, dated 8th November 1897, from the Superintendent Revenue Survey and Inam Settlements in Mysore, submitting a draft of rules proposed to be issued under the Sringeri Jahgir Inam Settlement Regulation, and suggesting that Mr. K. Ramaswamaiengar, Special Assistant Superintendent, Revenue Survey, be placed in charge of the classing and settlement operations with the powers of an Assistant in the Inam Department.

No. 5286-8—R. 1717, DATED, BANGALORE, 15TH DECEMBER 1897.

ORDER.—The Sringeri Jahgir Inam Settlement Regulation as further revised, together with the following Notification, will be duly promulgated for the information of all concerned—

"NOTIFICATION.

"In exercise of the power conferred by sections 2 and 3 of 'The Sringeri *Jahgir Inam Settlement Regulation*, 1897,' *the Government of Mysore hereby* direct an investigation into, and the settlement of, inams within the Jahgir of Sringeri, in accordance with the Inam Rules in force in Mysore in so far as they may be applicable, and under the following further rules:—

Special rule regarding validity and confirmation of inam paddy payments.

"1. Inam paddy payment authorized, but not actually enjoyed up to the authorized amount, shall be confirmed, at the option of the inamdar, either on the present actual enjoyment or on the average actual enjoyment during the last twelve years.

Excess of paddy payments over authorized amount how to be dealt with.

"2. Inam paddy payments, over the amount authorized by sannad, shall be disallowed if not continuously enjoyed for the last fifty years.

Quit-rent.

"3. When it is necessary, under the rules, to impose quit-rent, this shall, in the case of inam paddy payments, be done by deduction from such paddy payment.

Warg wet lands to be classed and assessed and their present annual rental value to be ascertained and recorded by the Assistant in charge of classfication.

"4. The whole of the wet lands of every warg, from the holders of which inamdars have a right to receive specified annual quantities of paddy, shall be classified and assessed, and the Assistant in charge of classification shall ascertain and record, in terms of khandis of paddy, the present annual rental value of the whole of such warg wet lands."

2. Rules will hereafter be framed and notified regarding the conversion into land inams, of paddy payments, by allocating, within the area available for that purpose, an extent of land having a present annual rental value equivalent to the number of khandis of paddy confirmed at the inam investigation. The submission by the Superintendent of a draft of such rules will be awaited.

3. The Superintendent will be good enough to make early arrangements for carrying out the investigation and settlement contemplated by the Regulation and Rules referred to above. His proposal to entrust the preliminary work to Mr. K. Ramaswamaiengar with the powers of an Inam Assistant is approved, as also his programme of probable progress of the Survey and Inam Settlements of the Jahgir as set out in the letter read above.

4. The general Inam Rules of 14th December 1867, the course of procedure prescribed for adoption by Assistants in charge of Inam operations, the Rules laid down in the Notification of 17th November 1877 regarding inams granted to religious and charitable institutions, and all subsidiary rules and orders passed by Government in elucidation or furtherance of the said rules and procedure will be followed, in so far as may be, in conducting the investigation and settlement ordered above.

5. The rules as now framed have been provisionally adopted subject to such modifications as may hereafter be found necessary on grounds of justice or equity. The Deputy Commissioner is accordingly requested to explain the rules to the wargdars and inamdars concerned as well as the Matt, and, after consultation with them, to forward to the Inam Superintendent such suggestions regarding the modification of the above rules or the framing of further rules as might seem to him suitable and necessary. Government would be glad to give due consideration to such recommendation as the Superintendent may deem it desirable to make by the light of the Deputy Commissioner's suggestions, and of the information gathered during the progress of the inam enquiry now ordered.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent, Revenue Survey and Inam Settlements in Mysore.
The Deputy Commissioner, Kadur District.
The Agent of the Sringeri Matt.

READ :—

(1) Letter No. 2954—1004, dated 28th October 1897, from the Comptroller, Mysore Government, suggesting that, in the Rules relating to the grant of loans for land improvement, provision similar to that made in the case of loans for irrigation wells, be made for the levy of interest on overdue instalments towards the liquidation of such loans.

(2) Letter No. 3249—1129, dated 10th November 1897, from the same Officer, suggesting that as the present rule, under which instalments due towards re-payment of land improvement loans are paid at any time in the year when they become due, causes great inconvenience in the preparation of accounts in his office, the same be altered so as to make the instalments payable on the 30th June of each year.

No. 5430-39—R. 1777, DATED BANGALORE, 20TH DECEMBER 1897.

ORDER THEREON.—Government observe that interest at the rate fixed in para 24 of the Rules issued under Notification No. D—70 A, dated 4th January 1892, as modified in Government Order No. 4730—R. F. 51-95, dated 25th November 1896, *viz.*, 5 per cent per annum, is fairly recoverable on overdue instalments towards re-payment of the loans above referred to, and that further, in order to avoid confusion in the accounts, it is desirable that the annual instalments towards the liquidation of loans should be made payable on or before the 30th June each year, the first instalment being also made payable on the 30th June following the period in which the payment falls due.

2. The following Notification providing for the same and modifying the existing rules will accordingly issue—

NOTIFICATION.

No. 5440—R. 1778, *dated Bangalore, 20th December* 1897.

The Government of Mysore are pleased to direct that the following additions and alterations be made in paras 26 and 28 of the Rules for the grant of loans under the Land Improvement Loans Regulation, issued under Notification No. D—70 A, dated 4th January 1892.

(1) After the word "payments" in the 2nd line of para 26, add "on or before the 30th June of each year, the first annual payment being made on the 30th June following the period in which the payment falls due."

(2) At the end of para 26, add, "Provided, however, that if default is made "in the payment of any instalment as above, interest shall be charged "thereon at the rate of 5 per cent as fixed in para 24 above."

(3) After the word "commence" in line 2, para 28, substitute for the words "at the end" the words "on or before the 30th June following the "close."

(4) "In the same para and in lines 9 and 10 substitute for the words "at the end of" "on or before the 30th June following."

(5) At the end of para 28, add the following proviso:—
"Provided, however, that interest on the said loan for the 1st year of "such interval, shall be calculated from the date of the grant of the last "instalment of the loan up to 30th June following it."

(6) In the example given in the same para, alter "1st April 1893," "1st April 1894," "1st April 1895" and "1st April 1896" into "on or before the 30th June" and the 1st "Rs. 24" into "20 + interest for additional three months" and the last three "Rs. 24" into "20" throughout.

(7) In lines 1 and 3 of the sub-para to para 28, substitute for "1st April" on or before the "30th June," and in line 2, substitute "12·950" for "13·586" and "51-12-10" for "54-5-6."

2. Paras 26 and 28 modified as above will read as follows:—

26. The loan with interest from the date fixed as per last preceding rule shall be re-paid by the barrower by means of fixed annual payments on or before the 30th June of each year, the 1st annual payment being made on the 30th June following the period in which the payment falls due. The number and amounts of such payments shall be determined by the Deputy Commissioner with reference to the convenience of the applicant and the necessities of the case, but so as not to exceed the maximum limit specified below:—

		Maximum period. Years.
or loans up to Rs. 500		10
Do	from Rs. 500 to Rs. 1,000	15
Do	Rs. 1,000 and upwards	20

If, in any special case, a longer period for re-payment is desirable, the special sanction of Government shall be obtained on a full report of the circumstances of the case.

Provided, however, that if default is made in the payment of any instalment as above, interest shall be charged thereon at the rate of 5 per cent as fixed in para 24 above.

28. Re-payment of loan by means of annual payments fixed under the last two preceding rules may, if the Deputy Commissioner so directs, commence on or before the 30th June following the close of the 2nd year from the date from which interest is calculable under Rule 25; but, if, in any special case, the Deputy Commissioner considers that the work for which the loan is given is such that a longer time must elapse before it yields a return, a longer interval, not exceeding five years in any case, may be allowed for the commencement of the re-payment. If, under this rule, the Deputy Commissioner allows an interval of two or more years for the commencement of re-payment, the annual interest on the whole of the loan shall be paid on or before the 30th June following each year of such interval, excepting the last of such years, on or before the 30th June following which shall be paid the first payment towards re-payment. Provided, however, that interest on the said loan for the 1st year of such interval shall be calculated from the date of the grant of the last instalment of the loan up to 30th June following it.

Example.—Suppose the amount of the loan is Rs. 400 and the rate of interest 5 per cent, and the loan is paid to the borrower in instalments as follows:—

Rupees 100 on 1st January 1892, Rs. 100 on 1st February 1892, Rs. 100 on 1st March 1892 and Rs. 100 on 1st April 1892, and suppose also that the Deputy

Commissioner allows an interval of five years for the commencement of the re-payment, and directs that the re-payment shall be in ten years by means of annuities. Then, under Rule 25, interest is chargeable on the loan only from 1st April 1892, and the borrower shall pay as interest on the whole loan under Rule 28, for the years of the five years' interval, *excepting the last*, as follows:—

On or before the 30th June 1893 Rs. 20 + interest for additional three months.
Do 30th June 1894 Rs. 20
Do 30th June 1895 Rs. 20
Do 30th June 1896 Rs. 20

The re-payment will commence on or before the 30th June 1897. The annual payment towards such re-payment under Table E will be 4×12·950=51-12-10. The first of such annual payments must be made on or before the 30th June 1897, and the tenth and last annual payment will extinguish the loan on or before the 30th June 1906.

The Deputy Commissioners, of Districts.
The Inspector of Agricultural Banks.

READ:—

The following communications from the Deputy Commissioners of districts submitting their reviews on the itinerary journals of Amildars and Deputy Amildars during the month of August 1897:—

No.	Date.	From whom.	
445.	4th October 1897.	Deputy Commissioner, Bangalore.	
1080-81—306.	25th September 1897.	Ditto	Kolar.
332.	24th " 1897.	Ditto	Tumkur.
407.	1st October 1897.	Ditto	Mysore.
338.	21st September 1897.	Ditto	Hassan.
426—337.	28th "	Ditto	Shimoga.
245.	18th "	Ditto	Kadur.
282—269.	15th "	Ditto	Chitaldrug.

No. 5555-62—R. 1811, DATED, BANGALORE, 21ST DECEMBER 1897.

ORDER THEREON.—Recorded.

2. The attention of the Deputy Commissioners of Bangalore and Mysore is drawn to the delay in the submission of their reviews, and they are requested to see that such reviews are, in future, submitted within the time prescribed in Government Proceedings No. 4295-302—R. 1477, dated 11th November 1896.

3. The itineration of the Amildars of the Kolar district, with the exceptio of those of the Bagepalli and Srinivaspur taluks, was not at all satisfactory' The Deputy Commissioner is therefore requested to see that the Amildars camp out for the minimum period of ten days in every month.

4. The Deputy Commissioner of Hassan is requested to warn the Amildars of Arsikere and Arkalgud that their camping out should not fall short of ten days n a month.

5. No adequate explanation is forthcoming for Deputy Amildar Venkataramaiya's itineration falling short by one day.

6. As the itineration of some of the Amildars in the Chitaldrug district falls short of the minimum period, the Deputy Commissioner's attention is drawn to the observations made above.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

READ :—

Letter No. 445—421, dated 10th November 1897, from the Deputy Commissioner, Chitaldrug district, recommending that, as Government Order No. 4805-812—R. 1668, dated 27th November 1896, which requires Amildars and Deputy Amildars to show in their itinerary reports only the number of days on which they actually camp out, causes hardship in the case of those in charge of compact taluks and sub-taluks, it may be ruled that the days on which they go beyond a radius of five miles from their head-quarters will be regarded as days on which they camped out, as such a provision is made in the case of officers entitled to travelling allowance in order to enable them to draw batta for such days.

No. 5525-33—R. 1805, DATED, BANGALORE, 21ST DECEMBER 1897.

ORDER THEREON.—Government observe that the reasons which the Deputy Commissioner urges in support of his recommendation are opposed to his conclusions. As the object of the order above cited, which is being evaded as yet, is to induce an Amildar or Deputy Amildar to camp out and not to hurry his inspection, Government are not prepared to modify it.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Comptroller to the Government of Mysore

READ AGAIN:—

Government Proceedings No. 8582-90—R. F. 12-96,—dated 31st March 1897, directing that when applications for gomal land for cardamom cultivation are received in the malnad districts, the District Forest Officer should be required to inspect the land and submit a report regarding the effect of its cultivation on perennial springs or streams in or near the land.

READ ALSO :—

Letters Nos. 5058—357, dated 9th June 1897, 5228—363, dated 18th June 1897, and 1132—57, dated 24th August 1897, from the Conservator of Forests, suggesting that as it is inconvenient for the District Forest Officer to inspect the land himself in each and every case, the above order be modified so that the District Forest Officer may delegate his duty to a Range Officer whenever it is found necessary.

ISO :—

Dockets Nos. 377 and 393, dated 25th and 30th November 1897, respectively, from the Deputy Commissioner, Kadur district, on the same subject.

No. 5694-702—R. 1857, DATED, BANGALORE, 24TH DECEMBER 1897.

ORDER THEREON.—Under the circumstances represented and in order to save delay in the disposal of applications, which may be caused by requiring the District Forest Officer to inspect the land himself in each and every case, Government are pleased to direct that the order of 31st March 1897 above cited be modified as follows :—

(1) In the beginning of para 2, insert the words "In important or doubtful cases."

(2) In the same para between the words "Officer" and "to" in line 3 insert the words "by himself or one of his subordinates, or "require any qualified, Revenue Officer."

2. Para 2 of the order thus modified will read as follows :—

"In important or doubtful cases, it is desirable that before submitting for "the orders of Government applications for the grant of gomal land for carda-"mom cultivation, the Deputy Commissioners of malnad districts should require "the District Forest Officer, by himself or one of his subordinates, or require any "qualified Revenue Officer, to inspect the land applied for and record his opinion "regarding the effect of its cultivation on any perennial springs or streams existing "on or near the land in question. The Deputy Commissioners of these districts "are requested to arrange accordingly in future."

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests.
The Deputy Commissioners of Districts.

READ :—

Letter No. 854, dated 25th June 1897, from the Superintendent of Revenue Survey in Mysore.

I have the honor to report, for the information of Government, the steps which I have taken towards carrying out the instructions contained in the undermentioned Proceedings.

1. Government Proceedings No. 1888-90—R. F. 44-92, dated 19th August 1896, directing a revision of the assessment on supari gardens in the taluks of Sorab, Sagar, Nagar and Koppa.

2. Government Proceedings No. 590-2—R. F. 44-92, dated 30th March 1897, sanctioning a similar revision in the case of villages of the old Ananthapur taluk and other taluks now belonging to one or other of the four taluks for which the original revision of garden assessment was ordered.

2. I append a statement marked A which will explain with sufficient detail the localities in which the revision of the assessment has taken effect and the general financial results.

3. An excerpt from Statement A is given below :—

Taluk as now constituted.	Number of villages.	Number of fields.	Garden. Area.		Garden. Assessment.		Of the amount in column 4. To be collected.		Of the amount in column 4. To be remitted.	
1	2	3	4		5		6		7	
			A.	G.	Rs. a. p		Rs. a. p		Rs. a. p	
Sorab	175	2,553	4,112	28	29,290	8 0	18,094	8 6	11,196	0 0
Sagar	206	5,661	9,695	20	1,02,192	12 0	67,574	12 0	34,618	0 0
Nagar	152	1,970	6,473	24	38,567	0 0	32,973	12 0	5,693	4 0
Koppa	144	1,797	10,516	28	1,12,978	0 0	79,830	0 0	33,148	0 0
Total ...	677	13,981	30,798	20	2,83,048	4 0	1,98,393	0 0	84,655	4 0

Of the total amount (R. 84,655-4-0 as per column 7, to be remitted, a sum of Rs. 75,924-8-0 may be said to have been remitted as per Government Proceedings No. 1888-90—R. F. 44-92, dated 19th August 1896, and the balance Rs. 8,730-12-0 in carrying out Government Proceedings No. 590-2—R. F. 44-92, dated 30th March 1897.

4. I am unable to give, with absolute accuracy, the proportionate assessment of the inam gardens to be deducted from the above, but I can give it approximately. Taking the land which was inam at time of settlement, (I cannot follow subsequent changes) I find I have dealt with inam gardens assessed at Rs. 3,653-12-0 and out of this I have put down for remission Rs. 1,175-12-0.

5. Thus, from the total of Rs. 84,655-4-0 shewn in para 3 above, Rs. 1,175-12-0 will have to be deducted, leaving Rs. 83,479-8-0 as the total amount of remissions on Government gardens.

6. There is no doubt that I may have slightly exceeded the limit of remissions sanctioned by Government but if the orders of 19th August 1896 and of 30th March 1897 be both allowed their full effect, the utmost that can be said is that I have gone to the full limit allowed me. Thus, for the four taluks of Sorab, Sagar, Nagar and Koppa I have allowed remission up to Rs. 75,924-8-0, my utmost limit as per order of 19th August 1896 being Rs. 75,000. If allowance be made for inam gardens it will be found that I have not exceeded the limit of Rs. 75,000 allowed me at para 6 of the Proceedings of 19th August 1896.

7. If I have erred it has been on the side of liberality, and I trust Government will recognize the difficulty of dealing with 14,000 garden numbers of varying size and circumstances on a given standard so as to bring out a stipulated result. Had a certain percentage been required to be deducted from the assessment of each number results could have been calculated to a nicety but such a procedure would not have given effect to the wishes of Government and certainly would not have satisfied my own ideas of what was wanted. I worked on the standard prescribed by Government fixing a new maximum for each taluk, and I think I have reason to congratulate myself that at the first attempt results have been so very near what Government prescribed. I trust therefore that Government will approve of my proceedings, indeed I have no doubt that in allowing me so liberal a margin, Government was fully aware of the difficulties I had to contend with.

8. To each village has been sent a supplementary Akarband as per specimen B attached and a general Register in a similar form to each district so that the work of accounts and collection will be quite simple.

9. As Government is aware, I had, in the case of the Sorab taluk, a re-classification and fresh enumeration of the trees to guide me. It is the general opinion that great changes must necessarily take place in the condition and yield of supari gardens within a certain number of years, but in Sorab which was settled 25 years ago the changes, as evidenced by the present re-classification and enumeration of trees, have been few. I have no hesitation in saying that the classification of 25 years ago might with a very few exceptions be taken as the basis of a fresh settlement. This fact led me to approach the revision of the garden assessment of Sagar, Nagar and Koppa, without any fresh enumeration of the trees, with much confidence. The more naturally suited a country is to the cultivation of the supari the fewer in my opinion are the changes likely to be. In maidan taluks changes must and do take place but not in malnad taluks where the sources of irrigation and the means generally of successful gardening are more permanent.

10. I must bear testimony to the extreme care and accuracy with which the classification was originally carried out, chiefly by Messrs. Dobbie and Butcher, nearly a quarter of a century ago. Both these Officers are now dead and it has been very touching to have now to deal with the remarkably able notes and observations which they made so long ago.

11. I have not deemed it necessary to go into great detail. The Proceedings of Government marked out a clear and unmistakable course for me to pursue and that course I have followed. The reduction which I have made in the garden assessment should, I think, be regarded as a permanent remission until a regular revision of the assessment. The supplementary Akarbands alluded to at para 8 will, however, operate precisely as if the garden assessment had been revised in the literal sense of the word.

12. With reference to para 8 of Government Proceedings of 19th August 1896, I may remark that there has not, during the present revision, been a single instance in which the existing rate of assessment has been enhanced.

13. I may observe that although this report has been unavoidably delayed the supplementary Akarbands for Sorab, Sagar, Nagar and Koppa were despatched last December and those for the remaining villages coming under the latter order of 30th March 1897 were despatched last month.

14. There can be no doubt that the assessment which the garden owners will now have to pay will bear favorable comparision with the assessment paid in the neighbouring taluks of the Bombay Presidency.

No. 6297-9—R. F. 44-92, DATED BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—Government are pleased to express their appreciation of the very satisfactory manner in which the Superintendent of Revenue Survey has carried out the settlement above reported and are therefore pleased to accord their sanction thereto.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Survey Superintendent in Mysore.

READ AGAIN:—

Government Order No. 8234-36—R. 3185, dated 9th March 1896, directing that applications for ravines for cardamom and other cultivation should not be granted in the Hassan and Kadur districts without strict attention to Rule 19 of the Forest Rules of 1878 prohibiting the cutting and burning of trees, shrubs, &c., within 50 yards of springs and of banks of hill streams, &c.

ALSO:—

Government Order No. 8927-30—R. 3451, dated 31st March 1896, directing that the disposal of all pending applications for coffee or cardamom lands be deferred till it is carefully ascertained that their grant will not injuriously affect the supply of springs, &c., and necessary reservations are made in view to protect the interests of water-supply, that all applications for ravines, for cardamom cultivation should be refused if, after reserving 50 yards margin on either side of the water course, the space fit for cultivation is very little, that lands already granted for cultivation must be regarded as granted subject to the observance of the Forest Rule, and that all future clearings within the limit of 50 yards on such lands should be prevented, and all such uncleared margin resumed to Government, and that all reservations made under these orders should be distinctly specified in the village accounts, and maps.

READ ALSO:—

The following communications containing the opinions and suggestions of the Deputy Commissioners of Hassan and Kadur, the Conservator of Forests, and the Superintendent of Revenue Survey, in regard to the carrying out of the above orders:—

---

(1) Letter No. 653, dated 20th March 1896, from the Deputy Commissioner, Kadur district.

In reply to Government Proceedings No. 8234-36—R. 3185, dated 9th March 1896, in respect of prohibiting cultivation within 50 yards of banks of hill streams, &c., and reserving Mr. Oliver's land at Kallahatti, &c., I have the honor to inform you that in accordance with the above Proceedings, I have informed Mr. Oliver that Survey No. 20 of the Kesavinamane village measuring 759 acres and 11 guntas, including about 30 acres of cinchona planted up, has been resumed to Government on account of the marginally noted revenue arrears due thereon which at present amounts to Rs. 2,557-2-11.

	Rs.	a.	p.
For balance of interest for 1892-93	20	5	3
Kandayam for 1893-94 ...	806	7	0
Interest for 1893-94 ...	83	15	4
Kandayam for 1894-95 ...	806	7	0
Interest for 1894-95 ...	33	9	4
Kandayam for 1895-96 ...	806	7	0
Total ...	2,557	2	11

2. As regards the reservation of the banks of nallas and springs due attention is being paid; but in the majority of cases, especially on the Bababuden Hills, nearly all these nallas have been sold prior to 1878, opened up and planted with coffee and it is too late now to reserve them.

3. As regards the reservation of land on the Bababudens, I would beg to propose that all land above the newly proposed line of the Bababuden Hill road from Chikmagalur to Tarikere be strictly reserved to Government, as the majority of the streams flowing into the Jagar valley take their rise there, and which, although of no use at present for irrigation, will be invaluable hereafter if the Jagar valley proper is ever opened up for cultivation,

4. I am also of opinion that the forest on the Western Ghats should be reserved as much as possible especially those parts where the springs exist and feed the Bhadra and Tunga Rivers, as owing to the inaccessibility to these lands, there is at present no demand for them; but at the same time, should tea culture ever be started in this district, I am of opinion that there would be a great demand for these lands hereafter, and that it would be as well to make the necessary reservation before-hand and so save a deal of trouble hereafter.

5. I may here mention that I am of opinion that supari culture does quite as much, if not more, harm to the forests than coffee culture as the reckless hacking of jungle for soppu is far more injurious than the planting of coffee where only bad trees are cut out temporarily and supplanted by others bearing their leaves in the hot weather.

6. Colonel Campbell Walker, whom I had the pleasure of meeting on the Bababudens a short time ago, informed me that he was greatly struck by the method of planting coffee in this district, and which, he was of opinion, could do little or no harm to the rainfall and which fact I have personally brought to the notice of Government before. From this it may be asked why then do I recommend the reservation of certain jungles and the answer is, that the jungles I have recommended for reservation are at a high altitude and should they ever be cultivated with coffee shade would be dispensed with and the jungle cleared entirely as it is a well known fact that coffee or tea does not grow under shade at a high altitude.

---

(2) Letter No. 796, dated 14th May 1896, from the Deputy Commissioner, Kadur district.

In reply to Government Order No. 8927-30—R. 3451, dated 31st March 1896, para 6, directing me to report upon the scrub jungle now being taken up and stated to be quite unfit for coffee, especially in the Mudgere taluk, and by which means it is feared that large tracts of this scrub will eventually become cleared and left bare with neither scrub nor coffee to cover the ground, I have the honor to report that I know of no such tracts of jungle having been thus cleared.

2. It is a well known fact that nearly all the evergreen jungle has been planted up with coffee long ere this and that there are very few such tracts left, and the consequence is that deciduous jungle, losing its leaf during the dry weather, is now being taken up for coffee culture, but in these cases the deciduous trees are being cut out and in place of them evergreen trees or at any rate trees that are in leaf during the hot weather, are planted in their stead, and the consequence is that during the hot weather, *i.e.*, January, February March and April, these estates appear as patches of green surrounded by large tracts of forest without any leaf; and I am perfectly convinced that Native coffee planters are as much alive to the fact that they cannot grow coffee except under shade as the European coffee planter and as evidenced by the fact that during the monsoon in the Malnad large quantities of shade plants are offered for sale in the bazaars and which plants are almost invariably purchased by Native coffee planters.

3. In conclusion, I would beg to state that I would defy any one who has seen this district at all to say that the jungle has been anywhere denuded for the sake of coffee culture, as, standing upon any hills in the district, it is impossible to define what is cultivated with coffee and what is Government jungle, as not a tree appears to be out of place, except in the cases of deciduous forest mentioned above. I am therefore of opinion that so long as the present method of coffee culture lasts, and there is no reason to show that it should not always continue, as planters have learned by experience that they

must plant coffee under shade on the lower slopes in this district, that coffee cultivation will in no way interfere with the rainfall.

4. The only fear I have is that should coffee fail in future, the planters will take to cutting and selling the timber shade trees on their estates, and so denude the forests, and for the prevention of which I would beg to suggest the introduction of some new rules.

5. The rainfall statistics that I have obtained from some estates show that the rainfall has not decreased in the last 15 years during which time the majority of estates has been opened.

6. With reference to para 5 of the Government Orders mentioned above, I have the honor to state that lists of unopened lands containing nallas recommended to be resumed to Government, will be submitted as soon as completed, and if still considered necessary, after the levels have been ascertained.

7. As regards this question, which is an entirely different one to the felling of jungle interfering with the annual rainfall, I request to be excused for giving my views upon the subject. From the enquiries I have instituted I find that there is a great difference of opinion amongst the planters as to whether the water-supply in the nallas has diminished, but the majority of those whom I have consulted state that the supply has increased rather than diminished; and as far as my personal experience goes I am inclined to side with the latter.

8. In 1879, I paid a visit to the late Mr. R. C. Sanderson in the month of February at Canajore Estate, Mudgere taluk, and remember then crossing the Hemavati near the Angadi village, and am convinced that the summer level of that stream was just as low then as it is now. From Canajore Estate we went to Sollibyle to see the Gutykan Estate just then being opened by Mr. Sanderson, and almost the first estate to be opened in that part of the district, and I perfectly well recollect Mr. Sanderson informing me that the great want of water was the drawback to the estate and that in consequence he would have to put up his pulp house very low down. When the estate was opened however the water-supply was found to increase and now this year there is an ample supply of water high up in the estate where it did not exist before and this in spite of a large number of estates having been opened in the immediate neighbourhood. Many planters have informed me of many such similar instances.

9. I believe the idea in the Manjarabad taluk is, that the water-supply in the nallas has diminished on account of these nallas having been planted with cardamom. Now the theory is, I believe, that the scrub on the side of the nallas retains the water and acts as a sponge; if such is the case how much more so would cardamom which absorbs an enormous amount of moisture and takes the place of the scrub so cleared, it being planted as near the stream as possible and under shade. I cannot therefore believe that cardamom cultivation can have the effect on the nallas that it is stated to have.

10. There is no doubt that the Forest Rules of 1878 have not been enforced in this district and I would beg to point out that the enforcement of them now would practically put an end to future coffee planting in this district, as coffee can only be planted in these nallas and the fact of a planter being obliged to leave a strip of 100 yards broad would prohibit his planting as it would act as such a resort for game, sambhur, &c., that nothing could be got to grow. I would further beg to point out that it is quite as much to the planter's interest to protect his water-supply as that of Government.

11. From the glance at the map it will be seen that the four rivers, Tunga, Bhadra, Hemavati and Vedavati drain this district, and that the former two drain quite nine-tenths of the malnad. The Hemavati which takes its rise near the top of the Bhund ghat drains a very small portion of the Mudgere

taluk and the Vedavati which rises in Mullaingeri on the Bababudens drains an extremely small portion of the Chikmagalur taluk and as this last river fills the Iyenkere and Madag tanks *en route*, I would beg to propose that the levels of these two tanks be gauged in order to ascertain whether the supply from this river has diminished.

12. If it is ascertained that the Hemavati has decreased, I would beg to recommend that all the land which it drains in the Mudgere taluk be closed for cultivation.

13. As regards the Tunga and Bhadra Rivers, I am inclined to think that their supply has not diminished, at any rate, to any appreciable extent, but as I believe these rivers are not used for irrigation in any part of Mysore, I presume it will be difficult to obtain any accurate information regarding the levels except from the locals living in the villages at the fords. But as I think that the main sources of the two rivers Tunga and Bhadra should be preserved as much as possible, I would beg to recommend that great care should be exercised in granting land for cultivation in the tract running between Kigga and Kudremuk on the ghats and Kalasa and Sringeri in land, and which are two defined valleys and in which at present an extremely small extent of land has been given out, as it is almost inaccessible for want of roads.

14. In addition to the above, I would beg to recommend the tops of the Bababuden Hills mentioned in my letter No. 653, dated 24th March 1896.

---

(3) Letter No. 878, dated 6th April 1896, from the Deputy Commissioner, Hassan district.

In acknowledging receipt of Government Proceedings No. 8927-30—R. 3451, dated the 31st ultimo, *in re* disposal of applications for ravine lands for cardamom and coffee cultivation, I have the honor to state that I have issued orders to Amildars accordingly. In regard, however, to para 5 of the Proceedings, I feel some doubts which I shall proceed to state for favor of instructions.

2. In this para reference is made to 50 *feet* limit which apparently is a clerical mistake, for the limit is 50 *yards* and not *feet*. But a much more serious question is, whether the 50 yard limit can be enforced in the case of lands already granted for cultivation. It is directed in the proceedings that grants of land already made should be regarded as having been made subject to the observance of the Forest Rules prescribing the 50 yard limit as to clearing. I beg to point out that Rule 19 of the Forest Rules of 1878 is applicable to District Forests and not to private property or lands which have already become private property having been granted unconditionally. For instance, extensive lands were granted to Mr. Middleton of the Kadamane Estate years ago. Mr. Brooke Mockett owns large cardamom lands in his Bagamane Estate. Are we to resume lands in these estates? If so, we shall have to pay very heavy compensation. Indeed the only lands fit for cardamom are margins of water courses and streamlets termed "Handlers" in those parts of the malnad. If they are to be resumed within 50 yards of the streamlets, the estates will have to be stripped of their most precious portions and such resumption will reduce the value of those estates very considerably. The grants were made unconditionally. Once the land was granted and became private property, Rule 19 of the Forest Rules which is limited to District Forests, ceased to be applicable to it. It is now too late to enforce it. To resume such land will involve very considerable loss to private individuals and will involve heavy compensation to be paid by Government.

3. I would venture to submit—

1. That 50 yard limit may be reserved or the whole ravine reserved in the case of future applications.

(2) That where in any particular locality or in the interest of any important stream, it is necessary to acquire land, though private property, steps be taken for the purpose under the Land Acquisition Act, and

(3) That the Forest Rule 19 should not be applied to lands already granted unconditionally. The question is a serious one and I would beg the favor of very early instructions.

---

(4) Letter No. 3885—362, dated 21st May 1896, from the Conservator of Forests in Mysore.

Referring to Proceedings No. 8234-36—R. 3185 and 8927-30--R. 3451, dated 9th and 31st March respectively, and a communication from the Honorary Secretary, South Mysore Planters,' Association, received with your Memo No. 9204—3557 of 8th April, I have the honor to report that I have refrained from any action in the matter beyond communicating with the Deputy Commissioners, Kadur and Hassan, as I am not clear as to the policy which Government intends to pursue, nor how it can best be given effect to, and hoped to confer with the Dewan and Mr. Thumboo Chetty personally which their absence from Bangalore has prevented.

2. With regard to the general restriction on cutting or burning trees, shrubs, &c., within 50 yards of the banks of hill streams, springs and roads, I may state that my experience is that it is impossible and would be inexpedient to enforce any such general rule.

The old forest and jungle conservancy rules in Madras contained similar provisions but they were always more or less a dead letter and no longer find place in the Rules. If such a restriction could be enforced it would in my opinion keep far too large a proportion of valuable land out of *cultivation whilst to grant a raiyat or planter the adjoining land with such a reservation and no machinery to enforce it is bound to lead to evasion and gradual disappearance of the trees or shurbs which the tenant or purchaser has no interest in protecting.

*36 acres per running mile.

Where reservation is necessary in the interests of the water-supply or otherwise it should, I submit, be definite and applied to specific and clearly defined areas notified as state or reserved forests and protected by an adequate forest staff.

3. The same argument applies to the reservation of wooded areas generally in connection more especially with their influence on the rainfall and water-supply. When situated on the crests or brows of hills and on the head waters of rivers, streams and important feeders, they should on no account be alienated but reserved and protected by Government; but I have always deprecated wholesale reservation, or attempts at reservation, of wood lands on the lower slopes, valleys and plains merely on climatic grounds as unnecessary and seriously affecting the development and welfare of the country.

4. I am naturally the last person to seek to depreciate or minimize the value and importance of forests either from a climatic or economic point of view, and I fully recognize the necessity of regulating the grant and clearance of land and maintenance of the forest growth on the head waters of streams, steep slopes, &c., as most important matters which have too frequently been lost sight of in the laudable desire to "open out the country." I merely venture to place on record a word of warning against going too far in the opposite direction and by too sweeping reservations and harassing restrictions checking the development of industries like coffee, tea and cardamom-planting which it is in every respect the interest of the State to encourage and foster within reasonable limits.

5. It is now generally admitted that whilst the influence of forests on the actual rainfall is problematical their salutary influence on the permanency and regularity of the water-supply and as a protection against floods and erosion is undoubted.

Wholesale clearing especially of upper and steep hill slopes, has doubtless done much damage resulting in floods and subsequent droughts down below from the removal of the cover or sponge, and consequent rush of water. But now that coffee is grown under more or less heavy shade either natural or artificial, such denudation does not take place or is being rectified and one of the chief objections to the grant of forest land for coffee is therefore removed. In fact I have just heard that the Madras Government is actually allowing and encouraging its cultivation in the Reserved Forests on the Shevaroys, and doubtless other hill tracts, subject of course, to certain conditions and periodical inspection and regulation by the Forest Officers.

The arguments with regard to coffee apply equally to cardamoms which require shade and the cultivation of which may therefore be permitted under proper regulation even in the reserved areas.

6. The Government orders under reference appear to contemplate the resumption of forest lands already granted prescribing that "lands already granted for cultivation must be regarded as granted subject to the Forest Rule (No. 19 of 1878) under advertence" and that "Government will be prepared to reserve all such uncleared margin (*i. e.*, 50 yards from each bank or spring) in which private rights may now exist." I must respectfully submit that not only would this appear and be regarded by planters as a very high-handed procedure but the compensation to be paid would be very considerable and I do not think justifiable.

7. It has been suggested by the Deputy Commissioner, Kadur, and concurred in by the Deputy Commissioner, Hassan, that in the first instance we endeavour to indicate on maps the wooded areas on head waters and banks of streams and whether they are still at the disposal of Government or have been alienated, proceeding to reserve after inspection as much of the former class as is necessary and acquire only so much of the latter as appears imperative.

I think this will be the wisest course to adopt. As a specific and typical case, I may refer to Mr. Oliver's land referred to in para 5 of the first proceedings under reference. I inspected this land from above with Mr. Sparkes and Mr. Oliver in March last and was decidedly of opinion that whilst the upper portion should be reserved, there was no objection to the alienation of the lower or its retention by Mr. Oliver.

No experienced planter would fell the upper portion but retain it on account of water-supply and as a windscreen, but we should, of course, guard as much as possible against such areas getting into the hands of inexperienced or reckless men.

8. Referring to the representation of the South Mysore Planters' Association which will have my best consideration when I visit the locality, I think that the general policy and measures above indicated, if adopted and given practical effect to, will represent all that Government can reasonably be expected to do in the matter of regulating the grant of land for coffee, &c.

The Association ask through their Secretary that "before land is sanctioned for auction it be inspected by a competent Forest Officer who shall decide whether it is fit for coffee cultivation."

Supposing we had such officers with ample time at their disposal which we have not, why should they decide whether land is fit for coffee cultivation or not? The purchaser must be the best judge of that and if "by high cultivation" which the Association admit will be necessary, he succeeds in making it pay even if only "during a period of inflated prices," he is sure to have either retained or created shade, and if the land reverts to Government, it will probably be better covered than when it was sold by auction, always presuming that it is inferior land either bare or only covered with scrub jungle, the better

forest land having, where necessary and practicable, been "reserved" under the measures above suggested.

9. I should be sorry to impute anything but disinterested motives to the Association in its anxiety with regard to rainfall and water-supply, but it is not unnatural that planters who have more or less pioneered the industry and invested a large amount of capital in opening out and establishing permanent estates, should view with suspicion and disfavor the efforts of newer and probably smaller men in the same direction resulting in competition in the labor market and possible fall in prices owing to increased supply even if it prove only temporary.

10. It would manifestly be bad policy for the State to attempt to check such competition, but what it can legitimately do and, I have the honor to submit, should do is to give well established planters the right of preemption within certain limits, of land adjoining their estates at a reasonable price and so prevent persons (generally natives) acquiring a few acres on the borders of an estate under shelter of which they follow the lucrative calling of coffee stealers or receivers of stolen coffee.

I think the adoption of such a step would relieve or mitigate a substantial grievance and be of far greater benefit to the planting industry which the Association represents than any attempt on the part of the State to decide in each case of an application for unreserved land whether it is or is not suitable for coffee cultivation

---

(5) Letter No. C. 93, dated 6th December 1896, from the Conservator of Forests in Mysore.

In continuation of my No. 3885—362 of 21st May last, submitting my views on the subject of Government Proceedings No. 8234-36—R. 3185, and 8927-30—R. 3451 of 9th and 31st March, and a communication from the Secretary, South Mysore Planters' Association, received with your O. M. No. 9204—3557 of 8th April, I have the honor to report that I have recently visited some of the malnad coffee tracts and conferred with planters including Mr. J. A. Harris, the writer of the communication above referred to.

2. They are, I may say, unanimous that so far at least, no perceptible diminution in the water-supply has resulted from the grant of land for coffee or cardamom cultivation, and I certainly saw no signs of anything approaching denudation or wholesale clearing which might affect the water-supply; on the contrary looking from a little distance at areas honey-combed with coffee estates, *e. g.*, those in the neighbourhood of Saklespur, Manjarabad in the Hassan and on the outer slopes of the Bababudans in the Kadur district, it is as a rule impossible to discriminate between those under coffee and not. I cannot of course speak personally as to the summer supply of the rivers and streams which it would require accurate observations extending over a number of years to gauge, but think we are bound to accept the assurances of experienced planters that it has not to their knowledge decreased.

These gentlemen strongly urged the hardship which would result from the application of the 50 yards rule which would virtually bar cardamom cultivation altogether and on my explaining my views with regard to specific reservation of head waters, &c., as submitted to Government, they were pleased to express their approval and willingness to co-operate in and respect arrangements to that effect.

3. The Assistant Commissioner, Saklespur, Mr. Bowring, brought to my notice the case of Mr. T. Hunt of the Harlay estate, who had recently purchased land, the cultivation of which had been stopped by the late Deputy Commissioner in accordance with the orders of Government; and as it appeared typical, I inspected the locality on the 16th November along with Mr. Hunt, Mr. Bowring, and the District Forest Officer Mr. Bapu Rao, who was anxious to have instructions on the subject generally.

4. The accompanying *memo* by Mr. Bowring received with the Deputy Commissioner's remarks contains all necessary particulars of Mr. Hunt's case. The 'sholas' applied for and granted to Mr. Hunt after inspection by the District Forest Officer, consist of deciduous forest with a thick undergrowth of the plant locally known as * "Gurkol" and a few reed bamboos. The drainage of the 71 acre and 15 acre pieces being to the east, into the Chettanhalla which is a tributary of the Hemavati, whilst that of the 25 acre piece is to the west into the Yethanhalla which joins the Kemphole river which under another name empties itself into the sea at Mangalore. Nothing has been done in the 71 acre piece beyond opening a nursery in the upper portion, the 15 acre piece has been got ready for planting and the whole of the 25 acre piece suitable for planting has been planted up with cardamoms, not a single tree having been felled. All three pieces fall within the category of wood lands on the head waters of streams and in my opinion act as sponges retaining the moisture which would otherwise run off too quickly in a manner calculated to cause floods possibly followed by diminution in the water in the dry months. Little or no water is, it is true, apparent even now in the little water courses; but as I pointed out to Mr. Bowring and Mr. Hunt, it is there, only a little below the surface, oozing downwards till it appears as a stream or streamlet lower down.

5. It follows that these are in my opinion typical cases of what should be reserved and retained in the hands of Government to prevent the possibility of their being cleared. The question was mooted whether our solicitude should extend to such wooded areas on the western water-shed which have little or no bearing on the water-supply of Mysore. I think it ought as, if the theory is correct, the possible denudation of the head waters might affect injuriously the permanency or regularity of the water-supply in South Canara and afford cause of complaint to the Government of Madras and the Secretary of State.

But from what I saw and know of the conditions under which alone cardamom cultivation can be profitably carried out, I see no objection to all three areas and doubtless others, being leased out for that purpose under the conditions that no trees are felled, only the undergrowth removed. This is what is being done under somewhat similar conditions in some of the Reserved Forests in the Madras Presidency. If this suggestion is adopted the sale to Mr. Hunt should be cancelled and his money returned, the areas being reserved but leased to him in the forest branch for cardamom cultivation only, under special conditions and at such rent as Government may decide, probably Re. 1 per acre would be fair. I solicit very early orders in this particular case which are mainfestly of much importance to Mr. Hunt, who, if my suggestion is adopted, may reasonably be expected to forego any claim for temporary disturbance or interference with his cultivation as he will get his money back and permission to cultivate under favorable terms.

6. With regard to the general question I had an excellent opportunity of explaining my views to the District Forest Officer on the occasion of my visit to Mr. Hunt's land taking the Agare village which consists of a few detached houses or homesteads with paddy flats attached as a typical case. These are really close to the head waters of the Chittanhalla and all above them should be reserved including one little shola which I was informed had been sold or leased. At and below the village the stream becomes more or less perennial and may, I think, be left to take care of itself, any denudation of its banks merely causing a certain amount of loss by evaporation and possibly erosion. In this respect it will be observed that I differ from the present and I believe, the late Deputy Commissioner of Hassan who would grant the upper portions of the wood lands in which no water is visible and reserve the lower in which it

*Note.—This is not the plant described by Mr. Cameron in Forest trees under the Vernacular name of Gorklu or Goorcul "*Tremaorientallis*" the charcoal tree; until we get the flower and fruit it is impossible to identify it with certainty, but it is probably either a *strobilan thes* or one of the *Urticaceæ*, the statement that it dies off periodically tending to connect it with the former.

is more or less perennial, I submit that my view is more in accordance with the accepted theories on the subject, based on experience and observation by experts, though it must not be supposed that the advantages of a woody fringe along the banks of streams, especially in the hot arid plains, are not recognized. They should be secured wherever practicable which is unfortunately rarely. I have also had an opportunity of explaining my views with regard to the Bababudans and Jaggur valley to the District Forest Officer and present Deputy Commissioner, Kadur.

7. But neither officer has really the time, even if he has the proclivities, necessary for a thorough exploration of the ghat forests and determination of what should be reserved with reference to (1) climatic considerations and regulation of the water-supply and (2) supply of timber and minor produce; and I therefore propose to place an officer on special duty for the purpose, proposals regarding which will form the subject of a separate communication. I think action in this direction will secure all reasonable safe-guards against alienation of any Forests which should be retained under Government control to ensure the permanency and regularity of the water-supply whilst adding to our knowledge which is so far almost nil, of the capabilities of those vast tracts of forest as timber producing areas and would respectfully suggest that the Government orders under reference may be modified and the 50 yard rule which has virtually been a dead letter relaxed.

8. In the course of my interviews with Mr. Harris and others, I gathered that there have been instances of parties applying for land really unsuitable for coffee or cardamom cultivation either to resell or clear and dispose of the timber and firewood and relinquish practices which the Association is anxious to put a stop to. At present under Government Notifications marginally noted (*vide* pages 10 to 45 of the Forest Manual) which are somewhat ambiguous and conflicting, planters appear to have the right to fell and convert any trees on their estates *for* their *own* use whether on their estate or elsewhere, in the latter case first obtaining a license to remove either on payment of seigniorage or free as the case may be. This removal *for own use* beyond the limits of the estate appears to have been greatly abused, especially in Kadur, timber and firewood so removed having been freely sold. At the recent Dasara Assembly exception was taken by certain representatives from Kadur to Mr. Sparke's order requiring a license to be obtained in such cases for firewood which they contended did not fall within the scope of the rules; but under clause 7 of the rules published by Notification No. 155, of 14th December 1897, the Dewan held that it did, the definition of "firewood" in a former Notification No. 240 of 31st March 1896, being as I pointed out incomplete and an attempt at an impossibility, firewood really comprising any tree or shrub removed or utilized for burning.

No. 242 dated 24th Mar. 1885
C. No. 6 „ 2nd April 1887.
„ No. 8 „ 24th Mar. 1885.
No. 155 „ 14th Dec. 1887.
„ 39 „ 18th May 1889.
„ 156 „ 14th Dec. 1887.

9. It would, I think, put a stop to the practices complained of by the Associations if the right of user were confined to the estate limits, *all* removal beyond which to entail the taking out of a license beforehand on payment of the prescribed seigniorage according to description, *i. e.*, reserved or unreserved timber, firewood, bamboos, &c. The planters I saw at Saklespur said they would welcome such a rule which would enable them to put a stop to wholesale theft, which they knew was going on from their estates, whilst disposing of such trees as they wished and could sell at a profit subject to the payment of Government seigniorage or royalty; but I gather that elsewhere objection might be taken to such payments on the ground that the trees have been already paid for. Such cases must of course be dealt with specially and there seems nothing to prevent the taking out of a license, free or on payment, prior to removal being insisted upon.

10. In all other cases and future grants of land for coffee or cardamom cultivation, I would prescribe that (1) any area cleared of trees or undergrowth must at once be brought under cultivation, (2) sufficient shade be retained or created, (3) all timber, fire-wood, bamboos, or other forest pro-

duce, removed beyond estate limits, whether for sale or private use, to be subject to obtaining license on payment of the prescribed Government seigniorage, the penalties for breach of such conditions in addition to prosecution under the Forest Rules or Indian Penal Code to be forfeiture of right to the land and liability to assessment from date of sale or lease, instead of three years afterwards which is, I believe, the rule. I would of course stop the practice, where it exists, of disposing of all right to the trees for a nominal sum, but provide for their being acquired at a fair valuation and I would secure to all *bona fide* well established planters the right of pre-emption at a reasonable fixed rate of unoccupied land immediately adjoining their estates referred to in my former letter, a concession which, I am assured, would be greatly prized.

11. I attach a note or summary of my proposals which if adopted, with such modifications as Government and the Planters' Association may think fit and coupled with specific reservation only special cases for cardamom cultivation in the State Forests, and absence of all irksome restrictions elsewhere, will, I think, prove advantageous and satisfactory to all concerned.

Enclosure.

Summary of proposals with regard to reservation of wooded areas surrounding springs or situated on the head waters of streams, crests or ridges of hills and steep slopes and the grant of others for coffee or cardamom cultivation, &c.

All the wooded areas at the disposal of Government surrounding springs or situated on the head waters of streams, crests or ridges of hills and steep slopes to be reserved, demarcated and notified as ghat forests.

Similar areas which have been sold or leased but not cleared to be resumed and reserved only in cases in which it appears absolutely necessary to secure the control to Government.

A Forest Officer to be placed on special duty to select, demarcate and prepare notifications with regard to such areas in communication with the Local Revenue and Forest officials and under the Control of the Deputy Commissioner. Such areas reserved for climatic consideration and regulation of the water-supply to be leased out for coffee or cardamom cultivation under such conditions as the Conservator of Forests with the approval of Government may prescribe. The grant of other unreserved lands for coffee or cardamom cultivation to be subject to (1) bringing under immediate cultivation any land cleared of the trees or undergrowth; (2) the retention or planting of sufficient trees for shade (the District Forest Officer's decision as to what is sufficient being final); (3) the purchaser or lessee to be entitled to utilize any tree (other than sandal) for his own use or that of his servants within the limits of the estate beyond which no timber, firewood or other forest produce to be removed, whether for own use or sale without obtaining a permit on payment of seigniorage from a duly authorized Government officer; (4) the purchaser or lessee to have the right of pre-emption at a reasonable fixed rate of unoccupied land immediately adjoining his estate without its being exposed to public auction.

The penalties for breach of conditions (1) and (2) to be, liability to rent (kandayam) from date of purchase or lease and forfeiture of the land without compensation; and for breach of condition (3) prosecution under the Forest Rules of 1878.

Enclosure No. 41, *dated* 18*th November* 1896, *from Mr. P. F. Bowring, Assistant Commissioner, Manjarabad.*

MEMORANDUM.

In connection with the enclosed letter of Mr. Hunt, I proceeded to Harlay and from thence to survey No. 39 in the Jambardi village on the 6th instant.

The facts of the case as ascertained are as follows:—

Mr. Hunt on 14th May 1894, darkhasted for part of Survey No. 39 in the Jambardi village. The same was measured into three separate pieces, one of 71 acres and 25 guntas, another of 15 acres, and the third piece into 25 acres. The 71 acre and the 15 acre pieces were given the No. 215, while the 25 acre piece was called No. 216.

It was then put up for sale and sold at public auction to Mr. Hunt who paid Rs. 1,110 for the same.

Previous to this, it would appear, that the District Forest Officer inspected the land in question and recorded it as his opinion, that there was no objection to the land being given out for cardamom cultivation from the Forest Department's point of view.

Accordingly a recommendation was made to Government who accorded their sanction to the grant of the lands under the Coffee Rules. The sale was confirmed by the Deputy Commissioner and the same intimated to Mr. Hunt, in the Deputy Commissioner's No. 1465, dated 24th March 1896.

Sagavali chit was sent to Mr. Hunt on 31st March 1896, by the Amildar of the taluk. Mr. Hunt then appears to have commenced the cultivation of cardamoms and to have planted out the 25 acre piece (No. 216) as well as started a nursery of 30,000 plants in the 71 acre piece and cleared the 15 acre piece (No. 215). In the early part of May 1896, a communication was received by Mr. Hunt from the Deputy Commissioner, stating that in accordance with recent Government Proceedings it was necessary to cancel the grant of land Nos. 215 and 216 out of Survey No. 39 in the Jambardi village as it was one of the important spring heads of the Chittanhalli stream, and requesting Mr. Hunt, to refrain from entering upon the land, or incurring any expenditure in cultivating it and stating that the price paid for the land would be refunded.

To this Mr. Hunt objected on the grounds that he had already spent a considerable amount of money on the land in cultivating it and erecting buildings &c.

In reply to this, the Deputy Commissioner informed Mr. Hunt that Government did not wish to resume the whole of the land but only a 50 yard strip on each side of the bank of the water courses, and that the proportionate amount paid in the auction sale would be refunded.

In this state the matter appears to be now. Mr. Hunt is apparently still in possession and no agreement satisfactorily arrived at.

As above stated I inspected the spot on the 6th instant and found that a considerable amount of the land has been planted up with cardamoms *viz.*, the 25 acre piece No. 216 and that a big nursery and the other 15 acre piece cleared in No. 215, as well as two or three huts erected on the land.

I noticed that the streams in question had a very small supply of water running in them which in another month or so would not run at all, in fact it was pointed out to me that last hot weather a well had to be sunk near the nursery to provide water for the young plants as there was no water running at the time.

It was also noticeable that where cardamoms had been planted the jungle trees had not been cut down at all, all that had been done was the removal of the shrub known as the "Gurkal gidda" and the "Wattu," bamboos which the cardamom plants themselves would in a very short space of time replace. In short, from what I saw, it appears to me that the summer supply of water to the rivers below, cannot in any way be affected by the growing of cardamoms close to the banks of the stream, the jungle trees are not cut, but simply the undergrowth which is replaced by the cardamoms, no that the jungle is practically in the same condition as it was before.

On the 15th instant, as Colonel Campbell Walker, the Conservator of Forests in Mysore, was in camp at Saklespur, I represented the matter to him and as he considered that Mr. Hunt's case was a typical one, I proceeded to the spot again on the 16th instant with him.

The jungle or country at this point is known by the name of "Ungode" and the peculiarity of it is, that it is the dividing ridge between the two watersheds, the water rising on the right in No. 215, flowing to the east and eventually into the Hemavati, while that rising on the left runs down the ghat to the west coast.

As on my previous visit we found very little water running in the ravines, while many of them were quite dried up.

It was pointed out that the undergrowth known as the "Gurkal gidda" flowers once in seven years and then dies and that next year this would happen. This shrub appears to be the principal undergrowth in the ravines in these parts and is the only thing with the "Wattu bamboos" that it is necessary to remove to allow of cardamom cultivation, and as I have before remarked I don't think that cardamom cultivation by itself can affect the water-supply so long as the jungle trees themselves are not cut.

The present order regarding the reservation of 50 yards from the banks of jungle streams, &c, I respectfully submit, should be considerably modified or altered. As the order at present stands it is much too general and to be consistent and carry it out, it would be almost impossible to give out any more lands in Manjarabad for coffee cultivation, as in nearly all cases where land is applied for, for this purpose, little streams or rivulets will be found, which although they can hardly in any way affect the water-supply, have to be reserved according to the order, the result being that people will not take up the land, thus causing a considerable loss to Government as well as preventing the opening up of the country; and moreover, it will be necessary, as the order now is, to resume lands in very many places which would cost Government large sums of money in compensation.

The order in question, I presume, was meant to protect the jungles at the head waters of streams, as owing to the present rules under which lands are given out for coffee and cardamom cultivation, there is nothing to prevent a man who has taken up lands under these rules from cutting down the jungle altogether thus doing incalculable damage.

I would, therefore, respectfully suggest that new rules for cardamom cultivation be drawn up, which, while allowing the cultivation of cardamoms right down the banks of the streams, would at the same time prevent the cutting and felling of any jungle trees and only allow the removal of the undergrowth for this purpose.

In Mr. Hunt's case, I would recommend that Government be asked to cancel the order of the Deputy Commissioner resuming his land and that he may be allowed to remain in possession.

As the Conservator of Forests has visited this place, his opinion may also be obtained on the subject as the matter affects both the Forest and Revenue Departments.

ENCLOSURE.

Letter from the Deputy Commissioner of Hassan.

As this is a question which has to be settled in consulation with the Conservator of Forests, and Colonel Campbell Walker has also inspected the locality, this shall be forwarded to him.

If such "Havals as the one under consideration are reserved there will be scarcely any good jungle worth taking up for coffee or cardamom cultivation. It is no doubt desirable and necessary to conserve the jungle to a certain distance from the head waters of perennial streams but no object is gained by reserving to Government 50 yards of land on both sides of small and *temporary* rivulets. There is scarcely any coffee estate without such cavities through which water oozes or flows during, and for a short period after, the monsoon but during the hot season they are quite dry.

Either coffee or cardamom cultivation requires tree shade and so far as tree felling is concerned in such cases the objection is not based upon facts. The spongy nature of the land may in some measure be affected but as regards the hollows of the kind above mentioned, this does not in any way affect the water-supply of any large streams.

From my experience of the plantations on Bababudan Hills, I can say that there is scarcely a coffee estate without three or four such cavities. If the rule of reserving 50 yards is enforced, the best portions of the estates will have to be given up. It is therefore necessary to restrict the application of the rule to streams of perennial nature feeding rivers or other irrigation works.

ENCLOSURE.

Letter from Mr. Hunt to the Assistant Commissioner, Manjarabad.

I beg to draw your attention to the fact that the question of my retaining the land bought by me in the Jambaradi grama in April 1895, is still unsettled, no further action is being taken by Government. I shall feel much obliged if you can get the matter finally settled as also several darkhasts that are pending.

---

(6) Letter No. C. 129, dated 6th January 1897, from the Conservator of Forests in Mysore.

C. No. 39, dated 30th October 1896.
C. No. 93, dated 6th December 1896.
C. No. 107, dated 15th Dec. 1896.

Referring to Government Proceedings No. 8234—R. 8135, and 8927-30—R. 3451 of 9th and 31st March and in continuation of my letters on the subject marginally noted, I have the honor to submit copy of a communication from the District Forest Officer, Mysore, received with Deputy Commissioner's endorsement No. 468 of 23rd ultimo, reporting on the clearances made within 50 yards of streams and rivers in that district.

2. It would clearly be impossible to reserve such extensive areas which could only be done at a vast expenditure and I trust Government will agree with me, is unnecessary. The orders quoted above, and Forest Rule 19 of 1878 will I submit, have to be modified or rescinded.

ENCLOSURE.

Letter No 237, dated 18th December 1896 from the District Forest Officer, Mysore.

Conservator of Forest's docket No. 3453-60—117, dated the 11th April 1896, forwarding copy of Government Proceedings No. 8234-36—R. 3185, dated the 9th March 1896, *in re* observance of the Forest Rule (No. 19 of Rules of 1878) prohibiting clearings within fifty yards of springs, streams, &c., and requesting District Forest Officers' prominent attention to the rules and report of cases in which the observance of the above rule has been violated and remedial measures that may be adopted in each of such cases with remarks of Deputy Commissioner.

With reference to the above, has the honor to submit herewith copy of statement received from the Range officers showing jungle clearance in each range against Rule 19 of 1878.

2. As regards the Hunsur Range, the Range Officer says that a strip of some 20 miles along the river has been cleared within 50 yards of Lutchmanthirta river.

3. Similarly in the Surgur Range 28 miles of the strip have been cleared along the Kapila and 25 miles along the Brugu.

4. In the Kakankote Forest 10 miles and 7 furlongs along the Kapila and in the Metikuppe Forest 12 miles and 7 furlongs along the Taraka, a tributary of the Kapila, have been cleared.

5. In the Gundal Range in the Berambadi State Forest, kurbars have made Kumri clearings along the Soradahalla, a tributary of the Mayor.

6. Mr. Randolph H. Morris has made clearings in his Biduguli Coffee Estate along perennial jungle streams forming tributaries of the Honhole which flows into the Swarnavatti.

7. It is the humble opinion of the undersigned that the fatal mistake was mad when the rule under notice was ignored and the lands were first given out for cultivation. There is no law to compel the occupants of such lands to plant them up again with trees. All that can be done is to prevent in future by issue of circular orders to the Amildars the grant of such lands for any kind of cultivation.

Enclosure to the above.

Statement showing the extent of lands cultivated within 50 yards of springs and streams, &c., in Kakankote Range, and Sargur Range:—

Forest.	Taluk.	Hobli.	Village.	Name of the river.	Extent cultivation. Miles.	Extent cultivation. Fur.	Remarks.

(7) *Letter No.* 3122—242, *dated* 27*th February* 1897, *from the Conservator of Forests in Mysore.*

In submitting the enclosed correspondence* in original (to be kindly returned), I have the honor to solicit attention to para 5 of my Camp No. 93 of 6th December last, and the favor of very early orders on the subject regarding which I also addressed you D. O. at the time.

*Deputy Commissioner's letter No. 1114, dated 17th February 1897. (Registered No. 3289—122, with its enclosure.)

2. If my suggestions commend themselves to Government the sholas granted to Mr. Hunt would be resumed and reserved and the money he paid for them refunded but he would be permitted to cultivate cardamoms in them or part of them under leases in the forest branch containing special conditions to safeguard the trees and cover.

ENCLOSURE.

Letter No. 1114, *dated* 17*th February* 1897 *from the Deputy Commissioner, Hassan District.*

In forwarding herewith a letter, dated 4th instant, from Mr. Thomas Hunt of Harley Estate, in the Manjarabad taluk, in the matter of the grant of Survey Nos. 215 and 216 of the Jambaradi village, I have the honor to state that if the resumption of these lands or a portion of them is decided upon under the recent orders of Government, conveyed in Proceedings No. 8927-80—R. 3451, dated 31st March 1896, I think it necessary to take action at once, under the Land Acquisition Regulation, as Mr. Hunt says he could only wait up to the end of March next, after which date he would re-commence clearing as he would otherwise lose the benefit of the 1897 monsoon for planting.

2. As you have been of opinion that it is not necessary to resume the land in question and addressed the Government with that view, I have made this reference through you. I request that you will move the Government for early orders.

ENCLOSURE.

Letter, dated 4th instant, from Mr. Thomas Hunt of Harley Estate in the Manjarabad Taluk.

The late Mr. Krishnaswamaiengar, Deputy Commissioner of Hassan district, asked me as a personal favor in May 1896, to refrain from clearing Survey Nos. 215 and 216 of the Jambaradi grama, owing to some order of Government, which might necessitate the re-acquiring of the said land under the Land Acquisition Act. When I acceded to his request, I never anticipated that Government would delay the matter so long, nor that I should lose the benefit of the 1896 monsoon . . planting. I now beg to inform you that the length of time to which I am willing to oblige Government, in this matter will not extend beyond the 1st April next after which date I shall re-commence clearing, otherwise I shall lose the benefit of the 1897 monsoon for planting.

---

(8). *Letter No.* 1—C, *dated* 27*th May* 1897, *from the Superintendent of Revenue Survey in Mysore.*

I have the honor to acknowledge the receipt of your letter No. 7590—R. F. 34-96, dated the 29th April 1897, forwarding in original, certain papers, herewith returned with my opinion, on the subject of the reservation of lands from coffee or cardamom cultivation within 50 yards of springs, hill streams, &c., as well as other matters, notably the marking off on the village maps and reserving all wooded areas, now at the disposal of Government, which surround springs, or are situated on the head waters of streams, crest or ridges of hills and steep slopes.

2. I will first give my opinion upon the 50 yards Rule as I will call it. So far as I can gather from the correspondence, Mr. R. H. Elliot is alone, amongst officers and planters, consulted on the subject, in advocating the application of the rule in question, I myself regard the application of the 50 yard rule to lands already granted for cultivation, even although it apply only to future clearings within the prescribed limit (see Para 5 Government Proceedings No. 8927-30—R. 3451, dated 31st March 1896), as a measure of a very harsh

and unpolitic nature. It is in short, in my opinion, quite unworkable. Even Mr. Elliot himself takes a more moderate view (Paper II Para V) of what Government can, or should do, in resuming, acquiring, lands already granted even subsequent to 1878.

3. Even as regards land to be granted or sold, in the future, for coffee cultivation, the effect of the application of the 50 yard Rule would be so deterrent that the spread of coffee cultivation would be at an end. No one would take up land so handicapped.

4. The application of the 50 yard Rule, in Maidan taluks, need only apply to unoccupied lands where scrub and trees, such as the Honge, which have naturally gathered round the stream, should be strictly forbidden to be cut. In occupied lands the occupants themselves have always done and always will do, more for the shade of the streams, by the cultivation they undertake such as cocoanut, panvel and other trees, than any restrictive policy of Government could do. Imagine the streams deprived of the shelter which the raiyats have themselves created for them, sometimes represented by many miles of thick gardens, and what a desert we should have!

5. The reservation, for the future (not the resumption of land already granted, for that I regard as utterly wrong as well as impracticable) of, as Colonel Campbell Walker says "the wooded areas surrounding springs or situated on the "head waters of streams crest or ridges of hills and steep "slopes" is a "very different matter and is in my opinion advisable. Mr. Elliot says "(Paper II Para X) all that need be done *at once* is to resume the head "water ravines which have been sold on the slopes and crests of the Western "Ghauts and about which there can be no doubt whatever" He sounds a "very unnecessary note of alarm, in my opinion, and speaks of the water-supply "of Mysore being ruined, and then tells us (Paper II Para IX) that "the cost "of resumption to the Government (of lands on the slopes of the Western "Mountains) will "be very trifling, as the total area taken up is *extremely* "*small.*" Surely this admission points to caution for the future as sufficient.

6. I make no remark upon Mr. Elliot's views on the effect of cardamom cultivation in causing floods, &c. He has evidently studied the subject and knows much more of it than I do so far as my limited observation goes, Mr. Elliot seems to be right. Certainly in my opinion the giving out of land for cardamom cultivation at all, is inconsistent with reservation.

7. All that in my opinion we have to do is, in all future applications for land, to make sure that land coming under Colonel Campbell Walker's description, as quoted at Para 5 above, is reserved.

8. Colonel Campbell Walker proposes to put a Forest officer on special duty, to select and demarcate such areas. If he does so and sends me a list showing survey number and, approximately, what portion of it is to be reserved, I will have the necessary measurement carried out. The Conservator of Forests suggests that lands, thus reserved, may be granted for coffee and cardamom cultivation. Here I quite agree with Mr. Elliot that lands if reserved cannot safely be given out for cultivation at all. As regards other lands, not reserved, the Conservator proposes that even they should be subject to certain conditions. I really do not see why the usual terms, embodied in our title deeds, upon which land is granted for coffee cultivation are not sufficient. We have issued title deeds which are tantamount to a guarantee and I am not aware that any inconvenience to any one has arisen.

9. I presume that it is considered too troublesome to deal with each application separately. Personally I am not in favour of these once-for-all inspections and preparation of registers committing Government in advance, so to speak. I would much rather see each case fairly dealt with as it comes up. I should not think it required a Forest Officer to decide whether any land applied for came under the head of "wooded area surrounding springs, head water of "streams crest or ridges of hills and so forth." The Deputy Commissioner and his Assistants are quite capable of judging on those points.

10. I would urge that the minimum area for which coffee and cardamom applications should be entertained, should be greatly raised. Applications for very small areas especially for cardamom cultivation, are always suspicious, and deep steep ravines are often selected, and more over the choicest bits of them. Raising the minimum would reduce the number as well as the risk of applications and the good old practice of the revenue authorities making themselves acquainted with the full particulars of every application would be feasible.

11. All this fresh demarcating and spliting up of survey numbers involves much trouble. I am not objecting to any trouble which is really necessary, but, in the present case, the Forest Officer after his inspection and selection of the land to be reserved might, *without demarcating*, furnish the Revenue Officers with a list in the following form :—

Village.	Survey No.	Area.		Remarks.
		A.	g.	
...	1	200	0	100 acres in the northern portion of this number should be reserved.
...	10	410	0	100 acres in the eastern portion to be reserved.
...	16	300	0	Wholly reserved and so on for each village.

The Revenue Officers will thus know what survey numbers are *not* reserved and their enquiry (special) will be limited to those survey numbers which are wholly or partially reserved. It is time enough to break up and measure new survey numbers when the occasion arises.

12. To sum up my views—

(*a*) The 50 yard Rule is impracticable in coffee lands, present or future, or in any occupied lands: it can only be exercised in unoccupied land whether forest, open lands in the maidan country or any unoccupied tracts, anywhere.

(*b*) The reservation of wooded areas round springs, head-waters, high crests and land necessary to the general economy of water should be for the future enforced.

(*c*) With the object of *b*, above, bits of survey numbers. but without demarcations, to be prepared as suggested at para 11, and given to the Revenue Officers by the Forest Department.

(*d*) The minimum area for which applications for coffee and cardamom cultivation will be entertained to be considerably raised.

(*e*) The existing terms as embodied in the coffee title-deeds are sufficient.

No. 6172-81—R. F. 34-96, DATED BANGALORE, 14TH DECEMBER 1897.

ORDER THEREON.—With regard to resumption and reservation, as required by the Government Order of 31st March 1896, of an uncleared margin of 50 yards of forest land on either bank of springs, streams, &c., in lands already granted for cultivation, there is a consensus of opinion that the measure would not only involve considerable hardship to the planters concerned, but also prove costly to Government which will have to pay heavy compensation for the acquisition of what has come to be regarded as private rights. The Conservator of Forests states further that, on visiting some of the malnad coffee tracts, he saw no signs of anything approaching denudation or wholesale clearing which might affect the water-supply

and he accordingly supports the unanimous opinion of experienced planters, that no perceptible diminution in the water-supply has resulted from the grant of land for coffee or cardamom cultivation. He suggests *inter alia* that all the wooded areas, at the disposal of Government, surrounding springs or situated on the head-waters of streams, crests or ridges of hills and steep slopes be reserved, demarcated and notified and that similar areas in private occupancy be acquired and reserved only in cases in which it appears absolutely necessary to do so, in the interests of water-supply.

2. Government generally concur with the above views regarding lands already occupied and accordingly direct, in modification of the instructions conveyed in para 5 of Government Order No. 8927-30—R. 3451, dated 31st March 1896, that only such of the lands already granted for cultivation as may be considered absolutely necessary to reserve to Government, be acquired under the Land Acquisition Regulation. The Deputy Commissioners should, in the first place, issue necessary instructions to get such areas selected after a careful inspection by the Local Revenue and Forest Officers and submit for the orders of Government a list thereof, and of the amount of compensation payable therefor. After the acquisition and reservation are made as above, the reserved areas should be properly demarcated and specified in the village accounts and maps.

3. As regards future grants Forest Rule 19 and the Government orders above cited should be enforced as strictly as may be deemed desirable, reservation being made on a liberal scale of what may be required for the maintenance of springs, streams, &c., and the portion thus reserved being durably demarcated and specified in the village accounts and maps.

4. The preliminary enquiries as regards such reservations will be conducted in the manner suggested in para 11 of the Survey Superintendent's letter No. 1—C, dated 27th May 1897, as noted below—

11. All this fresh demarcating and splitting up of survey numbers involves much trouble. I am not objecting to any trouble which is really necessary, but in the present case, the Forest Officer after his inspection and selection of the land to be reserved might, without *demarcating* furnish the Revenue Officers with a list in the following form:—

Village.	Survey No.	Area.		Remarks.
		A.	g.	
...	1	200	0	100 acres in the northern portion of this number should be reserved.
...	10	410	0	100 acres in the eastern portion to be reserved.
...	16	300	0	Wholly reserved and so on, for each village.

The Revenue Officers will thus know what survey numbers are *not* reserved and their enquiry (special) will be limited to those survey numbers which are wholly or partially reserved. It is time enough to break up and measure new survey numbers when the occasion arises.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Deputy Commissioners of Districts.
The Superintendent of Revenue Survey in Mysore.

Bgd.—S.A.R.

READ:—

(1) Correspondence ending with letter No. 1214—1031, dated 17th May 1897, from the Deputy Commissioner, Shimoga district, regarding the appropriation for coffee cultivation of six acres of land out of gomal Survey No. 64 in the Balehalli village, Agumbi hobli, Tirthahalli taluk.

(2) This office No. 11070—R. 3674, dated 18th June 1897, inviting the views of the Superintendent of Revenue Survey as to whether the minimum area prescribed for the grant of land for coffee cultivation in Government Proceedings No. 13450-2—R. F. 261-92, dated 31st January 1893, may not be raised to 10 or 15 acres in parts like those referred to by the Deputy Commissioner.

(3) Letter No. 6, dated 2nd July 1897, from the Superintendent of Revenue Survey in Mysore.

I have the honor to acknowledge receipt of your letter No. 11070—R. 3674, dated 18th June 1897, forwarding correspondence ending with Shimoga District Deputy Commissioner's letter No. 1214—1031 of the 17th May 1897, and requesting my opinion as to whether the minimum area prescribed for coffee cultivation in Government Proceedings No. 13450-2—R. F. 261-92, dated 31st January 1893, may not, in such parts as those referred to by the Deputy Commissioner, be raised to 10 or 15 acres instead of five acres as at present.

2. The Deputy Commissioner's letter above quoted refers to the village of Balehalli in the Tirthahalli taluk. I am not aware of any reasons, nor does the Deputy Commissioner give any, for prescribing a higher minimum for coffee cultivation in that taluk than in any other taluk, but I am certainly of opinion that the minimum in question should be raised, to apply to all parts of the province.

3. In the original Order of Government No. 3632-70—98, dated 2nd August 1881, directing a settlement of coffee lands, the terms laid down did not include any ruling as regards the minimum to be observed as regards future applications, but No. 9 of the proposed terms contemplated a far larger area, below which relinquishment would not be allowed, than bears any reasonable proportion to the present minimum of 5 acres for new coffee land taken up. Subsequently by Government Proceedings No. 19451-9—R. 2065, dated 12th May 1894, the limit of relinquishment was reduced to 15 acres which was also fixed as the limit for transfers of coffee land.

4. In my letter No. 1—C., dated 27th May 1897, in writing on the subject of reserving from coffee and cardamom cultivation, all land within 50 yards of hill springs, hill streams, &c., and on other matters, I stated as my opinion that a very effectual modification of the evil of applicants taking up little choice bits of head-water ravines, jungles near springs, &c., would be to considerably raise the minimum area for which applications for coffee cultivation should be entertained.

5. Having regard to the average size of coffee holdings as compared with those of ordinary dry lands, I do not think that a minimum of 15 acres for the former would be too high. In the Land Revenue Rules, in the case of ordinary kinds of cultivation, *viz.*, dry, wet and garden, the limit for taking up land and relinquishing land is identical.

6. It is of course probable that instances may occur of small isolated bits of land suitable for coffee cultivation being below the minimum. The applications for such land would have to be refused and thus some small loss of revenue might occur. On the other hand there is much to be said in favor of raising the minimum.

7. The alteration of the minimum from 5 acres to 15 acres would not of course affect the Rules under Appendix E to the Land Revenue Rules, especially Rule 12.

8. The enclosures received with your letter under reply are herewith returned.

No. 5934-42—R. F. 1-97, DATED BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—Government agree with the Superintendent of Revenue Survey, and direct that in modification of Government Order No. 13450-2—R. F. 261-92, dated 31st January 1893, the minimum area to be granted for coffee cultivation shall be fixed at 15 acres, which is the minimum area fixed for the subdivision of lands held on coffee tenure for purposes of relinquishment and transfer (*vide* Government Proceedings Nos. 19490—R. 2066, dated 14th May 1894 and 22960-8-R. F. 176—93-94, dated 10th June 1895).

2. In exceptional cases, however, in which the minimum area of 15 acres is not available in any particular locality, the Deputy Commissioner may submit the necessary recommendation for the special orders of Government.

3. The present application for six acres of land submitted by the Deputy Commissioner cannot be sanctioned.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Deputy Commissioner, Shimoga District, returning the vernacular papers.
The Superintendent of Revenue Survey in Mysore.
The Deputy Commissioners of other Districts.

READ:—

Letter No. D—727, dated 29th November 1897, from the Deputy Commissioner, Bangalore district, submitting an application from one Venkatnarasappa of Ramasamudra village, Bangalore taluk, for a loan of Rs. 500 under the Land Improvement Loans Regulation, IV of 1890, for improving his land Survey No. 5, measuring 5 acres and 26 guntas, and assessed at Rs. 40, situated in the said village, and recommending the grant of the loan applied for.

No. 5348-9—R. 1757, DATED BANGALORE, 17TH DECEMBER 1897.

ORDER THEREON.—The loan of Rs. 500 applied for is sanctioned subject to repayment in ten years with interest at 5 per cent per annum. The Deputy

Commissioner is requested to see that necessary documents are obtained in the prescribed form. The specification of the different items of the work of improvement and the cost for each such item is not full or complete. The Deputy Commissioner is requested to see that the whole of the money is utilized for the purposes for which the loan has been sanctioned, and he will be able to do so only if he will have a full and detailed specification.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Bangalore District.
The Comptroller, Mysore Government.

No. 5458-65—R. 1792, DATED BANGALORE, 20TH DECEMBER 1897.

ORDER.—The accompanying abstract statement prepared from the returns furnished by the Deputy Commissioners from time to time, shows the itineration made by Amildars and Deputy Amildars of the province during the official year ending 30th June 1897.

2. Government attach very great importance to the steady and systematic inspection tours of Amildars and Deputy Amildars into the interior of their taluks. It is only by coming into frequent contact with people on occasions of such tours that the taluk officers will be better understood by them. They will also learn the wants of the people much more readily than by means of correspondence through subordinate officials. As taluk executive officers they will be able to do an immense deal of miscellaneous work, such as the inspection and rectification of boundary marks, inspection of tank bunds, improvement of village sanitation, verification of pahani and other statistics collected and recorded by village officials, and many others too numerous to mention. The object which the Government have in view in prescribing such tours is that every part of the taluk may receive an equal share of the taluk officer's personal attention, and this object will only be secured if an Amildar or Deputy Amildar goes out into camp for a fixed number of days in each month regularly according to a programme which he ought to lay down so as to bring every part of the taluk within the scope of his tour. For the present, Government consider that the period during which an Amildar or Deputy Amildar should thus camp out in a month should not be less than ten days.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

Statement showing the itineration made by Amildars and Deputy Amildars of the province during the official year ending 30th June 1897.

*Correct figures as since revised

2. Government observe that the itineration of the Officers marked † in the column of remarks of the statement is not sufficient. Government think that the Executive Revenue Officers might, without inconvenience, extend their touring at an average of not less than ten days in a month. The Deputy Commissioners of districts are requested to favor the Government with their opinions on this point.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

READ :—

Letter No. 851, dated 20th June 1897, from the Deputy Commissioner, Kadur district, submitting, with reference to Government Proceedings No. 14616-18—R. 2121, dated 12th March 1895, a bill for Rs. 148-8-8, being the arrears of potigi due to the village officials of the Jakkere village, Chikmagalur taluk, for their having conducted the duties of their respective offices from 1888-89 to 1892-94.

ALSO—

2. Letter No. 245, dated 25th September 1897, from the Superintendent of Revenue Survey, submitting his views on the subject.

No. 5565-6—R. 1814, DATED BANGALORE, 21ST DECEMBER 1897.

ORDER THEREON.—Government observe that, though this particular case may cause a little hardship as stated by the Deputy Commissioner, it is safe to follow a general rule rather than create an inconvenient precedent. The Government have consistently declined to recognize such claims and, as the present case cannot be allowed to form an exception, they regret that the bill submitted by the Deputy Commissioner cannot be sanctioned.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kadur District, returning the enclosures.
The Superintendent of Revenue Survey in Mysore.

Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

READ:—

Letter No. 342, dated 15th September 1897, from the Deputy Commissioner, Mysore district, submitting an application from V. Krishna Rao, Amildar of the Yedatore taluk, for permission to acquire 18 kandis and $2\frac{1}{16}$ kolagas of wet land in the Kodagahalli village of the T. Narsipur taluk, and stating that he has granted the permission in anticipation of Government sanction as the land is situated in a taluk different from that over which he has jurisdiction as Amildar.

No. 5680—R. 1847, DATED BANGALORE, 23RD DECEMBER 1897.

ORDER THEREON.—Sanctioned, with the observation that in a matter of this kind where the price is to be paid, not at once, but in a large number of instalments, the sanction of Government should not have been anticipated.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Mysore District.

READ THE FOLLOWING LETTERS:—

1. Letter No. 299, dated 7th November 1896, from the Superintendent of Revenue Survey.
2. Letter No. 823, dated 13th November 1896, from the Deputy Commissioner, Mysore district.
3. Letter No. 418—384, dated 26th November 1896, from the Deputy Commissioner, Chitaldrug district.
4. Letter No. 635—531, dated 15th December 1896, from the Deputy Commissioner, Shimoga district.
5. Letter No. 419, dated 11th January 1897, from the Deputy Commissioner, Kadur district.
6. Letter No. 2809—700, dated 23rd January 1897, from the Deputy Commissioner, Kolar district.
7. Letter No. 917, dated 5th April 1897, from the Deputy Commissioner, Tumkur district.
8. Letter No. 1163, dated 10th May 1897, from the Deputy Commissioner, Bangalore district.
9. Letter No. 302, dated 14th September 1897, from the Deputy Commissioner, Hassan district.

No. 5683-91—R. F. 30-97, DATED BANGALORE, 23RD DECEMBER 1897.

ORDER THEREON.—The correspondence read above relates to the minimum number of plants to be planted on each acre of land granted for garden cultivation under the Shraya Rules contained in Appendix I to the Land Revenue Rules.

2. The Deputy Commissioner, Bangalore district, states that it is undesirable to prescribe any hard and fast minimum in the matter of the plantation in question, as a great deal depends on the elevation, humidity and other conditions of the soil and that as a tentative measure the minimum of 500 arecanut trees or 100 cocoanut trees per acre may be prescribed for his district.

3. The Deputy Commissioner of Kolar states that as garden cultivation is not carried on to any considerable extent in his district and as no grant of land under the Shraya Rules has been made or applied for, there are no data for coming to a decision regarding the minimum in question and that the minimum fixed in the adjoining districts may be made applicable to his district also, or the matter left to be decided by the District Officer with reference to the practice locally prevailing.

4. The Deputy Commissioner of Tumkur proposes a minimum of 25 cocoanut and 250 arecanut plants per acre.

5. The Deputy Commissioner, Mysore district, reports that the number of trees to be planted depends upon the local practice and the capability of the land,

and that any rule prescribing the minimum number of trees to be planted may tend to discourage private enterprise and defeat the object of the liberal rules in question.

6. The Deputy Commissioner of Hassan fixes the minimum number of arecanut plants at 300 per acre and that of cocoanut trees at 30 per acre.

7. The Deputy Commissioner of Shimoga is of opinion that 600 arecanut or 50 cocoanut trees per acre may be fixed as the minimum.

8. The Deputy Commissioner of Kadur states that the following minima may be prescribed for his district:—

	Cocoanut trees per acre.	*Arecanut trees per acre.*
For malnad taluks ...	15 ...	... 250
For maidan taluks ...	25 ...	... 300

9. The Deputy Commissioner, Chitaldrug district, states that the minimum may be fixed at 200 areca trees and 20 cocoanut trees per acre.

10. The Superintendent of Revenue Survey is of opinion that no minimum need be prescribed as the self-interest of the applicant is the best guarantee that the land will be applied for the purpose for which it was taken up, that local practice in the matter is the best guide and that the question whether the land is entirely planted up or not can be best settled by inspection of the land in question.

11. Government concur with the Superintendent of Revenue Survey in his opinion and direct that no minima need be prescribed in the matter and that it must be left to the discretion of the Deputy Commissioner guided by local practice to judge whether the conditions of the grant with regard to the planting up of land given under the Shraya Rules have been complied with or not.

C SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Superintendent of Revenue Survey in Mysore.

READ:—

Government Order No. 7740-8—R. 2302, dated 8th March 1897, inviting opinions in regard to the levy of a fee for granting extracts from the Rozkhirdi (Village Account Form No. 2) to persons interested in an occupancy and paying kandayam on that account on behalf of the registered khatedars.

2. Also:—The following letters from the Deputy Commissioners of districts and the Superintendent of Revenue Survey, submitting their opinions on the subject:—

Letter No. 792, dated 24th March 1897, from the Deputy Commissioner, Tumkur.
Do No. 995—876, dated 24th March 1897, from the Deputy Commissioner, Shimoga.
Do No. 635, dated 26th March 1897, from the Deputy Commissioner, Kadur.
Do No. 665, dated 30th March 1897, from the Superintendent of Revenue Survey.
Do No. 785—725, dated 7th April 1897, from the Deputy Commissioner, Chitaldrug.
Do. No. 4318—990, dated 1st May 1897, from the Deputy Commissioner, Kolar.
Do No. 1278, dated 7th June 1897, from the Deputy Commissioner, Bangalore.
Do No. 71, dated 13th July 1897, from the Deputy Commissioner, Mysore.
Do No. 206, dated 23rd August 1897, from the Deputy Commissioner, Hassan.

No. 5789-97—R. F. 20-97, DATED BANGALORE, 29TH DECEMBER 1897.

ORDER THEREON.—Government are not inclined to charge any fee at once. The Deputy Commissioners are requested to report at the end of one year, from the date of the receipt of this order, the number of receipts of the kind granted under this order.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Superintendent of Revenue Survey in Mysore.

No. 5781-8—R. F. 11-92, DATED BANGALORE, 29TH DECEMBER 1897.

ORDER.—Government notice with regret that the delay on the part of the Deputy Commissioners in submitting the statements of crop experiments made during the year 1896-97 caused much undesirable delay in the preparation in this office and the despatch to the Residency of the provincial abstract relating thereto. Government expect District Officers to render their returns and reports punctually on the prescribed dates. While, therefore, the personal responsibility of the Deputy Commissioner in complying with such requisitions is clearly emphasized, it is suggested that the services of an Assistant Commissioner at the head-quarters of the district may be utilized for superintending the working of the Account and Statistical Departments of the Deputy Commissioner's office, the District Sheristadars being strictly warned to enforce the strictest punctuality in such matters, and also to see that the returns rendered are full and accurate.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

Proceedings of the Government of Mysore,

READ :—

The following letter No. 638—36, dated the 27th July 1897, from the Conservator of Forests in Mysore.

Referring to para 2 of your No. 822—Ft. F. 48-96 of 20th instant, I have the honor to submit draft rules *re* appeals which will, I think, secure what is required, *viz.*, the right of one appeal to every subordinate on the permanent establishment punished, pending issue of the Forest Code in which such matters will be more fully dealt with.

2. Mr. Ricketts by his Notification of 18th February 1890, (Forest Manual, page 248) delegated certain powers of appointment and punishment to Deputy Commissioners and District Forest Officers, reserving to himself the right to revise them on appeal. In view to greater efficiency I have found it necessary to withdraw such delegation temporarily so far as it refers to the executive staff, foresters, depôt mustaddis, &c., and take their appointments and punishments into my own hands leaving the clerical and protective staff below Rs. 30 in the hands of the Deputy Commissioners and District Forest Officers, respectively.

3. It follows that under the appeal rules as now drafted every forester and mutsaddi even on Rs. 10 per mensem or forest clerks on salaries exceeding Rs. 15 per mensem, will have the right of an appeal to Government from my or the Deputy Commissioners' orders, which is rather wider than seems necessary but cannot at present be avoided.

4. In framing the Code Rules, I hope to provide, with the approval of Government, for leaving such subordinate appointments to District Forest Officer and Deputy Commissioner subject to certain educational and professional qualifications. They will then be punishable also by the Officer appointing, which will relieve Government of some of the appeals.

No. 5475-83—Ft. F. 98-95, DATED BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—Pending issue of the Departmental Code now under preparation, the draft rules submitted by the Conservator of Forests with the letter read above are approved with the exception of the clause relating to payment of Court fees. The omission of this clause will, however, not exempt petitions of appeal from payment of Court fees, if, under the Court Fees Act, they are required to be stamped. The second clause of Rule 2 relating to appeals to Government is also omitted as it is covered by the words of the preceding clause, namely, "the authority immediately superior to the Officer passing the order".

The rules as now amended and sanctioned will be as follows :—

1. "When any Revenue or Forest Officer passes an order fining, reducing, suspending or dismissing any subordinate Forest Officer on the permanent establishment, he shall record such order or cause the same to be recorded together with the reasons therefor in writing (Kanarese or English) under his signature and furnish a copy of the same to the Officer concerned."

2. "An appeal against such order shall lie to the authority immediately superior to the Officer passing the order and the decision of such authority shall be final."

3. "Appeals shall reach the appellate authority through the proper official channels, and be accompanied by all documents (originals or certified copies) material to the case, failing which they will be summarily rejected".

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Deputy Commissioners of Districts.

READ :—

Letter No. 3483—Ft. F. 23-96, dated 6th October 1897, from the Secretary to the Government, Revenue and General Departments, to the Conservator of Forests in Mysore.

In forwarding herewith an application, dated the 3rd August 1897, from Mr. Hugh S. Lee, Proprietor, Nilgiri Pharmaceutical Company, Coonoor, for the exclusive privilege of distilling sandalwood oil in the Mysore State for a period of ten years, I am directed to invite attention to your remarks in letters Nos 4253—390 and 877—83, dated 12th June and 26th August 1896, respectively, deprecating the grant of such exclusive concessions as the one granted in favor of Mr. Petrie F. Hay of Hunsur, which was thereupon cancelled in Government Proceedings No. 3425—Ft. F. 23-96, dated 20th September 1896, and to request the favor of your opinion regarding the best method of manufacturing sandal oil in Mysore without creating any monopoly properly so called in favor of any particular individual. I am to add that distillation of the oil on a large scale goes on in Canara and there is reason to believe that in connection with these stills much smuggling of Mysore sandal goes on.

2. The Government are of opinion that any attempt or concession to manufacture the oil in Mysore, should be with the object.

1stly of getting the maximum value for the Mysore sandal before any portion of the oil is lost by evaporation;

2ndly of solving *in one way* the question of how to treat the Mysore sandal, *so as not to lose* the oil;

3rdly of supplying the oil itself to the European market by a proper system of manufacture; and

4thly of preventing indirectly the smuggling that goes on, by diverting the custom which keeps the Canara stills going.

(2) Letter C. No. 19, dated 13th October 1897, from the Conservator of Forests.

Referring to your No. 3483—Ft. F. 23-96 of 6th instant, (enclosure returned), I have the honor to suggest that Mr. Lee be informed that for the reasons already given in connection with Mr. Petrie Hay's concession his request on anything like the terms proposed cannot be complied with.

2. I am of course aware of the distillation of the oil in South Canara where the system is very crude and languishing, large quantities of the oil remaining in Mangalore unsaleable on account of its inferior quality. I believe there was considerable theft of sandal from Mysore to supply the South Canara stills but understand that it has decreased and it certainly ought to be possible to prevent it in co-operation with the South Canara Forest officials, especially when our transit rules and augmented establishments are sanctioned.

3. The subject of manufacture or distillation of the oil in Mysore, on which my opinion is requested, is a very large one, which has already had my attention. There is no doubt of the advantages which would attend the development of such an industry with sufficient capital and the most approved machinery, but the difficulty seems to be how to attract the former without conceding terms injurious to the State.

4. I had a good deal of correspondence with an American gentleman interested in the trade last year, who seemed at one time inclined to take the matter up. Eventually, however, he came to the conclusion that considering the low freights on the one hand and the expense of erecting suitable plant and maintaining skilled supervision, on the other, it would pay better to take the sandal to America than to erect and work stills here. I do not think, however, that he attached sufficient weight to the point referred to in your letter, *viz.*, the loss of the oil by drainage.

5. I am still inclined to think that if the conditions were fully understood in Europe or America private enterprise might step in and erect stills without any guarantee or monopoly concession and shall endeavour to have the matter ventilated in the proper channels.

6. I regret that I cannot make any more definite suggestions at present, but the subject will not be lost sight of.

No. 5650—Ft. F. 23-96, DATED BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—Mr. Lee will be informed that his offer in regard to the distillation of sandalwood oil cannot be accepted. It is the policy and evdeavour of Government to attract private enterprise to the industry without any guarantee or monopoly; and the Conservator is requested to make this fact widely known.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.

READ:—

Letter No. C. 133, dated the 26th November 1897, from the Conservator of Forests in Mysore.

With reference to Government Proceedings No. 2573—Ft. 140, dated 4th September 1895, approving and notifying amongst others the boundaries of the Lakkavalli State Forest, I have the honor to state that the District Forest Officer, Kadur reports through the Deputy Commissioner that the northern boundary of the forest requires revision so as to include the teak plantations situated to the north of the Yedahalli-Tarikere high road and that the area of the forest, after such inclusion, will, approximately, be 48 square miles in place of 47¾ already notified. I therefore request that the enclosed revised boundary statement may be kindly approved and notified.

No. 5204—Ft. F. 39-95, DATED BANGALORE, 14TH DECEMBER 1897.

ORDER THEREON.—In modification of Government Proceedings No. 2573—Ft. 140, dated the 4th September 1895, the Government are pleased to direct that a Notification as hereunder be published in the *Mysore Gazette*, and that proclamation of the demarcation and boundaries of the forest be made in the taluk where the forest is situated.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.

NOTIFICATION.

No. 5205—*Ft. F. 39-95, dated 14th December* 1897.

The following revised boundaries of the Lakkavalli State Forest in the *Kadur District*, are published in supersession of those published under Government Notification No. 2574—Ft. 141, dated 4th September 1895.

Name of forest.	Area.	Boundaries.
Lakkavalli State Forest. (Tarikere taluk)	48 square miles, (approximate)	*North*—Yedahalli-Tarikere high road from the 17th mile stone up to the 1st furlong of the 15th mile, the survey limits of Hosahalli village, the river Bhadra, as far as the place where it is joined by Ratawaladahalla, Ratawaladahalla itself as far as the 3rd furlong-stone of the 13th mile on the Yedahalli-Tarikere high road and a demarcation line 30 feet wide running in Kadur kaval close to the survey limits of Hunsunhalli, Upparbiranahalli, Kenchikoppa, Dodkundur and Haruvanahalli villages. *East*—A demarcation line of 30 feet running close to Arakalmatti of Haronahalli grama, Haluhalla, Devarakaluveni, and gadi stones and bandhs. *South*—A demarcation line of 30 feet running close to Sampigekanhalla, Ittergundi, Dandubittahara, gadi bandhs of Save grama and Birekanhalla. *West*—A demarcation line of 30 feet running close to S. Nos. 61, 74 and 91 of Tadasa and Nos 50, 52 and 59 and a part of 60 of Hosahalli and Nos. 30 and 41 of Nandigavi, Marigundi, Kesavinkere, Harinadihalla and Sivanehalla. *N. B.* The Yedahalli-Tarikere high road, portion between the 1st furlong of the 15th mile and the 3rd furlong stone of the 13th mile, passes through the State Forests. This is a public thoroughfare. The Kathlekan Lakvalli and Kathlekan-Save cart-tracks also pass through the forest and only the Kathlekan coffee estate enjoys rights of way in these two cart-tracks.

READ:—

The following papers relating to the survey of the country from a point on the Punjur-Bedaguli road up to Jotigaudanpur ordered in para 2 of Government Proceedings No. 6117-18—Ft. F. 10-96, dated the 6th January 1897 :—

(1) Letter No. 74 (Camp), dated the 4th November 1897, from the Conservator af Forests in Mysore, forwarded through the Deputy Commissioner, Mysore district.

Referring to para 2 of Proceedings No. 6117-18—Ft. F. 10-96, I have the honor to report that the task of surveying the hill country and pegging out a line of road, if found practicable from a point on the Punjur-Bedaguli road (under construction) to the plains towards Jotigaudanpur was entrusted to Mr. Randolph Morris, who promised to devote two months to the work for a lump sum of Rs. 500.

2. I enclose copy of a letter, dated 2nd ultimo, from Mr. Morris and a map (to be kindly returned) from which it will be seen that he has succeeded in pegging out a trace 19½ miles in length with easy gradients throughout passing round the heads of the various valleys and reaching the plains at a point about 3 miles from the Hindrabala tank, which is about 2 miles south of Jotigaudanpur village. Mr. Morris has not continued the trace beyond that point as he considers that the best line is *viâ* the Hindrabala tank to Chandakavadi (Didapura) and Ramasamudra which is already connected with Chamrajnagar by a fairly good road; but he is prepared to trace it on equal distance to that between the foot of ghat and Jotigaudanpur, if required, when the exact line is determined on. After an inspection of the country between Chamrajnagar and Chandakavadi, I consider this suggestion judicious.

3. Mr. Morris' line originally ran through a small portion of the Yelandur Jaghir on the hills at a point marked A on the trace but, as Mr. Krishna Murti had intimated to me demi-officially that I was mistaken in stating (para 5 of my No. 1871—150 of 30th November 1896) that he had expressed his willingness to contribute, it has been altered and will in no place cross the Jaghir boundary.

4. Mr. Morris' argument in favor of widening the trace to 2 feet to prevent, its being obliterated appears to me so weighty that I have, after personal consultation with him and the District Forest Officer, ordered it to be taken in hand by the Range Officer at once.

It will give employment to our sholigars, secure the permanent marking of the trace, and should not, I think, cost more than Rs. 50 per mile or Rs. 1,000 in all. I solicit the approval and sanction of Government to this step and the expenditure which can be met by a re-appropriation of funds in the District Forest budget.

5. In a D. O. communication of 19th October, Mr. Morris estimates the cost of opening out a 12-foot cart road similar to that under construction between Punjur and Bedaguli at Rs. 1,750 per mile.

With the 2-foot path above referred to already cut and cleared, I have little doubt this could be reduced to Rs. 1,500 or even Rs. 1,000 per mile or say Rs. 30,000 to Rs. 20,000 for the 20 miles in round figures. For reasons already stated in my former letter, I have no hesitation in recommending this expenditure in order to open out the forest, the road, with feeders and dragging paths to be laid out by degrees, enabling us to work the interior portions systematically whilst affording the outer much needed rest.

There is an ample demand for timber in the treeless district around Chamrajnagar, Nanjangud, Yelandur, T. Narsipur, &c., and for export to Bangalore and Kolar.

6. But of course the forest road will be valueless unless linked on to one in the plains where means of communication are sadly wanting. Recognizing this, Government, in Proceedings No. 5202-4—G. F. 234-92 of 14th September 1893, requested the Deputy Commissioner to submit the project, *viz.* to make a road to Jotigaudanpur, for sanction. The Deputy Commissioner, through whom I send this letter, informs me that action has been deferred chiefly from want of funds at the disposal of the District Board and an attempt to induce the raiyats to do the earth-work gratis.

Mr. Madiah fully concurs in the desirability and usefulness of the road, but there is still the difficulty as regards funds which can only be overcome by a grant from Provincial or Local Funds General.

7. The best route will, as already stated, probably be *viâ* the Hindrabala tank to Chandakavadi, where it would intersect a fair-weather road or cart-track running north to Yelandur, and thence *viâ* Ramasamudra to Chamrajnagar where it would join the high road.

The District Forest Officer and I rode over the line from Chamrajnagar as far as Chandakvadi or Didapura. Between Ramasamudra and the Suvarnavathi River there is some black cotton soil which is unfavorable for road-making; but beyond it is red earth and gravel which is good. The river should be bridged as it is impassable for carts for lengthened periods during the rains, thereby closing the outlet of the garden and other produce of the rich country to the east to the markets at Chamrajnagar, Nanjangud and Mysore.

8. The total distance from Ramasamudra, to which there is already a fairly good road, to foot of ghat would not, I think, exceed 10 miles, and I should say Rs. 15,000 would suffice exclusive of the bridge. Apart from the quantity of timber and minor forest produce which would be considerable it would tap a rich and fertile country, a branch of about 2 miles being, if deemed necessary, made to Jotigaudanpur.

The Deputy Commissioner will doubtless give his opinion from the Revenue Department point of view in forwarding this letter.

(2) Letter, dated 2nd October 1897, from Mr. Randolph H. Morris to the Conservator of Forests in Mysore, referred to in para two of the above.

I have the honor to report to you the successful completion of the road trace from a point on the Punjur-Bedaguli cart road, right through the State Forests in a north-westerly direction, and down to the plateau by the Jotigaudanpur gorge.

The total length of the trace from the foot of the hills, from what we may call the bottom of the Jotigaudanpur ghat to the junction with the Punjur-Bedaguli cart road is 19¼ miles.

I annex a memorandum of the gradients which have been settled upon, and pegged off, after a careful study of the country passed through, the alignment which has been finally chosen having been almost everywhere tested and proved to be the best after several trial traces.

I am extremely glad to be able to say that it has been found possible to have most beautifully easy gradients throughout; the line has been kept up on high and dry ground, passing round the heads of the various valleys which had to be crossed.

The entire trace has been pegged with hard wood (teak or black wood) pegs, which are put in every seven or eight yards. These will not decay immediately, but I must urge that, if there is any likelihood of this road being opened, the trace should be permanently marked as speedily as possible; otherwise, in a very short time all that has now been done will be completely obliterated. The rank vegetation grows apace, entirely covering up the longer pickets which mark where the levelling pegs have been driven in; elephants and other wild beasts trample them down, and later the jungle fires sweep through, when the tracing pegs will burn off with the dry undergrowth; on the lower slopes every peg will soon be knocked out or broken off by the herds of village cattle.

This permanent marking can best be done by accurately cutting a narrow path—say 2 feet wide only to the correct level. The removal of stumps and rocks when doing this is quite unnecessary; unless it be desired to at once render the path fit for foot passengers.

I am sending you under separate cover, topographical survey sheet No. 111 on which the line taken is shown.

Jotigaudanpur road project. Gradients of the trace.

	Distances.
1 in 60 up, 1 in 120 up, and level,—Morrabin Halla to flat above Maddawikall ..	1⅞ miles.
1 in 24 down,—flat above Maddawikall to bridge ..	¾ mile.
1 in 22 up,—bridge to Bedaguli northern boundary (Giddigamatti)	1⅛ miles.
1 in 120 down,—Bedaguli northern boundary to Balanbetta saddle	¾ mile.
1 in 60 up, level and 1 in 60 down,—Balanbetta saddle to old Jotigaudanpur path ..	2½ miles.
Level and 1 in 120 down,—old Jotigaudanpur path to Kamabill Ichi saddle	1¼ miles.
Level and 1 in 120 down,—Kambill Ichi saddle to Kukatti Kannavé	1 mile.
1 in 24 down and 1 in 30 down,—Kukatti Kannavé to old cutting ..	1¼ miles.
1 in 30 to 1 in 60 down.—old cutting to Kambikall saddle ..	2¾ miles.
Level,—Kambikall saddle to Kertay Devru Gudde saddle ..	1¾ miles.
1 in 20 down,—Kertay Devru Gadde to foot of ghat ..	4¼ miles.
Total ..	19¼ miles.

(3). Letter No. 608, dated 19th November 1897, from the Deputy Commissioner, Mysore District.

I have the honor to submit, in original, the accompanying letter, Camp No. 74, dated 4th instant, from the Conservator of Forests, with its enclosures *in re* the formation of a road from Chaoot of the Jotigaudanpur ghat to the junction with the Punjur-Bedaguli cart road in the hat mrajnagar taluk, a distance of 19¼ miles at a cost of about Rs. 20,000.

2. The desirability of opening this road was brought to notice at the Representative Assembly, though the proposal was to take it further north to Hangaur from Chandakavadi, but the work could not be carried out for want of funds and owing to the failure of the raiyats to do the necessary earthwork as promised by them.

3. The road is a useful one as it would open out the rich valley of Suvarnavathi, besides being important from a forest point of view. I would, under these circumstances, strongly recommend the work being sanctioned, and the cost met from the Provincial Funds, or Local Funds General, as the District Funds are too limited to bear this heavy outlay.

4. If the line now proposed by the Conservator is taken up and completed, the neighbouring villages may be induced to open village roads so as to join it at Chandakavadi or such other convenient points in the road in question.

No. 5577-80--Ft. F. 10-96, dated Bangalore, 21st December 1897.

Order thereon.—The action of the Conservator of Forests in entrusting the task of surveying a line of road from a point on the Punjur-Bedaguli road to the plains towards Jotigaudanpur, to Mr. Randolph H. Morris of the Attikhan Estate, and in ordering the Forest Range Officer to have a narrow path of about two feet in width cut on the line traced and marked by Mr. Morris up to a point about three miles from the Hindrabala tank and about five miles from Jotigaudanpur, is approved. The Conservator is requested to submit for sanction—

(1) A bill for the remuneration payable to Mr. Morris for the tracing of a line up to the point referred to above, and

(2) a re-appropriation statement to meet the cost of widening the trace, which is estimated at Rs. 1,000.

2. The proposal for making a cart-rack 12 feet wide on the line marked, and beyond up to Ramasamudra or Jotigaudanpur, from the Provincial Funds or Local Funds General, will receive consideration in the Public Works and Financial Departments.

Read:—

The following papers on the subject of Forest Officers receiving money on account of Forest revenue:—

(1) Government Proceedings No. 7943-52—R. F. 155-92, dated 28th November 1892.
(2) Letter No. C. 51, dated 9th November 1896, from the Conservator of Forests in Mysore.
(3) Letter No. C. 104, dated 10th December 1896, from the same Officer.
(4) Letter No. 7493, dated 22nd May 1897, from the Comptroller, Mysore Government.
(5) Letter No. 5340—375, dated 26th June 1897, from the Conservator of Forests in Mysore.

No. 5749-58—Ft. F. 16-96, dated, Bangalore, 28th December 1897.

Order thereon.—The Conservator represents that the existing rule under which Forest Officers are prohibited from receiving any money on account of Forest revenue is attended with considerable inconvenience to all parties concerned, and that it is necessary to so modify the same as to admit of the revenue being received under proper safeguards by Forest Officers duly empowered by him and by the Deputy Commissioner.

2. On the other hand, the Comptroller, who was consulted on the matter, is of opinion that the rules require no alteration except to the extent of permitting parties bidding at auction sales of sandalwood, timber, bamboos, &c., to pay moneys due by them into other local Treasuries besides the one situated at the place of sale; and, in the case of retail sales at depôts situated far away from Taluk Treasuries, of permitting patels to receive the sale proceeds under due safeguards, such as weekly remittances to Treasuries and joint signature by the patêl and depôt mutsaddi of receipts given to parties.

3. It appears to Government, after a careful consideration of the subject, that the present practice requires alteration, and they are accordingly pleased, as a tentative measure, to withdraw the prohibition referred to and to sanction the adoption of the suggestion made in para 4 of the Conservator's letter No. C. 51, dated 9th November 1896, namely, that it may be left to him and the Deputy Commissioners to decide, under proper safeguards and security deposits, what Forest Officers including depôt mutsaddis and others shall receive and remit the Forest revenue to the nearest Treasury. The arrangements made should, however, be reported to Government for information.

No. 4802-10—R. F. 213-92, DATED BANGALORE, 3RD DECEMBER 1897.

ORDER THEREON.—Recorded with the remark that in spite of the clear instructions laid down in Government Proceedings No. 8547-55—R. F. 213-92 dated 11th December 1892, the following Taluk Treasuries do not seem to have been examined more than once during the year :—

District.	Taluk.	District.	Taluk.
Bangalore.	1. Bangalore.	Mysore.	1. Mysore.
	2. Magadi.		2 Hunsur.
Tumkur.	1 Tumkur		3. Seringapatam.
Shimoga.	1. Shimoga.		4. Mandya.
	2 Sorab.		5 Krishnarajpete.
Chitaldrug.	1 Chitaldrug.		6 Nagamangala
	2. Hiriyur.		7. Gundlupet.
	3. Molakalmuru.		8. Heggdevankote.
	4. Holalkere.		9 Malvalli.

The Deputy Commissioners concerned are requested to submit their explanation for the omission.

2. The Comptroller is requested to report whether he examined any District Treasuries during the year, and if so, when and at what places.

C. SREENIVASIENGAR,
Secy to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Comptroller to the Government of Mysore

READ:—

Letter No. 404, dated the 1st November 1897, from the Registrar of Joint Stock Companies in Mysore.

"In returning herewith the Memorandum and Articles of Association of the Chilangi, Hulkunte and Hitla Agricultural Banks, received in this office with Government Proceedings Nos. 3764-67—R. F. 34-97, 3772-75—R. F. 36-97 and 3792-5—R. F. 38-97-8, dated respectively, 23rd, 22nd and 27th October 1897, I beg to state that, as an incorporation certificate in connection with each of these Banks can only be granted in this office after the Memorandum and Articles of Association are duly stamped, I would request that you will be so good as to forward these documents to the Deputy Commissioners concerned, for re-transmission direct to this office after recording therein the necessary certificate as regards the recovery of the prescribed stamp duty.

2. The three Remittance Transfer Receipts for Rs. 7 each, also received with the aforesaid Proceedings, are returned herewith. It will be observed that two of them have been drawn in favor of the Inspector of Agricultural Banks, while the remaining one is only a receipt granted in the Taluk Treasury for Rs. 7 remitted to that Treasury. The fee, however, payable to this office for the grant of incorporation certificate to each of these Banks is only Rs. 1-10-0 as detailed in the margin and not Rs. 2".

No. 4711-19—Fl. 473, DATED, BANGALORE, 1st DECEMBER 1897.

ORDER THEREON.—Ordered that the foregoing letter be communicated to the Deputy Commissioners of districts for information and guidance.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Deputy Commissioner, Bangalore District, with Memo and Articles of Association (in duplicate) relating to the Hulkunte Agricultural Bank and with remittance transfer receipts for Rs. 7 in Kanarese.

The Deputy Commissioner, Shimoga District, with Memo and Articles of Association (in duplicate) relating to the Hitla Agricultural Bank.

The Deputy Commissioner, Chitaldrug District, with Memo and Articles of Association (in duplicate) relating to the Chilangi Agricultural Bank.

The Deputy Commissioners of other Districts for information.

The Inspector, Agricultural Banks in Mysore, for information.

READ:—

Letter No. 565, dated 5th November 1897 from the Deputy Commissioner, Bangalore district.

No. 4724-7—R. F. 48-97-95, DATED, BANGALORE, 1st DECEMBER 1897.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Haniyur in the Dodballapur taluk.

2. The Bank is proposed to be established by 18 Members for the benefit of Haniyur and 16 other villages in the Dodballapur taluk. The Members own 471 acres and 22 guntas of land, of which 8 acres and 10 guntas are inam, the aggregate value thereof being estimated by the Members at Rs. 37,120 and by the Amildar at Rs. 13,500 with a liability of Rs. 2,930.

3. The Members propose to start the Bank with a capital of Rs. 25,000, but the Deputy Commissioner and the Inspector, Agricultural Banks, think that an advance from Government of Rs. 8,000 is sufficient.

4. Government accordingly sanction an advance not exceeding Rs. 8,000 being made for the Agricultural Bank referred to above, and authorise the Deputy Commissioner to place the said amount for the purpose in the Dodballapur Taluk Treasury. Interest must be recovered from the Bank half yearly up to 30th June and 31st December of each year at 1 per cent per annum on the sums actually borrowed by the Bank.

5. The Memorandum and Articles of Association will be forwarded to the Registrar, Joint Stock Companies, with a request that he will take steps to get the same duly registered. The existing encumbrances must all be discharged and the documents, &c., connected therewith taken back and properly secured.

6. The attention of the Inspector of Agricultural Banks is drawn to the fact that the probable value of the lands to be given in the statement showing the particulars of property and liabilities of the Members should be that fixed by the Amildar or the Inspector and not the value as given by the Members concerned.

C. SREENIVASIENGAR, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Deputy Commissioner of the Bangalore District with vernacular papers

The Registrar of Joint Stock Companies, with Articles of Association (in duplicate) and cheque for Rs. 7.

The Comptroller to the Government of Mysore.

READ :—

READ :—

Letter, Camp No. 1881—201, dated 24th November 1897, from the Inspector General of Police in Mysore.

"I have the honor to forward herewith a statement of taluks, the Inspectors of which are allowed permanent advances to meet urgent expenses, such as taking prisoners on Railway, sending men on special duty and paying money to informants and so forth. The Inspectors of other taluks are not allowed such advances and are in consequence put to very great inconvenience in the discharge of their work.

2. I beg that, under these circumstances, you will be so good as to move the Government to sanction a permanent advance of Rs. 20 being allowed to each Inspector of a taluk. The expenses incurred by them out of the permanent advance will be adjusted on bills at the end of every month".

Statement showing the permanent advances allowed to Inspectors of Police.

No. 5549-50—Fl. 554, DATED, BANGALORE, 21ST DECEMBER 1897.

ORDER THEREON.—The proposal of the Inspector General of Police is sanctioned subject to the usual rules relating to such advances as laid down in Arts. 76, 77 and 78 of the Civil Account Code, Volume I, to which the attention of the Inspector General of Police will be invited.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Police in Mysore.
The Comptroller, Mysore Government.

PETITION.

Proceedings of the Government of Mysore,

READ :—

1. Petitions of Appeal Nos. 93—966, 93—1352, 93—1234 and 93—1233 of 1896-97, presented, respectively by Vastara Shama Rao, Tyagare Mannachari of Chikmagalur, Balasetti and Hanumantasetti of Vastara, Chikmagalur taluk, against the order of the Deputy Commissioner of Kadur, dated 20th August 1896, fining them for cutting sandal trees which stood in their coffee estates and on the trace of the new road opened by the first appellant to his coffee estate at Anur.

2. Petition of Appeal No. 93—1435 of 1896-97, presented by Rama Naika, late patel gumasta of Vastara, against the order of the Deputy Commissioner of Kadur dismissing him from service for failing to detect and report the destruction of sandal trees in the village.

3. Petition of Appeal No. 93—1414 of 1896-97, presented by Devegauda, patel of Alada gudde, Chikmagalur taluk, against the order of the Deputy Commissioner, suspending him for a period of three years for having signed two false mahazars to the effect that there were no sandal trees on the trace of the new road opened by Vastara Shama Rao.

4. Petition of Appeal No. 93—993 of 1896-97, presented by Raghupati Rao, late shekdar of Kadagalnadu magani, Chikmagalur taluk, against the order of the Deputy Commissioner dismissing him from service on the ground of his having, while he was the shekdar of Vastara magani, signed the mahazars referred to above and having submitted a false report to the same effect.

5. Correspondence ending with letter No. 485, dated 3rd February 1897, from the Deputy Commissioner, Kadur district, reporting on the above petitions and the records received therewith.

No. 4906-13—P. F. 23-96, DATED, BANGALORE, 6TH DECEMBER 1897.

ORDER THEREON.—The first four of the appellants before Government have been convicted of having cut and damaged sandalwood trees growing on their own khate lands and Government lands and have been subjected to fines of varying amounts by the Deputy Commissioner of Kadur.

2. The facts of the case are that Shama Rao applied for permission to construct and open a road to his coffee estate, and on such permission being granted, he cut several sandal trees all along the trace of the new road. In the course of this enquiry, some trees were found cut also in the holdings of the 2nd, 3rd and 4th appellants. The loss to Government on account of the destruction of these trees was valued by the standard of the dimensions of full grown trees in the locality in which the felling took place, without reference to the dimensions of the trees actually cut, and consequently, the fines under the Chief Commissioner's Notification No. 186, dated 16th August 1870, have amounted to the large sums noted below against the name of each of the first four appellants :—

Names of the appellants fined.	No. of sandal trees cut.	Amount of fine
		Rs.
1. Shama Rao	85	2,590
2. Mannachari	48	627
3. Balasetti	4	68
4. Hanumantasetti	2	210

3. Shama Rao is not the holder of any land on which the trees are said to have been cut. He contends that the aforesaid Government Notification does not apply to his case, and the objection raised seems to be fatal to his conviction. The road under reference was permitted to be laid out and opened not only for the use of Shama Rao, but of others also. It cannot therefore be argued that the road was in his exclusive possession. The Notification referred to above throws the responsibility of preserving sandal trees and plants on "all individuals occupying or holding lands." Shama Rao neither occupies nor holds the lands on which the trees have been cut. The fine inflicted on him under this Notification is therefore clearly wrong and cannot be upheld.

4. The applicability of Section 44 of the Land Revenue Regulation has been also considered. That law imposes a penalty for unauthorizedly "felling and appropriating" any tree. There is no evidence in this case that Shama Rao felled and *appropriated* any Government tree. In fact most of the trees cut were young and immature plants and were incapable of being appropriated for any useful purpose. Shama Rao sent up a request to have these trees removed. It is evident that he cannot, therefore, be convicted under this section also. The result is that the fine imposed upon him should be remitted.

5. There seems to be some discrepancy regarding the number of trees cut along the trace of the new road. The number is given as 35 both in the Amildar's report and in that of the Assistant Commissioner. It is also clearly stated that there are no traces of any trees having been cut in the garden belonging to Shama Rao, but the Deputy Commissioner finds that Shama Rao cut 85 trees. In the view which has been taken of Shama Rao's liability, however, it is unnecessary to pursue this enquiry further.

6. It has been proved, beyond doubt, that in the lands of the other appellants *viz.*, Mannachari, Balasetti and Hanumantasetti, sandal trees have been cut. Forester Narayan Rao's laxity would appear to have been the chief cause of these irregularities being perpetrated. He authorized the landholders themselves to cut the trees in their holdings without either marking them or even ascertaining their number. The result seems to have been that they went on removing the trees including the young and immature ones. As reasonable men, they could not have been ignorant of the real damage which their act of destruction tended to cause and their liability under the said Notification No. 186, dated 16th August 1870, is thus held to have been properly established. But the Forester ought not to have entrusted his duty to these men, and it is learnt that he has been dismissed.

7. The fines inflicted upon them are excessive and the basis of calculation adopted in fixing the amount is erroneous. The Sandal Daroga who valued the loss stated:—"The valuation was made on what the saplings would produce if the wood had been allowed to mature. The Forester gave measurements of other mature trees in the neighbourhood and it was on this that I based my valuation." The damage calculated solely on the basis of compensation for actual loss would in this instance be liable to be objected to as being remote. Between a young sapling and its development as a mature tree, there are so many extraneous circumstances over which the landholder has no control, that it would not be quite fair to assess the damages on the assumption of the loss at a future time, the period of which even has not been ascertained. The Notification of Government under which these orders have been passed leaves the question open and the fine inflicted on the party responsible for the damage is allowed to partake also of a penal character. In a case where very young trees are concerned and there is no actual and immediate loss, it is best to regulate the fine by considerations of its effect as a punishment and a deterrent. Judged by this standard, a fine of Rs. 50 each is deemed sufficient to meet the ends of this case, and the order of the Deputy Commissioner is modified accordingly.

8. Rama Naika, one of the appellants, was the acting patel of one of these villages and he was removed for gross neglect in not detecting and reporting this destruction of sandal plants. There are no reasons to interfere with that order. The appellant was only a temporary patel and he was negligent of Government interest. He was properly removed.

9. Devegauda, another appellant, is the patel of Aladagudde village, and has been suspended for three years for neglect of duty. He has signed the mahazar B and not A. No sandal trees are alleged to have been cut in his village and nothing has been proved to impugn the correctness of the mahazar signed by him. He cannot be charged with negligence for not guarding the interests of a neighbouring village. His punishment cannot be supported and the Deputy Commissioner is requested to restore him to his appointment forthwith.

10. The last of the appellants is shekdar Raghupati Rao, who was dismissed by the Deputy Commissioner. The charge against him is that he signed a false mahazar and sent up a false report that in the proposed line of the road to

Shama Rao's garden, there were no sandal or other reserved trees. This charge has not been very clearly proved. It has been made clear that the line adopted by Shama Rao was not quite the line recommended by the shekdar who, however, was transferred to another magani shortly after making this report and before the work of opening the road had actually commenced. He is not responsible for the cutting of the trees, and he contends that he adopted the existing track, and, as there were private holdings along the side of it, he did not find any sandal trees in it. The Measurer who was deputed to ascertain whether there were sandal trees in the line proposed by the shekdar was unable to identify the line. The Amildar was satisfied with sending this report on to the Deputy Commissioner, and adding a remark that there were isolated trees along that line. The Amildar ought to have inspected this locality himself and his omission to do so must be deprecated. His remark about the existence of isolated trees is not supported by any evidence whatever and the contention of the shekdar remains unimpeached. He was not present to superintend the opening of the road and the position of the road proposed by him has not been identified. It is worthy of remark that even in such important matters, Amildars show a tendency of throwing the whole responsibility on shekdars, which should be checked. In this case the shekdar's intentional fraud, if any, has not been clearly established. He is an old servant and his dismissal was too severe a punishment, if he was deemed negligent, of which fact even there is not conclusive proof. The Deputy Commissioner is, under these circumstances, requested to restore him to his appointment.

READ:—

Petition No. 3502, dated 12th March 1896, from Krishnappa, minor Inamdar in Bhimapura kayamgatta village in the Hoskote taluk, complaining that no lands have been granted to him in lieu of his inam lands in the above village resigned by him in the year 1887, and that the same which should have been assumed by Government are being enjoyed by the kayamguttadar.

2. Correspondence ending with letter No. 547, dated 2nd November 1897, from the Deputy Commissioner, Bangalore district, reporting on the above.

3. Records of the case.

No. 5072-80—PET. 698, DATED, BANGALORE, 11TH DECEMBER 1897.

ORDER THEREON.—The facts of the case, as stated , the Deputy Commissioner and as gathered from the record, are that the lands forming the subject of this correspondence are minor inams excluded from the assets of the kayamgutta village in which they are situated. The holder relinquished these lands when the kayamguttadar took possession of them and has since been enjoying them without sufficient authority. His contention that he always had the lands in his possession is opposed to the admission of his predecessor in title that it was the resigner who was entitled to them. So long ago as 1894 the Superintendent of Inam Settlements gave it as his opinion that if the kayamguttadar wished to retain the lands he should pay their assessment. The matter was intended to be placed before the Jamabandi Officer, but was allowed to escape his attention. The Deputy Commissioner without taking up the matter where it has been left and disposing of it simply submits a report which is nothing more than a bare statement of facts.

2. These papers are sent back to the Deputy Commissioner who will settle the question involved and dispose of the lands which have, after relinquishment, reverted to the State.

C SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

(1) Petition of Appeal No. 2—3604 of 1897-98, presented by Sivaramaiya of Nittur Hassan taluk, against the decree of the Deputy Commissioner of Hassan in Revenue Appeal No. 2 of 1896 97 on the file of his Court, regarding the shanbhogi of Nittur firka.

*Appellant (Defendant) Ramaiya	Respondent (Plaintiff) Sivaramaiya
	Vs

(2) Records of the case received with docket No. 113, dated 26th July 1897, from the Deputy Commissioner, Hassan district.

No. 5487-94—Pet. 763, dated Bangalore, 20th December 1897.

Order thereon.—The facts of the case are as follows :—

Plaintiff's uncle Lingappaiya who was the shanbhog of Nittur firka, was, on the 6th September 1884, dismissed from that office, by the late Hassan Sub-Division Officer, on account of gross irregularities and frauds committed by him in connection with revenue collections. Plaintiff Sivaramaiya with whose help Lingappaiya was doing his duties was found to have been privy to the latter's frauds, and to be untrustworthy, and his father Devarundaiya being old and ignorant, was also found to be incompetent to hold the office. Their claims were therefore set aside and the defendant Ramaiya, a cousin of Lingappaiya, was appointed to the office. Devarundaiya appealed to Government who, in their Proceedings No. 399, dated 6th June 1885, approved of the arrangement made by the Sub-Division Officer, and observed that Lingappaiya and Sivaramaiya had conducted themselves very badly and could not be trusted and that Devarundaiya could not be appointed to the vacancy, being not only incompetent but also two nearly related to the dismiss-

ed shanbhog. In August 1896, the plaintiff brought a regular suit to recover the office from the defendant. The General Assistant Commissioner, who tried the case held that as the criminal prosecution against Lingappaiya, regarding the disappearance of a khirdi fell through, and as no embezzlement was proved against him at the departmental enquiry, the Sub-Division Officer's order of 6th September 1884 was opposed not only to law but also to equity, and that neither the law nor the rules on the subject of shanbhogi rights afforded the shadow of a justification for the order of forfeiture of huc passed in this case. He accordingly decreed the office to the plaintiff. But on appeal, the Deputy Commissioner reversed this decree and dismissed the plaintiff's suit, holding that he had no *locus standi*, as his father and uncle were still living, and that, as the Sub-Division Officer's arrangement was approved by Government, the matter could not form the subject of a suit. The appeal of Sivaramaiya is against the above decree.

2. The Government observe that the question which had to be decided, so far as the appellant was concerned, was his eligibility and competency to succeed to the vacancy caused by the removal of Lingappaiya. He was excluded by the Sub-Division Officer on the ground of his untrustworthiness and his action was confirmed by Government. This opinion is final and cannot be called in question by a subordinate Revenue Officer, even when he has to perform the quasi-judicial function of deciding a so-called revenue suit. Moreover, under Section XXXII of the Rules published under the Chief Commissioner's Notification No. 219, dated 27th October 1874, which have the force of law, the District Officer is the sole judge of a village officer's competency. Unreliable character is an element which enters into a consideration of this competency, and when that opinion is formed the basis of exclusion, the Government are of opinion that that circumstance ought not to afford a cause of action, or be called in question in a judicial enquiry. It is thus clear that the appellant who has been legally excluded from succession in accordance with the opinion of the Sub-Division Officer, which opinion was approved by Government, has no ground of action to bring this suit which ought to have been dismissed. The appellate decree of the Deputy Commissioner is correct and is confirmed.

The Deputy Commissioners of other Districts.

MUZRAI.

Proceedings of the Government of Mysore,

READ :—

Petition No. 1736, dated 13th May 1897, from Pujari Boraiya (minor, through his next friend Obava) of Belaghatta, Chitaldrug taluk, appealing against the Deputy Commissioner's order, dated 4th March 1897, dismissing the petitioner's suit instituted in the Court of the Amildar of Chitaldrug in the Muzrai side, for a declaration of his right to the Pujariship of the shrine of Sure Yeragatanayaka in Belaghatta and to the possession of certain properties belonging to it.

READ :—

The following order, dated 4th March 1897, passed by the Deputy Commissioner of Chitaldrug in the petitioner's case :—

The plaintiff filed a suit in the Chitaldrug Amildar's Court for a declaration of his right to be considered the pujari of a shrine dedicated to a Mahatma named Yeragatanayaka and for possession of property belonging to that shrine.

2. The Amildar refused to entertain the suit on the preliminary objection that the shrine enjoys no grant or inam from Government and is therefore not in any way under the control of the Muzrai Department of Government.

3. The appellant now appeals against the said order of the Amildar.

4. Mr. Krishna Rao, Advocate, was heard for the appellant and Mr. Anantha Chetti, Advocate, for the respondents.

5. It has to be noted that the matter in dispute formed the subject of a civil suit which was dismissed in the Court of first instance and this dismissal was confirmed in appeal by the District Judge of Nagar, both the presiding Judges holding that Civil Courts have no jurisdiction in this case, only Muzrai Officers having jurisdiction to try cases regarding pujari rights.

6. It is admitted on both sides that the shrine stated above does not enjoy any grant from Government, and Government has therefore no control over that institution.

7. The Advocate for appellant urges that it is not necessary that there should be grants to temples in order to confer jurisdiction upon Muzrai Officers in respect of disputes concerning pujari rights of those temples. The Order of 1854, which is re-published for guidance, is also very general in its expression. It prohibits the institution of suits for pujari rights in the Courts of the Division, the Amildars being empowered to enquire into them and dispose of them, their decision being subject to appeal. I have, however, to consider not only the wording of the order but its *rationale*.

8. There is an analogy in the case of suits in respect of rights to hereditary village offices, such as Shanbhogi, Patcli, &c. These offices have attached to them emoluments granted by Government. Suits in regard to these offices are excluded from the Civil Courts. The same policy that led to the exclusion of this class of suits from the ordinary Civil Courts has also, I am of opinion, led to the exclusion of cases regarding pujari rights from those Courts; and although the words "Pujari rights concerning temples enjoying grants from Government" are not expressly mentioned in the order, the words actually used have to be construed to bear that meaning. Otherwise, the result will be that Revenue Officers having Muzrai functions will be called upon to adjudicate cases regarding institutions not under their control, and in which they are, for that reason, not competent to execute the orders passed by them. The shrine in dispute is a private one belonging to a community who have evidently a right to [illegible]pose of the pujariship and other affairs concerning it in the way they think best. I consider Muzrai Officers have no right to interfere with the exercise of that right.

9. I am, therefore, of opinion that the suit has been rightly dismissed by the Taluk Amildar. The appeal is dismissed with costs.

The following Circular Order No. 30, dated the 26th October 1854, issued by the late Commissioner Lieutenant-General Sir Mark Cubbon regarding suits for pujari rights.

Circular.

No. 30.

To.

The Superintendents of Divisions.

Sir,

I have the honor by desire of the Commissioner to request that you will have the goodness to cause the necessary instructions to be issued to the Amildars prohibiting the institution of suits for pujari rights in the Courts of your division, but the Amildars may enquire into such disputes * * * * and decide them, and that these decisions may be appealed against to the Commissioner's Huzur where the Muzrai affairs are managed.

I have the honor, &c.,

(Sd.) F. CUNNINGHAM,
Secretary.

BANGALORE, 26TH OCTOBER 1854.

No. 652—60, DATED, BANGALORE, 1ST DECEMBER 1897.

ORDER THEREON.—The shrine of Sure Yeragatanayaka in Belaghatta does not enjoy any grant from Government either in cash or land and it is therefore not a Muzrai institution. The invariable custom has been for the Government in the Muzrai Department to decline jurisdiction with regard to such non-Muzrai institutions. Sir Mark Cubbon's Circular Order of 26th October 1854, read above must be construed by the light of that custom; and indeed, the latter part of that order expressly shows that the whole order was meant to apply to "Muzrai affairs" which then used to be managed in the Commissioner's Huzur; and the affairs of non-Muzrai institutions like the one now in question were never, as a matter of fact, managed in the Commissioner's Huzur in 1854, or at any other time. Under such circumstances, the decision of the Deputy Commissioner that the Muzrai Department has no jurisdiction under the Order of 26th October 1854 to adjudicate regarding pujari rights of a non-Muzrai temple must be confirmed and this appeal rejected.

2. The Officiating District Judge's Judgment in A. S. No. 169 of 1893-94, does not show that the fact of the temple in question being a non-Muzrai institution had ever been brought to his notice; nor did the present appellant seek a final adjudication by the Chief Court upon the decision of the Officiating District Judge. Under such circumstances if the present appellant has been prejudiced by the Officiating District Judge's decision, this has been due to his own neglect and the Government cannot now afford him any redress.

A. SREENIVASSACHARLU,
Muzrai Secretary.

The Deputy Commissioners of other Districts, for information.
The Registrar, Chief Court of Mysore, for information.

READ:—

Petition No. 696, dated 28th November 1894, from one Khaddi Vasudevachar of Sidlaghatta stating that the inam lands endowed to the Sri Anjaneyaswami temple at Kasba Sidlaghatta have been unauthorizedly alienated by the archak Seshachar and that the puja is not regularly rendered in the temple which has fallen into disrepair, and praying therefore that the alienations of the temple lands may be cancelled and the temple restored to a state of good repair.

AND:—

The following letter No. 3479—827, dated 3rd March 1897, from the Deputy Commissioner, Kolar district, reporting on the above:—

M. No. 496, dated 30th November 1894.
Do 764, dated 1st March 1895.
Do 1023, dated 19th May 1895.

Adverting to your Official Memorandum, as per margin, forwarding for report three petitions from Khaddi Vasudevachar, archak of Prasanna Anjaneyaswami temple at Sidlaghatta, I have the honor to submit for information and obliging return, the accompanying Kanarese records bearing on the subject.

2. It will be observed from the same that the temple in question is in receipt of a ready money allowance of Rs. 11-9-0 per annum and has a devadaya inam comprising a kayamgutta village and certain lands as specified in the enclosed list.

3. The pujari hak of the temple and the emoluments attached thereto are shared in by the petitioner and three others, Bhothachar, Seshachar and Rukminibayi.

4. Bhothachar has a half share and the rest ¼th share each.

5. The temple has gone to ruin and worship ceased to be performed through the combined and continued neglect of the archaks.

6. The cost of requisite repairs has been estimated at Rs. 82-14-0 and there is a sum of Rs. 93-7-8 in deposit at the Taluk Treasury, being the sale proceeds of the temple lands which have been brought under attachment.

7. The aforesaid Seshachar has unauthorizedly given away ⅔rds of the kayamgutta village to Muttur Venkatramanappa of Sidlaghatta, on a permanent annual assessment of Rs. 14-14-0 (including local cess) under a registered deed of transfer, dated 18th December 1885, and has received a consideration of Rs. 390 from the transferee. He has also leased out on a permanent kandayam of Rs. 3-3-0 per annum another portion (10 kolagas and 5 padies) of the lands of the kayamgutta village to one Shamanna and Jagasetti by a registered instrument, dated 13th February 1884.

8. One of the minor inam lands belonging to the temple, *viz.*, Survey No. 151 of Chaudasandra village, Sidlaghatta taluk, was mortgaged by Seshachar's father Anniachar to one Venkatramanappa and two others in 1841. It subsequently changed hands by means of transfers and is now in the possession of one Muniyappa of Malur, who obtained the same from the previous mortgagee by a deed, dated 21st August 1888.

9. The alienees were duly served with notices under para II, clause B, of the Rules published under Government Notification, dated 17th November 1877, requiring them to restore the lands to the temple within six months, but they have failed to comply with the requisition.

10. The lands of the kayamgutta village, which were unauthorizedly alienated subsequent to the 31st January 1853, are liable to be summarily resumed and restored to the institution.

11. The alienation of the minor inam land referred to in para 8 above having been made prior to 31st January 1853, the same should have been subjected to a jodi of one-half the assessment under para II, clause A, of the said Rules, but this does not seem to have been done at the Inam Settlement presumably because the fact of the alienation was not brought to the notice of the settling Officer.

12. The Amildar recommends that the archaks, who are guilty of gross neglect in having allowed the temple to go to ruins and who have diverted the inam lands from the object for which they were granted, may be dismissed and other arrangements made for the repair of the temple and for the proper performance of worship therein.

13. The enclosures of your Memoranda under reply are herewith returned.

Enclosure to Deputy Commissioner's letter.

List showing the land inams assigned to Prasanna Anjaneyaswami temple at Sidlaghatta.

Village.	Survey No.	Extent.		Assessment.			Remarks.
		A.	G.	Rs.	a.	p.	
Chaudasandra ...	39	6	10	28	0	0	These lands have been assigned as inam to the temple. They pay a local cess of Rs. 2-8-6 and an irrigation cess of Rs. 1-10-6 to Government. They are not subjected to the payment of any jodi.
	137	2	19	4	8	0	
	151	2	...	4	0	0	
	176	0	34	4	0	0	
	...	11	23	40	8	0	
Kayamgutta Hanumanahalli ...	...	...	...	24	0	0	The whole of this village has been given to the temple subject to the payment of a kayamgutta amount of Rs. 24 per annum.

No. 718, *dated Bangalore,* 17*th December* 1897.

ORDER THEREON.—From the Deputy Commissioner's report read above, it is clear that the archaks who have had the management of the temple have been guilty of gross neglect of duty and breach of trust in respect of temple property; they have not only unauthorizedly alienated the devadaya inam lands granted for the support of the institution, but have also failed to conduct worship regularly and allowed the temple to fall into disrepair. These archaks should be suspended from the temple service forthwith.

2. In regard to the unauthorized alienations of the temple inam lands, the Deputy Commissioner will proceed to enforce the Rules laid down in the Notification of the 17th November 1877, published by the late Chief Commissioner under sanction of the Government of India, and then assume the management of the temple and its endowments in the Muzrai Department. An estimate for the necessary repairs to the temple should also be submitted to Government for sanction.

3. After the temple is restored in due course a limit will be specified for the suspension of the archaks above ordered.

A. SREENIVASSACHARLU,

Muzrai Secretary.

To—The Deputy Commissioner, Kolar District, returning vernacular papers.

READ :—

The following letter No. 1965, dated 5th June 1897, from Mr. T. Weir, Deputy Commissioner of Kadur district :—

I have the honor to bring to the notice of Government that the village of Kalasa in the Mudgere taluk suffers in an unusual degree from the want of any tolerable supply of drinking water.

2. The circumstance is the more remarkable as the village is situated in a malnad portion of the district, in which during the monsoons there is a heavy rainfall.

The fact, however, of there being only a most scanty supply of water in only a few wells in proximity to the town is undoubted.

I satisfied myself on the point during a visit to Kalasa in the month of March last, and in consultation with the Amildar and Assistant Engineer, I sought to find a remedy for the state of affairs disclosed.

3. A project for throwing a small dam across a stream at a distance of 1½ miles from the village, and of conducting water from thence to Kalasa by a channel, seemed feasible at a small expense and promising; and the Assistant Engineer (Mr. Rice) was asked to investigate the project from a professional point of view.

4. The expenditure, probably not less than Rs. 5,000, is however not one to which the District Fund Board are in a position to make any contribution. Moreover, Kalasa being situated in an outlying portion of the district and not being on a highway leading to any important centre is not a locality which possesses in itself any special claims on the District Board, as representing the community generally.

On the other hand, the place is one of great religious importance to a portion of the community and the village of Kalasa may be said to exist only in connection with and for the purposes of the temple of Kalaseswara Devaru. The temple, as Government are aware, is one of great repute and importance and devotees and pilgrims from all parts of the country resort to it throughout the year. The institution is also, as Government are aware, very richly endowed having a sum of Rs. 70,000 invested in Government Promissory Notes and a surplus of above Rs. 10,000 to its credit under the head of 'Management.'

5. This being so, the institution may be said to be in a position to contribute liberally to the cost of a scheme which would be of the greatest permanent benefit to the portion of the public who are interested in its welfare and worship.

6. The question of supplying Kalasa with water was accordingly brought before the District Fund Board at the last monthly meeting and after some discussion it was resolved that the Government should be asked to make a liberal grant from the temple funds for the purpose of supplying Kalasa with good drinking water.

7. In the above circumstances, I have the honor to request that you will be so good as to obtain the approval of Government to a grant, the amount of which may hereafter be determined, being made from Kalasa temple funds to meet the expenditure in carrying out the projected water-supply, provided the project be found on professional examination to be in all respects suitable.

The amount of the grant would be, if necessary, not less, I trust, than Rs. 5,000.

8. If Government are pleased to approve of the proposal and to intimate that the question of providing for the expenditure from temple funds will meet with their favorable consideration, steps will at once be taken to have the suitability of the project practically tested by the D. P. W. Department.

No. 715-7—MUZ. F. 63-93, DATED BANGALORE, 17TH DECEMBER 1897.

ORDER THEREON.—The Government approve of the Kalasa temple contributing a sum of Rs. 5,000 for the water-supply works proposed by the Deputy Commissioner. These works may be investigated and carried out by the Public Works Department upon the Deputy Commissioner's requisition.

The following docket No. 1914, dated 1st June 1897, from Mr. T. Weir, Deputy Commissioner and President, District Fund Board, Kadur district.

"In forwarding herewith for information an extract from the District Fund Board Proceedings of the Kadur district, dated 25th instant, has the honor to request that the Muzrai Secretary will be so good as to obtain the sanction of Government to make a substantial grant of Rs. 2,500 from the Kalasa Temple Funds for erecting an in-patients' ward at Kalasa as per Board's Resolution.

2. The undersigned has to bring to the notice of Government that the District Fund Board are not at present in a position to make grants from District Funds towards this work, as other more important dispensary buildings and wards are under construction at the cost of the District Fund

and that the place stands sixth in the order of importance as indicated by the Civil Surgeon, so that it will be some time before any thing could be done towards the proposed building in the regular course; hence the present urgent application for the grant as above suggested.

3. Apart from the reason just stated, the undersigned is of opinion that the work, being of a charitable nature and highly beneficial to pilgrims and others who resort to Kalasa, has special claims on the funds of the temple."

Extract of the Proceedings of the District Fund Board Meeting, convened on Tuesday the 25th May 1897.

The following Note of the Muzrai Superintendent, dated 10th December 1897.

The land inams granted to the various Muzrai institutions are not, in many cases, situated *all* in one village or even in one taluk or district, but lie scattered over in different parts of the province. In the Quit-rent Registers issued by the Inam Superintendent, the several kinds of inams such as, Personal, Devadaya, Dharmadaya, Village service, &c., are all entered *Villagewar* in the order of their registry at the time of the inam enquiry and settlement. Thus, there is no means of finding out at once, the number of grants, the situation, extent and value of the inam lands endowed to any one institution unless by carefully going through the Quit-rent Registers of all the taluks. This is very inconvenient and involves much loss of time and labor

2. I would therefore propose compiling in my office a separate Register of all Dharmadaya and Devadaya land inams - with which alone the Muzrai Department is concerned—arranging the grants *Institutionwar, i.e.*, putting together in one place all grants attached to a particular institution wherever the lands may be situated. Such Registers are very necessary for the purpose of ascertaining the income of the several Muzrai institutions from all the inam lands forming their endowments; and these new Registers will, with the Revised Ready Money Inam Registers already issued from this office, form a complete record of all Muzrai grants from the State.

No. 702-10, DATED BANGALORE, 17TH DECEMBER 1897.

ORDER THEREON.—The proposed compilation of a separate Register of Devadaya and Dharmadaya Inam lands is approved.

A. SREENIVASSACHARLU,
Muzrai Secretary.

The following papers regarding the Sri Harihareswaraswami temple at Sringeri, Kadur district:—

1. Government Proceedings No. 788, dated 30th January 1896.
2. Docket No. A, dated 11th April 1897, from the Deputy Commissioner, Kadur district. And
3. The following Note of the Muzrai Superintendent, dated 18th April 1897:—

The temple is a small stone building on a high mud mound adjoining the street leading up to Kigga road. It has been assigned certain land inams out of the Matt's Jahgir.

2. In 1895, the matt began the work of removing the mound with the double object of (1) procuring mud to fill in the pits and raise the level of a site intended for the construction of a cow shed and (2) converting the place into house sites for the extension of the town. After the exca-

vation had been carried out to some extent, certain local residents petitioned Government complaining against the dismantling of the temple by the matt. And, on the Deputy Commissioner also reporting that the removal of the mound was too costly an undertaking quite disproportionate to the end in view, the Government passed an Order No. 788, dated 30th January 1896, recording their disapproval of the Matt's action and directing that if the excavation already made had endangered the safety of the temple, necessary works should be carried out to ensure the stability of the temple, or, that if such works were likely to prove too costly, the temple itself should be dismantled.

3. I inspected the locality this morning in company with the District Muzrai Assistant Commissioner, Mr. B. Ramaswami Iyengar. The excavation has gone too near the temple to render any steps to ensure its stability feasible. The temple now stands within ten feet of the precipitous cutting and the slightest landslip during the monsoons is sure to bring down the temple bodily.

4. The Agent of the Matt proposes to dismantle the temple altogether and re-construct it at the base of the excavation as he had all along intended to do. The archak of the temple also expresses himself in favor of the measure as the temple will then be on a side of the main street and save him the trouble of a daily ascent and descent up and down the mud mound. I think that this is the best course that may be adopted at this stage.

5. I also inspected the site where the Matt had intended to construct a cow shed and to which the mud excavated out of the mound above referred to has been removed. The proposal to construct a cow shed on this site has been since abandoned by the Matt and it is now proposed to construct at the place a Dharmasala for the accommodation of travellers. The site is a very low one and one-half of it has been raised to the level of the street and the other half remains to be similarly raised. As the nearest place from which the mud required for this purpose may be obtained is the mound above referred to, the Matt may be allowed to proceed with the excavation of the latter to the extent necessary to meet its wants in this respect and for other building purposes.

6. But as regards, however, the proposal to remove the entire mound in view to convert the place into house sites, I must consider that any such undertaking will be too costly, considering the financial condition of the Matt and must therefore be abandoned. The excavation of the mound, if at all necessary for the extension of the town, may be left to private individuals, who may want mud for building purposes of their own.

No. 719, DATED BANGALORE, 17TH DECEMBER 1897.

ORDER THEREON :—Recorded.

2. The temple may be re-built as proposed by the Matt's Agent. The Matt may slope down the precipitous cut face of the mound and utilize the earth for the proposed Dharmasala site.

The following letter No. 662, dated 16th January 1897, from the Deputy Commissioner, Hassan district.

Adverting to Government Proceedings No. 247-8—Muz. F. 15-96, dated 12th August last, directing that the temples of Chaturbhuja Pattabhiramaswami and Nilakanteswaraswami at Holé-Narsipur and re-endowments thereof should be taken over under Government management, I have the honor to state that there are seven villages, as noted in the margin, assigned to those temples. The first four are in Holé-Narsipur taluk, the 5th in the Krishnarajpete taluk and the 6th and 7th in Arkalgud taluk. Hungaramuddanahalli, though situated in the Krishnarajpete taluk, is in close proximity to the first four villages in the Dodda Kadnur hobli of the Holé-Narsipur taluk, and all five constitute a single shanbhog's firka which is most conveniently managed by the Holé-Narsipur Amildar. This was also the practice during the period of former management from 1874-1890. I have the honor to request therefore that the Revenue management of this village may vest in the Holé-Narsipur Amildar. The 6th and 7th villages have a separate shanbhog and may, as usual, be supervised by the Arkalgud Amildar.

Letter No. 225, dated 25th August 1897, from the Deputy Commissioner, Hassan district recommending the grant of certain lands to the Sri Hallada Rameswaraswami temple at Hassan.

No. 741—3, DATED BANGALORE, 18TH DECEMBER 1897.

ORDER THEREON.—Certain inam lands to the value of Rs. 8-11-8, attached to the Sri Hallada Rameswaraswami temple in Hassan, were resumed at the Inam Settlement in 1879, as the temple was then in a dilapidated condition and the worship had ceased; and shortly afterwards, the resumed lands were given out to others for cultivation on kandayam tenure.

2. The temple has since been thoroughly restored and the puja duly revived. The institution being one of local importance the Deputy Commissioner recommends the grant to it of the marginally noted waste lands in lieu of the resumed inam lands, which being under private occupancy are not available for re-grant.

Village.	Survey No.	Extent. A.	g.
Bomchavalli, Alur hobli.	26	2	26
	27	2	19

3. The Deputy Commissioner's recommendation is approved. The Inam Superintendent will be requested to register the lands above referred to as Devadaya Inam in favor of the temple, any excess of assessment over the value of the resumed inam (*viz.* Rs. 8-11-8), being charged as jodi.

4. The necessary entries of the grant should be made in village accounts and a final report submitted for the information of Government.

READ :—

The following letter N 809, dated 8th February 1897, from the Deputy Commissioner, Bangalore district, regarding the construction of a Masjid at Solur, Magadi taluk.

In forwarding herewith the correspondence *in re* the erection of a Masjid in Solur, Magadi taluk, I have the honor to state that it would appear that a pensioned Subedar of the Barr had built a musafirkhana as far back as Nandana, 1831-32. The Musalmans had settled in the village long before, and the building used to be resorted to by travellers of that religion.

2. The community has got strong and multiplied since, numbering about 200 souls as against 900 others : and it is natural that the leaders of the community should prefer to have a Masjid for the exercise of their religious rites. The musafirkhana having got out of repair, the descendants of the builder have attempted to convert it into a Masjid. The work is half finished, but the old structure is now used for prayers. By the side of it is a Hindustani School, which is well attended.

3. The Musalmans have given an undertaking in writing (it is in the file) that they will never interfere with or prevent the playing of music by the Hindus on religious and social occasions.

4. I have inspected the spot. A sketch of the place is in the file. A, B, C D is the proposed structure, and its entrance is proposed at F on the lane C, F, D, E. The lane is uninhabited by Musalmans, except a solitary Tiglar, and the Musalmans agree not to molest him or his family on festive occasions. The proposed entrance to the Mosque not being from the main street, there can be no obstruction or objection to the free passage in the main street of all Hindu processions with music and tom-tom. The projectors of the Mosque have besides bound themselves not to object to the same in any occasion.

5. I consider that the existence of the Masjid is in a measure a guarantee against disturbance for the really well-informed followers of Islam are not turbulent, and the Mosque and school may be trusted to spread enlightenment and safeguard the public peace against *badmashes*.

6. I am of opinion therefore and accordingly recommend that permission may be given for the building of the proposed Masjid on the following explicit conditions :—

i. The entrance should be from the lane C, F, D, E and not from the main street.

ii. There should be no objection or obstruction to the play of music, tom-tom, &c., on all occasions of Hindu and other processions of all kinds ; and

iii. That a stone containing an inscription specifying the above conditions, to be paid for by the Musalmans, should be put up in the wall of the Masjid facing the main street.

7. The views of the Sub-Division Officer, Mr. Puttanna Chetty, are contained in his Memo in the file.

No. 753, DATED, BANGALORE, 22nd DECEMBER 1897.

ORDER THEREON.—The Government observe that permission may be granted for the construction of the masjid subject to the following conditions as proposed by the Deputy Commissioner :—

I. The main entrance to the masjid should be opened towards the lane, and no entrance of any kind should be put up facing the main street.

II. As agreed to by the Muhammadan community no right whatever should be claimed by them to forbid the use of music by religious and other processions passing by the masjid along the main street.

III. That a substantial stone slab with an inscription of the foregoing two conditions in English, Kanarese and Hindustani should be conspicuously put up on the masjid wall facing the main street, the cost of this work being borne by the Muhammadan community.

2. The Deputy Commissioner should see that the stone slab referred to above is securely put up on the masjid wall before further works towards the completion of the structure are proceeded with.

A. SREENIVASSACHARLU,
Muzrai Secretary.

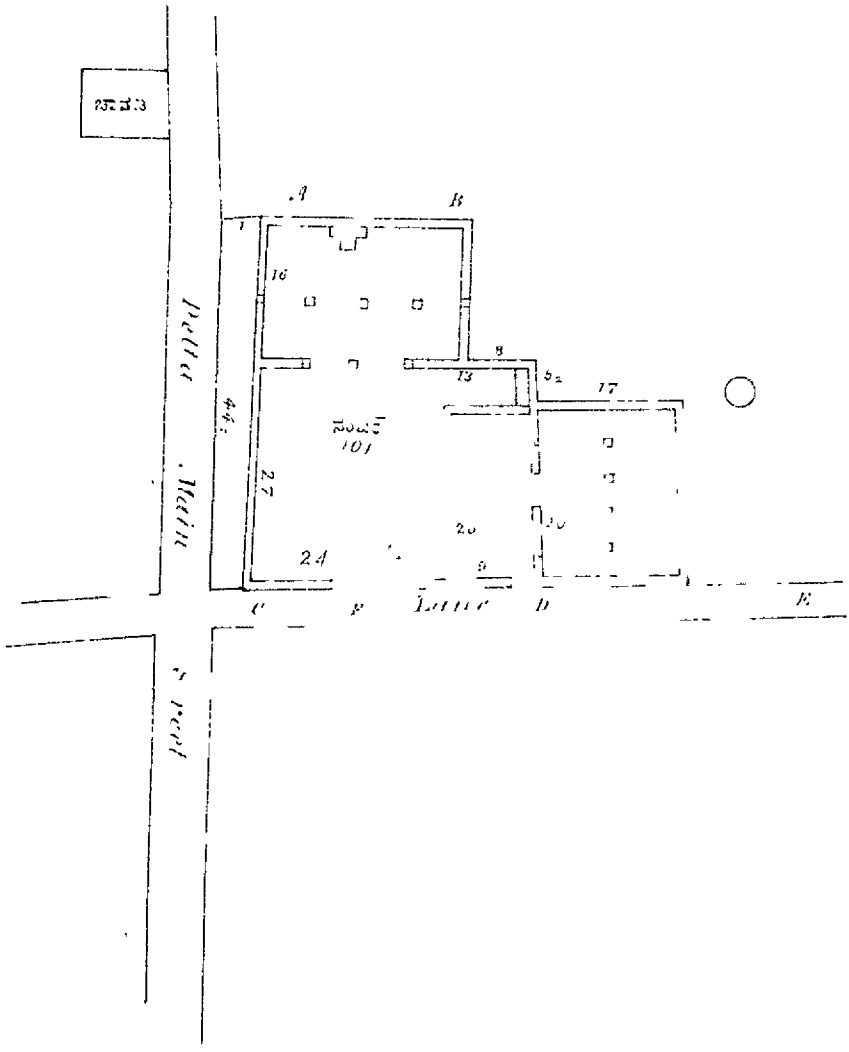
Enclosure to the Deputy Commissioner's letter.

Plan shewing the position of the Musjid with reference to the adjoining streets.



READ :—

Petitions No. 1376, dated 25th February 1896 and No. 89, dated 7th July 1897, from Sowdagar Kasim Beg of Closepet, stating that he has been forcibly ejected from the possession of a certain land belonging to the Sri Ramadevaru temple at Closepet and purchased by him at public auction and praying for payment of compensation in respect of the land.

AND,

The following Note of the Muzrai Superintendent, dated 11th December 1897, in explanation of the facts of the case:—

In the year 1867, one Lakshmakka made over a certain kandayam land of her own to the temple of Sri Ramadevaru at Closepet as an endowment for the performance of certain services in the institution.

2. The patta of the land was made out in the name of the temple in 1885-86. For some two or three years afterwards, the land remained uncultivated, and the kandayam had to be paid from out of the temple funds. The land thus becoming a burden on the resources of the temple, the Dharmakartas of the institution found that its retention by the temple was of no advantage and consequently resolved that it would be better to sell it by auction and conduct the services stipulated by the donor from the interest accruing on the investment of the sale proceeds. The Amildar also approved of this measure, and the land was accordingly put to auction on the 10th August 1888, and sold in two plots—one to a person named Siva Sing for Rs. 45-2-0 and the other to the petitioner Kasim Beg for Rs. 116. The Sub-Division Officer Mr. Namkal Rao, to whom the matter was reported, also confirmed the sale with the following remarks :—

"The land belongs to the temple of Ramadevaru. It is lying waste and the kandayam was being paid from temple funds. The Dharmakartas think it necessary to sell the land for the benefit of the temple and take the sale proceeds to the credit of the temple funds. The land has fetched proper amount in the sale. It was therefore confirmed."

3. Some months after the sale on the 12th December 1889, one Sanjivaiya, a nephew of the donor Lakshmakka petitioned the Deputy Commissioner protesting against the disposal of the land as above ; and the Deputy Commissioner (then Mr. P. N. Krishnamurti) thereupon passed an Order No. 273, dated 16th December 1889, observing that the sale of the temple lands without sanction from the higher authorities was grossly irregular and quite unauthorised and that the lands should be resumed from the purchasers, the purchase money being refunded to them, and further directed the Amildar to report the result of the action taken in the matter.

4. On receipt of the above order, the Amildar on 29th January 1890, called upon both Siva Sing and the petitioner Kasim Beg by means of notice to give up the plots, respectively purchased by them and take back the purchase money. Siva Sing readily obeyed. But Kasim Beg objected on the ground that he had expended a large sum of money in improving the plot purchased by him and that he could not therefore give it up unless paid also proper compensation for such improvement in addition to the refund of the purchase money. A petition to this effect was submitted by him to the Deputy Commissioner (Mr. V. P. Madhava Rao, who had in the meanwhile succeeded Mr. Krishnamurti) ; and that Officer referred the question to the Sub-Division Officer of Closepet for disposal, with the remark that a fair compensation may be paid to the petitioner in consideration of any improvement of the land that might have been effected by him.

5. The Sub-Division Officer accordingly inspected the land and after examining the petitioner fixed the amount of compensation claimed at Rs. 105-11-0 and directed the Amildar to pay this amount to Kasim Beg from the temple funds in addition to refunding the purchase money of Rs. 116 and obtain a receipt from him as to the adjustment of the sum. In reply, the Amildar reported that there was no saving at the credit of the temple wherefrom the compensation could be paid. On this, the Sub-Division Officer wrote to the Deputy Commissioner, recommending the payment of the compensation amount to the petitioner from Muzrai Surplus Funds. The Deputy Commissioner referred the question for the orders of Government recommending the payment of the compensation from out of the Muzrai Surplus Funds of the taluk as the institution itself had no savings of its own. But the Government in their Order No. 12090—P. 213, dated 27th January 1892, declined to sanction the proposal with the remark that the Manager may be advised to pay the compensation if he is desirous of securing the land for the temple.

6. The Dharmakarta of the temple to whom the order was communicated through the Amildar, represented in a petition No. 102, dated 22nd September 1892, that the institution had no funds from which the compensation adjudged to the petitioner Kasim Beg might be paid, and that it would be more advantageous to the temple to confirm the sale to Kasim Beg. On this the Sub-Division Officer (Mr. G. Raghunatha Rao) issued an Order No. 11, dated 15th November 1892, to the Amildar observing that there was no proof of the petitioner having spent any large sum on the improvement of the land as alleged by him and directing the Amildar to call upon Kasim Beg to receive back the purchase money within a specified time informing him that in default the amount will be credited to the temple funds. Accordingly on the 10th February 1893, a notice was issued to Kasim Beg requiring him to receive back the purchase money before the 25th idem; but immediately on receipt of the notice on the 20th February 1893, Kasim Beg presented a petition to the Deputy Commissioner stating that in spite of the Order of Government No. 12090—P. 213, dated 27th January 1892, referred to above, the Managers of the temple had taken possession of the land under orders of the taluk authorities without paying him the compensation adjudged and that he had been served with a notice requiring him to receive back only the purchase money and praying therefore that the Managers may be ordered to pay him the compensation amount of Rs. 105-11-0; and on the 25th February he petitioned the Amildar praying that further action in the matter might be held in abeyance pending disposal of his petition to the Deputy Commissioner on the subject.

7. Before, however, his petition to the Deputy Commissioner was disposed of, Kasim Beg submitted a petition to the Government to the same effect. This petition was referred to the Deputy Commissioner for report if the Managers were willing to take back the land after paying the compensation adjudged to the petitioner. In reply the Deputy Commissioner in his letter No. 109, dated 27th July 1893, reported that the Managers declined to pay the compensation and take back the land and deemed it advantageous to the temple if the original sale might be confirmed considering the inconveniences attendant upon keeping lands waste and paying banjar kandayam. Thereupon the Deputy Commissioner was informed that Kasim Beg can retain possession of the land in question until he is paid back the purchase money together with the amount of compensation awarded to him by the Sub-Division Officer.

8. The petitioner Kasim Beg now represents that the land was taken away from his possession in January 1890 without any heed being paid to his representations about the payment of compensation and having lain waste since then, the land has now become unfit for cultivation and prays therefore for the payment of compensation amount above referred to together with the purchase money. With reference to this petition, the Deputy Commissioner Mr. V. N. Narasimmiyengar in his letter No. 142, dated 10th August 1897, now reports as follows:—

"Kasim Beg having been deprived of the land, now refuses to take it back and demands the payment of the purchase money plus the cost of improvements as certified by the panchayats at the time.

"If it may be permitted to me to express an opinion at this stage of the case, I think it was a pity that the sale was not confirmed. The Dharmadarasis do not want the land for the temple and the individual at whose instance the sale was upset, has renounced all claim to the same.

"I have now the honor to request instructions as to the adjustment of the claim of Kasim Beg whose petition is included in the file."

The chief point to be ascertained in this case is when and under what circumstances, the petitioner Kasim Beg lost possession of the land without being paid the compensation adjudged to him by the Sub-Division Officer of Closepet. The petitioner states that soon after the issue of the Amildar's notice, dated 29th January 1890, he was summarily ejected from the land without any heed being paid to his claims for compensation. But the records submitted by the Deputy Commissioner do not bear out this allegation. On the other hand, when the notice, dated 29th January 1890, the Amildar communicated to the petitioner the Deputy Commissioner's order cancelling the sale of the land and called upon him to give up possession of the land, Kasim Beg in reply submitted a petition pleading inability to surrender the land until he was paid proper compensation for the improvements effected by him on the land.

And, beyond Kasim Beg's bare assertion in his recent petitions to the Deputy Commissioner and to the Government, there is nothing in the records to show that he was forced to give up possession of the land by any coercive process. On the other hand, the allegation of Kasim Beg that he gave up the land so long ago as January 1890 is shown to be untrue by the Amildar's report, No. 547, dated 23rd February 1891, in which it is distinctly stated that Kasim Beg had not given up the land sold to him and further in a report of the Temple Managers made on the 20th October 1894, Kasim Beg's statement that he gave up the land to their possession is flatlycontradicted.

In these circumstances, Kasim Beg's statement that he was forcibly deprived possession of the land appears to be unfounded. It seems more likely that Kasim Beg himself quitely abandoned the land of his own accord, preferring the receipt of the compensation adjudged by the Sub-Division Officer as the more profitable bargain, but subsequently finding his expectations in this respect frustrated, set up a plea of having been forcibly ejected from the land just to give color and weight to his claims for payment of compensation.

On a further reference from this office in regard to the foregoing points, the Deputy Commissioner in his letter No. 468, dated 9th October 1897, reports that Kasim Beg was not forcibly ejected from the land as alleged by him, that the land is lying waste, but that however, the kandayam thereon is now being levied from the temple Manager, because the patta of the land still stands in the name of the temple.

No. 760—Muz. F. 10-94, dated Bangalore, 22nd December 1897.

Order thereon.—The sale of the land to Kasim Beg was first cancelled by the Deputy Commissioner but by a subsequent order of the same authority, the petitioner had to be paid compensation in addition to refund of purchase money before being ousted from the land. It was found impossible to carry out the latter order; and the previous order for cancellation of the sale must therefore be held to have been in abeyance and not enforcible.

2. It is reported that as a matter of fact Kasim Beg was never ousted from the possession of the land. His allegation of such ousting is without any foundation.

3. Under such circumstances, Kasim Beg may at his option either take refund of the purchase money and give up the land (in which case the sale will be held cancelled) or he may keep the land (in which case the land will be confirmed to him as purchaser). In the latter case he must pay the assessment on the land from the current year.

READ THE FOLLOWING :—

Letter No. 379, dated 17th October 1896, from the Deputy Commissioner, Tumkur district.

In reply to your Rubkari No. 285, dated 11th August 1896, forwarding for report a petition from Huliyurdurga Ranganna and others, praying for the removal of the chattram at Bandihalli to either Kunigal or Huliyurdurga, I have the honor to refer you to correspondence ending with my predecessor's letter No 702 of the 3rd March 1894, and to state that since the construction of the Kunigal-Maddur road, the chattram at Bandihalli is not used by travellers, as the village is about three miles away from the road. The sarvamanyam villages which were granted for the maintenance of the chattram and other charities are under the management of one Venkatanaranappa, who styles himself to be the agent of the representative of the family of the original inamdar Damodara Doss. It is not known who the present representative of the family is, and it is doubtful whether the so-called agent renders any account of the properties to his principal. It is at any rate certain that the object of the grant of inam villages for the chattram is not being fulfilled at present. The representative of Damodara Doss' family should, I think, be called upon to show cause why the inam villages should not be taken charge of by Government and the intended charities duly maintained under Government agency. So far as the allowance for the chattram is concerned, it may be transferred to Huliyurdurga which is midway between Kunigal and Maddur, so as to be useful to travellers for whom it is intended. At present scarcely a traveller visits Bandihalli and it may safely be presumed that the proceeds of the village are diverted from their original object.

2. The petition received with the Rubkari under reply is herewith returned.

Government Proceedings No. 882—Muz. F. 74-93, dated 5th February 1897.

READ :—

Subject No. 216 of the Dasara Representative Assembly Proceedings of 1895, regarding the transfer of the chattram established by the late Damodara Doss Sait at Bandihalli to Huliyurdurga.

Petition No. 225, dated 31st July 1896, from certain residents of Huliyurdurga, complaining that the inam endowments granted for the support of the chattram and other charities founded by the late Damodara Doss Sait at Bandihalli are being mismanaged without any benefit to the charities themselves, and praying that the chattram may be transferred from Bandihalli to Huliyurdurga.

Letter No. 379, dated 17th October 1896, from the Deputy Commissioner, Tumkur district, reporting on the above.

READ ALSO :—

The inam register pertaining to the settlement of the sarvamanyam inam villages of Bandihalli and Bolenahalli in the Kunigal taluk.

ORDER THEREON.—From the inam register read above, it is observed that the sarvamanyam inam village of Bandihalli has been granted as dharmadaya inam for the maintenance of the chattram and certain other charities established in the village by the late Damodara Doss Sait, and another sarvamanyam village of Bolenahalli as devadaya for the worship of Sri Gopalakrishnaswami at Bandihalli.

2. The Deputy Commissioner reports that the object of the inam grants is not now being fulfilled, that both the inam villages are being managed by one Venkatanaranappa, who styles himself agent of the representatives of the family of the original grantee, but that it is not, however, known who the present representative of the family is; the Deputy Commissioner also recommends the transfer of the chattram from Bandihalli to Huliyurdurga.

3. With reference to the above, the Government observe that Damodara Doss Sait having left no heirs who can be regarded as managers of the charity in hereditary succession to the original grantee and the villages also having been confirmed as devadaya and dharmadaya grants in favor of the manager for the time being, the Government in the Muzrai Department have to satisfy themselves that the charities are duly maintained and in default of such maintenance assume the management of the inam endowments on behalf of the charities.

4. The Deputy Commissioner is accordingly requested to call upon the manager Venkatanaranappa to render an account of the income and the expenditure of the inam villages of Bandihalli and Bolenahalli for the past three years forthwith, and to report the action taken for the information and further orders of Government.

5. The question of the removal of the chattram from Bandihalli to Huliyurdurga will be deferred for the present.

AND,

Letter No. 290, dated 16th September 1897, from the Deputy Commissioner, Tumkur district.

In reply to Government Proceedings No. 882—Muz. F. 74-93, dated the 3rd February 1897, regarding the manner in which the chattram and temple charities founded by Damodara Doss Sait at Bandihalli in the Kunigal taluk are maintained, I have the honor to report as follows :—

1. Dodmutkur.
2. Biragonahalli.
3. Bolenahalli.
4. Bandihalli
5. Chikkamutkur.
6. Lakkasettipura.

2. By sannad, dated 8th February 1830, His Highness the late Maharaja Krishnaraja Wodeyar III, granted the marginally noted six villages situated in the Kunigal taluk, with a net beriz of Rs. 1,220-6-11 as sarvamanyam to Damodara Doss Sait of Mysore. The object of the grant as expressed in the sannad was to enable the grantee to allot a portion of the lands to Brahmins and a portion for the maintenance of the chattram and devastanams in the villages and appropriate the remainder for the support of his family. No apportionment of the lands for the above purposes seems to have been made in the time of Damodara Doss Sait. On the other hand, certain Brahmins, nine in number, living in Seringapatam, appear to have received an annual cash grant of 18 pagodas (= Rs. 52-5-9) each from the proceeds of the inam villages, while the chattram and devastanams were maintained out of the balance under the Sait's supervision. The supervision of these institutions and the management of the inam villages gradually came into the hands of the local agents of the Sait, one Venkatanaranappa, shanbhog of Bandihalli, being the present local manager.

3. At the time of the inam settlement, probably on the strength of the said Venkatanaranappa's declaration, the following apportionment of the inam villages was recorded and the inam settled accordingly. (*Vide* printed final quit-rent register of the Huliyurdurga taluk.)

Name of village.	Class of inam.	Object of the grant.
1. Dodmutkur	Personal.	For personal benefit of eight Brahmins living in Seringaptam.
2. Biragonahalli	Personal.	For support of a Brahmin living in Seringapatam.
3. Bandihalli	Dharmadaya.	For the support of a chattram and of worship in temples at Bandihalli, also for personal benefit.
4. Bolenahalli.	Devadaya.	For support of worship of Gopalakrishna devaru at Bandihalli.
5. Chikkamutkur.	Dharmadaya.	For supplying provisions to Byragis and Gosayis and also to Brahmins at Seringapatam.
6. Lakkasettipura.	Devadaya.	For supplying three seers of rice with curd to Navanita Krishnaswami at Mallur, Channapatna taluk.

4. None of the villages was enfranchised. The inamdar had thus no power of alienating the inams.

5. It will thus be seen that two of the six villages were settled by the Inam Department as personal inam, two as devadaya and two as dharmadaya. Manager Venkatanarnappa now says (*vide* his deposition, dated 28th June 1897) that the above classification of the inam villages was not quite accurate as the Brahmins were receiving only a cash allowance out of the proceeds of the villages as mentioned in para 2 above.

6. Subsequently, *i. e.*, on the 15th December 1879, Jamna Bayi, grand-daughter and Subhadra Bayi, widow of a brother of Damodara Doss Sait, commuted (*vide* document, dated 15th December 1879) the cash payment theretofore made to the nine Brahmins of Seringapatam to land inams, by the assignment to them among other things of the three villages of (1) Dodmutkur, (2) Biragonahalli and (3) Bolenahalli. This deed of gift is said to have been duly registered at the Sub-Registry office at Seringapatam on 20th May 1880. It is executed in favor of three persons, *viz.*, Venkatanarasimhachar, Karigiriyachar and Sridharachar, sons of Lakshminarasimhachar, one of the nine Brahmins alluded to in the last column of the quit-rent register. The genuineness of this gift is very questionable. At any rate, the inams not having been enfranchised at the Inam Settlement, the inamdar or his surviving descendants had no power to alienate them. It is believed that the three villages above named, *viz.*, Dodmutkur, Biragonahalli and Bolenahalli are now in the hands of the Brahmins to whom they were conveyed by gift in 1879.

7. Paper No. 27 on the record which is a letter addressed on 2nd July 1882, by Gokul Doss and Govardhana Doss, acting under a General Power-of-Attorney from the Firm of Brijilal Doss, Sundara Doss and Vallaba Doss (Brijilal Doss being the son of Damodara Doss) to manager Venkatanaranappa, makes mention of the alienation of the three villages of Dodmutkur, Birgonahalli and Bolenahalli to the Brahmins of Seringapatam and proceeds to assign the remaining three villages as shown below:—

1. Lakkasettipura—The proceeds to be utilized for the expenses connected with the daily offering of Dadhyodana at Navanita Krishnaswam temple at Mallur, Channapatna taluk.
2. Chikkamutkur—To be in the possession of Subbaraya, mutsaddi of the Firm, for his personal benefit. Rupees 200 are to be paid to the said Subbaraya out of the receipts of this inam village and of two vrittis in Kestur, Mandya taluk, and the surplus, if any, to be utilized for the expenses of the chattram and devasthanams at Bandihalli.
3. Bandihalli—To be under the management of manager Venkatanaranappa and the proceeds to be utilized for the expenses of the chattram and devastanams at Bandihalli.

8. It will thus be seen that Venkatanaranappa has for a long time been manager of the chattram and devastanam charities at Bandihalli on behalf of the inamdar and his descendants. Paper No. 21 is the account furnished by Venkatanaranappa of the income of the village of Bandihalli for the three years ending with Manmatha 1895-96, from which it will be seen that the gross income for the period amounts to Rs. 1,930-14-0, exclusive of the amount derived under the head "Abkari" which has been held in deposit in the treasury. This gives an average annual income of Rs. 643-10-0. That this account is unreliable is patent from the fact that the beriz of the village, at the time of its grant as inam, 67 years ago, was as much as Rs. 752-14-2. The account of expenditure, paper No 20, is equally incorrect. The total expenditure for the three years above mentioned is shown as Rs. 2,807-15-6 or Rs. 877-1-6 more than the income! Venkatanaranappa's statement that he defrayed the excess expenditure from his pocket in expectation of his receiving the "Abkari" revenue of the inam villages which is held in deposit in the treasury is extremely improbable. So far as the feeding of travellers in the chattram is concerned, the fact cannot be gainsaid that not a single traveller visits the village since the opening of the Kunigal-Maddur road, *via*, Huliyurdurga.

9. Venkatanaranappa is unable to furnish the accounts connected with Bolenahalli as it is practically in the possession and enjoyment of the Brahmins at Seringapatam since 1879.

10. From the above history of the inam villages under reference, it is clear that the object of the inam grant is not fulfilled at the present day, at any rate, so far as the chattram and temples at Bandihalli are concerned. Leaving alone the alienation of the three villages of Dodmutkur, Birgonahalli and Bolenahalli which has been made in favor of Brahmins in accordance with the sannad of 1830, it seems to me that, in the absence of any legal heirs of Damodara Doss Sait, the Government in the Muzrai Department should at once assume the management of the three remaining villages of Bandihalli, Chikkamuktur and Lakkasettihalli and of the charitable institutions which they were intended to support. The villages should be brought under the Survey Settlement and the temple and chattram charities maintained under proper regulation and upon fixed tasdik pattis under the supervision of the Amildar of the Kunigal taluk in the same way as a Government chattram or temple.

11. There is now no necessity for a feeding chattram at Bandihalli as already reported. The feeding may usefully be held at Huliyurdurga, which is situated midway between Kunigal and Maddur Railway Station, a portion of the old taluk cutcherry at Huliyurdurga or the musafirkhana which is being built there, being utilized for the purpose. Any repairs necessary to convert the old taluk cutcherry for the purposes of the chattram as well as the cost of vessels, &c., may be met from the amount of toddy revenue belonging to the inam villages, the payment of which has been held in abeyance.

12. The whole of the vernacular proceedings relating to the case is herewith forwarded for reference, if necessary.

No. 720-1—Muz. F. 74-93, dated Bangalore, 17th December 1897.

Order thereon.—The inam settlement of the marginally noted four villages as dharmadaya and devadaya grants should be strictly followed and enforced. The objects of the grants not being satisfactorily fulfilled, the Deputy Commissioner will proceed to assume the mangement of the villages in the Muzrai Department and administer the same on behalf of the institutions to which they have been endowed.

1. Bandihalli, (Dharmadaya.)
2. Chikkamutkur do
3. Bolemahalli (Devadaya)
4. Laksettipura do

2. The other two villages, *viz.*, Dodmutkur and Biragonahalli settled as personal grants cannot be dealt with in the Muzrai Department. The inams, however, being unenfranchised, their alienations are invalid; and the Deputy Commissioner should take the needful action in the matter in the Revenue Department.

A. SREENIVASSACHARLU,
Muzrai Secretary.

To—The Deputy Commissioner, Tumkur District, returning the vernacular records.
The Secretary to the Government of Mysore, General and Revenue Departments, for information.

GEOLOGICAL.

Proceedings of the Government of Mysore,

No. 101-M., DATED BANGALORE, 9th DECEMBER 1897.

ORDER.—The subject of the Rules required for the Mines in the State ha received the careful consideration of the Government, and after consultation with those actually engaged in the industry on the Kolar Gold Field, they resolve to direct the issue of the following Notification

JOHN W. EVANS,
Secy. to Govt., Geological Dept.

To—The Deputy Commissioners of Districts.
The Secretary to Government, General and Revenue Departments.
The Registrar, Chief Court.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Inspector General of Police.

NOTIFICATION.

No. 94—M, *dated, Bangalore, the 9th of December* 1897.

In exercise of the powers conferred by Sections 11 and 28 of the Regulation III of 1897 (The Mysore Mines Regulation, 1897) the Government of Mysore hereby prescribe the following rules :—

By Order of the Government of Mysore,
JOHN W. EVANS,
Secretary to the Govt. of Mysore,
Geological Department.

I—Preliminary.

1. In these Rules the word "Regulation" shall mean the Mysore Mines Regulation, 1897, and all words defined in that Regulation shall have the same meaning as in these Rules.

2. In these Rules—

(1) "Chief Inspector of Mines" means the senior Inspector of Mines for the time being.

(2) "Agent" means the agent or manager of the Mining Proprietor and the managing director or the directors if the Proprietor is a company, but not any one having the actual superintendence of mining operations.

(3) "Chief Underground Agent" is the officer of the mine who is in charge of the whole of the underground portion thereof.

(4) "Assistant Underground Agent" is an officer whose duty it is to assist the Chief Underground Agent.

(5) "Chief Engineer" is the officer in charge of all the machinery of the mine.

(6) "Assistant Engineer" is an officer whose duty it is to assist the Chief Engineer.

(7) "Mining Officer" includes the Superintendent, Chief Underground Agent, Chief Engineer, Accountant, Assayer and Cashier and their respective Assistants, and others holding posts of equal importance.

(8) "Underground foreman" is a subordinate official of the mine to whom the detailed execution of part of the duties of a Chief or Assistant Underground Agent is delegated.

(9) "Head timberman" means a miner whose duty it is to see that the fixing of timber is done in a proper and workmanlike manner.

(10) "Workman" includes every person working above or below ground and inferior in position to an underground foreman or head timberman.

(11) "Working place" is any portion of the underground workings where work is being carried on, including any winze, pass, way or other means of access thereto which is not used for general travelling purposes.

(12) "Working party" means a party of two or more men working at the same working place.

(13) "Mestri" means any workman in charge of a working party.

(14) "Contractor" is a person who contracts to drive, sink, or stope, clear dirt or do any other work for a consideration calculated on the work performed and who employs workmen who are paid by him and are not in the direct employment of the company.

(15) "Contractor's mestri" means any mestri in charge of a working party working under a contractor.

(16) The "immediate superior" of any person employed in a mine is the person, whether a Mining Officer or foreman or head timberman or contractor or mestri, from whom he takes orders. In the case of a workman other than a mestri, it will generally be the person in charge of his working place.

(17) "Medical Officer" is the duly qualified man appointed by the Proprietor to have medical charge of the persons employed. Any person with the qualification required for an Assistant Surgeon in the Mysore Medical Service or any superior qualification shall be considered duly qualified for the purpose of these rules. If no Medical Officer shall be appointed by the Proprietor, the Civil or Assistant Surgeon of the District shall be the Medical Officer of the mine for the purpose of these rules.

(18) "Shaft" shall include a shaft, or adit, or any incline which forms an entrance to a mine.

(19) A "Sinking shaft" is a shaft or part of a shaft exclusively devoted to its depth being increased.

(20) "Timber work" shall include masonry, iron-work or other means of securing ground.

(21) The expression "these rules" includes any general or special rules prescribed by the Government of Mysore under Sections 11, 12 or 28 of the Mysore Mines Regulation, 1897.

II—Protection of the Surface.

3. Places where mining operations have caused large cracks and falls of earth on the surface, or where such are likely to occur, must be properly fenced in.

4. For the protection of public squares, roads, railways, cemeteries, rivers, water-rights, buildings and other property on the surface, the reefs, or other mineral deposits must be left intact for such depth below them and for such horizontal distance as an Inspector of Mines shall prescribe.

5. The top and side entrances of all shafts and all holes and surface workings that are more than 10 feet deep must be kept securely fenced except so far as may be necessary to allow of mining operations being efficiently carried on. The fence may be removed for necessary work if due precautions are taken.

6. When any shaft or other excavation more than 10 feet deep made in the course of mining operations is or has been abandoned or the working thereof discontinued, at whatever time the abandonment or discontinuance occurs, the Proprietor thereof and every other person interested in the land in which such excavation is situated shall without delay either fill up such shaft or other excavation after obtaining the permission of an Inspector of Mines or protect the same by a substantial stone barrier on all sides at least 3 feet, 6 inches high and 2 feet thick.

7. In digging prospecting trenches or other workings not more than ten feet deep, the earth excavated must be used to form more or less regular ridges on all sides.

8. Prospecting trenches must be filled up within six months after being made except where a deposit of commercial value has been exposed.

9. Inadvertent access to water which contains poisonous or injurious chemicals used in extracting gold must be prevented by fencing or other effectual means, and, if necessary, notices must be put up in suitable places warning persons against using such water.

10. The remaining rules do not apply to excavations not exceeding 10 feet in depth nor any open working not more than 50 feet deep in which not more than 50 persons are employed in any one day nor any mine in which not more than 5 persons are employed in any one day.

III—Workmen.

11. Registers shall be kept at every mine of the names of (1) all persons directly employed by the Proprietor; (2) all contractors with the number of men they respectively employ; (3) all mestris, blasters and engine-drivers (if any) employed by contractors; (4) all females engaged in mining operations; (5) all persons below the age of twelve years engaged in mining operations.

The registers shall also state whether such persons are employed above or below ground.

12. Every mestri, blaster, and winding-engine-driver is required to hold a certificate in that capacity from an Inspector of Mines or one of his subordinates.

13. Any person who engages a workman who is new to the mine must arrange that he is properly looked after until he is acquainted with the mine.

14. Any workman sending a substitute in his place shall first obtain the permission of his immediate superior and shall at the same time inform him whether the substitute is acquainted with the mine. If he is not, the person so informed shall see that he is properly looked after. In the case of a substitute for a mestri or blaster the consent of an Underground Agent and in the case of a substitute for an engine-driver the consent of an Engineer must be obtained.

15. At every mine a room must be provided, proportionate in size to the numbers of persons employed and likely to require such a room, where underground workmen can change and dry their clothes. Engine and boiler rooms must not be used for this purpose.

16. No person shall be employed underground or in attendance on machinery who is under the age of twelve years.

IV—Underground Workings.

17. Every working place where work is being carried on shall be placed under the charge of an underground foreman or head timberman in the direct employment of the company or a certified mestri or blaster who shall be responsible for the safety of such place and must be present. Every other place underground where men are stationed or pass must be placed in the charge of an underground foreman or head timberman or certified mestri in the direct employment of the company.

18. The person in charge of a working place or place where men are stationed or pass shall take all precautions to ascertain if the place is safe. If there is reason to suppose that there is any danger to persons working, stationed, or passing therein, he shall proceed at once to remove the source of danger, and if he is unable to do so himself, he shall inform an Underground Agent or other Mining Officer or (unless he is himself an underground foreman or head timberman) an underground foreman or head timberman of the fact as soon as possible and in any case before leaving the mine. He shall, in the meantime, stop all work or access to such working place except for the purpose of making

the place safe or saving life. A foreman or head timberman who receives information, under this rule, of danger to a working place shall be then considered in charge of such working place.

19. Arrangements shall be made for promptly supplying skilled assistance to the person in charge of any place where danger may exist.

20. Every working place and place where persons are stationed or pass shall be inspected at least once on every day when work goes on there during the morning shift and as far as practicable at least once a week in each of the other shifts by an Underground Agent or underground foreman or head timberman who shall satisfy himself that the place is in a safe condition and he shall report to the Superintendent any case of serious neglect on the part of the person in charge.

21. The examination under the above rules of any shaft by which men enter or leave a mine must be made by an Underground Agent or specially selected underground foreman, or head timberman, and the result of one such examination in every week must be entered in a book to be kept on the mine.

22. All shafts in use and all underground workings in which the ground is not sufficiently firm must be made secure with suitable timber work, and such timber work must be renewed as often as necessary to ensure the safety of the workmen and until so secured or renewed no person shall travel or work therein, except for the purpose of exploring or fixing or repairing timber. When it is absolutely necessary to work below ground suspected to be unsafe which cannot be removed or permanently timbered at once, temporary supports shall where practicable be employed.

23. Where timbering whether permanent or temporary is done by the workmen employed in other mining work, suitable timber shall be provided in sufficient quantity in the working place or in the immediate vicinity thereof.

24. In timbering a shaft care shall be taken that the wood employed in places where the ground is dry shall not be of an easily inflammable nature or the timber shall be coated with non-inflammable paint or solution.

25. All underground work shall be so far as possible carried on in such a manner as to avoid the danger of sudden collapses or heavy falls of ground.

26. Every person shall frequently and carefully and especially after any fall of ground, however slight, examine the place where he is working and see that it is safe in every respect; and no person shall work or remain in any part that is not secure and safe unless for the purpose of securing and making it safe; and if any person at any time finds that the place where he is working is not perfectly safe, he shall either secure it or leave the place, and in the latter case he shall at once inform his immediate superior.

27. Where a place is likely to contain a dangerous accumulation of water, a working approaching it shall not at any point within 40 yards exceed 8 feet in width, and 8 feet in height and there shall be constantly kept at sufficient distance, not being less than 5 feet 6 inches, in advance, at least one bore-hole near the centre of the working and sufficient flank bore-holes on each side.

28. In all underground mining operations the ground on the inside of the boundary lines must be left intact for a width of 6 feet from such boundaries, but the working, cutting through or removing these boundary pillars is allowed by agreement between the representatives of the adjoining mines.

V—Prevention of Falls of Things and Persons.

29. Tools, wood, stones, or any other loose articles shall not be put down or allowed to be in such a position in or near shafts or winzes, whether vertical or inclined, or openings into stopes where work is going on, as may result in their falling into them. When a shaft, winze, rise or stope leads directly into a travelling road or place where persons are stationed or at work, the traffic at such places must be guarded against danger from falling articles.

30. The top and all entrances between the top and bottom of shafts, winzes, shoots, or sliding holes and any opening into a stope more than 10 feet deep below a drive and other dangerous openings, except openings for ladder-ways, shall be provided with a permanent or removeable barrier in order to prevent persons or things from falling into them.

31. Every ladder-way-opening in any travelling road or place where men are stationed or pass shall be provided with a door for the purpose of closing the same when occasion requires. The door shall be closed when any work is being carried on which renders it possible that any person or thing might fall through such opening if it were not closed.

32. No person, in climbing ways that are used as shoots or passes, shall cast down any material, until he has made himself sure that no person is in the way.

33. Men engaged in sinking must be protected by a suitable covering from objects falling from above. The ladder-way may form part of such covering.

VI—Shafts and Outlets.

34. No Proprietor, Agent, or Superintendent of a mine shall employ any person in a mine, or permit any person to be in a mine for the purpose of employment therein, unless—

(*a*) There are at least two shafts or outlets with which all the underground workings of the mine have communication, so that such shafts or outlets afford separate and efficient means of ingress and egress available to all persons employed in the mine, whether the shafts or outlets belong to the same mine or to more than one mine:

Provided also, that such shafts or outlets must not at any point be nearer to one another than 30 feet: and that there is between two such shafts or outlets, a communication in the mine not less that 4 feet high and 4 feet wide and that sufficient means of ingress and egress are provided at each shaft.

35. The provisions of these rules shall not apply—

(1) To any shaft which is actually being sunk.

(2) To any work for the purpose of opening up communica a, or

(3) To any work for the purpose of opening out the mine or proving or searching for minerals which does not continue for more than one year or does not extend for more than 50 feet from the shaft.

36. The provisions of these rules shall also not apply—

(1) To any other work for the purpose of opening out the mine or proving or searching for minerals.

(2) In case of an accident to a shaft.

(3) If the mineral would not repay the cost of a second shaft.

(4) In other cases where the circumstances of the case would render the provision of two shafts not reasonably practicable and where the rock is firm and there is no reason to apprehend danger from water or noxious gases;

Provided that the consent of an Inspector of Mines is previously obtained.

37. Where there is only one shaft and it exceeds 100 feet in depth and is not merely a sinking shaft, it shall be provided both with ladders and with other means of raising or lowering men.

VII—Inclines.

38. Every underground plane on which persons travel on foot, which is self-acting, (that is to say, the motive power is the weight of the load in the waggons), or worked by an engine windlass or gin, shall be provided (if exceeding 30 yards in length) with some proper means of communicating distinct and definite signals between the stopping places and the ends of the plane and shall be provided in every case with sufficient man-holes or places of refuge at intervals of not more than 20 yards. No person shall be allowed to travel on foot on any such plane, if there is not room for a person to stand between the tracks and one of the walls.

39. Every man-hole and space for a place of refuge shall be constantly kept clear and no person shall place anything in a man-hole or such space so as to prevent access thereto.

VIII—Hoisting Generally.

40. When hoisting is effected by means of an engine, the drums must be provided with an adequate brake so arranged that it can be easily controlled by the person in charge of the engine from his position at the starting gear.

41. In hauling, the bucket or skip, or any waggon in the cage must not be filled up to such a height that any of the contents can fall out, and the bottom of the same must be kept clean. If it be necessary the shaft must be provided with guides for the buckets.

42. In hoisting or lowering tools, wood, etc., ends projecting over the top of the cage, skip or bucket must be securely fastened to the hauling rope.

43. In vertical shafts where hauling is regularly effected with a bucket, the mouth of the shaft must be provided with a counterpoised or other devised door, waggon or jetty for preventing materials or persons falling down.

44. Entering a division in the hoisting compartment of a shaft, when hoisting is going on in that division, is prohibited except in cases of necessity.

45. If two skips work in the same inclined shaft, one must have a bell attached to it to distinguish it from the other, when in motion.

46. Windlasses, whims and whips in use at shafts and winzes must be provided with a stopper, lynch-peg or other reliable holder.

47. Care must be taken that the hooking on and off of buckets is done without danger to the workmen.

48. The connection between rope and bucket or skip must be of such a character that no accidental disconnection can take place.

49. Before an unguided bucket is raised or lowered it must be steadied.

50. The shaft and the rope, shackle and all other parts of the hoisting gear or apparatus connected therewith shall be carefully examined by a competent Mining Officer or foreman or head timberman once in every twenty-four hours.

IX—Raising or Lowering Persons by Machinery.

51. Ascending or descending in a sling of the hauling rope or an empty bucket or without guides or signals is only permitted in sinking to a depth not exceeding 150 feet, or with the consent of an Inspector of Mines.

52. Complete casing close to the bucket-way on two or more contiguous sides will be considered to be in the nature of guides in the case of a sinking shaft.

53. None but a thoroughly reliable and experienced engine-driver must be employed, when persons are being raised or lowered. He must be at least 21 years of age. The Chief Engineer must see that this rule is carried out.

54. Ropes used in raising and lowering persons and all cappings or sockets and shackles must be of the best manufacture and kept in good condition. The working load shall not be more than one-tenth of the breaking strain of the rope when new.

55. A similar spare rope must always be kept in reserve at mines where there is only one hoisting shaft.

56. The rope shall be securely fastened to the drum; and there shall be at l[illegible] no the roc on the drum when the cage, skip, or bucket is at the bottom.

57. The diameter of the drum and the pulleys or sheaves on the head-gear, poppet-head or head-stock, shall not be less than 60 times the diameter of the rope used on them if persons are lowered or raised.

58. Before the commencement of or during each shift the cages or skips must be run up and down the shaft at least once before any person is raised or lowered.

59. In any mine where the winding apparatus, when used to raise persons, is not provided with some contrivance to prevent overwinding, the cage, skip or bucket shall not be wound up at a speed exceeding three miles an hour after it has reached a point in the shaft 50 feet from the surface landing, when men are being raised.

60. Every engine used in raising or lowering persons must be provide with a brake acting on the drum so arranged that it can be easily controlled by the person in charge of the machine from his position at the starting gear, also a depth indicator (in addition to any marks on the rope) in order to show the engine-driver the position of the cage in the shaft. Provided that shafts not exceeding 150 feet in depth need not have an indicator.

61. Cages or skips used in raising and lowering persons must be provided with a top covering, and as a precaution against the breaking of the rope, with safety clutches.

62. Where skips, buckets or other appliances are not ordinarily used for raising persons, a person may in exceptional cases be raised without the precautions provided for in these rules, but the previous consent of the Superintendent or an Under-ground Agent shall, if practicable, be obtained. All available precautions must be adopted and every case must be separately recorded by the watchman in a book kept for the purpose and the reason which rendered it necessary must be expressly stated.

63. Every person who ascends or descends by a skip shall ride in it and not outside or on the edge. This does not apply to a timberman who is slowly lowered or raised in a shaft in order to examine it.

64. Arrangements shall be made to securely close any space between a cage by which persons ride and the side of the shaft by which persons leave or enter the cage. This rule also applies to a skip or bucket when used for raising or lowering persons.

65. Every cage shall be approved by an Inspector of Mines, who shall determine the maximum number of persons to travel in it. This number shall be stated in a notice at the top of the shaft. Any man who shall enter the cage after the maximum number are already there, shall be guilty of an offence against these rules. A watchman shall be stationed to prevent the infringement of this rule.

66. Arrangements shall be made to provide gates at the surface and every landing stage in a vertical shaft. These gates shall as far as practicable be self-acting and every workman shall be excluded from the landing stage compartment except for the purpose of ascending or descending or executing repairs.

67. A competent Mining Officer or foreman or head timberman appointed by the Superintendent for the purpose shall frequently and in any case at least once in every twenty-four hours examine the state of the external parts of the machinery, the state of the shaft, of the guides and conductors in the shaft, and the state of the head-gear, ropes, sockets, shackles, chains, engine-brakes and other similar appliances in any way connected with the arrangements for raising or lowering persons, and shall make a true report of the result of one such examination once a week; and every such

report shall be recorded without delay in a book to be kept at the mine for the purpose, and shall be signed by the person who made the inspection.

68. If any dangerous defect shall be discovered during any inspection or at any other time, the person making such inspection or otherwise discovering such defect shall at once give notice to the engine-driver who shall cease raising and lowering persons until the defect is remedied.

69. A single linked chain shall not be used for lowering or raising persons in any working shaft or plane.

70. There shall be on the drum of every machine used for lowering or raising persons, such flanges or horns or such other appliances as may be sufficient to prevent the rope from slipping and the engine-driver shall see that these flanges or horns project beyond the outer coil of the rope or chain.

71. The engine-driver shall not leave the engine while any person is being raised or lowered. He shall not allow any one else to handle the engine, unless with the order or permission of one of the Chief or Assistant Engineers.

72. No one is allowed to ascend or descend a shaft on the top of a loaded bucket or skip, nor in the deck of a cage with a loaded waggon or other load.

73. When a mine is more than 600 feet in vertical depth and there are more than 500 persons working at the same time below that depth for each ladder way by which they have access to the mine, arrangements shall be made to lower and raise them by means of a cage. An Inspector of Mines shall have power to suspend the operation of this rule and, when it would be necessary to sink a new shaft in order to comply with this rule, shall take into account the financial condition of the mine.

X—Signals.

74. In all hoisting shafts proper signalling arrangements must be provided to enable signals by distinct and definite signs to be transmitted from the various landing places to the top of the shaft. Where men are lowered or raised by machinery arrangements shall also be made for return signals.

75. The shaft-top must likewise be connected with the engine-room by some efficient means of signalling.

76. The knocker or other sounding apparatus shall be so placed or arranged as to be heard both by the lander and by the engine-driver. The engine-driver shall act at once on the signal to stop, but shall not hoist or lower until the proper signal is given him by the lander at the shaft-top.

77. The lander shall not give any signal that will affect the position or movement of the cage, skip or bucket when it is in the shaft at such a distance as to be beyond his own supervision, without having first received a definite signal from those in charge of the cage, skip or bucket; but he may, when he believes that something is wrong, give the signal to stop.

78. No unauthorised person is allowed to give a signal. A special suspense signal shall be provided for cases where it is important to prevent the skip from being set in motion while special work is going on. If this signal be sounded the skip shall not be moved by the lander whatever signals are received till the receipt of another, releasing, signal, which shall only be given from the same station as the original suspense signal.

79. The first three or principal signals used must be the same in all mines and shall be as follows:—

Code of shaft signals.

One—to stop.
Two—to lower.
Three—to hoist.

80. The other signals will be prescribed by the Superintendent of the mine, but they must be in addition to and must not interfere with the foregoing code.

81. In case any signal is doubtful the lander or engine-driver shall not act upon it, unless he believes it may possibly be the signal to stop.

82. Notices explaining the meaning of all signals must be posted up in the engine-room, at the shaft-top, and at all signal stations and all other reasonable means must be taken to make the persons employed acquainted with them.

XI—Ladder-ways.

83. In ladder-shafts, making an angle of 25° or less with the vertical, platforms or sollars (resting places) must be provided at intervals not exceeding 30 feet. The hole for the ladder-way below the sollar shall, unless with the consent of an Inspector of Mines, be behind and not in front of the upper ladder. Ladders must be fixed at an inclination to the vertical of not less than 1 foot horizontal for every 10 feet vertical.

84. In shafts where the slope is less than 65° and more than 30° with the horizontal, sollars shall be placed at intervals of not more than 55 feet along the underlie or slope of the shaft.

85. All platforms and sollars shall be fenced so as to prevent accidents.

86. The ladders must be securely fastened to the timbering of the shaft, and maintained in proper repair.

87. The placing of ladders in a vertical or over-hanging position or at a steeper inclination than is laid down in Rule 83 is strictly prohibited; but when exceptional circumstances require it, ladders may be fixed perpendicularly or at any steep angle with the consent of an Inspector of Mines. This consent is not necessary for the lowest 30 feet of a sinking shaft.

88. Ladders must project at least 3 feet above the shaft-top and above every platform and sollar, or strong holdfasts must be provided at these places at distances of not more than 20 inches.

89. Only those ladder-ways shall be used in ascending or descending which are provided for the purpose, and the use of other shafts or shaft compartments as a means of ingress or egress is permitted only to those persons who are charged with the duty of making inspections or repairs.

90. A ladder-way, which is a compartment of a shaft used also for other purposes, must be closed off from the other compartments to such an extent as to prevent injury to workmen passing up and down the ladder-way.

91. Carrying tools up or down a ladder-way in shafts at an angle of less than 20° with the vertical is prohibited except when required to repair the shaft itself. When tools are carried in a ladder-way they must be secured in a sling.

92. Temporary ladders or other means of climbing or keeping a footing while at work must be provided in sinks, winzes, rises, stopes, and other places where they are needed.

XII—Ventilation, Lighting, &c.

93. Sufficient ventilation must be provided to render all working places and travelling roads in a mine, under ordinary circumstances, in a fit condition for working and as far as possible free from fumes, smoke, dust or noxious gases.

94. A working place shall not be deemed to be in a fit condition for working in, if a candle will not burn erect when shielded from a draught.

95. Minerals, stone, rubbish or other material shall not be accumulated in drives, crosscuts or other underground works so as to interfere with ventilation. This expressly applies to ends driven by hand labor.

96. Every person who shall pass any door which is required to be kept shut for the production or promotion of ventilation in the mine shall take care to shut it closely when he has passed it.

97. When rock-drills are worked in dry ground the holes must so far as practicable be kept moist to prevent the atmosphere from being charged with dust.

98. Underground works (especially shafts, winzes and under-hand stopes) which have been abandoned or have been unused for some time must be ex-

amined by lowering a naked light into them, before being again used, in order to ascertain whether foul air is present.

99. Unauthorised entrance into closed or disused parts of a mine is prohibited and wherever possible should be prevented by boarding or otherwise.

100. Stationary lights must be provided at the working plats and signal stations in vertical and inclined shafts, and at night at the working places and signal stations on the surface.

101. Moving about without a light in any unilluminated part of the mine is prohibited.

102. The Superintendent shall make all necessary arrangements as shall be approved by the Medical Officer and as will be amply sufficient for keeping all the underground workings and roads clean from filthy matter and for the provision of pure drinking water below ground, and some person or persons who shall be appointed by the Superintendent for the purpose, shall be responsible for all working places and places where men work or pass, haulage roads and air-courses being constantly kept sanitarily clean.

XIII—Explosives.

103. A daily supply magazine shall be placed in the neighbourhood of each shaft for the supply of the daily requirements of the portion of the mine worked from that shaft. All explosives taken down the shaft shall be issued from this magazine when they are required for blasting purposes.

104. Each daily supply magazine shall be placed in such a position and constructed in such a manner as will in the opinion of an Inspector of Mines, as far as possible prevent the risk of injury to any person from the explosion or ignition of its contents. Detonators shall not be stored in a compartment containing or immediately adjoining one containing other explosives. No magazine shall be used for any purpose except the storage of explosives.

105. The storage of explosives underground is prohibited except in the following cases:—

(*a*) A small amount of explosives may be kept in boxes for unforeseen contingencies; each box must be securely made and kept locked and may not contain, except in cases coming under (*b*), more than half a pound of cartridges, six detonators and 3 yards of fuse. The detonators must be in a distinct compartment of the box separated by a strong partition from the rest. No box shall be so placed that there is any risk of its being exploded or ignited by the explosion or ignition of any other box or otherwise.

(*b*) When all the charges fired in a single shift are not fired at the same time, the explosives for the uncharged holes may be kept in the meantime at a safe distance. They must be placed in charge of some person responsible for them, where there is no risk of their being exploded or ignited.

(*c*) A magazine may in special cases be provided underground for storing the daily requirements of a mine or part of a mine in blasting materials, provided that the quantity of explosives of all kinds stored in such magazine shall not exceed an amount to be fixed by an Inspector of Mines and provided that the magazine shall be placed at a sufficient distance from any portion of the mine in which work is going on or which is used as a thoroughfare, that will in the opinion of an Inspector of Mines prevent the risk of injury to any person from the explosion of the maximum amount of explosives allowed in the magazine or from the fumes of the gases resulting from the

combustion of such maximum amount, and provided that every precaution is adopted which an Inspector of Mines may require to be taken to prevent the explosion or ignition of such explosives and the injury of any person thereby. Detonators shall not be stored in a compartment containing or immediately adjoining one containing other explosives.

106. Explosives must be in their ordinary manufactured form and of good quality and as far as can be practically known in good condition when distributed for use. Only one kind of detonator shall, except with the permission of an Inspector of Mines, be used in the same mine. It shall be of sufficient power for every kind of explosive used.

107. No working place must be supplied with a greater quantity of explosive material than will probably suffice for the requirements of the shift.

108. A book must be kept to record the quantity of explosive material supplied to each contractor or blaster.

109. Explosives issued from the magazine shall be taken directly to the working place and any unused explosives must be returned to the magazine near the shaft without any delay. Any one finding any explosive must take it at once to the nearest magazine.

110. The removal of explosives to any place not authorised by these rules and the sale or purchase of explosives in the mine are strictly prohibited.

111. Explosives including fuse, when issued from the magazine, must be carried at all times in secure cases or canisters and no case or canister may contain more than five pounds of explosives.

112. Detonators must not be carried in the same case or canister with other explosives.

113. Explosives shall not be sent down in a bucket, skip or cage unless there is a distinguishing mark attached to the bucket, skip or cage or they are accompanied by some one who is responsible for them. If taken down by ladder each case or canister must be securely fastened to the person carrying it.

114. All explosive material must be distributed, whether above or below ground, only by the person or persons appointed for that purpose by the Superintendent.

115. No fuse or explosives are allowed to be taken into the mine other than the brands specially authorized by the Superintendent.

XIV—Blasting.

116. Contractors and blasters will be personally responsible for the due observance of the following rules which shall be posted in a conspicuous place at the head of each shaft.

117. When blasting is carried on, there must be at least one certificated blaster present at every working place who is thoroughly acquainted with blasting and he must conduct the operations (prepare the charge, charge and fire the shots) and must see that these rules are observed. In an emergency a person may be authorized to act as a temporary blaster by the Superintendent or an Underground Agent who shall be responsible that such temporary blaster is competent.

118. If on account of the number of blasts or their distance from one another one blaster is unable to properly conduct the blasting operation, they must be divided into two or more working places each with a certificated blaster.

119. All lights must be removed to a safe distance during the preparation of the charges.

120. While explosives are being handled in any way, smoking is strictly prohibited.

121. Every blaster must carry a knife in order to be able to cut a burning fuse in case of necessity.

122. When blasting by means of a detonator, the fuse (with attached detonator) must only be inserted in the primer or last cartridge, immediately before it is required for use. But in the case of blasting in a sink, the fuse and detonator may be inserted at the nearest platform or sollar or the point from which the bucket starts.

123. No description of fuse which is known to burn irregularly or to explode while burning shall be used.

124. In charging or stemming the holes, the use of an iron or steel tool, scraper, or tamping rod is prohibited, and no explosive shall be forcibly pressed into a hole nor shall it be pressed or struck when at the bottom of a hole.

125. Only sand loosely filled in, soft clay, or water shall be used as tamping material for any explosive requiring the use of a detonator. A thick wad of paper about 1 inch long must however be placed next to the primer if sand or clay tamping is employed. The tamping must be at least 6 inches deep.

126. No force must be used in tamping except in the case of gunpowder when a wooden rammer must be used.

127. No more than eight holes in a drive or stope or in a shaft exceeding 60 square feet in area and not more than six in a shaft of smaller area or in a winze or rise shall be fired in the same round, unless the charges are fired by electricity or the fuses united so as to be ignited by applying a light at not more than four points or unless special permission is given by an Inspector of Mines.

128. Only those holes must be charged which are intended to be fired in the next round and all holes which have been charged must be fired together.

129. Blasting gelatine and other explosives shall not be lighted in order to set fire to fuses or for any other purpose.

130. Before firing a shot, due warning must be given to persons near, by shouting the fire signal. The number of shots intended to be fired must be mentioned.

131. Every blaster in underground workings shall see that a sufficient guard is placed on every avenue and passage of approach to the locality of the shot about to be fired, so as to prevent any person, not having received his caution, from placing himself in dangerous proximity to the shot.

132. Before firing a shot in any place which is likely to be holed through by such blast into another place, the person about to fire the shot shall satisfy himself that no person is in dangerous proximity on the other side at the time, and every person about to fire such a shot shall take precautions to prevent any person going near such place until after all the shots have exploded.

133. The number of shots exploding must be counted by at least two persons, one of whom must be the blaster who fired the holes.

134. Unless both are certain that all the shots have exploded, or in the case of a misfire, such working place must not be re-entered for thirty minutes after blasting. If any charge is known to have burnt away without exploding, the working place must not be entered for one hour. When firing is effected by means of electricity, the working place may be re-entered as soon as the source of the electricity has been disconnected from the cable and the place becomes clear of fumes.

135. Boring out a hole that has once been charged or withdrawing a charge either before firing or after a misfire is strictly forbidden, and also the deepening of or tampering with holes which after blasting with explosives have been left standing. Any new hole must be drilled as far away as practicable from an old one and never within three feet of a misfire.

136 Misfires must be blasted as soon as possible. If the tamping is of sand or clay, the best method is to wash (sludge) out the tamping with water, or if preferred a portion not exceeding 4½ inches may be removed with a wooden or copper scraper, but in any case the paper must be left untouched. No other procedure may be followed. The fuse and detonator must not be removed. Another primer or other cartridge with fuse and detonator will then be inserted and exploded in the usual manner. The blaster must before leaving the mine give information of all misfires which have not been blasted to an Underground Agent or underground foreman, or head timberman and, if he works under contract, also to the contractor.

137. Till a misfire has been blasted the blaster shall post a man to warn all persons working or being in the neighbourhood of the fact until relieved by another man appointed for the same purpose by an Underground Agent or underground foreman or head timberman or the contractor or the mestri in charge of the working party belonging to the next shift.

138. After any blasting has taken place (when there has been no misfire or burning away of the explosives) no person must go to the place within ten minutes from the time of the last explosion or such longer time as may be necessary for the place to become clear of fumes. The only exception is when any person is believed to have been injured by the blast or in danger of suffocation from the fumes.

139. Before commencing work after blasting, the blaster or the person in charge of the working place must be the first to go to the face of the working, and until he has pronounced it to be perfectly safe no other person is allowed to proceed there, except for the purpose of making it safe.

140. If there is any loose ground it must all be removed before any other work is done.

141. In removing the material brought down or blown out by blasting, special attention must be paid to ascertain if there are any unexploded cartridges or portions of cartridges.

XV—Machinery.

142. All steam-boilers, compressed-air-receivers and driving-gear must be in the personal charge of competent men appointed by the Chief Engineer. Every steam-boiler and air-receiver shall have attached to it a proper safety-valve and steam-gauge and water-gauge or air-gauge and shall be inspected by an Engineer once a week at least.

143. A notice shall be posted up in every engine-house specifying the highest pressure to which the steam or air in every boiler or receiver in or adjoining such engine-house may be raised and the minimum height of the water in every boiler.

144. The weight of every safety-valve shall be fixed on the lever so that it cannot be inadvertently shifted so as to increase the pressure.

145. Every boiler shall be cleaned out and examined internally at least once in every twelve months and a record shall be kept at the office of the mine of the condition at the time of every such cleaning.

146. All exposed parts of machinery which are dangerous when in motion must be railed or partitioned off in such a manner that no accident can occur except through carelessness.

147. Every person in charge of any boiler, engine or other appliance, apparatus or machine shall see that it is in proper condition before commencing work and if there is any defect shall remedy the same or report it to a Chief or Assistant Engineer and must see that the boilers are kept properly supplied with water and no extra weights of any kind are added to the safety-valves of boilers and receivers and that the allowed pressure of steam or air is not exceeded. If anything occurs to prevent the boiler being adequately supplied with water he shall damp or draw the fire without delay and in case of any dangerous defect shall stop work until it is remedied.

148. Engine-drivers and firemen are not allowed to work longer than the ordinary shift prescribed at a mine unless it is absolutely necessary. If the driver or fireman of a winding engine shall work longer than the prescribed shift, an entry of the fact must be made in a book kept for the purpose. No engine-driver or fireman shall leave his engine except when absolutely necessary during his shift. He shall not allow any one else to handle the engine unless with the order or permission of one of the Chief or Assistant Engineers or in case of emergency.

149. In the case of an engine-driver of a winding-engine in which persons are raised or lowered the shift shall not exceed eight hours in twenty-four and

in the case of an engine-driver of any other winding-engine, shall not exceed hours except in the case of small mines not exceeding 400 feet deep or with permission of an Inspector of Mines.

150. All machinery must be kept clean and properly oiled and shall be inspected at the commencement of every shift.

151. Electric machinery of every description and all electric conductors must be so placed and protected in such manner as to preclude the possibility of accidents through inadvertent acts, and so that they are not likely to set fire to any part of any building.

152. Touching electric conductors, electric machines or electric apparatus of any description is forbidden, except to the working staff when using the necessary precautions.

XVI—Procedure in case of Accident.

153. Whenever an accident happens at a mine either above or below ground which results in the death or serious injury of any person or which causes personal injury (whether serious or not) arising from an explosion of any kind or from the fumes of an ignited explosive, or from the bursting of anything containing steam, compressed air or other substance at high pressure, the Superintendent or other Superior Officer of the mine must at once give notice thereof in writing to an Inspector of Mines and the Police authorities, stating fully all particulars attending such accident, in accordance with the form in the schedule to these rules.

154. A serious injury is one which results or is likely to result in loss or permanent damage to any limb or organ or portion thereof, simple fracture of any of the larger bones (including the bones of the skull), compound fracture of any bone, dislocation of the hip or knee, great loss of blood, internal bleeding, prolonged unconsciousness or danger to life or which may be declared to be serious by the Medical Officer.

155. If a death subsequently occurs from the effects of an accident already reported the Superintendent shall report such death as soon as it comes to his knowledge.

156. The place where the accident occurred must be left undisturbed until an Inspector of Mines has visited and examined it, or until the expiration of two clear days unless the stoppage of work at that place would seriously impede the work of the rest of the mine.

157. The proprietor shall see that the following medical provision is made for persons employed in mining operations :—

(1) if the number of persons so employed exceeds 1,500, one qualified Medical Officer residing within three miles ;

(2) if the number of persons so employed exceeds 250 and does not exceed 1,500, one qualified Medical Officer residing within ten miles and if the Medical Officer does not reside within three miles, then in addition one trained Hospital Assistant within three miles ;

(3) if the number of persons so employed exceeds 50 but does not exceed 250, then one trained Hospital Assistant within five miles ;

these distances will be measured from any part of the mine where more than 50 persons are employed.

158. If any Medical Officer who is not employed by the Proprietor shall attend on any person employed in mining operations, the Proprietor shall pay such amount for his services as the Senior Surgeon in Mysore shall direct.

159. In order to render immediate assistance in cases of injuries such as broken bones, wounds, bleeding, contusion, scalding and suffocation there must be ready at hand at every mine all such necessary articles and medicines as the Medical Officer shall direct and also an ambulance for the removal of injured persons, and so far as possible every person in charge of any work below ground shall be acquainted with the means of giving first aid to persons injured.

160. Every workman receiving any personal injury in any mining operations shall before leaving the mine report the same to one of the Mining Officers or the Medical Officer or the watchman at the top of a shaft or to his immediate superior and any person to whom such report is made shall at once communicate the same to the Superintendent.

XVII—Mine Plans.

161 A general plan, made by a competent surveyor, of the land, which is in the possession of the Mining Proprietor for mining purposes or over which he holds any mining rights, to a distance of 600 feet from any point where mining operations are or have been carried on, but not beyond the limits of such land, must be kept at the mine, and be made up at least every four months.

162. The general plan must show the Government survey marks (if any), the boundaries of the land, the outcrops, as well as the actual strike and dip of the reefs or other mineral deposits so far as known, all open surface workings, shaft openings, bore-holes, water-furrows, reservoirs, tailings-sites, public roads and railways and the principal buildings and sites of mining and metallurgical plant. It must also show the geographical meridian.

163. Besides the general plan referred to above, the Superintendent must keep in the office of the mine an underground working plan and section or sections showing clearly all the workings surveyed up to within four months from date.

164. The underground plans and sections must in particular show clearly all shafts, bore-holes, drives, crosscuts, winzes, rises, excavations (stoped ground) and any tunnels and passages connected therewith, and the position of all permanent winding gear, pumps, ventilating fans, brattices and doors for regulating ventilation and all underground bench marks, and stations of the underground survey and in addition thereto the vertical depth of bore-holes, the depth at which the mineral deposits have been intersected, the general strike of the reefs or mineral deposits, with their dips at different points, and the dislocations of the strata.

165. All plans must be on the scale of 30 or 60 feet to one inch.

166. All bench marks or stations of the underground surveys must be properly marked with holes and plugs, and care taken to preserve them in view of subsequent surveys.

167. The plottings of every survey must be made from a line or lines representing on the plan the true geographical meridian.

168. In case of a mine or any considerable part of it being intentionally abandoned, the general and underground plans and underground sections must first be completed up to date, and the same or exact copies thereof must be sent to the Chief Inspector of Mines within two months of such abandonment.

169. All underground workings must, when it is possible, first be surveyed before being allowed to become inaccessible.

170. Any Proprietor, Agent or Superintendent or other person engaged in mining operations who wilfully withholds any portion of a mine plan, or conceals any part of the workings, or knowingly allows the mine plans to be incorrect is guilty of a breach of these rules.

XVIII—Government Returns and Inspections.

171. The Superintendent of a mine must send in to the Chief Inspector of Mines a statement showing the quantity of quartz crushed and the gold obtained and other mining returns and statistics in the form prescribed by the Government of Mysore.

172. In any of the following cases, namely—

(1) where any working is commenced for the purpose of opening a new shaft for any mine;

(2) where a shaft of any mine is abandoned or the working thereof discontinued;

(3) where the working of a shaft of any mine is recommenced after any abandonment or discontinuance for a period exceeding two months ; or

(4) where any change occurs in the name of any mine or in the Proprietor or in the name of the Proprietor ;

the Proprietor or the Agent or the Superintendent shall give notice thereof to the Chief Inspector of Mines within two months after such commencement, abandonment, discontinuance, recommencement or change, and if such notice is not given, the Proprietor, Agent or Superintendent shall be guilty of an offence against these rules.

173. The Chief Inspector of Mines shall be informed of every appointment or removal of any Agent or Superintendent within one month after such appointment or removal.

174. The Inspector of Mines or his authorized representative shall at all reasonable times have access to the plans and sections in order to examine and inspect them, take copies thereof and make extracts therefrom; and shall be entitled to enter upon any part of the mine above or below ground and inspect and examine the state and condition thereof and of the mines and buildings and mining and metallurgical plant therein or thereon and the mode in which operations are carried on and hold enquiries as to accidents, but so far as possible in such a manner as not to impede or obstruct the working of the mine, and the Proprietor, Agent and Superintendent shall, with proper persons employed in the mine and acquainted with mining and metallurgical operations and with the engines, machinery and apparatus and other mining and metallurgical plant upon or within the mine effectually assist in the conduct of every such inspection or examination, affording all information required therefor.

175. Notice shall be given to the Chief Inspector of Mines if any working approaches within a horizontal distance of a railway equal to twice its depth below the surface, or to 500 feet, whichever is less.

176. If any mine is worked in a manner which, though not expressly forbidden by the provisions of these rules, is nevertheless dangerous, an Inspector of Mines may require the matter to be remedied and the representative of such mine shall comply with such requisition, or else submit the matter to arbitration.

177. An Inspector of Mines is also entitled to take, or cause to be taken, such samples of ore, quartz or other minerals from any reefs, beds or deposits or from any intermediate or final products extracted, obtained or produced in the course of any mining operations, as he in the execution of his duty may think fit, but if they be of more than two pounds weight, or contain more than five grains of gold, or be taken more than once in three months the Government shall pay for the same at a fair valuation.

178. Every person who wilfully obstructs an Inspector of Mines in the execution of his duty and every Mining Proprietor, Agent or Superintendent who refuses or neglects to furnish to an Inspector of Mines the means necessary for making any entry, inspection or enquiry under the Mysore Mines Regulation 1897 or these rules shall be deemed to commit a breach of these rules.

179. An order by an Inspector of Mines suspending or postponing the operation of any of these rules or giving any permission under these rules shall not be valid unless it is in writing. Any such order may be subsequently revoked by an Inspector of Mines.

180. The Superintendent, or in his absence the highest Mining Officer who can be found, shall, upon application by any local Magistrate or Police Officer not below the rank of chief constable whose duties require him to visit the mine, give him every facility for the purpose.

XIX—Bribery and other undue influences.

181. Any person who shall render any service or use any threat to any other person with the view of preventing any workman, contractor, foreman, Mining Officer, Government servant or other person engaged or expecting to be engaged in mining operations or in work connected with the Government inspection of mines

from exactly complying with these rules or from performing duly, honestly and without favor to any person or persons the duty he is employed to perform or shall attempt or agree to render any such service or use any such threat, or shall accept or attempt or agree to accept any such service or shall on receiving any such threat fail to at once inform a Mining Officer thereof shall be guilty of the breach of these rules.

182. Any workmen, contractor, foreman, Mining Officer, Government servant or other person engaged or expecting to be engaged in mining operations or in work connected with the Government inspection of mines, who shall accept any service from any person or persons who is concerned or is likely to be concerned in any operation, proceeding or business transacted or likely to be transacted by the person accepting such service or having any other connection with the duties he or any person to whom he is subordinate or likely to be subordinate is employed to perform, or from any person who is interested in or related to the person so concerned or likely to be concerned, shall also be guilty of the breach of these rules.

183. For the purpose of these rules a service shall be considered to include the payment of any sum, the gift or sale without adequate consideration of any thing and every other favor or gratification of any description whether estimable in money or not; but not recognised and legitimate remuneration for mining work.

XX—General Rules.

184. The working of the mine shall be under the general control and responsibility of the Superintendent.

185. The Superintendent or other Mining Officer acting under his instructions, shall, at least once in three days, while the men are at work, visit and examine every working place in the mine and all machinery and other mining operations of every description below ground or on the surface and shall see that safety in every respect is ensured.

186. Except under the provisions of these rules no person shall enter a mine who has not previously obtained the consent of the Superintendent or his representative.

187. No person is allowed to enter a mine in an intoxicated condition, or if known to be subject to any complaint which might place his life in danger.

188. Unauthorized entrance into any shaft or other working or into any shed or enclosure or into any place where machinery or boilers or receivers are erected or other mining operations are carried on is prohibited, and notice to this effect must be posted up at all entrances.

189. No workman shall, except in cases of emergency go to any part of the mine except where it is necessary for him to go in the course of or when coming to or from his work.

190. For the purpose of making these rules known to all persons in and about the mine, printed copies thereof must be posted in conspicuous places at the mine where they can be conveniently read, and every person employed in or about the mine is enjoined to thoroughly acquaint himself with them so far as they affect his duties.

191. All rules and notices shall be printed or written in such languages as an Inspector of Mines shall direct and must be posted up in a position where they can be easily seen by persons frequenting the place.

192. All rules and notices posted in or about the mine must be authorized by the Superintendent.

193. Any person pulling down or otherwise defacing any rules or notices when so posted up is liable to punishment.

194. In all cases where any person is required by these rules to make any report he shall sign his name to it. If he is unable to write he shall be present when his report is written, and shall have it read over to him and shall attach his mark to such report in token of this having been done. The name of the person writing the report shall also be entered at the end of the report together with a statement of its having been read over to the person on whose behalf it is written.

195. All persons are enjoined to thoroughly acquaint themselves with and carry out the sanitary arrangements in the mine which may from time to time be made by the Superintendent with the approval of the Medical Officer. Any

person who does not conform to these arrangements shall be deemed to commit a breach of these rules.

196. Where the duties of more than one post are entrusted to the same person, that person shall be bound by and observe the rules attached to each such post.

197. No person shall depute any one to do his work without the sanction of his immediate superior.

198. No person shall wilfully damage or without proper authority remove or render useless any fence, fencing, manhole, place of refuge, casing, guide, signal or means of signalling, chain, flange, horn, brake, indicator, steam-gauge, water-gauge, safety-valve or other appliance or thing, which has been provided for the purpose of carrying out these rules or for the safety of the workmen or otherwise for the purpose of properly carrying on mining operations, or which may be obtained or produced in the course of mining operations; nor is any one permitted to alter, remove, or in any way render useless any arrangement in the mine provided for the above purposes without the consent of the Superintendent.

199. If any person employed in a mine shall by any act or omission wilfully or negligently do anything which may allow or facilitate injury to, or loss, destruction or theft of any property employed in or produced in the course of mining operations, he will be deemed to commit a breach of these rules.

200. Any person employed in or about the mine who shall by any act or omission wilfully or negligently do anything likely to endanger life or shall wilfully or in a careless or thoughtless manner expose himself to danger will be deemed to be guilty of a breach of these rules.

201. Every person who shall forge or falsify a certificate granted under these rules or use a certificate falsely purporting to be granted under these rules or use a certificate granted under these rules as his own which was granted to another person or shall sell or dispose of a certificate granted or falsely purporting to be granted under these rules shall be guilty of a breach of these rules.

202. Fines and deductions from wages, other than fines levied under the Mysore Mines Regulation, 1897, shall only be levied and made by a Mining Officer.

203. No person shall refuse or neglect to obey any orders issued with a view to the safety or the convenience or proper discipline of the mine, not being inconsistent with these rules, by any person under whose orders he is placed, nor shall he interfere with, impede or obstruct any person in the discharge of his duties or interfere with or obstruct the working of the mine.

204. All workmen shall strictly adhere to these rules and to any directions issued by the Superintendent with a view to their safety or convenience or the proper discipline of the mine, not being inconsistent with these rules, contained in the notices fixed for the guidance of the workmen in or about the mine. All standing orders must be in writing and signed by the Superintendent.

205. Any person, who may observe or be informed or be aware of any neglect or infringement of these rules or of any damage to or deficiency or defect in any travelling road, fence, casing, hoisting-gear, rope, chain, engine, machinery or other appliance or structure in or about the mine, or of any loose ground, defective ventilation or other circumstance, act or proceeding which might cause danger to any person, shall report the case to his immediate superior or to the Superintendent, or (unless the person reporting the same is a Mining Officer) to any Mining Officer or (if the person reporting the same is a workman) to any underground foreman or head timberman, and shall do all in his power to prevent th death or injury of any person.

206. Any one who shall knowingly permit any person over whom he exercises authority to commit or shall otherwise abet a breach of these rules shall himself be deemed to commit a breach thereof.

207. Every person employed in mining operations (other than a Proprietor, Agent or Superintendent) who is wilfully or negligently guilty of any act or omission, which in the case of a Proprietor, Agent or Superintendent would be a breach of these rules, shall be deemed to commit a breach of these rules.

208. All workmen, who neglect to observe any of the provisions of these rules, may be suspended or discharged and ordered out of the mine by the Superintendent or other Mining Officer.

209. No person shall be selected or allowed to perform or shall perform any duty in connection with any mining operations unless he is fully competent and qualified to carry out the work allotted to him.

210. The Proprietor, Agent and Superintendent shall provide for the safety and proper discipline of the men employed above and below ground, and appoint such persons as may be necessary for carrying out the provisions of these rules and, in the case of any contravention of or non-compliance with these rules by any person whatsoever, the Proprietor, Agent and Superintendent shall each, unless he proves that he has taken all reasonable means, by publishing and to the best of his power enforcing these rules, to prevent such contravention or non-compliance, be deemed to have committed a breach of these rules. It shall be the duty of the Superintendent to prosecute any person employed on the mine who is guilty of a breach of these rules, except in cases which are so trivial that a prosecution is inadvisable.

211. If there is anything in the construction of any mine which at the time of the issue of these rules is not in accordance with these provisions the Inspector of Mines shall have power to postpone the operation of these rules in such cases for such period as he shall think fit.

By Order,

JOHN W. EVANS,

Secy. to Govt., Geological Dept.

(SCHEDULE)

REPORT OF ACCIDENT (1)

Date of accident—

Day of the week—

Class of accident (2)—

Number killed—

Number injured—

Name of mine—

Name of shaft—

Level (3)—

Locality (4)—

Time of accident (5)—

Persons killed.	Name.	Age.	Occupation(6).	Hours worked before accident.	Nature of injury causing death and date of death.

Persons injured.	Name.	Age.	Occupation (6).	Hours worked before accident.	Nature of injury.

How the accident happened—

Whether the work was being carried on under a contractor.

Name of person in charge of the safety of the place where the accident happened and if present.

Name of the Chief or Assistant Underground Agent in charge.

EXPLANATIONS.

(1) Every accident resulting in the death or serious injury of any person and every accident causing personal injury (whether serious or not) arising from an explosion of any kind, or from the fumes of an ignited explosive, or from the bursting of any thing containing steam, compressed air or other substance at high pressure, must be reported.

An injury is to be considered as serious when it results or is likely to result in loss or permanent damage to any limb or organ or portion thereof, simple fracture of any of the larger bones (including the bones of the skull), compound fracture of any bone, dislocation of the hip or knee, great loss of blood, internal bleeding, prolonged unconsciousness or danger to life or which may be declared to be serious by the Medical Officer.

(2) Insert numbers corresponding to the following classes:—

1. Falls in mine.—Fall of roof.
2. Falls in mine.—Fall of sides. (*a*)
4. In and at shafts (*b*).—Overwinding.
5. In and at shafts.—Ropes and chains breaking.
6. In and at shafts.—Whilst ascending or descending by machinery.
7. In and at shafts.—Falling into shaft from surface.
8. In and at shafts.—Falling from part way down.
9. In and at shafts.—Things falling from surface.
10. In and at shafts.—Things falling from part way down.
11. In and at shafts.—Miscellaneous (*c*)
13. Miscellaneous below ground.—Suffocation by gases.
14. Miscellaneous below ground.—By explosives.
15. Miscellaneous below ground.—Irruptions of water, and falling into water.
16. Miscellaneous below ground.—On inclined and engine planes. (*c*) (*d*)
17. Miscellaneous below ground.—By trams or tubs, but not on inclined and engine planes.
18. Miscellaneous below ground.—By machinery.
19. Miscellaneous below ground.—By other causes.
20. On surface.—By machinery.
21. On surface.—Boilers or steam pipes bursting.
22. On surface.—On railways or tramways belonging to mine.
23. On surface.—Miscellaneous.
    - (*a*) Falls of the hanging wall are to be included in this class
    - (*b*) Winzes and rises are not to be considered as shafts for the purpose of this report. This applies to classes 4 to 11.
    - (*c*) An accident must not be placed in class 11 or class 16, if it also comes in any other class.
    - (*d*) Where the underlie is so great that waggons are hauled up a shaft on rails, the shaft is to be considered an incline for the purpose of this report

(3) If on surface, say so. All accidents on the surface works of the Company must be reported.

(4) If in a stope, state which stope, and whether underhand or back stope. Also in what part of the stope.

(5) The twenty-four hours should be used as in railway time-tables.

(6) If the person is a female, the fact should be noted in this column in addition to her occupation.

This report, after being filled in and signed by the Superintendent or other superior officer of the mine at the foot of page 2, should be folded and posted.

By Order,

JOHN W. EVANS,

Secy. to Govt., Geological Dept.

READ :—

(1) Order No. 1 of the 24th of April 1886, reviewing operations of gold mining in the province.

(2) Notification of the Government of Mysore (Geological Department), No, 46-M. of the 13th of October 1897.

(3) Letter from the State Geologist and Chief Inspector of Mines, dated the 9th of December 1897.

No. M-93, DATED, 9TH DECEMBER 1897.

ORDER THEREON.—By the original concession on the Kolar Gold Field and under the Rules of the 26th of July 1881 and the 22nd of February 1886, more than 104 square miles had prior to April 1886 been either granted or promised to be granted for mining purposes, but scarcely any work had been done except in a small area on the Kolar Gold Field where gold is now extracted to the amount of nearly one and a half millions of pounds sterling per annum.

The great bulk of grants outside the Kolar Field was, it must be admitted, apparently taken up as a speculation by persons without mining knowledge and who had no means or intention of doing any work under them.

On the 5th of September 1887 new Rules were issued. The form of lease accompanying the Rules contained a provision for the forfeiture of all rights granted by the lease, if the lessee were unable to form a company with a paid-up working capital of not less than £ 5,000 per square mile of the block selected.

It was, however, considered doubtful whether these provisions would be sufficient to prevent the whole area of the most promising localities being taken up less with the view of *bonâ fide* mining work than with the intention of securing the profit from the increased value of the property resulting from successful work in the neighbourhood. In order to prevent this, it was decided to limit the area over which concessions were to be granted in each year. The few concessions which were granted were, under two Notifications dated the 12th of September 1887 and 23rd of May 1890, advertised to be disposed of by public tender to the highest bidder. In some localities concessions were altogether discontinued.

Revised Rules have recently been framed and are contained in the Notification No. 46-M. of the 13th of October 1897. These reserve the power to the Government of refusing an application without assigning a reason or of granting leases only on special terms.

It is now considered desirable to grant a limited number of concessions upon special terms in certain areas considered to be specially favorable for gold mining. These terms will comprise an additional consideration, either a present or future payment or a share of profits. It is only right that specially advantageous conditions should be obtained by the Government for concessions over valuable mining land. It is also desirable that the number of applications should be limited so as to give to the Government and not to private speculation the increased value of unworked land arising from the success of the mining blocks in the neighbourhood, where work is first carried on.

It has therefore been decided to publicly invite applications for concessions in the areas referred to and for this purpose to issue the following Notification:—

NOTIFICATION BY THE GOVERNMENT OF MYSORE.

Geological Department.

No. 100—M., *dated, Bangalore, 9th December* 1897.

Whereas the Government of Mysore have, for the present, decided to restrict the number of mining concessions granted in the areas specified in the schedule hereto as therein stated, and to grant such concessions only upon special terms, now it is hereby notified that applications for leases in the said areas will be received subject to the following conditions:—

I. The application may be either for a prospecting license or mining lease and shall be made under the provisions of the Notification (Geological Department,) No. 46-M, dated the 13th October 1897, as modified by Notification No. 88-M, dated 6th December 1897, and in the forms appended to the former Notification.

II. Each application must state, what consideration (in addition to that provided for in the said Notifications) the applicant is prepared to pay to the Government of Mysore. Such additional consideration may be either in the nature of a present or future payment or of a share of profits (either subject to the payment of a specified minimum dividend or not).

III. The application must be enclosed in a cover duly sealed and superscribed with the words "Application for a prospecting license in a reserved area" or "Application for mining lease in a reserved area" and addressed to the Secretary to the Government of Mysore in the Geological Department, Bangalore.

IV. The application must reach the Secretary to the Government of Mysore in the Geological Department on or before the 31st March 1898.

V. The Government reserves to itself the right to reject any application without assigning a reason.

VI. The number of prospecting licenses or mining leases granted in the areas specified in each part of the schedule hereto shall not exceed those stated in the last column of that schedule.

VII. The names of the successful applicants will be published in the *Mysore Gazette* with a description of the areas or mining blocks for which the applications are accepted.

VIII. The payments made under the provisions of the said Notifications by applicants whose applications are rejected will be returned to them as provided therein.

IX. Should any successful applicant fail to comply with the terms of his application or of the said Notifications, any sum paid by him under the provisions of the said Notifications shall be forfeited to the Mysore Government and his application shall be cancelled.

X. Copies of the maps of the Topographical Survey of Mysore (scale one mile to the inch) showing the situation of the areas mentioned and the blocks already taken up therein are maintained in the Office of the Geological Department, Bangalore, and will be open free of charge to the inspection of the public on application to the Secretary to the Government of Mysore in the Geological Department.

By Order,

JOHN W. EVANS,
Secy. to Govt., Geological Dept.

SCHEDULE OF RESERVED MINING BLOCKS.

No. of each Area.	Name of each Area.	Situation of each Area.		Topographical Sheets. New Nos. above; Old Nos. below.	Parallels of latitude and longitude forming the boundary of each Area.		Extent of land, if any, already disposed of within each Area.	No. of licenses or leases proposed to be granted.
		District.	Taluk.		Latitude.	Longitude.		
1	Konantale	Chitaldrug ... ... Shimoga	Davangere ... ... Honnali	24 / 7	Between 14° 17′ and 14° 24′	Between 75° 40′ and 75° 45′	Nil.	One.
2	Mallebennur	Do	Do	Do	14° 15′ and 14° 22′	75° 45′ and 75° 50′	Nil.

8	Bannur	Do	Mysore ... Seringapatam ... T. Narsipur ...	78 / 57	12° 16′ and 12° 30′	76° 50′ and 76° 55′	2 concessions 1,276 acres to Messrs. McDowell & Co., and Arbuthnot & Co. respectively.	One.
9	Kolar	Kolar	Chintamani ... Kolar ... Mulbagal .. Bowringpet ...	169 / 44, 170 / 45 171 / 46, 172 / 66	No limits.	78° 11′ and 78° 30′	Numerous concessions to the extent of about 22 sqr. miles.	Three.

PART II

GENERAL

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DECEMBER 1897.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
1	6274-75 / 1289	1	Dy. Comr., Bangalore, & Comptr.	Sanctioning a bill for Rs. 8-9-6, being the cost of feeding immigrants into the Bangalore City during October 1897.
2	6276-7 / Mis. 1290	1	Do ...	Ditto Rs. 10-6-6, being the cost of feeding immigrants into the Bangalore City during July and August 1897.
3	6278 / P. 131	1	First Asst. to Resdt.	Forwarding eight copies of the Volume of Mysore Government Proceedings for August 1897.
4	6280 / Mis. 1292	1	Compl., *Mysore Gaz.*	Forwarding a complete list of Unions and Associations which are supplied gratis with copies of the *Mysore Gazette.*
5	6281-2 / Mis. 1291	1	Ch. Engr., & Compt.	Sanctioning certain further allotments from Local Funds General for the construction of Tadasa and Holé-Narsipur bridges.
6	6283 / 340-92	1	First Asst. to Resdt.	Stating that the Durbar have no objection to the Artillery Practice Camp being held as proposed at Nundydroog from 3rd to 17th January 1898.
7	6284-5 / Mis. F. 340-92	1	Dy. Comrs. of Bangalore and Kolar.	Forwarding copy of a letter from the First Assistant to the Resident on the subject for needful action in the matter.
8	6290-8 / Mis. F. 21-96	1	Sr. Surgn., Dy. Comr., Kolar, & Dy. Comrs. of Dts.	Bringing to notice the delay on the part of the Assistant Health Officer, Bangalore, in giving immediate intimation of the arrival at Bowringpet of certain persons from plague stricken parts and requesting the Senior Surgeon to arrange for telegraphic intimation being given to the Police at the Railway Station.
9	6331 / P. 133	2	First Asst. to Resdt.	Forwarding copy of letter No. 3 (*d*) - C. W. of 1897, dated 6th July 1897, from the Collector of Coimbatore Agent to the Court of Wards, to the address of the Dewan of Mysore, and stating that further communication will be sent to him at an early date regarding the education of the Minor Jahgirdar of Sivasamudram after ascertaining the wishes of his mother on the subject.
10	6374-75 / Mis. 1304	3	Inspr. Gen. of Edn., & Ch. Engineer.	Requesting the Chief Engineer to report on the soundness of Mr. D. Subbaiya's house and its suitability to be used as Students' Home of the Normal School, and informing

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				the Inspector General of Education that he may rent another building for the purpose if the house has to be vacated before the final orders of Government are passed.
11	6376-77 Mis. 1305	3	Dt. Magte., Mysore, and Comptr.	Sanctioning an estimate for Rs. 14, for planting graft-mango plants in the compound of the 1st class travellers' bangalo at Somanahalli in the Mandya taluk.
12	6379 P. 134	3	First Asst. to Resdt.	Forwarding for transmission to the Imperial Japanese Consul, Bombay, a letter from the Senior Surgeon, Mysore, regarding six boxes of Lanoline Vaccine sent as samples free of charge.
13	6362-63 P.& A. 494	3	Sr Surgn., & Comptr.	Sanctioning the batta bill of 3rd Class Hospital Assistant T. Ramachandra Rao for October 1897.
14	6364-65 P.& A. 495	3	Comptr., and Dy. Comr., Mysore.	Sanctioning a pension of Rs. 3, only per mensem to Kala, Revenue peon, Nagamangala taluk.
15	6371-72 Mis. 1302	3	Supt. of Stamps, and Comptr.	Sanctioning a memo of charges received from Messrs. Gordon, Woodroffe & Co., Madras, for Rs. 64-7-7 for clearing and forwarding tea bales of special water-mark paper received from Calcutta.
16	6401 Mis. 1311	3	Senior Surgeon ..	Forwarding for opinion, copy of a letter from the Deputy Commissioner, Shimoga district, regarding the establishment of camp of inspection and detention in quarantine on all the roads from the northern and western borders of the district.
17	6403 P. 136	3	First Asst. to Resdt.	Requesting him to obtain the sanction of the Government of India to the employment of pensioned Trumpet-Major E. Knowles, as Gate Sergeant, Mysore Government Press.
18	6404-5 P.& A. 498	3	Inspr. Gen. of Police, & Comptr.	Sanctioning the travelling allowance bill of Inspector Solomon Leighton of the Railway Police, for October 1897.
19	6424-5 Mis. 1314	4	Dy. Comr., Kolar, & Comptr.	Sanctioning a bill for Rs. 5, being the charge of feeding a famine stricken immigrant.
20	6433-4 P.& A. 499	4	Do ...	Sanctioning a pension of Rs. 7-8-0 per mensem to Subba Rao, late revenue gumasta of the Mulbagal taluk.
21	6435-6 P.& A. 500	4	Compt. & Ch. Engr.	Sanctioning a gratuity of Rs. 100 to P. Kumarasami Mudaliar, late munshi, Executive Engineer's office, Chamaraj chamel division.
22	6437-38 P. & A. 501	4	Do, & Dy. Comr., Mysore	Sanctioning a pension of Rs. 3 to Mancha, late Revenue peon, Seringapatam taluk.
23	6440-41 P.& A. 502	4	Sr Surgn., & Compt.	Sanctioning the batta bill of 1st Class Hospital Assistant Abdul Wahab, for August 1897.
24	6443-44 P. & A. 504	4	Dy. Comr., Shimoga, & Comptr.	Sanctioning the travelling allowance bill of the Deputy Commissioner's office establishment for September 1897.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
25	6445-46 P. & A. 505	4	Supt., Govt. Gardens, & Comptr.	Sanctioning the travelling allowance bill of the Superintendent, Government Gardens, for November 1897.
26	6448-9 P. & A. 809	4	Dy.Comr., Tumkur, & Comptr.	Ditto the Deputy Commissioner's office establishment for August 1897.
27	6508 Mis.F. 83-94	6	Compl., *Mysore Gaz.*	Notifying the grant of casual leave of absence for three days, with effect from the 6th instant, to Mr. A. Virasami Mudaliar, Officer in charge of the State Huzur Treasury, Bangalore.
28	6509 Mis.F. 83-93	6	Comptroller ..	Forwarding a copy of the above with the request that he will make the necessary arrangements for the conduct of Mr. Virasami Mudaliar's duties during his absence on leave.
29	6516-17 P. & A. 510	6	Inspr.Gen.of Police, & Comptr.	Sanctioning the travelling allowance bill of Sergeant Gudiappa of the Bangalore Special Reserve Police for October and November 1897.
30	6518-19 P. & A. 511	6	Do ..	Ditto Head-quarter Inspector Syedudin Husen, of the Tumkur district, for October 1897.
31	6520-21 P. & A. 512	6	Comptr., & Consvr. of Forests.	Sanctioning a gratuity of Rs. 150 to Shek Farid, late Forester, Handigondi Forest, Bangalore district.
32	6524-25 P. & A. 514	6	Inspr.Gen.of Police, & Comptr.	Sanctioning the travelling allowance bill of Police Head Constable A. J. Ferguson of the Kolar Gold Fields for the months of May to September 1897.
33	6522-23 P.&A. 513	6	Do ..	Ditto Kolar District Police establishment for September 1897.
34	6528 Mis. 1324	6	Compl., *Mysore Gaz.*	Notifying the transfers of certain Sub-Assistant Surgeons, &c.
35	6529 Mis. 1325	6	Senior Surgeon ...	Forwarding a copy of the above.
36	6530 Mis. 1326	6	Comptroller ..	Ditto
37	6510 P.& F. 359-92	6	First Asst.toResdt.	Forwarding eight copies of the Catalogue of books registered in Mysore under Act XXV of 1867 during the quarter ending 30th September 1897.
38	6534-5 Mis.F. 39-92	6	Sr Surgn., & Compt.	Increasing the pay of Mrs. McLean, Matron of the Lunatic Asylum, Bangalore, by Rs. 2, with effect from the 1st November 1897, and directing that she may be given Rs. 25 a month after another year if she continues to give satisfaction.
39	6536 P.F. 340-92	6	First Asst.toResdt.	Forwarding certain information regarding the land south of Nundydroog where the Royal Artillery Practice is carried on annually.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
40	6538 / Mis. 1337	6	Palace Controller	Calling for further information regarding the adjustment of the cost of timber supplied to the Palace, and issuing instructions regarding the adjustment of the cost of timber to be supplied to the Palace in future.

178	5310 / R. F. 94-96	16	Dy. Comr., Bangalore.	Ditto, with reference to his No. 778, dated 9th December 1897.
179	5311 / R. 1732	17	Comptroller ...	Forwarding, for note and return, Kolar Deputy Commissioner's report stating that Mr. K. S. Doraswami Iyer delivered over, and Mr. K. Ramachandra Rao assumed, charge of the Chikballapur sub-divison on the forenoon of the 1st instant.
180	5312-13 / R. 1733	17	Survey Supt., and Dy. Comr., Hassan.	Sanctioning the grant of a title-deed to Mr. Norton for the Hoskote Estate, Manjarabad taluk, and waiving the claim for Rs. 2,159 made by the Amildar of Manjarabad, being the amount of assessment on the 101 acres and 5 guntas of grass land comprised in the said estate at the rate of Rs. 1-8-0 per acre excluding the amount already paid by Mr. Norton at the grass rate of 4 annas per acre from the year 1881, with the observation that the grass land must be viewed as land newly taken up for cultivation, subject to the condition that assessment at full rate should be levied on the extent of grass land reported to have

	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
				been planted with coffee from the date of such planting.
1	5314-15 / R. 1734	17	Dy. Comr., Bangalore, & Comptr.	Sanctioning, with certain observations, a loan of Rs. 600 to one Basappa of Ramasandra village, Bangalore taluk, re-payable in ten years, under the Land Improvement Loans Regulation IV of 1890, to improve his lands S. Nos. 123, 124 and 125 of the village referred to.
2	5316-17 / R. 1735	17	Dy. Comr., Kadur, and Supt., Rev. Survey.	Sanctioning the appropriation, for opening a road, of 36 guntas and 84 yards of land out of S. Nos. 7, 32 and 30 in Attigere village, Mudgere taluk.
3	5318 / R. F. 84-97	17	Comptroller ...	Intimating that in regard to credit of acreage contributions, the order conveyed in Proceedings No. 3355-8—R. F. 84-94, dated 28th September 1897, that acreage contribution at $\frac{1}{11}$th of the total amount should be levied every year from raiyats holding lands under the Yellembalse tank and channel in the Kadur taluk, in addition to the present wet assessment during the remaining eleven years of the current settlement of the said taluk, was with special reference to the circumstances of that particular case and is not intended to be one of general applicability.
4	5319 / R. 1737	17	Dy. Comr., Hassan	Requesting the Deputy Commissioner to report clearly after inspection whether the portion of S. No. 30 in the Gyarahalli village, excluding the 10 guntas already cultivated, is, if not fit for wet cultivation, unfit for dry cultivation also, and to submit a sketch showing the position of the area cultivated and that taken up by the Public Works Department for the construction of a Government channel out of the survey number in question.
5	5320 / R. 1738	17	Do, Bangalore ..	Forwarding copy of Order No. 366, dated 4th December 1897, issued by the Secretary to Government for Railways, regarding the making over of 13 guntas of Messrs. Rickie & Co.'s land to the Madras Railway Company and the payment of compensation of Rs. 653-12-0 for the lands to be given to Messrs. Rickie & Co. in exchange.
6	5321 / R. 1739	17	Meteorological Reporter to Govt. of India, Calcutta.	Despatching 500 copies of the Table of Rainfall registered at several stations of the Mysore province during the month of October 1897.
7	5322 / R. 1740	17	Dy. Comr., Kolar	Requesting submission of the demand, collection and balance statements for the district from July to October 1897, showing approximately the balance for the Srinivas-

				pur taluk, subject to rectification in due course.
188	5323-4 / R. 1741	17	Dy. Comr., Bangalore, & Comptr.	Sanctioning a bill for Rs. 637-9-0, being the amount of Court costs incurred by Narasimhaiya and others of Srigandhada kaval Yesvantpur hobli, Bangalore taluk, in settling the amount of compensation payable for their lands, intended to be acquired by Government for the Malegal water-supply project, which was finally abandoned as per Government Proceedings, Camp No. 403-6 dated 13th March 1897.
189	5325 / R. 1742	17	Do, Mysore ..	Observing, with reference to the proposed appropriation of 4 acres of gomal land, for cultivation purposes, out of S. No. 29 in the Koppa village, Nagamangala taluk, that while the land applied for is a very small bit in the middle of the gomal number, there seems to be no assessed waste in the village available for cultivation, and that the grant of the small isolated portion is objectionable and requesting him to investigate the requirements of the village, and if there is a demand for land for cultivation purposes to take action to have a portion of the gomal land assessed and set apart for cultivation.
190	5326-27 / R. 1743	17	Do, Kadur, & Supt., Rev. Survey.	Sanctioning the appropriation, for bagayat cultivation on full assessment, of 2 acres and 1 gunta of gomal land out of S. No. 9 (phod Nos. 163 and 164) in the Kadadahalli village, Mudgere taluk.
191	5328-29 / R. 1744	17	Do ...	Ditto, for wet cultivation, of 3 acres and 19 guntas of gomal land out of S. No. 142 (phod No. 866) in the Mavinkere village Mudgere taluk.
192	5330-31 / R. 1745	17	Do, Bangalore, & do	Ditto, for cultivation purposes, of 20 acres of gomal land out of S. No. 146 in the Makal village, Closepet sub-taluk.
193	5332-3 / R. 1746	17	Do, Hassan, & do	Ditto, for extending the village site, of 1 acre of gomal land out of S. No. 43 in the Arehalli Koppalu attached to the village of Palya, Alur sub-taluk.
194	5334-5 / R. 1747	17	Do, Kolar, & do	Ditto, for cultivation purposes, of 15 acres of gomal land out of S. No. 70 in the Purna village, Bowringpet taluk.
195	5336 / R. 1748	17	Do, Kadur ..	Declining to sanction the appropriation, for coffee cultivation, of 4 acres and 24 guntas of land out of gomal S. No. 15 in the Udse village, Mudgere taluk, as the land applied for is below the minimum and as what will be left of the number also becomes a very small bit.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
196	5337-8 / R. 1749	17	Dy. Comr., Hassan, &Supt.,Rev. Survey.	Sanctioning, with certain observations, the appropriation, for wet cultivation, of 34 acres and 5 guntas of gomal land out of S. Nos. 136 and 150 in the Hangal village, Arkalgud taluk, and the conversion into gomal of the assessed waste Nos. 108, 152 and 95 in the said village, the assessment of Rs. 14-4-0 thereon being written off the accounts.
197	5339 / R. 1750	17	Do, Bangalore ...	Returning the file of papers regarding the proposed grant of a loan of Rs. 8,000, under the Land Improvement Loans Regulation, to Mr. B. G. Ramaswamaiengar, holder of two kayamgutta villages in the Nelamangala taluk, with the observation that the grant of a loan for redeeming the mortgage of the villages is inadmissible and that the estimate for improving the tank, &c., at Rs. 11,650 requires check and professional opinion.
198	5340 / R. 1751	17	Do, Kolar ...	Requesting the Deputy Commissioner to impress his officials with the necessity of obtaining the required information before sending up the returns of promotions given to officials to Government in an incomplete form.
199	5341-2 / R. 1752	17	Do, Bangalore ..	Sanctioning the retirement from service, with effect from 1st June 1897, of Gundappa, Head Gumasta of the Dodballapur taluk.
200	5343 / R. 1753	17	Do, Mysore ..	Declining to sanction the appropriation, for cultivation purposes, of 2 acres of land out of gomal S. No. 26 in the Garudanahalli village, Nagamangala taluk, as the land applied for is only a very small bit out of a large survey number.
201	5344-5 / R. F. 156-A-93	17	Do, & Comptr. ..	Sanctioning the levy in two instalments of the acreage contributions due by the raiyats holding lands under the Kalhalli channel in Krishnarajpete taluk, the same being collected in January 1898 and 1899, respectively.
202	5346 / R. F. 145-96	17	Do, Kolar ..	Recording his docket, dated 26th November 1897, submitting the statement showing the demand, collection and balance of acreage contributions due by raiyats for major irrigation works up to the end of October 1897.
203	5347 / R. F. 149-96	17	Do, Kadur ..	Ditto, dated 27th November 1897, ditto for the month of October 1897.
204	5367 / R. 1759	18	Comptroller ...	Forwarding, for note and return, Shimoga Deputy Commissioner's report stating that Mr. M. V. Honnappa Naidu, Extra Assistant Commissioner, after availing himself of the three months' privilege leave granted to

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order
				him in Notification No. 1976—R. 653, dated 21st August 1897, returned to duty on the 2nd instant, and assumed charge of the District Treasury from Mr. C. Seshadraiengar, Extra Assistant Commissioner, on the forenoon of that day.
205	5369 / R. 1761	18	Comptroller ...	Forwarding, for note and return, Hassan Deputy Commissioner's report stating that P. Subbarayalu Naidu, Amildar of the Holé-Narsipur taluk, availed himself of the ten days' casual leave granted to him in Notification No. 4317-345, dated 15th November 1897, from the afternoon of the said date and returned to duty on the afternoon of the 25th idem.
206	5370-71 / R. 1762	18	Dy.Comr.,Shimoga, & Survey Supt.	Sanctioning the appropriation, for cultivation purposes, of 24 acres and 20 guntas of gomal land out of S. Nos. 4 and 18 in the bechirakh village of Virapura in the Honnali taluk.
207	5372 / R. 1763	18	First Asst. to Resdt.	Forwarding, for submission to the Government of India, five printed copies of the Return of Food Grains and Salt for the fortnight ending the 30th November 1897.
208	5373 / R. 1764	18	Dy. Comr., Kolar	Recording his docket, dated 12th November 1897, submitting a statement showing the appointments of fresh men as officials in his district for the quarter ending 30th September 1897.
209	5374 / R. 1765	18	Do, Shimoga ..	Observing, with reference to the appropriation, for cultivation purposes, of a portion of S. No. 75 (gomal) in the Nijagore village, Tirthahalli taluk, that the survey number in question appears to be a soppinbetta land and not gomal as shown in the statement, and requesting him to submit a revised statement showing the survey numbers set apart for grazing and soppinbetta purposes, as well as the statistics of garden cultivation, together with a proper sketch duly signed by the Amildar.
210	5375 / R. 1766	18	Do, Kadur ...	Enquiring, with reference to the proposed appropriation, for coffee cultivation, of 8 acres and 12 guntas of gomal land out of S. No. 119 in the Adigebele village, Koppa taluk, whether the applicant cannot confine his darkhast to one side of the stream as it is not advisable to allow cultivation on both sides leaving a wide margin reserved in a private holding, and requesting that the land in question may be inspected by him or by an Assistant Commissioner during jamabandi and a revised recommendation submitted for the orders of Government.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
211	5376 / R.F. 29-97	18	Supt., Govt. Printing	Forwarding the Revenue Administration Report of the Shimoga district for the year 1896-97, and requesting that the same may be caused to be printed and six interleaved copies sent to the Revenue Department of this office.
212	5409 / R. 1768	20	Chief Engineer ..	Forwarding copies of communications from the Deputy Commissioner, Chitaldrug, regarding certain saguvali kattes constructed in S. Nos. 21 and 22 of Dodbadihalli and S. N. 23 of Obalapur in the Challakere taluk, to the existence of which the acting Collector of Anantapur is reported to have taken objection on the ground that they have been constructed across the main feeder of the Yeradakere and Kodihalli tanks in the Kalyandurg taluk, Anantapur district, so as to be detrimental to the proper supply of water to the said tanks, and asking his opinion as to whether the kattes in question are prejudicial to the British tanks, considering the fact that they are not irrigation reservoirs within the meaning of the correspondence relating to the restoration and construction of irrigation works in the Mysore State, but are mere bunds intended to intercept and retain surface drainage for the benefit of dry cultivation.
213	5411 / R. 1770	20	Comptroller ...	Forwarding, for note and return, Shimoga Deputy Commissioner's letter reporting that Mr. M. Ramachandra Rao, Extra Assistant Commissioner, delivered over, and Mr. C. Seshadraiengar, Extra Assistant Commissioner, assumed, charge of the 2nd Assistant Commissioner's Office and Court on the afternoon of the 2nd instant.
214	5410 / R. 1769	20	Do ..	Ditto Bangalore Deputy Commissioner's letter, dated 10th December 1897, reporting that Mr. Rajagopalacharlu, Assistant Commissioner, posted to his district, reported himself for duty on the forenoon of the 10th December 1897.
215	5412 / R. 1771	20	Do ...	Ditto Chitaldrug Deputy Commissioner's letter, dated 10th December 1897, reporting that M. Ranganatha Rao, delivered over, and Venkatesaiya, Revenue Head Accountant, District office, received, charge of the Harihar sub-taluk on the afternoon of the 2nd December 1897.
216	5413-4 / R. 1772	20	Dy. Comr., Mysore, & Supt., Rev. Survey.	Sanctioning the appropriation, for cultivation purposes, of 5 acres of land out of gomal S. No. 95 in the Konasale village, Mandya taluk.
217	5415-23 / R. 1773	20	Do ...	Ditto, of 2 acres of land out of gomal S. No. 13 in the Kallu Komari village, Nagamangala taluk.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
218	5424-5 / R. 1774	20	Dy.Comr.,Shimoga, & Supt.,Rev. Survey	Sanctioning the appropriation, for cultivation purposes, of 28 guntas (inclusive of kharab, *viz.*, 1 gunta) of land out of survey numbers (gomal) 20, phod No. 84 in the Najagur village, Tirthahalli taluk.
219	5426-7 / R. 1775	20	Do ...	Ditto, for building purposes, of 2 acres and 39 guntas of land out of gomal S. No. 19 in the Thodur village, Tirthahalli taluk.
220	5428-29 / R. 1776	20	Do, Kadur, & Supt., Rev. Survey.	Ditto, for garden cultivation on full assessment, of 1 acre and 4 guntas of land out of gomal S. No. 99 in the Harmakki village, Mudgere taluk.
221	5441 / R. F. 22-96	20	Survey Supt. ..	Forwarding copy of the Chitaldrug Deputy Commissioner's docket, dated 25th November 1897, stating that the scanty supply of water in the Doddakere tank, Holalkere village, Holalkere taluk, was due to the failure of rain, and submitting a statement showing the outturn of arecanut gardens under that tank for the past ten years, and requesting him to state whether on a comparison with the classer's statistics furnished at the time of the settlement, the statement now submitted shows great deterioration of the gardens so as to call for a special measure of relief, and, if so, to what extent.
222	5442-43 / R. 1780	20	Dy.Comr.,Tumkur, & Comptr.	Sanctioning the retirement from service of Seshappa, Sheristadar of the Gubbi taluk, with effect from 4th July 1897, and the appointment of Garudachar, Head Munshi, General Assistant Commissioner's Court, as 1st Class Sheristadar of the Gubbi taluk, on Rs. 50 rising to Rs. 60, and of Krishna Rao, Deputy Accountant, District office, on Rs. 40 as Head Munshi, General Assistant Commissioner's Court on Rs. 50, and confirming A. T. Dalal, acting 2nd Class Sheristadar, *sub pro tem*, Pavagada taluk, in that appointment in the place of Mr. A. H. Hayes, who has been permanently appointed Deputy Amildar.
223	5444 / R. 1781	20	Secy. to Govt. Geol. Dept.	Forwarding for his opinion, copy of letter, dated 6th November 1897, from the Deputy Commissioner of Mysore, regarding the grant of licenses to collect mica.
224	5445 / R. 1782	20	Dy. Comr., Kolar	Returning the petition, dated 6th July 1897, of the jodidar of Karehalli in the Bowringpet taluk, requesting the grant of a loan of Rs. 2,500 for restoring the jodi tank of the said village, and requesting him to report whether the applicant is the proper person entitled to ask for the loan, and whether the security offered is sufficient for the purpose.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

FINANCIAL

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DECEMBER 1897.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	4728 / Fl. F. 4-95	1	Comptroller ...	Requesting the Comptroller to report whether the Resident's Treasury has paid up the moiety of the balance of the first debt, *viz.*, Rs. 1,683-10-11, payable by the Civil and Military Station on account of the Bishop Cotton School.
2	4720 / Fl. 474	1	Dy. Comr., Mysore	Requesting to be informed if the vouchers connected with the Treasury lists of payments for 1895-96 and 1896-97 have all been forwarded to the Comptroller.
3	4721-2 / Fl. 475	1	Do, Kadur ...	Reviewing the sanction conveyed in Government Proceedings No. 7725-6—Mis. 1467, dated 7th January 1897, and No. 7090-1—Fl. 598, dated 5th February 1897, to the estimates for Rs. 8, Rs. 63-8-0 and Rs. 36 for making a gun-stand required for the use of Barr sepoys at the Koppa Taluk Treasury and other articles of furniture required for the Koppa taluk.
4	4723 / Fl. 476	1	Do, Hassan ...	Returning a refund bill for Rs. 556 in favor of certain raiyats, being the amount of half assessment for 1891-92 on certain wet lands left uncultivated, and requesting re-submission of the same with the subsidiary bills required under Proceedings No. 9402-434—Fl. 841, dated 25th April 1897.
5	4756-63 / Fl. 479	2	Dy. Comrs. of Dts.	Requesting the Deputy Commissioners to pay particular attention in connection with the subject of contingent charges to the rules contained in Chapter 6, Volume I, 5th Edition of the Civil Account Code and to see that they are strictly observed so as to avoid, in future, frequent disallowances from the detailed contingent bills submitted to Government for countersignature.
6	4764-5 / Fl. 480	2	Dy. Comr., Mysore, and Comptr.	Sanctioning, with certain observations, a refund bill in favor of Abdul Latif of Bennur in the T. Narsipur taluk, for Rs. 41, being the amount recovered from him on account of a

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				building site put up for sale which was subsequently cancelled.
7	4766 / Fl. 481	2	Comptroller ...	Forwarding a certificate from the Collector of the Civil and Military Station of Bangalore, exempting from payment of income tax certain Government Promissary Notes of the value of Rs. 3,500 held by the Comptroller out of the Jubilee Fund for educational purposes.
8	4767-8 / Fl. 482	2	Comptr., & Secy., State Life Insur. Commitee.	Directing the exemption from the compulsory insurance of Narain Hari Jadhav, jamadar of the Tutor and Governor to H. H. the Maharaja of Mysore.
9	4769 / Fl. 483	2	FirstAsst. to Resdt.	Stating that orders have been issued directing the exemption from compulsary insurance of Narain Hari Jadhav, jamadar of the Tutor and Governor to H. H. the Maharaja of Mysore.
10	4770-71 / Fl. 484	2	Dy. Comr., Hassan, & Comptr.	Sanctioning a refund bill in favor of Gargi Virabhadrappa of Birur for Rs. 8-10-0, being the amount paid by him in excess of the kandayam due by him for the year 1890-91 on his lands in the Sompur village, Arsikere taluk.
11	4772-3 / Fl. 485	2	Do, Mysore, & do	Sanctioning the expenditure of Rs. 24-0-6, being the amount charged for in, but disallowed from, the detailed contingent bill of the district for August 1897 for want of renewed sanction.
12	4774 / R. F. 80-95	2	Comptroller ...	Stating that the subject of the recovery of the amount due by the late Mr. Hund, Agent and Managing Director of the Soap and Candle Works is still under consideration.
13	4811-12 / Fl. 488	3	Dy. Comr., Kadur, and Comptr.	Sanctioning a refund bill in favor of Tarikuli Sesha Jois of Bairadevaru village, Koppa taluk, for Rs. 7-12-0, being the difference between the upset price recovered from him on 10 acres and 1 gunta of land as measured by the shekdar and sold out of soppinbetta S. No. 95 and that actually due by him on 9 acres and 10 guntas found to be the real extent on re-survey.
14	4813-14 / Fl. 489	3	Do, Kolar, & do ...	Ditto in favor of one Rangaswamaiengar for Rs. 148-3-2, being the proportionate amount of purchase money paid by him on 1 acre and 23 guntas of land out of the 5 acres and 8 guntas purchased by him in the Bandarlahalli village, Chikballapur taluk, on the ground that it is situated on a higher level and not irrigable by the 2nd sluice channel of the Srinivasasagar tank.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
15	4815-16 Fl. 490	3	Dy. Comr., Kolar, and Comptr.	Sanctioning a revised estimate for Rs. 477 in addition to the amount already sanctioned in Government Proceedings, dated 8th April 1897, for purchasing furniture for the use of the District office.
16	4817-19 R. F. 150-95	3	Do, Bangalore, Comptr., and Dt. Judge, Shimoga.	Sanctioning the grant, under the Codal rules, of a second advance of six months' pay to Mr. P. Singrachari, Acting Sub-Judge, Shimoga, to enable him to complete the construction of his house in the western extension of the Bangalore city.
17	4820-21 Fl. 492	3	Do, Bangalore, & do	Sanctioning a refund bill in favor of one Mutraya for Rs. 12-15-0, being the excess amount of kandayam for 1894-95 and 1895-96 paid by him in addition to a similar amount paid by his khatedar on account of certain lands in the Arasinakunte village, Nelamangala taluk.
18	4843-44 Fl. 493	3	Dy. Comr., Hassan, & Comptr.	Stating that it would be a better and more convenient arrangement to place the taluk head gumasta of Manjarabad in charge of the Treasury during the absence of the Sheristadar who has been deputed to the "Baraharar Santarpane" at Bisle and Subramanya than to place the Sub-Registrar in charge of the Taluk Treasury as proposed by the Deputy Commissioner.
19	4887-9 R. F. 150-95	6	Inspr. Gen. of Edn, Comptr., & Dy. Comr., Mysore.	Sanctioning the grant, under the Codal rules, of a second advance of six months' pay to Mr. Naranaiengar, Headaster, Normal School at Mysore, to enable him to complete the construction of his house in the Chamarajamohalla, Mysore.
20	4890-91 Fl. 496	6	Dy. Comr., Bangalore, & Inspr. of Agricul. Banks.	Recording, with certain observations, a letter from the Deputy Commissioner, Bangalore district, submitting the Inspector's memo on the inspection of the Agricultural Bank at Ardesahalli, Devanhalli taluk.
21	4892-3 Fl. 492	6	Do, Tumkur, & do	Ditto, Deputy Commissioner, Tumkur district, at Manchakalkuppe.
22	4894-5 Fl. 498	6	Do ..	Ditto at Kyathasandra.
23	4896 Fl. 499	6	Do ...	Directing the Inspector of Agricultural Banks to report to the Deputy Commissioners concerned any delay he may notice in the registration of Agricultural Banks, and stating that it is inconvenient to send him the papers received from the Deputy Commissioners.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
24	4897 / R. F. 4-95	6	First Asst. to Resdt.	Requesting the issue of orders regarding the payment of the moiety of the balance, *viz.*, Rs. 1,683-10-11, of the first loan granted to the Bishop Cotton School Committee for which a receipt was forwarded with this office letter, dated 6th November 1897.
5	4898 / R. F. 15-96	6	Dy. Comr., Hassan	Requesting submission of the vouchers for the amount spent during the Diamond Jubilee celebration at Hassan.
26	4899-900 / R. F 15-96	6	Dy. Comr., Mysore, and Comptr.	Sanctioning a bill for Rs. 4,500, being the expenditure incurred during the Diamond Jubilee celebration at Mysore.
27	4936 / Fl. 503	7	Do, Tumkur, & do	Requesting submission of the detailed contingent bill of the district for the month of October 1897.
28	4937 / Fl. 504	7	Comptroller ..	Forwarding accounts for Rs. 3,145-6-9 and cash for Rs. 154-9-3 in adjustment of Rs. 3,300 drawn from certain treasuries.

59	896-901 / 6314-9	9	Comptr., Suptg. Engrs. of Circles, Exec. Engr., Fr. Rocks, Examr., P. W. A., and Sany. Engr.	Conveying the sanction of Government to the rule laid down in P. W. Circular No. 127 of the 7th August 1880, regarding payments of sums less than Rs. 100 on account of arrears of salary, &c. of deceased members of the service to their recognized heirs on production of a heir certificate from a Magistrate, being altered to correspond with the ruling in the Civil Account Code, which authorizes payments up to Rs. 500.
60	902-6 / 6320-4	9	Sany. Engr., Suptg. Engr., W. C., Dy. Comr., Kadur, Compt., & Secy., Gen. & Rev. Depts	Intimating sanction of Government to the project of Rs. 7,444 for water-supply to the town of Kadur.
61	907—6327	9	Dy. Comr., Bangalore.	Stating that waiting sheds proposed for the District office at Bangalore and for all Taluk Cutcherries, are not considered necessary by Government and cannot be provided.
62	908—6328	9	Suptg. Engr., E. C.	Communicating the above.
63	909—6329	9	Do, W. C.	Returning duly sanctioned by Government, the estimate of Rs. 5,263 for restoring Heragu Thenginkere tank, registered No. 1109 of Hassan taluk.
64	910—6330	9	Dy. Comr., Hassan	Intimating the above sanction.
65	911—6332	9	Sanitary Engr. ..	Stating that Government have decided that Amnierhalli and Maderhalli tanks should be raised each six feet, at an approximate cost of Rs. 43,902 and reserved exclusively for the water-supply of Kolar town, and calling for a modified estimate accordingly.
66	912-3 / 6333-4	9	Suptg. Engr., E.C., & Dy. Comr., Kolar	Communicating the above.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order
67	914—6336	9	Exec.Engr., French Rocks.	Returning the project for constructing a new Munsiff's Court at Seringapatam, duly sanctioned by Government for Rs. 7,617.
68	915-8 / 6340-3	9	Dy. Comr., Mysore, Sany. Engr., Gen. Secy., & Comptr.	Stating that Government have excused the Yedatore Municipality its moiety of cost, Rs. 3,708-8-0 of the project for water-supply to the town, on the special ground that the health of Yedatore has suffered somewhat owing to the extension of irrigation in its neighbourhood.
69	919—6347	9	Suptg. Engr., Fern Hill, Ootacamund.	Returning the project for constructing Overseer's quarters at Fern Hill, Ooty, duly sanctioned by Government for Rs. 2,626, and stating that they decline to accept the Overseer's claim for compensation.
70	920—6348	9	Suptg.Engr., E. C.	Forwarding the revised estimate for constructing lines for the Imperial Service Corps and Transport service at Bangalore, duly sanctioned by Government for Rs. 5,98,450.
71	921—6349	9	Mily. Asst. to Govt.	Intimating the above sanction.
72	922—6350	9	First Asst. to Resdt.	Stating that it has since been decided to abandon the proposal for filling in the small tank in rear of the new Armoury and Sergeant Instructor's quarters at Mysore for reasons given.
73	923—6351	9	Suptg. Engr., W.C.	Communicating the above.
74	924—6371	10	Do ...	Returning the estimate for constructing a new 1st class travellers' bangalo at Mudgere, duly sanctioned by Government for Rs. 13,400.
75	925—6372	10	Inspr. Gen. of Edn.	According formal sanction to the transfer of the old dispensary building at Sagar to the Education Department, for use as a Hindustani School.
76	926-7 / 6373-4	10	Suptg.Engr., W.C., & Dy.Comr., Shimoga.	Intimating the above sanction.
77	928—6375	10	Suptg.Engr., W. C.	Stating that Government has decided that no new furniture need be supplied to the Yelwal Residency.
78	929—6377	10	Sany. Comr. to Mysore Govt.	With reference to the proposal for reducing the capacity of the Mysore Dodkere tank and planting with "Eucalyptus" and other suitable trees, the 93 acres of the bed thus reclaimed in view to improve the sanitation of the town, requesting the Sanitary Commissioner to consult the Durbar Surgeon and report both their views as to whether the portion to be reclaimed will, in the process of drying, injure the health of the neighbourhood.
79	930—6377	10	Sanitary Engineer	Communicating the above and forwarding copy of Dewan's memo for expression of Sanitary Engineer's views on the points raised therein.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
80	931—6387	11	Suptg. Engr., E. C.	Returning the project for restoring Jamapur tank, registered No. 9 of Jagalur taluk, duly sanctioned for Rs. 3,580.
81	932-3 / 6396-7	11	Dy. Comr., Kadur, & Suptg. Engr., W. C.	Communicating the instructions of Government on the subject of the Chikmagalur water-supply and the alternative schemes suggested to ensure an adequate and unfailing supply of water to the town, and directing the Superintending Engineer to issue such further orders to the Executive Engineer as the instructions may require.
82	934—6400	11	Suptg. Engr., E. C.	Returning the estimate for restoring Bennur tank, registered No. 153 of Channapatna taluk, duly sanctioned for Rs. 4,326, in supersession of the one for Rs. 7,550 sanctioned in March 1896.
83	935—6401	11	Dy. Comr., Bangalore.	Intimating the above sanction.
84	936—6407	11	Exmr., P. W. A....	Returning with orders, statement of objectionable items in accounts under Provincial Fund, unremedied to the end of August 1897.
85	937—6408	11	Compl., *Mysore Gaz.*	Notifying the grant of one month's privilege leave to the Sanitary Engineer with Government, with effect from the 5th January 1898 or date of departure.
86	938-40 / 6427-9	13	Dy. Comr, Chitaldrug, Suptg. Engr., E. C., and Secy., Gen. & Rev. Depts.	Stating that the project for constructing a tank at Avergola in the Davangere taluk may be reserved for further consideration, as there is nothing before Government to show that it is the best irrigation work which can be provided for this part of the country.
87	942—6440	13	Dy. Comr., Hassan	Stating that a project roughly estimated at Rs. 92,000 for a pure and sufficient water-supply to the town of Hassan, has been laid before Government, and that they are prepared to charge to the municipality only Rs. 40,000 on account of the project, giving the remainder as a free grant, and enquiring whether the municipality will agree to these terms.
88	943—6441	13	Suptg. Engr., W.C.	Forwarding copy of above with file, with a request to have the project revised on the lines sanctioned by Government.
89	944-5 / 6442-3	13	Sany. Engineer., & Secy. to Govt., Gen. & Rev. Depts.	Communicating the above.
90	946-9 / 6444-7	13	Dy. Comrs., Mysore & Hassan, Suptg. Engr., W. C. & Exec. Engr., Fr. Rocks Dn.	Stating that the rules laid down in this office Circular No. 105, dated 28th December 1895, regarding the removal and disposal of trees growing on tank bunds may be held to apply also to trees growing on the banks of river channels.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
91	950—6448	13	First Asst. to Resdt.	Requesting to move the Madras Government to place at the disposal of the Mysore Durbar, for a very short period, the services of a Senior P.W. Officer and of Mr. Holland of the Geological Department, to decide in committee with the Chief Engineer and the State Geologist of Mysore, whether a great masonry dam can be built without risk on the rock bed underlying the river which passes through the Marikanve gorge, regarding which there is some conflict of opinion.
92	950-6456 A	14	Suptg. Engr., W.C.	Forwarding the Dewan's orders on the project of Rs. 22,000 for constructing a Taluk Cutcherry at Balehonnur for disposal.
93	951—6467	14	Do ...	Conveying the sanction of Government to the project of Rs. 22,000 for constructing a Taluk Cutcherry at Koppa.
94	952—6477	14	Do ..	Returning the project for restoring Gondi anikat and channel, duly sanctioned for Rs.5,943.
95	954—6479	15	Sany. Engr., with Govt.	Sanctioning carriage allowance of Rs. 60 per mensem, being passed to the Sanitary Engineer for the days he held charge of the Range, in addition to his own duties, during the absence on leave of Assistant Engineer Mr. Norris.
96	957—6516	16	Secy. to Govt., Gen. & Rev. Depts.	Forwarding for information, copy of the Dewan's orders, dated 25th November 1897, on the project of constructing the Vedavati Reservoir in the Chitaldrug district.
97	598—6518	16	Suptg. Engr., Fern Hill Works, Ootacamund.	Forwarding for information, this office note on the progress of Fern Hill works, with the Dewan's orders thereon.
98	959—6529	16	Compl., *Mysore Gaz.*	Notifying the following temporary promotions made in the Upper Subordinate Establishment of the Mysore P. W. D., with effect from 14th June 1897 :— N. C. Narasimhaiengar, from Supervisor, 3rd class to 2nd class. Mr. F. Steele, from Overseer, 1st class, to Supervisor, 3rd class. B. N. Srikantaiya, from Overseer, 2nd class to 1st class. B. Raghunathaiengar, from Overseer, 3rd class to 2nd class.
99	960—6545	17	Suptg. Engr., W.C.	Returning the estimate for purchasing Mr. Sashu Mudaliar's bangalo at Hassan for use as quarters for Headmaster, duly sanctioned for Rs. 4,000.
100	961—6546	17	Major-Gen. Cole, Bangalore.	Inviting attention to this office Camp No. 16, dated 27th March 1897, pointing out that the concession for use of "motor cars" could not be granted for the reasons therein specified ; and stating that, as regards tramway lines, the Durbar are not disposed to give any-

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				thing in the shape of a monopoly, but can grant him leave to construct tramways on one or more of the specified roads, on certain conditions, with the consent of the Government of India.
101	962—6547	17	Exec.Engr., H.W.S. Division.	Accepting the tender of Messrs. B. D. N. Narasimhaiya and Papaiya for the supply of fuel to the pumping station at Saldevanhalli.
102	963—6549	17	Dy. Comr., Chitaldrug.	Forwarding for information, copy of First Assistant Resident's letter, stating that the Madras Government withhold their permission to the proposal for restoring the old breached Dasareddi tank in Molakalmuru taluk, and informing Deputy Commissioner that the project already sanctioned will be held in abeyance.
103	964—6553	17	Agent & Manager, M.Ry. Co., (thro' 1st Asst. Resdt.)	Stating that the Durbar regret they cannot enter into the arrangement proposed for the supply of water from the Chamaraj Water-supply system for the locomotives at the Bangalore City Station.
104	965—6555	17	Sanitary Engineer.	Conveying the sanction of Government to the fee of Rs. 100 being paid to Mr. Hume Wright, Special Magistrate, Kolar Gold Fields, for his attendance in the capacity of umpire at the arbitration for valuing the cholera hospital buildings at Ooregum, Gold Fields.
105	966—6557	17	Suptg. Engr., W.C.	Stating that Government have refused to sanction the increased horse allowance proposed to apprentice mestris.
106	967—6558	17	Do, E. C.	Intimating the above.
107	968—6580	18	Exec.Engr., H. W.S. Division.	Informing that when there is no express condition to the contrary, fountains built at private cost must be regarded as "public property," over which the donor will have no control, and the municipality will have to under take their up-keep.
108	969—6582	18	Suptg. Engr., E. C.	Stating that the Government having refused to confirm the provisional sanction conveyed in P. W. Secretary's No. 569—4157, dated 27th August 1897, to horse allowance of taluk mestris in the province being raised from Rs. 7½ to Rs. 10, the increased allowance is withdrawn from end of October 1897.
109	970—6583	18	Do, W. C.	Communicating the above.
	971—6584	18	Exec.Engr., French Rocks Dn.	
	972—6585	18	Examr., P. W. A....	
110	973—6595	18	Ex.Engr., H. W. S. Division.	Informing that an increment of Rs. 10 per mensem may be granted to Mr. Porter, Superintendent, pumping machinery, from date of expiration of his first year, *viz.*, 8th August 1897, for a period of five years.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
111	974—6597	18	Consvr. of Forests	Informing that the Durbar accept the estimate of Rs. 3,120, for fencing, pitting and planting the catchment area of Sankey's Reservoir, &c., and that the work should be done as cheaply as possible, and the outlay debited to P. W. D. for adjustment.
112	975—6598	18	Exec.Engr.,H.W.S. Division.	Forwarding copy of the above.
113	977—6621	22	Compl ,*Mysore Gaz.*	Forwarding for publication, Notification granting three months' privilege leave to Mr. D. Sitaram Rao, Executive Engineer, with effect from the 28th September 1897.
114	978—6644	24	Suptg. Engr., W. C.	Returning the estimate for constructing a dispensary with out-houses at Hanbal in Manjarabad taluk, duly sanctioned for Rs. 6,866.
115	979—6648	24	Do, E. C.	Returning, duly sanctioned, the estimate of Rs. 5,125 for opening out a bridle-path along the Dharmambudhi tank feeder from the Salem-Bellary road, crossing to the City Railway Station.
116	980—6659	27	Suptg. Engr., W.C.	Returning the estimate for constructing a dispensary with out-houses and in-patients' wards at Sargur in Heggaddevankote taluk, duly sanctioned for Rs. 5,744.
117	981—6671	27	Dy. Comr., Tumkur	Intimating that the project for preventing the flooding of the gardens under the Doddagani tank in Gubbi taluk, sanctioned in May 1895, has been cancelled, as the raiyats have refused to pay the contribution originally promised by them.
118	982—6672	27	Suptg. Engr., E. C.	Communicating the above.
119	984—6680	27	Do ..	Returning the estimate for constructing a new taluk cutcherry at Huliyar, duly sanctioned for Rs. 6,500.
120	985—6687	31	Do, W. C.	Returning the estimate for constructing an inspection lodge with out-houses at Harokoppa in Shikarpur taluk, duly sanctioned for Rs. 4,289.
121	986—6691	31	Do ...	Returning the estimate for constructing an inspection lodge at Bhimanhalli, (9th mile of Hunsur-Begur road), duly sanctioned for Rs. 4,629.
122	987—6699	31	Do, E. C.	Returning the estimate for repairing the old taluk cutcherry building at Gubbi, duly sanctioned by Government for Rs. 5,237.
123	988-9 / 6700-1	31	Dy.Comr.,Tumkur, & Inspr. Gen. of Education.	Intimating the above sanction.
124	990—6717	31	Suptg. Engr., W. C.	Returning the project for constructing a dispensary with out-houses at Gundlupet, duly sanctioned for Rs. 5,473.
125	991—6719	31	Do ...	Conveying sanction to the revised abstract estimate of Rs. 3,534 for deviating Anandur channel between 6¼ and 6½ miles near Hoskote.

Bangalore, 31st *December* 1897.

C. BOWEN, Col.,
Secy. to Govt. P. W. D.

RAILWAYS

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR DECEMBER 1897

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	319	1	Traffic Manager, S. M. Ry. Co., thro' Residency.	Acknowledging the receipt of 240 copies of revised Sheet Time Table which will be brought into force on and after 1st December 1897 on the Guntakal-Bezwada Section of the Southern Mahratta Railway.
